DEAR COLLEAGUE

It is our pleasure to invite you to attend the **Wisconsin Foot & Ankle Conference** on **March 30-April 1, 2023** at the **Brookfield Conference Center** in Brookfield, Wisconsin where you can earn 25 CECH.

Our three-day conference will cover the entire spectrum of foot and ankle care in sessions aimed at enhancing your skills in reconstruction, trauma, diabetic foot conditions, new trends in foot and ankle surgery, and much more.

The conference will also include a comprehensive lecture series on surgical and office-based billing and compliance that you don't want to miss.

Wisconsin Podiatric Medical Association's annual business meeting will be held on Thursday from 6:00-7:00 PM where members will receive an update on the association's activities. On Friday evening you are invited to attend a reception and enjoy cocktails and appetizers while reconnecting with your colleagues and networking with industry members.

You'll also be able to visit our exhibit hall to explore and learn about new innovations, products, and services that you do not want to miss from top industry members. For every booth that you visit, you will receive a ticket to enter your name into drawings for a variety of excellent prizes. We are grateful for the support our industry partners provide us and the vital role that they play in our community.

You can register online at **www.wisconsinpodiatrists.com/register**. Should you have any questions, please contact us at 608.844.8538 or **info@wisconsinpodiatrists.com**. We hope to see you in March!

WPMA PAC

The Wisconsin Podiatric Medical Association Political Action Committee (WPMA-PAC) is a non-profit, bipartisan fundraising committee through which podiatrists support state candidates who champion podiatric medicine's issues before the Wisconsin General Assembly.

WPMA-PAC enables podiatric physicians to be effectively involved where public policy decisions are made that impact how healthcare is administered and regulated in Wisconsin. By combining resources through contributions to the WPMA-PAC, podiatric physicians gain a stronger voice for the profession, their practices, and the patients they serve.

When you consider the importance of legislation in creating the laws and regulations that govern nearly every aspect our healthcare system, the importance of supporting those who advocate for podiatric physicians and their patients is clear. Help make sure the voice of podiatric medicine is heard when and where it counts!

Promoting Professional Excellence and Patient Advocacy

The APMA Political Action Committee (APMAPAC, formerly PPAC) is a nonprofit, bipartisan fundraising committee through which podiatrists support federal candidates who champion podiatric medicine's issues before the US Congress.

Because of the efforts of APMAPAC and its parent organization, the American Podiatric Medical Association (APMA), the profession has gained a national presence as a political force in Washington, DC. APMAPAC currently ranks 11th in terms of contributions to Congress out of more than 100 health professional political action committees (PACs) currently registered with the Federal Election Commission to contribute to candidates.

APMAPAC neither determines the issues to be addressed on behalf of the profession, nor lobbies Congress on those issues. That is the role of APMA's Legislative Committee, Board of Trustees, and Legislative Advocacy Department.

APMAPAC's role is to support candidates seeking Congressional office in the US House and Senate. The only other legal means for such support is through contributions made directly to a candidate by an individual.
