Look Forward To:

Colorado Academy of Family Physicians
2224 S. Fraser St. Unit 1
Aurora, CO 80014

Dear Friends of Family Medicine,

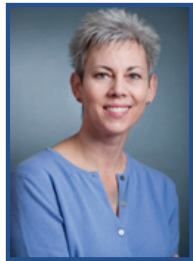

We invite you to join us at the beautiful Cheyenne Mountain Conference Center in Colorado Springs for our Annual Scientific Conference. This is your once-a-year local opportunity to expand and refresh your medical knowledge base while connecting with fellow Family Physicians who share the promises and challenges unique to practicing in Colorado.

We would like to see all Colorado Family Physicians, Residents, and Students attend. Please contact Erin Watwood to see if you might qualify for the Residents and Students scholarships.

Please join us for another fantastic weekend of medical education, legislative updates, chapter business, and practical pointers for running a successful practice; along with plenty of time for fun and family. Come refresh your enthusiasm for patient care and reinvigorate your confidence in successfully practicing the art and science of Family Medicine in Colorado at the 2014 ASC!

Chandra Hartman, MD
Conference Committee
Co-Chair

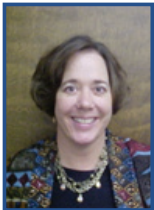

Anna Wegleitner, MD
Conference Committee
Co-Chair

We've planned a new and innovative conference format with expanded optional workshop sessions and infoPOEMS updates ("Blast Sessions") with Mark Ebell, MD, and John Hickner, MD. Don't worry, you'll still see traditional lecture style presentations too. Your ASC conference will be more **family friendly** with activities for all ages and **optional child care available**. Our Friday reception this year will be a circus theme and will be appropriate for "kids" of all ages. This year bring your kids, spouses and guests to the informal barbeque Colorado style on Saturday!

SAM - Part II, Pain Management – 12 CME:

Self-Assessment Modules (SAM) are part of your ABFM maintenance of certification process. You must complete these to stay certified, extending your big test window from seven years to ten years. Bring your own wireless-enabled computer to complete your module.

Martha Illige, MD
SAM Instructor

Kern Low, MD
SAM Instructor

DOT Medical Examiner Training:

Effective May 21, 2014, all health care professionals who perform physical examination and issue medical certificates for CMV drivers will be required to complete accredited certification training and pass an examination. The CAFP is excited to offer the DOT Examiner training on April 24.

Pediatric Advanced (PALS), Basic (BLS) and Advanced Life Support:

Participants will review American Heart Association (AHA) algorithms and guidelines for management of a pre-arrest or arrest situation. This includes respiratory review, BLS with AED and megacode management. Cards are awarded after course completion. A total of 20 CME are possible, and cost depends on which modules are chosen.

Pre-registration is mandatory; course requires a minimum of 10 pre-registered participants. Register and pay at www.thehen.biz. Contact Kristin Paston at kpaston@thehen.biz or 303-380-6518.

Child Care Services:

CAFP is pleased to offer childcare (6 months to 12 years old) during our conference. The hours of childcare provided will mirror conference programming times. Child care will be managed by GoBaNannies, Inc. A fee of \$5 per child/per hour will be charged on-site.

This Live activity, 2014 Annual Scientific Conference, with a beginning date of April 24, 2014, has been reviewed and is acceptable for up to 25 Prescribed credits by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Colorado AFP is participating in the AAFP Translation to Practice (t2p) component. Attendees of this meeting will have the opportunity to earn two additional credits following the CME meeting. Information on the t2p pilot will be shared during the meeting.

A total of 59.5 possible CME credits may be earned at the 2014 conference. This year we're proud to offer a fabulous lineup of nationally recognized educators.

Register before Dec. 30, 2013 to receive \$100 off the registration fee, or register before Feb. 28, 2014 to receive \$50 off the registration fee.
