

COURSE DIRECTOR: Sumeru Ghanshyam Mehta, MD
Staff Physician, Greater San Antonio Emergency Physicians
Board of Directors, Greater San Antonio Emergency Physicians
Clinical Assistant Professor, University of Texas Health Science Center at San Antonio
Department of Surgery, Division of Emergency Medicine
Assistant Professor, Uniformed Services University of The Health Sciences
Department of Military and Emergency Medicine, San Antonio, Texas

MEDICAL DIRECTOR: Mark Murphy, MD, MSN Education, Austin, Texas and
Northwest Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, physician assistants, registered nurses, paramedics, pre-hospital emergency medicine care providers and all other medical care providers who must maintain state-of-the-art knowledge of not only the specialty, but also of additional related disciplines which both impact and are impacted by it.

PROGRAM PURPOSE: The practitioner of emergency medicine must possess evidence-based scientific background for competent clinical practice; maintain state-of-the-art knowledge of the specialty and all additional related disciplines; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures; manage self and colleagues to function toward common goals in providing consistent care in all settings in which emergency care is provided; serve as an expert in matters involving quality, safe and equitable health care delivery and support of other service providers, departments, institutions, and organizations dependent upon professional expertise. Presentations are designed to facilitate the acquisition of cognitive and technical skills as defined through evidenced based data translated to best practice standards by the pertinent governmental and professional organizations including the American College of Emergency Physicians, American College of Surgeons and the Emergency Nurses Association and abilities in one or more of the disciplines vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:
Apply the pertinent physical and behavioral sciences as they impact and are affected by the planning, delivery, and monitoring of services inherent in the professions
Explain the selection, dosing considerations with methods of administration, safe use, contraindications and precautions of drugs based on their chemical and pharmacologic properties
Outline comprehensive patient management plans for the special patient population discussed
Apply the principles of safety and asepsis in the performance of all aspects of patient care regardless of the clinical environment in which the practice resides
Incorporate the published tenets of pertinent, recognized external organizations, institutions, and professional groups defining medical, legal, philosophical, ethical, and health care management standards.

ACCREDITATION:
The A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas designates this live activity for a maximum of 20 *AMA PRA Category 1 Credits™*. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas and Northwest Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas is accredited by the ACCME to provide continuing medical education for physicians.

PA: AAPA accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit™* from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 20 hours of Category 1 credit for completing this program.

Canadian Physicians: The Royal College of Physicians and Surgeons of Canada lists The A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas, as an approved ACCME accredited provider. The *AMA PRA Category 1 Credits™* awarded may be submitted by the participant to the RCPSC for equivalent MOC Section 1 Credits.

CRNA: Please check our website www.northwestseminars.com for CE approval status.

RN: NWS is approved by the California Board of Nursing, Provider Number 04833 and Florida and Washington, DC Boards of Nursing, Provider Number 50-7480. This program offers 20 contact hours. Meets the requirements of the Pennsylvania Board of Nursing, Rules and Regulations §21.133.

KOHALA COAST/KONA, HAWAII

On the Big Island, you'll find diverse rainforest ecosystems, tumbling waterfalls, and a warm and compelling culture whose people embody an authentic and heartfelt Aloha Spirit. The Kohala Coast, also referred to as the Gold Coast because of year round sunshine, stretches of beautiful white sand beaches, and spectacular championship golf courses, is located on the west coast of the Big Island, north of the Kona Coast. The Kohala Coast is Hawaii's golf mecca with world-class courses carved out of ancient lava flows, nestled among historical Hawaiian landmarks and fronting some of the most beautiful coastline of the Pacific. Waimea is home to Parker Ranch where fluorescent green pastures give way to lush valleys and a host of vibrant natural greens. Within short driving distances of your hotel you can play tennis or go horseback riding. Take a hike into spectacular valleys (Waipio Valley and Pololu Valley are a hiker's paradise) and to hidden waterfalls. Explore the Pacific waters with tropical fish and turtles, go deep sea fishing, scuba diving, or boogie boarding. Visit the world's most famous observatories on majestic Mauna Kea (13,796 feet) for incredible scenery and star gazing. Watch for manta rays at night, delight in a helicopter flight over an active volcano, or go on a sunset cruise. Spring for a guided tour and discover places you normally would not find, be allowed to visit, or explore on your own. Walk to ancient fish ponds, sacred Hawaiian sites, heiaus, and petroglyphs on the Big Island. Puukohola Heiau, built by King Kamehameha in Kawaihae next to Spencer Beach Park, is worth a visit to learn and experience Hawaiian history. Flume the historic Kohala Sugar Plantation irrigation ditch by kayak on a unique ecotour. Last but not least, the Kohala Coast shoreline offers plenty of opportunities for sunbathing, swimming, and watching the Humpback whales. We advise booking a rental car well in advance.

THE FAIRMONT ORCHID

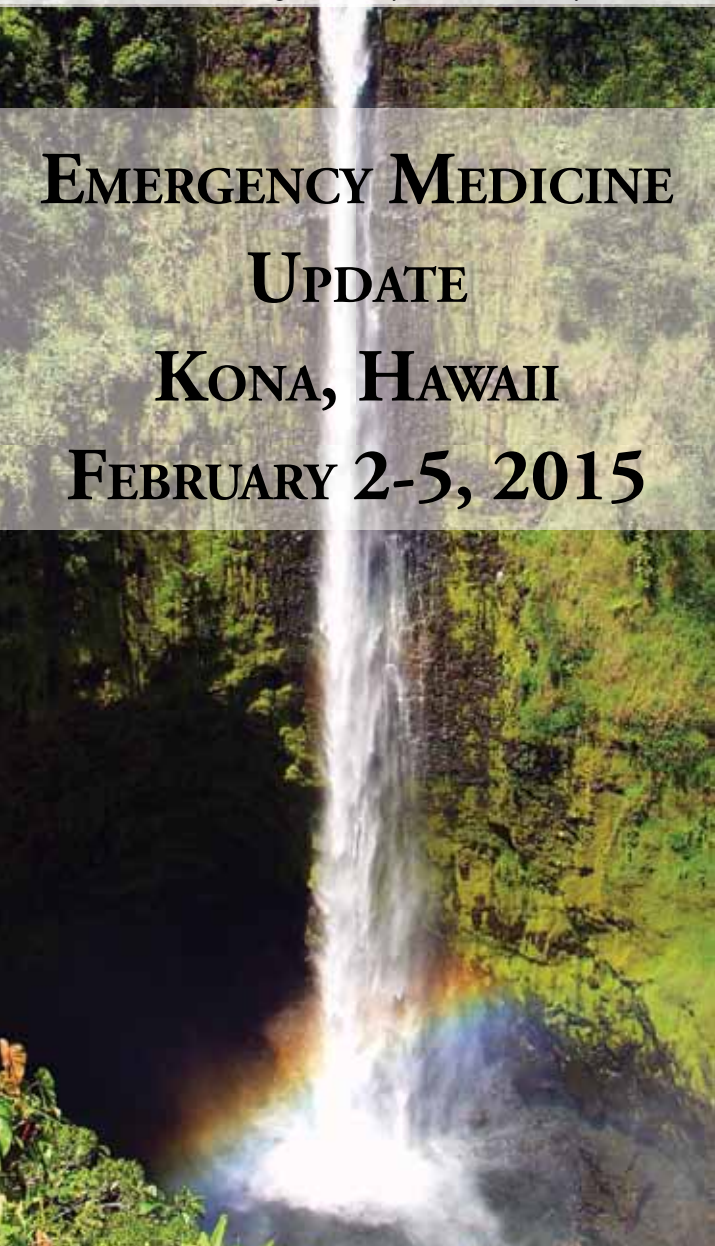

Imagine waking up to the sound of waves crashing along the shoreline. and evenings spent on your lanai overlooking the gardens and waterfalls. Relax in the outdoor 'Spa Without Walls,' including the waterfall massage hale (houses) and breathtaking oceanfront massage cabanas. Or discover island-style fun and culture: paddle an outrigger canoe, sail aboard a Hawaiian double-hulled sailing canoe, participate in a cultural hike, learn to weave a coconut leaf basket, and more from the Fairmont Beachboys. Enjoy snorkeling in the clear waters of Pauoa Bay or a refreshing dip in the 10,000 square foot oceanfront swimming pool, then stargaze from one of the lava whirlpools. Choose to play 36 holes of championship golf at the Francis H. I'i Brown golf course, home of the Senior Skins Game for a decade. The Fairmont Orchid has four highly acclaimed restaurants, including a deli and a Japanese restaurant. Visit the Ocean Bar or the Kahakai Bar for a refreshing tropical libation just steps from the beach. All rooms offer one king or two queen size beds (based on availability), individual climate control, alarm clock, bathrobes, hair dryer, iron/board, safe, mini-bar/refreshment center, high speed Internet access (fee applies), and pay-per-play Nintendo.

Private Practice in Clinical Emergency Medicine
Southwest Texas Methodist Hospital System
San Antonio, Texas

SCHEDULE AND FACULTY CHANGES

Factors beyond our control sometimes necessitate changes in the schedule and faculty. If time permits, we will inform all registrants of any changes prior to the program. Changes on site due to local conditions will be announced in class.

COURSE CANCELLATION BY PROVIDER

We reserve the right to cancel a course for any reason. In such case, a minimum of 30 days notice will be given to those registered and 100% of tuition paid will be refunded. NWS and NWWT will not be responsible for any non-refundable airfare, hotel, or other liabilities you may incur. **We highly recommend purchase of travel insurance. Travel at your own risk.**

COURSE CANCELLATION FEE

\$100 December 4 to January 3. No refund after January 3; however, 50% of tuition paid may be applied toward tuition for another NWS program within the next 12 months. **Cancellation must be made in writing.**

FAP (Frequent Attendee Points)

FAP lets you accumulate points based on dollars spent with NWS including net hotel and tuition booked through NWS (but not air). Once you have enough points to cover a full tuition they can be redeemed for tuition (no cash value). A great program to reward you for supporting NWS!

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate.

Airfare available through Universal Travel. Be sure to mention Northwest Seminars when booking. Contact Kellee Kilmer:
Ph: (858) 456-7887 - Email: kellee@universaltravel1.com. Booking fee applies.

Please note that children and non-registered guests are not allowed to attend the lectures.
