

45th Annual

ORLANDO, FL

American Society of Addiction Medicine

Innovation & Integration Strategies in Addiction Medicine

**45th Annual Medical - Scientific Conference
April 10-13, 2014**

**Register
Online Today!
www.med-sci.org**

PRELIMINARY PROGRAM

What's Hot at Med-Sci 2014

- The ASAM Fundamentals of Addiction Medicine—a new Pre-Conference Course
- Pain & Addiction Course: Common Threads XV—*The Agony and the Partial Agonist*—a Pre-Conference Course
- The New ASAM Criteria & Software Course—a new Pre-Conference Course
- Clinical Drug Testing and Toxicology for Physicians—a new two-part, four-hour course
- Making Marijuana Legal—a lively Policy Plenary Session
- *Incorporating Harm Reduction into Addiction Medicine Practice*—Collaborative Workshop by SGIM
- *Addressing the Opioid Addiction and Overdose Epidemic: Targeting the Prescriber*—Collaborative Workshop by AMERSA
- Topics on special populations—adolescents, elderly, minorities and pregnant women with SUD; NIDA Symposium: "Managing HIV/HCV Infections in Substance Abusing Populations"
- Special screening of "The Anonymous People" with writer/producer Greg Williams, MA

**FREE WIFI
at Med-Sci**

Why You Can't Miss...

- ★ **The Education:** Over 100 hours of peer-reviewed educational content presenting the most up-to-date information on clinical practice and the latest scientific research on addiction.
- ★ **The Pre-Conference Courses:** Choose from three dynamic full-day learning experiences designed specifically to expand knowledge, enhance skills and improve patient outcomes.
- ★ **The Networking:** The largest gathering of physicians, psychiatrists and other health professionals dedicated to addiction medicine, with countless opportunities to network and collaborate.
- ★ **The Insights:** Inspirational keynote addresses and informative policy updates from leaders in the field and addiction agency heads, and an Awards Luncheon that celebrates the dedication and service of the profession's longtime contributors as well as the accomplishments of rising stars in the field.
- ★ **The Exhibit Hall:** ASAM's vibrant exposition space features over 100 exhibits of treatment programs, pharmaceutical and medical equipment manufacturers, publishers and educational resources, professional organizations and nearly 40 poster presentations that explore the newest research and clinical findings.

...the ASAM 45th Annual Medical-Scientific Conference

Innovation & Integration Strategies in Addiction Medicine

The 45th Annual Medical-Scientific Conference is the premier conference in the addiction field and your best opportunity to develop a strong professional network that will enhance your work and improve patient outcomes. ASAM has assembled a broad range of timely topics and powerful presenters to explore, "Innovation and Integration Strategies in Addiction Medicine."

ASAM invites you to join with medical professionals, clinicians, researchers, leading scientists and policy advocates to explore the newest developments that are defining the field of addiction medicine and shaping future strategies for diagnosis, treatment, patient care and public policy. Learn about the latest research initiatives from the leaders of federal agencies, institutions and clinical researchers and leading clinicians. Discover the

newest technologies, techniques and practices that are expanding the array of tools available to address addiction and its impact on patients, families, communities and the health care system. Engage in lively discussions with thought leaders about new strategies to integrate addiction medicine into the work of the primary care physician, parent, educator, and policymaker.

Educational Purpose

ASAM's 45th Annual Medical-Scientific Conference presents the most up-to-date information, research, guidance and policy discussions for professionals in the addiction medicine field.

Learning Objectives

- ★ Bring science into practice by focusing on the latest developments in research and treatment and translating them into clinically useful knowledge.
- ★ Engage participants in dialog around strategic directions for future innovations.
- ★ Present concise, interactive, case-based and creative teaching methods through a variety of live learning formats and methodologies.
- ★ Encourage involvement of early-career professionals and diverse populations in the field of addiction medicine.

- ★ Explore strategic opportunities for integration of addiction medicine, its diagnosis, treatment and patient care, into the everyday functions of family, community, educators, primary care physicians and public policy advocates.

- ★ Provide participants the opportunity to network and interact with experts in their field.

At the conclusion of the conference, participants should be able to:

- ★ Apply acquired knowledge of innovative clinical approaches to treatment in practice among a variety of general and special populations.
- ★ Understand the importance of and how to implement an integration strategy in their own community or practice area.
- ★ Contribute to the development of new science and treatments in addiction medicine.

Join Us in Orlando

ASAM's headquarters hotel, the [Hilton Orlando](#), a breathtaking resort hotel near SeaWorld® Orlando, Universal Orlando® Resort, and Walt Disney World® Resort is only 15 minutes from Orlando International Airport and conveniently located near dining, shopping, and entertainment venues along International Drive. After a day of engaging and informative sessions, unwind in the resort's two pools, water slide, and a lazy river located in the vast recreational area and prepare for an evening of unforgettable entertainment. The Hilton Orlando is the ideal venue for Med-Sci 2014.

[Today's Orlando](#) boasts a rich cultural life that moves far beyond the antics of Mickey and Goofy, with museums, galleries and performing arts venues like the Bach Festival Society, Orlando Philharmonic Orchestra and the Orlando Ballet. During Med-Sci 2014, Orlando will host the 22nd Annual Florida Film Festival in various locations throughout the city. Spend your days exploring what's new in addiction medicine and spend your evenings enjoying the restaurants, cultural events, entertainment venues and natural beauty of Orange County, Florida.

More on the Web: Visit the Annual Medical-Scientific Conference webpage (www.med-sci.org) for more in depth information about speakers, sessions and special events. Click the icon in the PDF version of this brochure and you will be linked directly to the full article.

Free Wireless Internet: Wireless Internet service will be available to Med-Sci registrants on a complimentary basis through issuance of activation code for up to two devices per person.

**FREE WIFI
at Med-Sci**

Medical-Scientific Program Planning Committee Members

Gavin Bart, MD, PhD, FACP, FASAM, Chair
Michael Fingerhoo, MD, FACP, Vice Chair
Gregory C. Bunt, MD
Christina M. Delos Reyes, MD
Marc Galanter, MD, FASAM
Adam J. Gordon, MD, MPH, FACP, FASAM, CMRO
Joshua D. Lee, MD
Petros Levounis, MD, MA, FASAM
Michelle Renee Lofwall, MD
Judith Martin, MD, FASAM
Alfonso Paredes, MD
Melvin I. Pohl, MD, FASAM
Richard N. Rosenthal, MD
Joan Ellen Zweben, PhD, Consultant
Norman W. Wetterau, MD, FAAFP, FASAM

ASAM Board of Directors Leadership

Stuart Gitlow, MD, MPH, MBA, FAPA,
ASAM President
R. Jeffrey Goldsmith, MD, FASAM,
ASAM President-Elect

Agency Representatives

Melinda Campopiano, MD
(SAMHSA Liaison)
Anthony Campbell, DO, RPH, CDR, USPHS
(SAMHSA Liaison)
Jag H. Khalsa, PhD (NIDA Liaison)
Robert Huebner, PhD (NIAAA Liaison)

ASAM CME Committee

Adam J. Gordon, MD, MPH, FACP, FASAM,
CMRO, Chair
James L. Ferguson, DO, FASAM
James Finch, MD, FASAM
Noel Ilogu, MD
Herbert L. Malinoff, MD, FACP, FASAM
Edwin A. Salsitz, MD, FASAM
Mark P. Schwartz, MD, FASAM, FAAFP
John C. Tanner, DO, FASAM
Jeanette Tetrault, MD

Cooperating Organizations: National Institute on Alcohol Abuse and Alcoholism (NIAAA) and National Institute on Drug Abuse (NIDA) of the National Institutes of Health (NIH), and the Center for Substance Abuse Treatment (CSAT) of the Substance Abuse and Mental Health Services Administration (SAMHSA).

Program Collaborating Organizations:

Association for Medical Education and Research in Substance Abuse (AMERSA), International Society of Addiction Medicine (ISAM), and the Society of General Internal Medicine (SGIM)

Explore the innovations. Engage leading experts and colleagues. Experience new efforts to integrate addiction medicine into the mainstream. Join us in Orlando for ASAM's 45th Annual Medical-Scientific Conference, April 10-13, 2014.

PROGRAM HIGHLIGHTS

Thursday, April 10

Three Pre-Conference Courses:

(New Course) The ASAM Fundamentals of Addiction Medicine—A Live Course

8:00 am - 5:30 pm
(Additional Fees Apply)

Addiction is a chronic brain disease and there are treatments available to help patients. The ASAM Fundamentals of Addiction Medicine is a practical, case-based course designed to support primary care physicians and general psychiatrists in their clinical treatment of patients at risk for or with substance use disorders (SUD). (See details on page 6 and www.med-sci.org/fundamentals.)

Pain & Addiction Course: Common Threads XV—The Agony and the Partial Agonist

8:00 am - 5:30 pm
(Additional Fees Apply)

This year's Course will focus on the many aspects of prescribing buprenorphine in the hospital and clinic as well as special populations, regulatory and legal concerns and the pharmacological and non-pharmacological approaches to pain and addiction. (See details on page 7 and www.med-sci.org/PACT15.)

(New Course) The New ASAM Criteria and ASAM Criteria Software—What's New and How to Use the Criteria

8:00 am - 5:30 pm
(Additional Fees Apply)

Today the ASAM Criteria have become the most widely used and comprehensive set of guidelines for placement, continued stay and transfer/discharge of patients with addiction and co-occurring conditions. Learn how to use the ASAM Criteria in daily practice. (See details on page 8 and www.med-sci.org/criteria.)

Welcome Reception & Exhibit Hall Opening

6:00 pm - 8:00 pm

Network with colleagues and explore over one hundred exhibits and dozens of posters.

Friday, April 11

ASAM Business Meeting & Breakfast

7:00 am - 8:30 am - (ASAM members only - breakfast service from 7:15 am - 8:15 am)

Opening Scientific Plenary & R. Brinkley Smithers Distinguished Scientist Award and Lecture

8:30 am - 10:00 am

Stuart Gitlow, MD, MPH, MBA, FAPA, FASAM, President of ASAM will set the stage for this year's theme "Innovation and Integration Strategies in Addiction Medicine" with an overview of the state of the profession and the most pressing issues that impact care of patients with addiction disorders.

ASAM will honor **Shelly Greenfield, MD, MPH**, as the recipient R. Brinkley Smithers Distinguished Scientist Award. This award recognizes and honors an individual who has made highly meritorious contributions in advancing the scientific understanding of alcoholism, its prevention and treatment. Dr. Greenfield will deliver her lecture, "Gender Differences in Addiction: Implications for Women's Addiction Treatment," in which she will explore the phenomenon wherein women progress more rapidly than men from first use to the onset of dependence and address its implications for screening, early detection, and treatment.

Dr. Greenfield is Professor of Psychiatry at Harvard Medical School and serves as Principal Investigator and Co-Investigator on federally funded research focusing on treatment for substance use disorders, gender differences in substance disorders, and health services for substance disorders.

She serves as the Chief Academic Officer at McLean Hospital in Belmont, MA as well as the Director of Clinical and Health Services Research and Education in the Alcohol and Drug Abuse Treatment Program, Division on Alcohol and Drug Abuse.

Complimentary Lunch and Reception

12:30 - 1:30 pm and 4:30 pm - 6:00 pm

Enjoy ample opportunities to network with colleagues and friends while touring over a hundred exhibits in ASAM's Exhibit Hall—the place to meet, greet and eat. On Friday, enjoy a complimentary lunch and return later in the afternoon for a dazzling array of light appetizers and snacks—all served in the Exhibit Hall—for an enjoyable day of networking.

Check for Updates

Saturday, April 12

ASAM Public Policy Plenary: Public Health Implications of Marijuana Legalization

8:00 am – 9:30 am

This Plenary will feature leading marijuana experts debating the implications of marijuana legalization on public health. As always, audience participation is encouraged. Organized by ASAM Public Policy Committee, Co-Chairs: Scott Teitelbaum, MD, FASAM; Mark Kraus, MD, FASAM.

2013 ASAM Awards Luncheon

12:00 pm – 2:00 pm – Price: \$75/Per Person

Celebrate the accomplishments of rising stars and distinguished leaders in the field of addiction medicine at the Annual ASAM Awards Luncheon. This plated luncheon is an opportunity to network with colleagues, draw inspiration from outstanding accomplishments and welcome new Fellows.

Paul N. Samuels, JD, recipient of the John P. McGovern Award will address the gathering with the Addiction and Society Lecture. Additional recognitions include: ASAM's Annual Award, the 2014 Young Investigator Award, The ASAM Medical-Scientific Program Committee Award, the Public Policy Award, Annual Media Award, the ASAM/Millennium Labs Medical-Scientific Program Committee Award and the ASAM/Millennium Research Institute Fellowship Award. (See page 16 for details on award recipients)

The ASAM Awards Luncheon is an extra fee event. Tickets for the luncheon are available for \$75 per person. Please register online or use the Registration Form to sign up for this event.

(New) Ice Cream Novelties and Networking Reception in the Exhibit Hall

4:00 – 4:30 pm

Make your last chance to see Exhibitors, Poster Presenters and fellow colleagues and friends a festive and memorable one. The reception will feature ice cream novelties to take the edge off the Florida sunshine as you make your final tour of the exhibits.

Sunday, April 13

Symposium Sunday

8:00 am - 12:15 pm

Be sure to schedule your return flight late enough on Sunday so you can attend several dynamic Symposium sessions. "Symposium Sunday" sessions will also include some interactive approaches to delivering the material. Presenters will take integration strategies to the next level as they tackle everything from the thorny policy issues regarding medical and recreational marijuana laws, to the evolving thinking about non-medical approaches to treating addiction, and much more.

Topics include:

- ✱ Symposium 10: Introduction to Building Skills in Motivational Interviewing
- ✱ Symposium 11: Marijuana: Addiction Physicians and the American Public 2014
- ✱ Symposium 12: Interdisciplinary Models in Training the Next Generation of Addiction Professionals
- ✱ Symposium 13: Medication vs Non-Medication Approaches to Recovery

Hours & Events in the Exhibit Hall

Thursday, April 10

8:00 am - 5:00 pm	Registration and Exhibit Set-up
6:00 pm - 8:00 pm	Welcome Reception with Exhibitors
8:00 pm	Exhibit Hall Closes

Friday, April 11

10:00 am - 6:00 pm	Exhibit Hall Open
10:00 am - 10:30 am	Refreshment Break in the Exhibit Hall
12:30 pm - 2:30 pm	2014 Poster Sessions and ASAM Sponsored Grab n' Go Luncheon in the Exhibit Hall
4:30 pm - 6:00 pm	Networking Reception in the Exhibit Hall
6:00 pm	Exhibit Hall Closes

Saturday, April 12

9:30 am - 12:00 pm	Exhibit Hall Open
9:30 am - 10:00 am	Refreshment Break in the Exhibit Hall
12:00 pm - 2:00 pm	Hall Closes for 2014 Awards Luncheon (Tickets available/\$75 per person)
2:00 pm - 4:30 pm	Exhibit Hall Reopens
4:00 pm - 4:30 pm	(New) Ice Cream Novelties and Networking Reception in the Exhibit Hall
4:30 pm	Exhibit Hall Closes and Tear-down Begins

(See page 20 for complete information about exhibiting & sponsorship)

ASAM THE FUNDAMENTALS OF ADDICTION MEDICINE | A LIVE COURSE

CME CREDIT
The ASAM Fundamentals of Addiction
Medicine—a Live Course,
qualifies for a maximum of
8 AMA PRA Category 1 Credit(s)™.

Overview

Addiction is a chronic brain disease and there are treatments available to help patients.

The ASAM Fundamentals of Addiction Medicine is a practical, case-based course designed to support primary care physicians and general psychiatrists in their clinical treatment of patients at risk for or with substance use disorders (SUD). The increased interest in expanding the physician's role in treating addiction has arisen, in part, because of the co-morbidities of medical and other psychiatric illnesses among patients who use substance. However, another facet to expanding the physician's role is the development of new medications and access to those medications and medical care due to The Affordable Care Act. With the expansion of the physician's role and increased patient access to medical care, it is fitting that the need for early interventions starts to take place in primary care and general psychiatry practice.

Educational Purpose

Primary care physicians and psychiatrists will effectively treat adult out-patients at risk for or with addictive disorders.

Learning Format and Methodologies

This live course is designed to be energetic and interactive with a facilitator at each round table. Sessions throughout the day will include approximately one-third of lecture, one-third demonstration of skills and one-third skills building. Audience Response Devices (ARS) will also be used in the course throughout the day.

Who Should Attend

Primary care physicians, general psychiatrists and other physicians interested in learning more about addiction medicine and how to recognize, treat and/or refer patients with substance use disorders.

COURSE TOPICS

- Meeting Our Patient: An Introduction to Addictive Disorders
- A Brain on Drugs: The Clinical Manifestations of the Neurobiology of Addictions
- Identifying Unhealthy Substance Use: Case Finding Made Easy
- Should I Open Pandora's Box?: Screening, Brief Intervention, and Referral to Treatment (SBIRT)
- When Your Patient says Yes, But!: A "Taste" of Motivational Interviewing
- Matching the Treatment to the Patient: Diagnosing Substance Use Disorders and Developing an Appropriate Treatment Plan
- For Every ill, There May Be a Pill: Treating Substance Use Disorders With Medication

LEARNING OBJECTIVES

Upon completion, participants should be able to:

- Identify their feelings and attitudes which promote or prevent therapeutic responses to their patients with substance use disorders.
- Summarize the three major neurocircuits underlying addictive disorders and their clinical implications.
- Use and recommend validated universal screening tools to identify substance use in patients and demonstrate the ability with confidence to score and interpret the results for hazardous and harmful use.
- Respond to positive substance use screening results with brief counseling strategies, including motivational interviewing, appropriate to the patients readiness to change.
- Respond succinctly to change and sustain talk in patients at risk for or with substance use disorders to motivate behavior change.
- Conduct a biopsychosocial and developmental ambulatory assessment of an adult with a SUD and match to an appropriate level of care.
- List the indications, contraindications and duration of treatment of evidence based pharmacotherapy for alcohol, tobacco, and opioid use disorders and refer to specialty care where appropriate.

THE AGONY AND THE PARTIAL AGONIST

Overview

Buprenorphine Neurobiology and Clinical Practice

Buprenorphine was discovered in the late 1960's. Its inventors hoped to find the elusive "Holy Grail" of opioid pharmacology—a morphine analog effective for pain, but not associated with addiction or overdose. It is now understood that buprenorphine falls short of "Holy Grail" status on all of these parameters, but can often, sometimes elusively, demonstrate superior pharmacologic and clinical properties than any other opioid analgesic.

In its fifteenth consecutive year, **The ASAM Pain & Addiction Course: Common Threads XV** will focus on the challenges and risks, as well as the opportunities, in prescribing buprenorphine. The Course will cover: basic mechanisms; analgesic history; opioid-induced hyperalgesia; use in hospitalized, pregnant, and high-utilizing patients; perioperative considerations; and the drug's intersection with cannabis and benzodiazepines.

Educational Purpose

Physicians, both primary care as well as various specialists who prescribe buprenorphine for either pain or to treatment addiction to opioids, will understand both the benefits as well the potential risks of prescribing and adopt standard of practice to enhance patient outcomes.

Learning Format and Methodologies

Utilizing dynamic media presentation tools, this live course's essential content will be presented through a variety of formats including lecture, highly interactive panel discussions, case studies and interactive audience discussions.

Who Should Attend

Primary care physicians, addiction medicine physicians, psychiatrists, neurologists, psychologists, anesthesiologists, nurse practitioners, therapists, addiction counselors, social workers, any health care professionals working with addiction or pain management and related issues.

COURSE TOPICS

- Buprenorphine Basics
- From Opium to Buprenorphine—history, risks, benefits, and addiction
- Buprenorphine Clinical Research & Practice
- Therapeutic Strategies for the Super-Utilizer and Opioid Induced Hyperalgesia
- Marijuana
- Perioperative Buprenorphine, Hospitalized Patients and Butrans-Assisted Opioid Rotation to Sublingual Buprenorphine
- Pregnant Patients
- Benzos and Buprenorphine
- Integration of Pharmacological Treatment with 12-Step Programs or Non-Pharmacological Treatment Alternatives
- What's Ahead for Buprenorphine

LEARNING OBJECTIVES

Upon completion, participants should be able to:

- Identify and explain the molecular mechanisms of buprenorphine, its pharmacokinetics and dynamics and its impact on a patient's neurobiology.
- Describe the role of buprenorphine in the historical development of analgesia and articulate the risks and benefits of its use to patients from an addiction medicine perspective.
- Utilize current clinical research and practice evidence to describe the efficacy of buprenorphine in U.S. pain medicine practice.
- Define appropriate therapeutic strategies for the use of buprenorphine among super-utilizer and opioid-induced hyperalgesia patients.
- Identify appropriate buprenorphine prescribing and management procedures for special patient situations such as: perioperative, hospitalized patients, and transdermal-assisted opioid rotation to sublingual buprenorphine.
- Assist opioid-addicted pregnant patients through use and management of buprenorphine to ensure positive patient/child outcomes.
- Define appropriate recommendations, dosing and management of patients on benzodiazepines who are also prescribed buprenorphine for either pain or opioid addiction or both.
- Integrate a pharmacological treatment program utilizing buprenorphine

with 12-Step programs or other non-pharmacological behavioral treatment alternatives.

ASAM THE CRITERIA & SOFTWARE

A LIVE COURSE

CME Credit

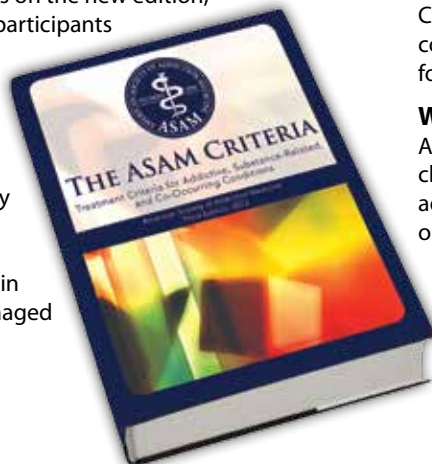

The New ASAM Criteria & Software—a Live Course, qualifies for a maximum of 8 AMA PRA Category 1 Credit(s)[™].

Overview

What's New and How to Use the Criteria

The ASAM Criteria is the most widely used and comprehensive set of guidelines for assessment, service planning, placement, continued stay and transfer/discharge of patients with addictive disorders. A new edition was released in October 2013. This day-long workshop will inform participants of what is new and how to use The ASAM Criteria book and software. It will review the underlying concepts of the ASAM Criteria in general and the goals of this new edition.

Besides updating participants on the new edition, this workshop will also help participants apply the criteria across a wide variety of settings with different populations – older adults, criminal justice settings, parents with children and persons in safety sensitive occupations. There will be discussion on how to use the criteria and software in working effectively with managed care and payers.

Educational Purpose

Physicians and other health care professionals will incorporate the diagnostic tools, classifications and standards for patient care detailed in The New ASAM Criteria and the companion software tools in order to develop specific treatment plans that will enhance patient outcomes.

Learning Format and Methodologies

Content will be presented with lecture, case presentation, live software demonstration and audience discussion. Attendees are encouraged to purchase The ASAM Criteria in advance and bring the book to the session to enhance the learning experience. Copies will also be available for purchase on site prior to the course. Visit <http://www.asam.org/publications/the-asam-criteria> for more information.

Who Should Attend

All levels of those interested in The ASAM Criteria - counselors/clinicians, addiction specialist physicians, state and county administrators, funders and managed care, national professional organizations.

Register
Online Today!
www.med-sci.org

COURSE TOPICS

- Underlying Principles and Concepts of The ASAM Criteria
- What is New in The ASAM Criteria
- Overview of ASAM Criteria Research and The ASAM Criteria Software
- How to Organize Assessment Data to Match Level of Care
- How to Use The ASAM Criteria Software
- New and Updated Sections
- How to Apply The ASAM Criteria

LEARNING OBJECTIVES

Upon completion, participants should be able to:

- Review the underlying concepts of and goals of the new edition of The ASAM Criteria and The ASAM Criteria Software.
- Identify what is new and how to use ASAM criteria in different settings with various clinical populations.
- Apply The ASAM Criteria in the context of outcomes-driven versus program-driven treatment, integrated services and healthcare reform.
- Identify how The ASAM Criteria Software can implement a standardized assessment for adults.
- Discuss how to determine that providers and payers are faithful to the spirit and content of The ASAM Criteria.

Session Descriptions & Icons

ASAM has assembled a world of education programming presented by over two-hundred clinicians, researchers and other experts in the field of addiction medicine. To help you navigate this content and identify a personalized learning experience, please review the following definitions and guidance aids.

Session Descriptions

Nearly one hundred hours of educational content will be presented at ASAM's 45th Annual Medical-Scientific Conference through a peer-reviewed abstract submission process. Some sessions are developed under the direction of the Medical-Scientific Program Planning Committee. The instructional format for each session is described below:

Plenary Sessions (1.5-2 hours): presented by leaders in the field and are scheduled without competing sessions. Plenary Sessions are designed to bring information, insights and inspiration to all attendees at the Med-Sci Conference.

Symposium Sessions (2 hours): special sessions developed by experts in the field of addiction medicine and the Medical-Scientific Program Committee, including specialized presentations presented by the National Institute on Alcohol Abuse and Alcoholism (NIAAA), the National Institute on Drug Abuse (NIDA) and the SAMHSA's Center for Substance Abuse Treatment (CSAT). The topics and presenters are selected by Program Planning Committee review of needs assessments for topics and/or presenters.

Courses (2 hours): presented in a lecture format and are structured, formal presentations that review basic concepts or offer new material in special areas. Courses are concentrated presentations of clinical material that are expected to complement the more scientifically oriented symposia.

Workshops (2 hours): offer an interactive format that deal with topics and issues best handled informally in give-and-take sessions of small groups, offering participants an opportunity for hands-on experience, utilizing cases, viewing of demonstrations, and emphasis on audience participation in discussions, skill-building exercise, etc.

Papers (15 minutes + 5 minute Q&A): offer an opportunity to briefly present research findings or data on clinical experiences. Accepted paper presentations will also be displayed in ASAM's e-Live Learning Center and on the website of Journal of Addiction Medicine.

Poster Presentations: offer an opportunity to share research interests and ideas. All Poster Presentations are set up and displayed during the entire conference in the designated area of the ASAM Exhibit Hall. Accepted poster presentations will also be displayed on the website of Journal of Addiction Medicine.

Component Sessions (1 hour): open meetings on Thursday evening, in which members of ASAM Councils, Committees or Action Groups may report on their activities.

Mutual Help Meetings (1 hour): held each morning and evening of the conference, Mutual Help Meetings are peer-run addiction problem-specific support group gatherings and are open to all participants.

Session Identification Icons

In response to needs assessments and to enhance the attendees learning experience, ASAM has identified at least one descriptor for each session to help participants develop a learning agenda that meets their specific needs. Look for the following icons throughout this program brochure, on the ASAM web site and in Orlando on session signage:

ICON	TITLE	SESSION WOULD APPEAL TO:
	Early Career Learning	A physician, investigator, researcher or health care professional, who is in the first few years of their profession and is interested in learning more about addiction medicine.
	Primary Care & Integration	A practicing physician in primary care or another specialty field who is interested in learning more about addiction medicine and applying new knowledge to their practice.
	Innovations in Practice	A physician, psychiatrist, investigator, researcher or other health care professional, who already has some addiction knowledge and is interested in learning about the latest innovations in practice.
	Addressing Special Populations	A physician, psychiatrist, investigator, researcher or other health care professional with some addiction knowledge and experience, who is interested in the addiction issues of special populations such as the elderly, adolescents, minorities, and those pregnant with SUD, etc.
	Advanced Addiction Subjects	A physician, psychiatrist, investigator, researcher or other health care professional with extensive addiction knowledge and experience, who is interested in specialized topics in public policy, pharmacology, standards for clinical practice and other complex issues that are shaping the future of addiction medicine.
	Leadership & Career	Any attendee who is interested in personal growth, professional development, career advancement, practice administration, presentation skills and other elements for achieving success.

SCHEDULE

Tuesday, April 8, 2014

3:00 pm – 5:00 pm	Finance Committee Meeting
6:00 pm – 9:00 pm	Board of Directors Meeting

ASAM Committee Schedule: Although some committee meetings are listed in this brochure, the complete schedule is at: www.asam.org/med-sci/committees.

Wednesday, April 9, 2014

7:30 am – 9:00 am	Corporate Roundtable Breakfast (By Invitation Only)
8:00 am – 6:00 pm	Board of Directors Meeting
5:00 pm – 8:00 pm	Registration Open
6:30 pm – 7:00 pm	Fundamentals Course Planning Committee Meeting
10:00 pm – 11:00 pm	Mutual Help Meeting Held each morning and evening of the conference, these peer-run addiction problem-specific support group meetings are open to any participant.

ASAM Pre-Conference Courses

ASAM has developed three exciting 8-hour pre-conference course options. Visit <http://www.asam.org/education/annual-medical-scientific-conference/pre-conference-courses>.

A separate fee is required to attend any one of the ASAM Pre-Conference Courses: The NEW ASAM Fundamentals of Addiction Medicine—A Live Course; The ASAM Pain & Addiction Course: Common Threads XV, or The New ASAM Criteria & Software Course.

NOTE: Please register for only ONE of the pre-conference courses.

Thursday, April 10, 2014 - 3 Pre-Conference Courses

7:00 am – 8:00 am	Mutual Help Meeting	
	Refreshment Break in the Exhibit Hall	
	Nomination and Awards Committee Meeting	
8:00 am – 5:30 pm	The ASAM Fundamentals of Addiction Medicine — A Live Course - ASAM Pre-Conference Course	(Separate Registration Fee) See page 6 for details. Visit www.asam.org/med-sci/fundamentals for details.
	The ASAM Pain & Addiction Course: Common Threads XV—The Agony and the Partial Agonist - ASAM Pre-Conference Course	(Separate Registration Fee) See page 7 for details. Visit www.asam.org/med-sci/pact15 for details.
	The New ASAM Criteria & Software Course - ASAM Pre-Conference Course	(Separate Registration Fee) See page 8 for details. Visit www.asam.org/med-sci/criteria for details.
5:00 pm – 6:00 pm	New Member Welcome Reception	
5:00 pm – 7:00 pm	Publications Council Meeting	
5:30 pm – 6:00 pm	Pain and Addiction Course Planning Committee Meeting	
5:30 pm – 6:30 pm	Public Policy Committee Meeting	

Welcome Reception in the Exhibit Hall - Exhibit Hall Open

Join friends and colleagues for the gala grand opening of ASAM's 45th Annual Medical-Scientific Conference Exhibit Hall. Tour over a hundred exhibits and ASAM's largest collection of poster presentations assembled to date.

6:00 pm – 8:00 pm	Welcome Reception in the Exhibit Hall - Exhibit Hall Open	
7:00 pm – 8:00 pm	Ruth Fox Endowment Scholarship Meeting	
7:00 pm – 9:00 pm	State Chapters Council and Membership Committee Meeting	
7:30 pm – 8:30 pm	 Influencing Health Policy: ASAM Advocacy in 2014 - Component Sessions 1	Kelly Clark, MD, MBA, FASAM, DFAPA
	 Use of Prescribed and Non-Prescribed Substance in Pregnancy - Component Sessions 2	Carl Christensen, MD, PhD, FASAM; Loretta Finnegan, MD, LLD, ScD; Karol Kaltenbach, PhD; Tricia Wright, MD, MS; Catherine Friedman, MD
	 Quality Improvement: Improving Patient Care with Standards, Performance Measures and Guidelines - Component Sessions 3	Margaret Jarvis, MD, FASAM; Michael Miller, MD, FASAM, FAPA; R. Corey Waller, MD, MS, FACEP; Sandrine Pirard, MD, PhD, MPH; H. Westley Clark, MD, JD, MPH, CAS, FASAM
	 Adapting Twelve-Step Approaches to Specific Clinical Populations - Component Sessions 4	Marc Galanter, MD, FASAM
	 Using Motivational Incentives in Adolescent Treatment - Component Sessions 5	Marc Fishman, MD, FASAM; David Lott, MD; Hoa Vo, PhD
	 American Board of Addiction Medicines Diplomate Web Portal: Completing ABAM MOC Requirements - Component Sessions 6	Lia Bennett, MPH
8:45 pm – 9:45 pm	 FACULTY PRESENTERS - Expert at Content? Looking for Creative Ways to Engage Learners, Cover Objectives and Expand Beyond a Didactic Slide Presentation? - Component Sessions 7	Mario San Bartolome, MD, MBA; Marcia Jackson, PhD; Arlene C. Deverman, CAE
	 Physician Clinical Support System Session - Component Sessions 8	Daniel P. Alford, MD, MPH, FACP, FASAM
	 The New ASAM Criteria and ASAM Criteria Software - Component Sessions 9	Susan Blank, MD; Paul Earley, MD, FASAM; Marc Fishman, MD, FASAM; David Gastfriend, MD; David Mee-Lee, MD; Michael Miller, MD, FASAM; Gerald Shulman, MA, MAC, FACATA
	 ABAM Maintenance of Certification (MOC) Part IV: Addiction Medicine Practice Performance Assessment - Component Sessions 10	Lia Bennett, MPH; Richard Blondell, MD; Judith Martin, MD, FASAM; Michael Miller, MD, FASAM; Cara Poland, MD; Jeffery Wilkins, MD, FASAM, DFAPA
	 Integration of Addiction Medicine into Primary Care: New Approaches and Opportunities - Component Sessions 11	Ilene Robeck, MD; Peter Selby, MBBS, CCFP, FCFP; Norman Wetterau, MD, FASAM
	 ASAM Drug Testing White Paper - Component Sessions 12	Robert DuPont, MD, FASAM
	Women & Substance Use Disorders Action Group	
10:00 pm – 11:00 pm	Mutual Help Meeting

ASAM Members Annual Business Meeting and Breakfast

(ASAM Members Only – Breakfast service will start at 7:15am) Begin the first full conference day with breakfast and an update on ASAM activities. Be sure to join ASAM's leadership to discover the organization's plans for the future, help set policy, and celebrate the year's accomplishments.

7:00 am – 8:00 am	Mutual Help Meeting
7:00 am – 6:00 pm	Registration Open
7:00 am – 8:30 am	ASAM Members Annual Business Meeting and Breakfast
8:30 am – 10:00 am	 Opening Scientific Plenary: R. Brinkley Smithers Distinguished Scientist Award and Lecture

Opening Scientific Plenary: R. Brinkley Smithers Distinguished Scientist Award and Lecture

Stuart Gitlow, MD, MPH, MBA, FAPA, President of ASAM will set the stage for this year's theme "Innovation and Integration Strategies in Addiction Medicine" with an overview of the state of the profession and the most pressing issues that impact care of patients with addiction disorders.

ASAM will honor **Shelly Greenfield, MD, MPH**, as the recipient R. Brinkley Smithers Distinguished Scientist Award. This award recognizes and honors an individual who has made highly meritorious contributions in advancing the scientific understanding of alcoholism, its prevention and treatment. Dr. Greenfield will deliver her lecture, "Gender Differences in Addiction: Implications for Women's Addiction Treatment."

Dr. Greenfield is a Professor of Psychiatry at Harvard Medical School and serves as Principal Investigator and Co-Investigator on federally funded research focusing on treatment for substance use disorders, gender differences in substance disorders, and health services for substance disorders. She has several leadership roles at McLean Hospital in Belmont, MA, among them, Director of Clinical and Health Services Research and Education in the Alcohol and Drug Abuse Treatment Program, Division on Alcohol and Drug Abuse.

Dr. Greenfield is Vice President of the American Academy of Addiction Psychiatry. She is Editor-in-Chief of the Harvard Review of Psychiatry and is a Distinguished Fellow of the American Psychiatric Association.

Celebrate the achievements of this established researcher, teacher and clinician and benefit from her illuminating lecture!

Howard Koh, MD, MPH, Assistant Secretary for Health at U.S. Department of Health and Human Services has been invited to speak during this opening session to share his perspective on the role that addiction treatment and prevention play in promoting public health and in preventing further disability and injury, particularly in light of the rising incidence of prescription drug misuse and increased access to dangerous licit and illicit substances in this country.

10:00 am – 6:00 pm	Exhibit Hall Open
10:00 am – 10:30 am	Refreshment Break in the Exhibit Hall
10:30 am – 12:30 pm	 There's an App for That! Using Technology in Addiction Prevention and Treatment - Symposium 1 Christina Delos Reyes, MD; David Gustafson, PhD; Joshua Lee, MD, MSc; Lisa Marsch, PhD; Jennifer McNeely, MD, MS; Gail Rose, PhD
	 Hot Topics in FDA Regulations and Pharmacotherapy Research that Impact Patient Care - Course 1 Michelle R. Lofwall, MD; Sharon Walsh, PhD; Shanna Babalonis, PhD
	 Update on Women's Issues – Part I - Symposium 2 Sponsored by: National Institute on Alcohol Abuse and Alcoholism (NIAAA) Joan Ellen Zweben, PhD; Catherine Friedman, MD; Shelly Greenfield, MD, MPH; Lisa Najavits, PhD
	 Synthetic Cannabinoids: Spice for Youngsters but Nightmare for Clinicians, Researchers, and Legislators - Course 2 Sandrine Pirard, MD, PhD, MPH; Erik Gunderson, MD, FASAM
	 How to Work (and Win) with the Media - Workshop 1 Alexis Geier-Horan, MPP; Patricia Clark, MA
	 Clinical Drug Testing in Medical Care – Part I: What You Need to Know - Specialized Two-Part Course Louis E. Baxter, Sr., MD, FASAM; Ed Cone, PhD; Michael Sprintz, DO

12:30 pm – 1:30 pm	ASAM Sponsored Complimentary Grab n' Go Luncheon in the Exhibit Hall		
12:30 pm – 2:30 pm	2014 Poster Sessions in the Exhibit Hall – See below and continued on page 14 for full listing		
1:00 pm – 2:30 pm	CME Committee Meeting		
1:30 pm – 2:30 pm	Principles of Addiction Medicine Editorial Meeting		
2:30 pm – 4:30 pm		Update on Women's Issues – Part II - Symposium 2 <i>Sponsored by: National Institute on Alcohol Abuse and Alcoholism (NIAAA)</i>	<i>Joan Ellen Zweben, PhD; Catherine Friedman, MD; Shelly Greenfield, MD, MPH; Lisa Najavits, PhD</i>
		Neuropsychiatric Complications of HCV Among Drug Users - Symposium 3	<i>Jeffrey Samet, MD, MA, MPH; Igor Grant, MD; Jag Khalsa, PhD, MS; Glenn Treisman, MD, PhD; Judith Tsui, MD, MPH</i>
Paper Session – Group I			
	Outpatient Induction to Extended-Release Naltrexone (XR-NTX) in African American Opioid Dependent Patients - Session 1		<i>Paolo Mannelli, MD</i>
	Hispanic Ethnicity Is Associated With Poor Adherence to Opiate Addiction Treatment Programs - Session 2		<i>Hari Krishna Raju Sagiraju, MD, MPH; Bertram W. Roberts, MD</i>
	Suicide and Harm Reduction in Aboriginal Communities, Hudson Bay, Northern Canada - Session 3		<i>Arnold Hill, MD, MSc, FASAM</i>
	Substance Misuse in the Elderly: Retrospective Chart Review in Senior Recovery Track - Session 4		<i>Padmapriya Musunuri, MBBS, MRC; Gibson George, MBBS; Carolina Retamero, MD; Marc Zisselman, MD; Robert Kohn, MD</i>
	High School Student Designer Drug Use and School Climates Regarding Substance Use - Session 5		<i>Shonali Saha, MD</i>
		Achieving Systemic Change through Development of Addiction Medicine Fellowships - Workshop 2	<i>Andrew Danzo, MD; Richard Blondell, MD; Scott Teitelbaum, MD, FAAP, FASAM; David Withers, MD; Kevin Kunz, MD, MPH, FASAM</i>
		Collaborative Workshop - Incorporating Harm Reduction into Addiction Medicine Practice - Society of General Internal Medicine (SGIM)	<i>Sarah Wakeman, MD; Sharon Stancliff, MD; Alexander Y. Walley, MD; Sarah Bagley, MD</i>
		Clinical Drug Testing in Medical Care – What You Need to Do – Part II - Specialized Two-Part Course	<i>Louis E. Baxter, Sr., MD, FASAM; Susan Neshin, MD; Lawrence Brown, MD, FASAM</i>
4:30 pm – 6:00 pm	Networking Reception in the Exhibit Hall — Visit with colleagues, enjoy delicious appetizers, and tour over a hundred exhibits in ASAM's outstanding Exhibit Hall.		
5:00 pm – 6:30 pm	Medical Education Council Meeting		
6:30 pm – 8:00 pm	Med-Sci Planning Committee Meeting		
6:30 pm – 8:30 pm	Donors Reception – (By Invitation Only)		
10:00 pm – 11:00 pm	Mutual Help Meeting		

Poster Sessions in the Exhibit Hall – 12:30 pm – 2:30 pm

1 – Quality of Life in Nicotine Addiction
Matthew Goldenberg, DO

2 – Cigarette Smoking Knowledge, Attitudes, and Practices in Perinatal Substance Abuse Treatment Staff
Margaret Chisolm, MD

3 – Food Insecurity, Depression, and Social Support in HIV-infected Hispanic Substance Abusers
Leonid Kapulsky, BS

4 – Buprenorphine/Naloxone Maintenance Treatment for Loperamide Use Disorder
Vamsi Garlapati, MD; R. Jeffrey Goldsmith, MD, FASAM; Sajoy Varghese, MD

5 – Two Cases of Adolescent Males with Severe Psychosis Triggered by Spice
Mariam Rahmani, MD

6 – Nurse Addiction - An Unexpected Journey: A Phenomenological Study of Nurses in Recovery
Karen Lee Burton, PhD, RN, CNE

7 – A Psychological Pain Based Treatment Allocation System in Outpatient Substance Abuse Treatment
Steven Mee, MD

8 – The Genetics of Binge Drinking: A Review of the Literature
Matthew Sloan, MD; Joshua Ejdelman, MSc; Nancy Low, MD, MSc

9 – Assertive Community Treatment with Buprenorphine for Opioid Dependence and Severe Mental Illness
Audrey Kern, MD; Troy Pulas, MD

10 – Low-dose Naloxone: An Abuse Deterrent to Buprenorphine Doses Less than 1 mg
Lynn Webster, MD

11 – Buprenorphine/naloxone Buccal Film: a Novel Approach in the Treatment of Opioid Dependence
Gregory B. Sullivan, MD

12 – Buprenorphine/naloxone Buccal Film: Relative Buprenorphine Bioavailability Approximately Twice that of Suboxone
Niraj Vasisht, PhD

Poster Sessions in the Exhibit Hall – 12:30 pm – 2:30 pm, continued Listing

13 – Misuse and Intoxication Due to Topical Ketamine
Marc Myer, MD; Pamela Shultz, MD

14 – Comparison of Long-Acting Benzodiazepines and Phenobarbital for Inpatient Detoxification from Benzodiazepines
Muhammad Ghazi, MD; Jennifer Harb, MD; Sanjay Jain, MD; Mohammed Reza, MD

15 – Improvement in Functional Outcomes after Residential Treatment Persists for 12 Months Post-discharge
Pamela Bean, PhD, MBA; Michael Miller, MD, FASAM

16 – Drug Use in Pregnancy
Charles Schaubberger, MD, MS

17 – Buprenorphine/Naloxone Pediatric Ingestion: Exposure Rates Differ Between Film and Tablet Formulations
Eric Lavonas, MD

18 – State Variation in Availability of Medications for Substance Use Disorder (SUD) Treatment
Amanda Abraham, PhD; Traci Rieckmann, PhD

19 – State Medical Board Policies on Opioid Maintenance Therapy for Recovering Physicians
Cynthia Brown, MD

20 – Working Memory and Emotion Regulation in Opioid Dependent Youths
Faith Aremu, MA; Laura Augustine, BS; Gabriella Barnett, BS; Marc Fishman, MD, FASAM; Hoa Vo, PhD

21 – Unobserved Buprenorphine Induction in a Primary Care Clinic: 7 Year Follow
Joshua D. Lee, MD; Elenore Patterson, MD, MPH

22 – Budgetary Impact of New Buprenorphine/Naloxone Tablet Formulations for Private Health Care Plans
Samuel Aballea, MSc; Emilie Clay, MSc; Amine Khemiri; Jane Ruby, PhD; Viadimir Zah, PhD

23 – Homelessness and HIV: Predictors of Health Care Utilization for Substance Users
Kinna Thakrar, DO, MPH

24 – Butrans Patch Abuse Using RADARS Poison Center Program Data
Rick Dart, MD, PhD; Jody Green, PhD; Timothy Wiegand, MD, FACMT

25 – Krokodil: Is it here? From Russia with scare!
Vishesh Agarwal, MD; Subani, MD

26 – Characteristics and Treatment of Diabetic Patients Receiving Prescription Opioids for Pain
Richard Blondell, MD; Anne Neumann, PhD, MA; Rachel Stewart, BA

27 – Substance Misuse in the Elderly: Retrospective Chart Review in Senior Recovery Track
Gibson George, MBBS; Robert Kohn, MD; Padmapriya Musunuri, MBBS, MRC; Carolina Retamero, MD; Marc Zisselman, MD

28 – Factors Affecting Treatment Outcomes in Elderly Illicit drug users: A Case Series
Gibson George, MBBS; Padmapriya Musunuri, MBBS, MRC; Carolina Retamero, MD; Marc Zisselman, MD

29 – Marijuana's Role in Relapse with Illicit Opiates
Barbara Herbert, MD; Paul Pyzowski, BSEE, MBA

30 – Gambling Disorder: The real stakes! Possible Opening of New Casino in Philadelphia
Vishesh Agarwal, MD; Subani Maheshwari, MD; Sachin Mehta, MD

31 – Methamphetamines and Birth Outcomes
Tricia Wright, MD, MS

32 – The New York ISTOP PMP and Effect on an Addiction Pharmacotherapy Program
Timothy Wiegand, MD, FACMT

33 – Identifying Opana ER Injection as Etiology for TTP-like Illness (Microangiopathic Hemolytic Anemia)
Charles Dunham, MD, MAEd; Sehar Khokher, MD; Valerie Vestal, MSN, RN

34 – A New Non-Opioid Protocol for Opioid Detoxification and/or Transition to Antagonist Treatment
Gregory Rudolf, MD; Vania Rudolf, MD; James Walsh, MD

Saturday, April 12, 2014

7:00 am – 8:00 am	Mutual Help Meeting	
7:00 am – 5:00 pm	Registration Open	
7:00 am – 8:00 am	Continental Breakfast in the Foyer	
	ASAM Criteria Steering Committee Meeting	
	Review Course Planning Committee	
8:00 am – 9:30 am	ASAM Public Policy Plenary: Public Health Implications of Marijuana Legalization	Organized by ASAM Public Policy Committee, Co-Chairs: Scott Teitelbaum, MD, FAAP, FASAM; Mark Kraus, MD, FASAM Presenters: TBA
9:30 am – 12:00 pm	Exhibit Hall Open	
9:30 am – 10:00 am	Refreshment Break in the Exhibit Hall	

ASAM Public Policy Plenary: Public Health Implications of Marijuana Legalization

Twenty-one states and the District of Columbia have passed measures that legalize marijuana, for medicinal and/or recreational use and three more states are considering proposals to do the same in 2014. While ASAM opposes both the “medicalization” of marijuana and proposals that legalize marijuana for recreational use, health care professionals continue to debate the harms and benefits associated with this drug. Engage leading marijuana experts as they debate the implications of marijuana legalization on public health and welfare!

10:00 am – 12:00 pm

President's Symposium—Addiction Medicine Today ASAM's President moderates a lively discussion among invited addiction panelists. Explore the burning issues confronting the field today and the implications recent and anticipated innovations and integration strategies will have on clinical practice and patient outcomes. - Symposium 4

Speakers: Stuart Gitlow, MD, MPH, MBA, FAPA; Elinore F. McCance-Katz, MD; Saul Levin, MD, MPA (Invited); Chad D. Kollas, MD

International Perspectives on Addiction Medicine - Symposium 5
Co-sponsored by the International Society of Addiction Medicine (ISAM) and the National Institute on Drug Abuse (NIDA)

Gavin Bart, MD, PhD, FACP, FASAM; Nady el-Guebaly, MD, FASAM; Marc Galanter, MD, FASAM; Jag Khalsa, PhD, MS; Petros Levounis, MD, MA, FASAM; Jeffrey Samet, MD, MA, MPH

Development Biologics to Treat Substance Use Disorders: An Update for Clinicians – Part I - Symposium 6
Sponsored by: National Institute on Drug Abuse (NIDA)

Ivan Montoya, MD, MPH; Bridget Ann Martell, MD, MA; Paul Pentel, MD; Jack Stein, DO, MPH; Chang-Guo Zhan, PhD

Medically Assisted Treatment in Drug Courts - Course 3

Douglas Marlowe, JD, PhD

The Where, When, and Why of Alcohol Withdrawal: An Advanced Practice Workshop - Workshop 3

Timonthy Wiegand, MD, FACMT; JoAn Laes, MD; Joseph Rasimas, MD; Beau Braden, DO, MPH, MS

Paper Session – Group II

Impact of Emergency Department-delivered SBI on Subsequent Involvement in Crime and Violence - Session 1

Aaron Johnson, PhD; Joanna Akin, MSPH; Paul Seale, MD

A Primary Care Management Tool for Alcohol Use Disorders and At-Risk Drinking - Session 2

Sheryl Spithoff, BSc, MD, CCFP

Using the Emergency Department as a Window into Community Behavioral Health - Session 3

Sheryl Davies, MA

Clinical Integration of Innovative Genetic Risk/ Medical Monitoring in Reward Deficiency Syndrome - Session 4

Kenneth Blum, PhD; John Femino, MD, FASAM, MRO; David Smith, MD, FASAM, FAACT; Ken Roy, MD, FASAM, DFAPA

Pilot Evaluation of Third Wave Modular Group Psychotherapy for Co Morbid Clients - Session 5

Danielle Florida, MD, FRACGP

12:00 pm – 2:00 pm

ASAM Annual Awards Luncheon – Price: \$75/Per Person

2:00 pm – 4:30 pm

Exhibit Hall Reopens – Exhibits officially close at 4:30 pm for the 2014 Med-Sci Conference

2:00 pm – 4:00 pm

Development Biologics to Treat Substance Use Disorders: An Update for Clinicians – Part II - Symposium 6
Sponsored by: National Institute on Drug Abuse (NIDA)

Ivan Montoya, MD, MPH; Bridget Ann Martell, MD, MA; Paul Pentel, MD; Jack Stein, DO, MPH; Chang-Guo Zhan, PhD

Prescription Stimulant Use and Misuse Among Youth: Review and Practice Implications - Symposium 7

Amelia Arria, PhD; Paula Riggs, MD; Geetha Subramaniam, MD, FAPA; Norman Wetterau, MD, FASAM; Timothy Wilens, MD

Core Knowledge Regarding Twelve Step Modalities Important for the Addiction Medicine Physician - Course 4

Ken Thompson, MD, FASAM; Scott Teitelbaum, MD, FAAP, FASAM

Updates in Treating Sedative Dependency In Addiction And Chronic Pain - Workshop 4

Mark Weiner, MD; Herbert Malinoff, MD, FACP, FASAM; Mel Pohl, MD, FASAM

A Multidisciplinary Approach for Opioid Dependent Mothers and Their Infants - Workshop 5

Sarah Bagley, MD; Michelle Sia, DO; Kelley Saia, MD, BSN; Carrie Schultz, MSW

Virtual Consulting and Education in Pain and Addiction - Workshop 6

Ilene Robeck, MD; Christopher Spevak, MD, MPH, JD

4:00 pm – 4:30 pm

(New) Ice Cream Novelties and Networking Reception in the Exhibit Hall

Enjoy this last opportunity to network while sampling a selection of ice cream novelties. Over a hundred exhibitors await you in ASAM's Exhibit Hall.

4:30 pm

2014 Exhibit Hall Closes

2014 Award Recipients

John P. McGovern Award
Paul N. Samuels, JD

**R. Brinkley Smithers
Distinguished Scientist Award**
Shelly Greenfield, MD, MPH

ASAM Public Policy Award
The Honorable Paul Tonko
U.S. Representative

2014 Media Award
Greg Williams, MA

**ASAM/Millennium Research
Institute Fellowship Award**
Sarah Bagley, MD

ASAM Annual Award
Edwin Salsitz, MD, FASAM

Young Investigator Award
Shonali Saha, MD

**Medical-Scientific
Program Committee
Award- Best Paper**
Kathleen Decker, MD

**ASAM/Millennium Labs
Medical-Scientific Program
Committee Award**
Kenneth Blum, PhD

ASAM Annual Awards Luncheon

Celebrate the accomplishments of rising stars and distinguished leaders in the field of addiction medicine at the Annual ASAM Awards Luncheon. This plated luncheon is an opportunity to network with colleagues, draw inspiration from outstanding accomplishments and welcome new Fellows. Tickets for the Awards Luncheon are available for \$75 per person. Please use the Registration Form to sign up for this event.

Paul N. Samuels, reecipient of the John P. McGovern Award, will address the gathering with the lecture on Addiction and Society. Additional recognitions include: ASAM's Annual Award, the 2014 Young Investigator Award, The ASAM Medical-Scientific Program Committee Award, the Public Policy Award, the Annual Media Award, the ASAM/Millennium Labs Medical-Scientific Program Committee Award and the ASAM/Millennium Research Institute Fellowship Award. (See page 17 for details on award recipients and visit www.asam.org/med-sci/awardsluncheon)

4:30 pm – 6:30 pm

**Evidence-Based Approaches to Alcohol
Detoxification and Treatment - Symposium 8**

Michael Fingerhood, MD, FACP; Darius Rastegar, MD,
Kenneth B. Stoller, MD

**CFR42.2 and the EMR: Necessary Protection or
Barrier to Coordinated Care? - Symposium 9**

Gavin Bart, MD, PhD, FACP, FASAM; H.
Westley Clark, MD, JD, MPH, FASAM;
Eric Goplerud, PhD, MA

**Neonatal Abstinence Syndrome: Understanding
the Variations in Expression of Symptoms and
Mitigating Them - Course 5**

Loretta Finnegan, MD, LLD, ScD; Karol Kaltenbach, PhD;
Jack McCarthy, MD

**Association for Medical Education and Research
in Substance Abuse (AMERSA) – Collaborative
Workshop – Addressing the Opioid Addiction
and Overdose Epidemic: Targeting the Prescriber**

Alexander Y. Walley, MD; Hillary Kunins, MD, MPH, MS;
Daniel P. Alford, MD, MPH, FACP, FASAM

Paper Session – Group III

Quality of Life in Nicotine Addiction - Session 1

Matthew Goldenberg, DO

**Complementary and Alternative Approach to Substance
Abuse Treatment - Session 2**

Patricia McKeen, MA, LPCC

**Long-Term Outcome After Residential Substance
Use Treatment - Session 3**

Kathleen Decker, MD

**Psychological Pain in Substance Abuse:
An Exploratory Study - Session 4**

Steven Mee, MD

**Does Comorbid Alcohol Dependence Influence the Response
Rates in Unipolar Depression Treatment? - Session 5**

Senthil Vel Rajan, MD

5:00 pm – 6:00 pm	Ruth Fox Endowment Scholarship Meeting
5:30 pm – 6:30 pm	Physician Health Committee
	Primary Care Interest Group Meeting
	Twelve Step Recovery Action Group Meeting
8:00 pm – 9:30 pm	(NEW) ASAM Movie Night: The Anonymous People ASAM is proud to present a special screening of “The Anonymous People,” a documentary film about the over 23 million Americans living in long-term recovery from alcohol and other drug addictions. ASAM 2014 Media Award winner, Greg Williams, MA, writer and producer/director of the film, will make a short introduction and field questions/ comments after the screening. Visit http://vimeo.com/64948005 for more information about The Anonymous People. 
10:00 pm – 11:00 pm	Mutual Help Meeting

Sunday, April 13, 2014

7:00 am – 8:00 am	Mutual Help Meeting		
7:00 am – 12:00 pm	Registration Open		
7:00 am – 8:00 am	Continental Breakfast in the Foyer		
8:00 am – 10:00 am		Introduction to Building Skills in Motivational Interviewing - Symposium 10	<i>Judith Martin, MD, FASAM; Sharone Abramowitz, MD; Paula Lum, MD, MPH; Paul Seale, MD; Brad Shapiro, MD</i>
		Marijuana: Addiction Physicians and the American Public 2014 - Symposium 11	<i>Andrea Barthwell, MD, FASAM; Gregory C. Bunt, MD; Stuart Gitlow, MD, MPH, MBA, FAPA; Jag Khalsa, PhD, MS; Sharon Stancliff, MD; Norman Wetterau, MD, FAAP, FASAM</i>
		Lifelong Learning: Review of articles for ABAM MOC Part 2 - Workshop 7	<i>Michael Weaver, MD, FASAM; Lia Bennett, MPH; Michael Fingerhood, MD, FACP; Alexander Y. Walley, MD</i>
	Paper Session – Group IV		
		Increase in Opioid Dependent Admissions and Atypical Discharges in Residential Treatment - Session 1	<i>Pamela Shultz, MD; Marvin Seppala, MD; Justin Anker, MD</i>
		Opioid Addiction and Mental Health: Evaluating a Model of Care for Youth - Session 2	<i>Kim Corace, PhD; Melanie Willows, MD, BSc, CCFP, CASAM, CCSAM</i>
		Buprenorphine/Naloxone Buccal Film is Well Tolerated in Opioid - Dependent Patients Converted from Suboxone - Session 3	<i>Kent S. Hoffman, DO</i>
		Factors Affecting Treatment Outcomes in Elderly Illicit Drug Users: A Case Series - Session 4	<i>Padmapriya Musunuri, MBBS, MRC; Gibson George, MBBS; Carolina Retamero, MD; Marc Zisselman, MD</i>
		The Extended-Release Naltrexone (XR-NTX) Opioid Dependence Registry: Clinical and Functional Effectiveness - Session 5	<i>Jacqueline Zummo, MPH, MBA; Frank Vocci, PhD; David Gastfriend, MD; Bernard Silverman, MD; Asli Memisoglu, ScD</i>
10:00 am – 10:15 am	Refreshment Break in the Foyer		
10:15 am – 12:15 pm		Interdisciplinary Models in Training the Next Generation of Addiction Professionals - Symposium 12	<i>Lauren Broyles, PhD; Adam Gordon, MD MPH</i>
		Medication vs Non-Medication Approaches to Recovery - Symposium 13	<i>Petros Levounis, MD, MA; Charlie Morgan, MD; Mel Pohl, MD, FASAM; Sharon Stancliff, MD; Kenneth Thompson, MD</i>
		Evaluation and Treatment of Substance Use Disorders in Active Duty Military - Course 6	<i>Anthony Dekker, DO; Donald Berghman, MD; Chideha Ohuoha, MD, MPH; George Ceremuga, DO</i>
		Work-up and Treatment of the Opioid-Addicted Pain Patient; Ground-Zero, Florida - Course 7	<i>Nancy Lee Kopitnik, DO, JD</i>
12:15 pm	Official Closing of ASAM's 45th Annual Medical-Scientific Conference		

Medical-Scientific Conference Registration Information

Early Bird Registration

Register early, before **Friday, March 14, 2014**, and save up to \$200; ensure placement in limited seating Pre-Conference Courses, and secure housing in the ASAM headquarters hotel. Review the Med-Sci 2014 Registration Form for pricing and other important details to register for the conference.

Full Registration

See registration form for all events covered by a Full Registration.

As an added bonus, Full Registrations provide the attendee with complimentary unlimited access to all sessions captured on ASAM's e-Live Learning Center for the 2014 Medical-Scientific Conference. This benefit allows attendees to experience concurrent sessions and review course slides at a later date giving them the ability to earn up to a total of nearly 100 CME hours.

Single-Day Registration

A Single-Day Registration is designed for those with limited time and/or financial resources, who would like to experience Med-Sci 2014 for only one of the three days. This is an ideal way to introduce co-workers or colleagues to ASAM's Medical-Scientific Conference.

Attendees must indicate the day for which they are registering. The registration is not transferrable. Unlike a Full Registration, Single-Day Registrations do not provide for access to content captured at 2014 Medical-Scientific Conference via the ASAM e-Live Learning Center.

Be sure to indicate which day(s) you would like to attend: (see registration form for details).

Guest Registration

A guest is defined as a spouse, significant other, friend or an adult child (18 or over) who is not in an addiction medicine-related occupation. Co-workers or associates in the addiction medicine field may not use the guest registration category.

Guest registrations gain access to all ASAM events and activities, with the exception of the Awards Luncheon, Pre-Conference Courses, and the e-Live Learning Center. See registration fee structure for complete details and costs.

Additional Event Registration Required

Pre-Conference Courses

A separate fee is required to attend one the three concurrent full-day Pre-Conference Courses on Thursday, April 10, 8:00 am - 5:30 pm:

- The ASAM Fundamentals of Addiction Medicine
—A Live Course **(New)**
- The ASAM Pain & Addiction Course: Common Threads XV
—The Agony and the Partial Agonist
- The New ASAM Criteria & Software Course **(New)**

Please register for only ONE of the Pre-Conference Courses.

**FREE WIFI
at Med-Sci**

Hotel & Travel Information

Hotel Reservations

You may reserve hotel accommodations at the ASAM discounted rate only after you have registered and paid for ASAM's 45th Annual Medical-Scientific Conference.

Room Reservation Deadline: Friday, March 14, 2014

The room reservation deadline does not ensure availability of rooms. Room reservations received after the deadline will be confirmed subject to rate and room availability. Hotel room rates are subject to applicable state and local taxes.

All reservations made within the ASAM block must be for an active registration to ASAM's 45th Annual Medical-Scientific Conference. Any reservation that remains unaccompanied by an active registration for the course will be subject to cancellation. Each paid conference registrant may reserve one guestroom.

Check-in/Check-out Requirements:

Check-in: 3:00 PM

Check-out: 11:00 AM

Headquarters Hotel

 By attending this conference, attendees grant ASAM permission and consent to use photography and video from the conference for future Society promotions.

 **Special Needs:** Individuals requiring auxiliary aids or services as identified in the Americans with Disabilities Act should contact ASAM at meetings@asam.org. Please put "Special Needs" in the subject line.

(*) Other Professionals and Associate Members must register with ASAM online first to get the discounted rates.

(**) Residents and Students must join as a Resident or Student Member of ASAM (membership for residents costs \$35; there is no charge for Student members, but verification of student status is required).

(***) Guest Registration: A guest is defined as a spouse, significant other, friend or an adult child (18 or over) who is not in an industry-related occupation. Coworkers or associates in the industry may not use the guest registration category. Guest registrations gain access to all ASAM events and activities, with the exception of the Awards Luncheon and Pre-Conference Courses, and the e-Live Learning Center.

Cancellation policy: A \$150 cancellation fee will apply to all cancellations received through Friday, March 14, 2014. There will be no refunds on cancellations received after Friday, March 14, 2014. All cancellation requests must be made in writing and sent to: ASAM Meetings Department, 4601 North Park Avenue, Upper Arcade, Suite #101, Chevy Chase MD, 20815, OR fax 301-656-3815. Questions: 301-656-3920 or meetings@asam.org.

Refund procedure: Refunds will be processed after the conference. If payment is made by credit card, the adjustment will be made to your credit card account; otherwise a refund check will be issued. All refunds will be processed four to six weeks after the conference.

Exhibiting and Sponsorship Opportunities as Med-Sci 2014

ASAM's 45th Annual Medical-Scientific Conference gives you access to the largest gathering of physicians, psychiatrists, nurses, psychologists and counselors dedicated to the treatment of education, research and prevention of addiction.

Our 2014 meeting will draw over 1,000 physicians, researchers and other health professionals for a packed program of clinical and scientific sessions on addiction medicine.

Exhibitors also have the opportunity to support other opportunities to further enhance their company's presence and extend their branding and marketing well beyond this year's conference. Some of the sponsorship packages include email blasts pre-event and post-event, corporate logo/hyperlink displayed on conference web site, acknowledgements in the programs, and signage noting your support.

For additional information, the full exhibit hall schedule and a complete listing of all participating exhibitors and sponsors, please visit the conference website at the following link: www.med-sci.org.

EXHIBIT/SUPPORT QUESTIONS:

Irina Vayner, Development Manager
Email: ivayner@asam.org

John Hawkins, Director of Meetings
Email: jhawkins@asam.org

ONLINE COURSE PREVIEW

Slide presentations and handouts for Med-Sci educational sessions will be available through ASAM's e-Live Learning Center after April 1, 2014. Attendees are encouraged to download and print, or upload these valuable course materials to their laptops or hand-held devices prior to the course. No printed copies of presentations will be available on site.

Registration Hours

The ASAM Conference Registration and Information Desk will be open the following hours during the conference:

Wednesday, April 9	5:00 pm - 8:00 pm
Thursday, April 10	7:00 am - 8:00 pm
Friday, April 11	7:00 am - 6:00 pm
Saturday, April 12	7:00 am - 5:00 pm
Sunday, April 13	7:00 am - 12:00 pm

All Active Membership Categories (other than Retired) must maintain a valid active allopathic or osteopathic medical license or certification of residency, fellowship, or student status. A valid active medical license is one issued by the appropriate agency and certifies that a physician is permitted to practice medicine within that country, province, or state. ASAM considers a medical license to be valid where stipulations and/or conditions have been placed on the license. The society shall not consider a license to be valid if it has been revoked, suspended, surrendered, or made subject to a sanction similar or equivalent to revocation, suspension, or surrender until such time as 1) the physician has notified ASAM that the sanction has expired or been removed, and 2) ASAM has confirmed the expiration or removal of the sanction with the state licensing board. These provisions shall apply equally to all licenses held by a physician. All active members shall submit the required dues and license certification at the time of joining or forfeit membership.

☐ Regular \$455 — Licensed to practice allopathic or osteopathic medicine in the US.

☐ Early Career Physicians* \$235 — Physicians in their first two years after completing an accredited Residency or Fellowship program OR in the first two years of practicing addiction medicine on a full time basis.

☐ International \$300 — Reside or work outside the US or its territories; must maintain valid medical license in their country or province.

☐ Retired \$140 — Completely retired from the practice of medicine.

☐ Resident \$35* — Interns, residents, or fellows serving in an approved hospital or fellowship program. Must have a valid license in localities where required or an equivalent certifying document.

☐ Med Student* \$0 — Enrolled and in good standing in formally accredited allopathic or osteopathic medical schools. *Students must submit a certifying letter from their school or the contact information for the dean of the school with their application.*

- National and Chapter dues payments (where applicable) are required.
- TAX Information: EIN#13-3177396
- Your ASAM dues may be deductible as a business expense.

ASAM's e-Live Learning Center

Free with Full Registration to Med-Sci 2014, and Pre-Conference Courses

e-LLC Access and Full Conference Registrant Benefits: Full conference registrants of ASAM's 45th Annual Medical-Scientific Conference receive complimentary access to the recorded sessions following the conference. Full registrants of the Pre-Conference Courses: The New ASAM Criteria and Software Course; and The ASAM Pain & Addiction Course: Common Threads XV, also receive complimentary access to their respective courses. Prior to and during the conference, registrants will also receive complimentary access to all session materials which can be printed in advance for review and note taking. Handouts (PDF, PPT) are viewable on smart phones or tablets. In order to save a handout on a mobile device, use "Documents To Go" or a similar App; otherwise, please save these documents on your laptop.

Visit www.asam.org, then click this icon.

CME Certificates: CME certificates for Med-Sci 2014, Pre-Conference Courses, past and future courses are available on the e-LLC. You can print your certificate onsite using one of the Internet Cafés or from the convenience of your home or office when you return from the conference. Note: A short overall evaluation of the session(s) is mandatory. You will not see the total hours on your certificate unless the evaluation is complete.

Additional e-LLC Offerings: Most ASAM live courses from the past three years have been captured digitally and are available 24/7 online in the ASAM e-Live Learning Center. Course programming can be viewed on a computer or downloaded as a MP3. Note: Courses recorded after September 2012 will also be available for viewing on most mobile devices, such as smart phones and tablets via audio-synchronized PowerPoint™ presentations.

Continuing Medical Education Credit

ACCREDITATION COUNCIL FOR CONTINUING MEDICAL EDUCATION (ACCME)

The American Society of Addiction Medicine (ASAM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The American Society of Addiction Medicine (ASAM) designates the following live activities for a maximum of the respective AMA PRA Category 1 Credit(s)™

The ASAM 45th Annual Medical-Scientific Conference	21 Credit(s)
The ASAM Fundamentals of Addiction Medicine—A Live Course	8 Credit(s)
The ASAM Pain & Addiction Course: Common Threads XV	8 Credit(s)
The New ASAM Criteria & Software—A Live Course	8 Credit(s)

ABAM MAINTENANCE OF CERTIFICATION PROGRAM (MOC)

The Annual Medical-Scientific Conference and its pre-courses have been approved by the American Board of Addiction Medicine (ABAM) for the Maintenance of Certification (MOC) Program for the CME requirement for Part II: Lifelong Learning and Self-Assessment.

AMERICAN PSYCHOLOGICAL ASSOCIATION (APA)

The American Society of Addiction Medicine (ASAM's) Continuing Medical Education (CME) has been approved for renewal of certification by the APA College of Professional Psychology. ASAM CME credits may be applied toward the APA's "Certificate of Proficiency in the Treatment of Alcohol and Other Psychoactive Substance Use Disorders."

NATIONAL ASSOCIATION OF ALCOHOLISM AND DRUG ABUSE COUNSELORS (NAADAC)

ASAM has been approved as a National Association of Alcoholism and Drug Abuse Counselors (NAADAC) Education Provider, #152. All applying for NAADAC credit should report their hours directly to NAADAC.

AMERICAN ACADEMY OF FAMILY PHYSICIANS (AAFP)

Many of the sessions have been identified as of interest and value to primary care physicians. Application has been made to the American Academy of Family Physicians for Live Prescribed and/or Elective Credit.

CONTINUING EDUCATION CREDITS (CEUS)

Non-physician participants will receive a certificate of attendance upon completion of the activity and an on-line evaluation confirming their participation. Participants should submit his/her certificate of attendance to their professional organization/institute.

CME COMMITTEE, PROGRAM PLANNING COMMITTEE AND FACULTY DISCLOSURE INFORMATION

In accordance with the disclosure policies of the American Society of Addiction Medicine (ASAM) and the Accreditation Council for Continuing Medical Education (ACCME), the effort is made to ensure balance, independence, objectivity, and scientific rigor in all educational activities. These policies include resolving all conflicts of interest between the CME Committee, planning committee and faculty, and commercial interests that might otherwise compromise the goal and educational integrity of this activity. All planning committee members and faculty participating in the activity have disclosed all relevant financial relationships with commercial interests. The ASAM CME Committee has reviewed these disclosures and determined that the planning committee and faculty relationships are not inappropriate in the context of their respective presentations and are not inconsistent with the educational goals and integrity of the activity.
