

4th Annual

Oral and Maxillofacial Surgery Review

A comprehensive review of the entire specialty of OMFS suitable for certification exam and recertification exam purposes

August 9-10, 2014

University of Illinois at Chicago
College of Dentistry
Lecture Hall North, 5th Floor
801 S. Paulina Street
Chicago, IL 60612

Continuing dental education sponsored by:
University of Illinois, College of Dentistry

UIC Department of Oral
UNIVERSITY OF ILLINOIS and Maxillofacial Surgery
AT CHICAGO COLLEGE OF DENTISTRY

Continuing medical education sponsored by:

Pfiedler
ENTERPRISES

OVERVIEW

This educational activity has been designed to provide a review of current medical and surgical treatment options for patients with oral and maxillofacial pathology or trauma. Faculty are comprised of experts who will present the latest developments as well as review essential material that will enable attendees to implement changes in their practice that will improve the quality of patient care. Content will include updates on medicine and anesthesia, pathology and trauma, reconstruction and implants and cosmetic facial surgery. Time will be allotted for discussion and a course syllabus will provide reference materials for future reference.

TARGET AUDIENCE

This educational activity is designed for oral and maxillofacial surgeons and residents, general dentists, otolaryngologists, and plastic and reconstructive surgeons. The content provides an update and review of essential elements encompassing their practice.

NEEDS ASSESSMENT

A comprehensive review of oral and maxillofacial surgery is needed to gain information on the latest developments and treatment options which can then be incorporated into practice patterns. Dentists and surgeons are required to expand their knowledge and update care algorithms in a rapidly changing environment.

PRACTICE GAPS

Advances in the field of oral and maxillofacial surgery present a challenge to the practicing dentist, surgeon and resident. Incorporating evidence-based treatment options that will enhance patient outcomes is required to keep abreast of trends and establish algorithms for care. There is a need to update diagnostic and treatment methods and interpret them effectively, fine tune and expand appropriately.

OBJECTIVES

Upon completion of this course, attendees should be able to:

1. Implement a systems-based approach to obtaining a medical history, performing a physical examination and conducting a pre-operative assessment.
2. Discuss new advancements in the field of anesthesia, specific to patient age, type of anesthetic and potential complications.
3. Describe dentoalveolar and implant surgery, focusing on complications and management, impacted teeth, prosthodontic considerations and principles of osseointegration.
4. Explain patient assessment, orthodontic considerations, surgical procedures and complications and management in orthognathic surgery.
5. Discuss reconstructive surgery for cleft lip and palate, craniofacial surgery, TMJ surgery and cosmetic facial surgery, including preplanning, postoperative management and complications.
6. Review pathology of benign and malignant lesions, odontogenic cysts and tumors, oral cancer and head and neck malignancy.
7. Compare treatment plans specific to management of the mandible, craniofacial and midface trauma.
8. Describe principles of treatment for infections and BRONJ.

ACCREDITATION DENTISTRY

The University of Illinois is a recognized ADA CERP provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

ADA CERP® | Continuing Education
Recognition Program

ADA CREDIT DESIGNATION

UIC CDE designates this activity for **21** continuing education credits.

ACCREDITATION PHYSICIAN

Pfiedler Enterprises is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION

Pfiedler Enterprises designates this live activity for a maximum of **21 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

DECLARATION OF DISCLOSURE FOR PFIEDLER ENTERPRISES

DISCLAIMER

This continuing education course is offered for your professional development. This course is not endorsed or supported by the American Association of Oral and Maxillofacial Surgeons (AAOMS) or the American Board of Oral and Maxillofacial Surgery (ABOMS).

AMERICAN'S FOR DISABILITY ACT

Pfiedler Enterprises will be glad to assist you with any special needs (i.e., physical, dietary, etc.). Please contact Pfiedler Enterprises at 720-748-6144.

ADVANCED CODE OF ETHICS

This course complies with the *“Revised and Restated AdvaMed Code of Ethics” effective July 1, 2009*. The educational meeting and associated hospitality events are intended solely for the registered attendees and faculty. Therefore, guests/spouses and other healthcare professionals are not allowed to attend. We appreciate cooperation with these guidelines.

LOCATION

College of Dentistry

Lecture Hall North, 5th Floor
801 S. Paulina Street • Chicago, IL 60612

The College of Dentistry is located in the Illinois Medical District, southwest of downtown Chicago at 801 S. Paulina St. (at the northwest corner of Polk and Paulina).

HOW TO GET THERE

By Train – The Chicago Transit Authority (CTA) Pink Line (Cermak/54th or Douglas branch) stops at Polk St., one-half block down from the entrance to the College. The CTA Blue Line stops at the Illinois Medical District stop; get off at the Paulina exit and walk four blocks south through the Rush University campus.

By Bus – The Number 7 Harrison bus, the Number 9 Ashland bus, the Number X9 Ashland Express and the Number 38 Ogden/Taylor and the Number 157 Streeter/Taylor bus all stop nearby.

By Car – Parking is available in structures located at the corner of Taylor and Paulina and Taylor and Wood Streets. Limited parking is also available across the street from the College on Paulina Street. Validation for reduced rates is available to patients in our clinics.

ACCOMMODATIONS

Recommended Hotel:

Marriott Chicago at Medical District/UIC (625 S Ashland Avenue, Chicago, Illinois 60607) offers a “UIC Guest Rate” and is just three blocks from the UIC College of Dentistry. Reservations or rate inquiries may be made by contacting the hotel directly at 312-491-1234. A small block of rooms is available until July 1, 2014 at the rate of \$169 per night under “4th Annual Oral and Maxillofacial Surgery Review”

Other Hotels in the area:

Best Western Grant Park Hotel (1100 S Michigan) offers a “UIC Continuing Education” special rate for single, double, triple, or quadruple occupancy. Reservations or rate inquiries may be made by contacting the hotel directly at (312) 922-2900.

Chicago Metro (733 W Madison), located in the heart of Chicago’s Greektown, is a Crowne Plaza property that boasts a high-speed internet connection in each room and offers special rates to UIC guests. Reservations or rate inquiries may be made by contacting the hotel directly at 1-800-2-CROWNE.

REGISTRATION FEE

Course registration fee is \$1500 for Practicing Physicians
 \$750 for residents and military personnel

Course registration covers course materials, breakfast and lunch for two days. Cancellation policy: Cancellations received in writing up to 15 days in advance of the meeting will receive a refund minus a \$35 processing fee. There will be no refunds for cancellations after that date or for “no-shows”. Please make sure you receive a course confirmation before making travel arrangements.

Pfiedler Enterprises has the right to cancel this activity if necessary. Registered participants will be notified not later than two weeks prior to the scheduled event date and a full refund will be issued. **Pfiedler Enterprises is not responsible for non-refundable airline tickets purchased for this course.**

PRELIMINARY AGENDA:

Saturday, August 9, 2014

7:00 – 7:20 am

7:20 – 7:30 am

7:30 – 9:00 am

9:00 – 9:15 am

9:15 – 10:15 am

10:15 – 10:30 am

10:30 – 12:30 pm

12:30 – 1:30 pm

1:30 – 2:30 pm

2:30 – 3:30 pm

Registration and Continental Breakfast/Exhibits

Welcome and Course Introduction

Michael Miloro, DMD, MD

Antonia Kolokythas, DDS, MS

Medicine

Thomas Schlieve, DDS

- medical history and physical examination
- pre-operative assessment
- laboratory evaluation
- systems-based approach
- cardiovascular, pulmonary, endocrine, GI, etc

Break/Exhibits

Medicine (continued)

Thomas Schlieve, DDS

- systems-based approach

Break/Exhibits

Anesthesia

Zak Messieha, DDS, ADBA

- adult and pediatric
- local anesthesia
- intravenous sedation
- general anesthesia
- inhalation agents
- complications

Luncheon/Exhibits

Dentoalveolar Surgery

Thomas Schlieve, DDS

- impacted and erupted teeth
- complications and management

Implant Surgery

Alexis Olsson, DDS

- principles of osseointegration
- prosthodontic considerations
- adjunctive surgical procedures
- complications and management

3:30 – 3:45 pm
3:45 – 5:00 pm

Break/Exhibits
Orthognathic Surgery

Michael Miloro, DMD, MD

- patient assessment
- orthodontic considerations
- surgical procedures
- complications and management

5:00 – 5:15 pm
5:15 – 6:30 pm

Break/Exhibits
TMJ Surgery

Michael Miloro, DMD, MD

- current diagnostic criteria
- imaging modalities
- on-surgical and surgical procedures
- TMJ pathology
- end-stage TMD

6:30 – 7:30 pm

Cleft Lip and Palate/Craniofacial Surgery/DO/OSAS

Jason Jamali, DDS, MD

- CL/CP for the non-craniofacial surgeon
- epidemiology
- treatment planning
- common craniofacial syndromes
- distraction osteogenesis
- OSAS diagnosis and treatment

7:30 pm

Adjourn

Sunday, August 10, 2014

7:00 – 7:30 am
7:30 – 9:00 am

Continental Breakfast/Exhibits
Maxillofacial Pathology

Antonia Kolokythas, DDS, MSc

- benign and malignant lesions
- odontogenic cysts and tumors
- nonodontogenic lesions
- dermatopathology

9:00 – 9:15 am
9:15 – 10:30 am

Break/Exhibits
Maxillofacial Pathology (continued)

Antonia Kolokythas, DDS, MSc

- oral cancer and head and neck malignancy
- salivary gland disease

10:30 – 10:45 am
10:45 – 1:00 pm

Break/Exhibits
Maxillofacial Trauma

Stephen MacLeod, BDS, MBChB

- review of ATLS
- sequencing pan-facial trauma
- management of the mandible
- management of craniofacial and midface
- the orbit and zygoma
- complications

1:00 – 2:00 pm
2:00 – 3:00 pm

Luncheon/Exhibits
Reconstruction

Alexis Olsson, DDS

- principles of reconstruction
- non-vascularized bone grafting techniques

3:00 – 4:30 pm

Reconstruction (continued)

Antonia Kolokythas, DDS, MSc

- soft tissue reconstructive techniques
- microvascular free flaps

4:30 – 4:45 pm
4:45 – 5:45 pm

Break/Exhibits
Infections/BRONJ

Jason A. Jamali, DDS, MD

- anatomy and microbiology
- antibiotic therapy
- principles of treatment
- osteomyelitis/osteoradionecrosis
- BRONJ diagnosis and treatment

5:45 – 6:00 pm
6:00 – 7:00 pm

Break/Exhibits
Cosmetic Facial Surgery

Kevin Haddle, MD, DDS

- clinical patient evaluation
- upper-, mid-, and lower-facial surgery
- skin rejuvenation procedures
- rhytidectomy, blepharoplasty, rhinoplasty
- complications and management

7:00 pm

Evaluations/CME Credit Forms/Adjourn
