

# ENDODONTICS FROM A TO Z: A HANDS-ON WORKSHOP FOR THE GENERAL PRACTITIONER

21 hours of Lectures  
21 hours of Hands-On Experience

Ostrow School of Dentistry of USC  
Friday - Sunday, 9:00 a.m. - 5:00 p.m.  
June 13 - 15, 2014 (Part I)  
June 27 - 29, 2014 (Part II)

Endodontics has gone through many exciting changes in the past several years. Recent advances in technology, materials and equipment have changed the way endodontics is practiced today. These advances have made it possible to efficiently perform successful endodontic treatment with improved precision, predictable results, and with much greater patient acceptance. This comprehensive state-of-the-art course includes series of seminars and hands-on workshops specially designed for General Dentists who wish to advance their knowledge and clinical skills in the art and science of endodontics. A team of endodontic specialists from the Ostrow School of Dentistry of USC will thoroughly discuss evidence-based clinical and biological concepts of modern endodontic therapy. These experts will walk you, from start to finish, through all the necessary steps and phases that will enable you to enhance the way you practice endodontics so you can provide the best standards of endodontic care to your patients.

During the 3-day hands-on part of this course you will have the opportunity to apply the principles discussed by the USC team of experts and practice in one of the most advanced facilities in California. You will perform endodontic treatment from start to finish in both single-rooted and multi-rooted teeth and will also practice endodontic retreatment.

Without doubt, this course will be a complete learning experience!

### **Ilan Rotstein, DDS (Course Director)**

Professor of Endodontics and Chair, Division of Endodontics, Orthodontics and General Practice Dentistry and Associate Dean of Continuing Education at the Ostrow School of Dentistry of USC. Dr. Rotstein has published extensively in the endodontic literature and has lectured nationally and internationally.

### **Thomas Levy, DDS, MS (Lab Director)**

Associate Professor of Clinical Endodontics, Division of Endodontics, Orthodontics and General Practice Dentistry at the Ostrow School of Dentistry of USC. Dr. Levy practiced endodontics in Stockton, California for over 20 years

### **Samir Batniji, DDS, MS, Ed**

Clinical Associate Professor of Endodontics at the Ostrow School of Dentistry of USC. Dr. Batniji maintains private endodontic practices in Diamond Bar, San Dimas, Rancho Cucamonga and Fullerton, California.

### **Yaara Berdan, DDS**

Clinical Assistant Professor of Endodontics, Division of Endodontics, Orthodontics and General Practice Dentistry at the Ostrow School of Dentistry of USC, Los Angeles. She obtained her DDS degree from the University of California at San Francisco (UCSF) and her endodontic certificate from the University of Illinois at Chicago in 2000.

### **Daniel Schechter, DDS**

Assistant Professor of Clinical Endodontics, Division of Endodontics, Orthodontics and General Practice Dentistry at the Ostrow School of Dentistry of USC. Dr. Schechter maintained a private endodontic practice for over 20 years in Huntington Beach, California.

### **Louis Schwarzbach, DMD**

Clinical Assistant Professor of Endodontics, Division of Endodontics, Orthodontics and General Practice Dentistry at the Ostrow School of Dentistry of USC. Dr. Schwarzbach maintains a full time private endodontic specialty practice in Northridge, California.

### **Anthony T. Tran, DDS**

Clinical Assistant Professor of Endodontics, Division of Endodontics, Orthodontics and General Practice Dentistry at the Ostrow School of Dentistry of USC. Dr. Tran maintains a private practice limited to Endodontics in Fresno, California. He is a Diplomate of the American Board of Endodontics.

**Additional instructors will be present during the hands-on workshops to enhance participant's clinical experience**

All speakers must disclose to the audience any proprietary, financial or other personal interest of any nature or kind, in any product, service, source and/or company, or in any firm beneficially associated therewith that will be discussed or considered during their presentation. The Ostrow School of Dentistry of USC does not view the existence of these interests or uses as implying bias or decreasing the value to participants. The Ostrow School of Dentistry of USC, along with ADA CERP, feels that this disclosure is important for the participants to form their own judgment about each presentation.

## Limited Time Offer!

Participants will enter a special raffle to win a copy of the world renowned textbook, *Ingle's Endodontics - 6th Edition*, a \$150 value! Winner will be chosen in a random drawing at the first day of the course.

### Topics to be covered

- Diagnosis and treatment planning
- Case selection in endodontics
- Achieving effective anesthesia for endodontic treatment
- Management of anxiety and pain in endodontics
- Preparation for endodontic treatment
- Root canal anatomy and morphology
- Current principles of endodontic access
- Canal length determination including electronic apex locators
- Nickel Titanium rotary systems and techniques
- Canal irrigation and intracanal medication
- Procedural errors and their prevention
- Root canal obturation techniques
- Management of calcified canals
- Endodontic retreatment
- Endodontic-periodontal interrelationship
- Endodontic emergencies
- Achieving better success in endodontic cases

### Upon completion of this course you will be able to

- Enhance your knowledge of the clinical and biological concepts of modern endodontics
- Successfully treat single-rooted and multi-rooted teeth
- Apply system-based approaches and state-of-the art technology for treating your endodontic cases
- Use endodontic hand and rotary instruments safely and effectively
- Understand the indications and apply appropriate techniques for endodontic retreatment
- Know how to avoid mishaps
- Approach your endodontic cases with confidence and enjoy more predictable results
- Know when and what to refer to a specialist
