DELUXE PEARL HARBOR / USS ARIZONA / HONOLULU CITY TOUR (INCLUDES LUNCH) 6:30 A.M. – 12 NOON

You will relive the "date which will live in infamy" as you board the USS Arizona Memorial, which sits on top of the battleship sank during the Japanese surprise attack on Pearl Harbor in 1941. You will be able to stand directly above the sunken ship. Also, you will get to see dramatic footage of the actual attack and the shrine room, which is dedicated to the 1,177 crew members resting below the waters. You will also explore the site of the Japanese unconditional surrender to the United States onboard the world's most impressive battleship, the USS Missouri. From there, you'll head to the rolling green hills of Punchbowl National Cemetery bursting with flowers. As somber as it is beautiful, this famous site is where those who died in the Pacific naval war are buried. You'll get a narrated tour through downtown Honolulu with more historical sights. In addition to the impressive state buildings and churches, you'll see Iolani Palace, the one and only royal palace on American soil. Come face-to-face with a statue of the great Hawaiian warrior-king who united the Hawaiian Islands, King Kamehameha.

Due to stringent security requirements bags, purses and strollers are not allowed. Shoes must be worn. Cameras permitted. Storage is available at the entrance to the USS Bowfin for a nominal fee. By the time you get back to your hotel, you'll feel part of Hawaii and American history.
