**Medical Psychotherapy
Trainee-Trainer Summer
Conference**

**Friday, 11th July 2014
NSCAP, Leeds**

We are pleased to invite you to the

Medical Psychotherapy Trainee-Trainer Summer Conference

which will be held in the

Northern School of Child and Adolescent Psychotherapy in Leeds

on

11 July 2014

Theme: Identity

This is a one-day conference open to trainees and trainers interested/involved in medical psychotherapy, as well as other medical faculties that may find the work of medical psychotherapy relevant to their practice. We would encourage trainees to use this opportunity to **invite your trainers** to attend the day with you.

We will use Psychoanalytic thinking to explore the identity of a Medical Psychotherapist with reference to sexuality, language/culture, gender/pregnancy. The conference theme is **'same yet different'**, looking at how the experience of difference shapes the identity of the therapist. The programme hopes to combine a morning session on rich and varied experiences of senior medical psychotherapists with clinical/case presentations in the afternoon on senior trainee experiences.

This is a great opportunity to meet trainees and trainers nationally and engage in a lively debate about how therapist identity influences clinical work.

The conference fee is **£60** and includes refreshments and lunch.

For enquiries please contact:

Dr Anuradha Menon on
menon.anuradha@gmail.com
