Goal

Persons affected by cancer may enhance their quality of life through the safe and effective delivery of acupuncture, massage and yoga/mind-body practices. These therapies can be successfully and safely integrated with conventional cancer treatments when delivered by trained professionals to improve outcomes for cancer patients.

Purpose

This course will provide licensed acupuncturists, licensed massage therapists, trained yoga teachers and mind-body practitioners an overview of evidence-based practice in cancer care. Topics of recent research findings, recommendations for treating common side-effects, ethical issues, safety issues and case presentations will be presented.

For more information, please visit:
www.mdanderson.org/conferences

Target Audience

This program should be of interest to licensed acupuncturists, licensed massage therapists, yoga teachers and mind-body practitioners.

Educational Methods

Lecture, Question-and-Answer Sessions, Panel Discussions, Demonstrations

Evaluation

A course evaluation form will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

Accreditation/Credit Designation

Licensed Acupuncturists

This course has been planned and implemented in accordance with the policies of the National Certification Commission for Acupuncture and Oriental Medicine (NCCAOM®). The University of Texas MD Anderson Cancer Center is approved by the [National Certification Commission for Acupuncture and Oriental Medicine](#) (NCCAOM®) (Provider # 991) to provide PDA points to licensed acupuncturists.

The University of Texas MD Anderson Cancer Center designates this live activity for 19.5 PDA points as authorized by the National Certification Commission for Acupuncture and Oriental Medicine (NCCAOM®)

This activity is designated for 19.5 PDA points as detailed below:
