Program Description

This program is specifically designed for physicians, trainees, and allied health professionals with a strong interest or clinical practice in the fields of gastroenterology and hepatology. This course will serve as an update on the latest diagnostic and therapeutic issues in gastroenterology and hepatology.

The program has been developed using a case-based question and answer format, designed to replicate clinical scenarios, and thus serve as an intensive review tool for those attendees who will be taking the Gastroenterology/Hepatology Board Certification examination.

Educational Objectives

- Describe evidence-based management of patients with gastrointestinal and liver diseases.
- Provide an intensive review of the most recently published literature and professional society guidelines pertaining to patients with gastrointestinal and liver diseases.
- Improve the knowledge base and techniques required to prepare for the certification/recertification exams in gastroenterology and hepatology.

Who Should Attend

Gastroenterologists, hepatologists, fellows/residents in training, and nurses/physician assistants who care for patients with gastrointestinal/liver diseases.

Accreditation

The Icahn School of Medicine at Mount Sinai is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation

The Icahn School of Medicine designates this live activity for a maximum of **22.0 AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Verification of Attendance

Verification of attendance will be provided to all professionals.

Special Needs

The Icahn School of Medicine is in full compliance with provisions of the Americans with Disabilities Act (ADA) and is accessible for individuals with special needs. If you would like to attend and require special accommodations, please contact the CME Office at 212.731.7950.
