MANAGEMENT OF THE HOSPITALIZED PATIENT

**Hyatt Regency
Embarcadero**
San Francisco, CA

October 23-25, 2014

This course, chaired by Dr. Robert Wachter, covers the clinical issues most relevant to hospitalists and other clinicians who care for inpatients. Taught by UCSF's top teachers and a stellar group of guest faculty, the course highlights recent advances and current controversies. To promote active learning, the course uses a computerized audience response system and features multiple workshops in a variety of disciplines to allow for small group discussions.

The course includes broad content in critical care, perioperative care, patient safety, and hospital neurology, cardiology, GI, nephrology, and infectious diseases. Back by popular demand, this year's conference is preceded by the three-day Hospitalist Mini-College (October 20-22, 2014).

This course is presented by the UCSF Division of Hospital Medicine and is sponsored by the Office of Continuing Medical Education, University of California, San Francisco School of Medicine. It also serves as the West Coast regional meeting of the Society of Hospital Medicine.

- OBJECTIVES** An attendee completing the **Management of the Hospitalized Patient** course should be able to:
- Improve diagnosis of common inpatient clinical presentations;
 - Perform an evidence-based work-up for common inpatient clinical presentations;
 - Apply modern therapeutic approaches to common inpatient disorders;
 - More effectively respond to patients' questions in hospital medicine using the latest clinical literature.

An attendee completing the **Hospitalist Mini-College** pre-course should be able to improve diagnostic and management skills through hands-on teaching and observation in the following disciplines:

- Critical Care
- Hospital Neurology
- Medical Consultation and Co-Management
- Hospital Dermatology

The UCSF Hospitalist Mini-College • A Small Group, Hands-On Experience

This innovative 3 day pre-course, which precedes the flagship UCSF Management of the Hospitalized Patient course, provides an in-depth and engaging experience for hospitalists who seek clinical skill development. Participants will join faculty at UCSF Medical Center to participate in small-group learning in 4 domains: Critical Care Medicine, Hospital-based Neurology, Surgical Co-Management and Consultation, and Dermatology for the Hospitalist. Attendees will also receive hands-on procedural training (e.g., use of ultrasound guidance) and sessions focused on interpreting radiographic studies, building diagnostic acumen, and learning about root cause analysis.
