26.25 AMA PRA Category 1 Credits™ and SAMs (Pending ABR Approval)

July 31 - August 3, 2014

Letter From the Program Chair

Mark your calendar now for the 26th Annual Meeting of the Eastern Neuroradiological Society, July 31-August 3, 2014. This will be a wonderful chance to learn and socialize at The Equinox Hotel situated in Manchester, Vermont in the heart of the Berkshires.

The 2014 program will feature talks on a spectrum of advanced neuroimaging and neurointerventional techniques. The program committee consisting of Dr. Pina Sanelli, Dr. Mari Hagiwara, Dr. A. John Tsiouris, Dr. Philip Meyers, Dr. Arastoo Vossough and Dr. Ajay Gupta have helped me put together an exciting program covering all aspects of Neuroimaging. In addition, this year we plan to have MOC-style case reviews embedded in each of the subtopic sessions to prepare both in-training attendees as well as those of us in the MOC cycle for both initial certification and recertification. Speakers from our catchment area including Ohio and our northern friends in Canada promise to make this program an exceptional learning experience for all of the attendees. Once again our scientific sessions will be run by Dr. Eugene Yu and Dr. Timo Krings who did a phenomenal job last year coordinating our scientific paper presentations

Three SAM sessions are planned to include sessions in Head and Neck Imaging, as well as Interventional Neuroradiology with a focus on the role of the interventional radiologist in tumor management and therapy. One of our annual highlights, STUMP THE STARS will be continued this year with cases provided by Dr. Amish Doshi.

Located in Manchester Vermont, The Equinox is a true four seasons resort with a never-ending list of things to do. In winter months, skiing, snow shoeing, and off-road driving are highlights. When the weather turns warmer, fly fishing is a favorite, along with golf, clay target shooting and more. There is a world-famous spa open year round to rejuvenate your mind and body.

The meetings of the Eastern Neuroradiological Society provide a terrific opportunity to share the wealth of knowledge held by our members. The collegial and relaxed setting has consistently been rated as one of the best features by attendees. I am confident that with the program and scientific committees, I have created a worthwhile learning experience for you in a setting that will allow those that accompany you to enjoy all of the wonderful activities and events in the surrounding area.

I would like to take this opportunity to thank the Executive Committee members for all of their help, the speakers for agreeing to participate, Ken Cammarata from the ASNR as well as our program managers Wendy and Randy Ryals from iiCME. I look forward to seeing and welcoming you all at the end of July.

Best Regards,
Rona F. Woldenberg, M.D., FACR
Vice President /President Elect and Program Chair

THE EQUINOX

What To Do

Summer is truly a special time at the Equinox. With the leaves in full bloom, our lush mountain trails are perfect for hiking or mountain biking. Test your reflexes on our clay skeet shooting course. Or get behind the wheel and try your hand at off-road driving at our Land Rover Experience off-road driving school. And of course, the spa beckons with special treatments and an indoor pool to refresh your body and spirit.

The Golf Club at Equinox

Pursue your passion for the game at The Golf Club at EQUINOX. Named to the "best in Vermont" list by both Golf Digest and Golfweek for 2013, the surrounding mountains provide an unforgettable backdrop at this par 71 6,423 yard Rees Jones/ Walter Travis 18-hole championship design.

The Spa at Equinox

The Spa at the Equinox encourages guests to awaken their spirit and reconnect with nature, using a variety of treatments that incorporate products native to the surrounding Vermont region, including maple sugar, wildflowers and mineral clay. The 13,000 square foot full-service resort spa reflects the beauty and nature of Vermont's pristine environment. Here you will find a comprehensive menu of massage, facial and body treatments, in addition to a heated indoor pool, cardio room, and movement studio for yoga, pilates and meditation.

Boating and canoeing

Enjoy Vermont's beautiful state parks at Emerald Lake and Lake Shaftsbury, where you can rent paddleboats or canoes. For a leisurely experience, try canoeing down The Battenkill River.

Bromley's Sun Mountain Adventure Park

Get in on some classic summertime fun right in the heart of Southern Vermont! Experience the one-of-a-kind thrill of the half-mile long, 50 MPH, Sun Mountain Flyer, New England's newest and longest ZipRider, (opens July '09), Vermont's longest water-slide raft ride, America's longest triple-track Alpine Slide, the incredible Giant Swing, four Trampoline Things, SpaceBikes, Twinspin, the Adrenaline Zip Line, Shoot and Shower B-Ball, the 24' climbing wall, scenic chairlift rides, 18-hole championship mini-golf, the KidZone for the little ones, great food and drink on the expanded Sun Deck and FREE family entertainment most weekends all summer long!

Fishing

Test your skill at luring a trophy trout, in some of the finest streams in the Northeast. Private guided services and lessons can be arranged by the concierge. Fishing is available on Equinox Pond, The Battenkill River, and Emerald Lake. You can also take a fly fishing lesson from the Orvis Fly Fishing School.

Call For Abstracts

ABSTRACT SUBMISSION CRITERIA

Scientific Papers (Oral Presentation):

Duration: 6 minutes in length.

Categories: Original research work or a pictorial review illustrating and highlighting key radiologic appearances of specific diseases.

Required abstract format: Background and Purpose, Materials and Methods, Results and Conclusion.

Excerpta Extraordinaire (Oral Presentation):

Duration: 3 minutes in length.

Category: Interesting, educational case reports.

Required abstract format: Purpose, Case report, Imaging Findings, and Take-Home Message.

Abstract Disposition Notification

Abstract disposition notification will be sent out via email in the first week of June.

AWARDS

Norman E. Leeds Award: This award is given for the best Scientific Paper.

Stephen A. Kieffer Award: This award is given for the best Scientific Paper by a trainee.

TARGET AUDIENCE: The ENRS 26th Annual Meeting is targeted towards academic and private practice neuroradiologists in the United States and Northeastern Canada, to physicians with an interest and background in the nervous system, otolaryngology, and spine disorders, and to physicians in training, including residents and fellows pursuing careers in radiology.

EDUCATIONAL OBJECTIVES: At the conclusion of the meeting, the participant should be able to:

- Review Self-Assessment Module (SAM) sessions highlighting interventional radiology management of CNS tumors, imaging of stroke and intracranial hemorrhage and head and neck anatomy and cancers
- Demonstrate greater knowledge of imaging and management of acute stroke
- Apply conventional and advanced imaging methods to the diagnosis and treatment of neoplastic and non-neoplastic diseases of the spine
- Demonstrate greater knowledge regarding the conventional and advanced imaging methods in the evaluation and treatment of head and neck cancer.
- Be better able to image and assess the temporal bone and central skull base
- Be able to discuss and apply updates regarding the current status of coiling, stent and coiling and flow diversion for the treatment of intracranial aneurysms.
- Better identify the Leukodystrophies
- Review for the MOC examination and recertification examination in Neuroradiology
- Better comprehend imaging and advanced imaging techniques in the neonate and pediatric population.

DESIGNATION STATEMENT: The International Institute for Continuing Medical Education, Inc. designates this live activity for a maximum for 26.25 AMA PRA Category 1 Credits™ including 3 SAM sessions (pending ABR approval). Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ACCREDITATION STATEMENT: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the International Institute of Continuing Medical Education, Inc. and The Eastern Neuroradiological Society.

REGISTRATION FEES:

\$400 ENRS Member/\$475 after June 1, 2014

\$700 Non-Member/\$775 after June 1, 2014

\$250 Fellow-Trainee
