GENERAL INFORMATION

Site

The program will be held at the Omni Shoreham Hotel in Washington, D.C. The four-diamond Omni Shoreham is nestled on 11 acres in picturesque Rock Creek Park in the northwest section of Washington, and is only steps away from the National Zoo. The hotel is located just 8 miles from Reagan National Airport and 28 miles from Dulles International Airport. Please visit the hotel's website for more information: <http://www.omnihotels.com/FindAHotel/WashingtonDCShoreham.aspx>

Accommodations

Rooms have been reserved at the Omni Shoreham Hotel at a special conference rate of \$245 per night single or double occupancy, not including sales tax. Please make your reservations through the Omni Shoreham Hotel's Reservation Department at (202) 234-0700 or 800-THE-OMNI or through the www.HotTopics.org website. Please ask to be assigned to the *Hot Topics in Neonatology*® room block in order to receive the special conference rate. The conference rate is only available for reservations made before Friday, November 14, 2014, and is based on availability. Group rates will be offered three (3) days prior and (3) days after the meeting dates, based on availability.

The hotel often sells out well before the conference date. Please reserve your hotel room and make your conference registration early!

A Suite Deal for Early Registrants

All conference attendees whose registration is received by October 4, 2014, and who register to stay at the Omni Shoreham Hotel, will be entered in a drawing to win a free upgrade to a one bedroom suite for the evenings of December 6, 7, 8 and 9. This large, luxurious suite includes a bedroom and separate living room.

Accreditation

Nemours is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Nemours designates this live activity for a maximum of 23.5 AMA PRA Category 1 Credits™. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

Learning Objectives

Neonatal Quality at Hot Topics will provide participants with a fresh perspective on Quality and Safety Initiatives for the care of the neonate. Innovative approaches to improving care and implementing change will be highlighted. Opportunities will be provided for participants to further develop and customize improvement and data analysis tools which can be applied to multidisciplinary continuous improvement programs at their home institution. Exciting QI projects designed for a busy NICU are available and qualify for American Board of Pediatrics Maintenance of Certification Part 4 credit.

The faculty at *Hot Topics in Neonatology*® will review current levels of evidence and practice in the areas of neonatology and perinatology. The program will include talks and discussion on the newest research on the diagnosis, prevention and treatment of health problems in the neonate, as well as long-term follow-up for the NICU graduate. *Hot Topics* seeks to involve clinicians from around the globe in the debate around both existing and emerging therapies and neonatal science, with the goal of providing clinicians with implementable practice change.

Syllabus

In the interest of running a greener meeting, all registrants will have access to an online syllabus, which can be viewed from a computer, smart phone, or tablet before or during the conference. There will be free Wi-Fi in the meeting rooms. You may still order a print syllabus when you register if you would like, for a small additional fee.

Americans with Disabilities Act

In accordance with the Americans with Disabilities Act, the duPont Hospital for Children will provide modifications in teaching methodologies to accommodate individual needs. To request disability accommodations, contact the Office of Continuing Medical Education at least 15 days in advance of the program at (302) 651-6750.

Posters

Posters for both the *Quality* and *Hot Topics* conferences will be accepted for continuous display during breaks, and before and after receptions. Posters must be on a subject that is being presented at the meeting. For more information on abstract requirements and submission, please check our website – www.HotTopics.org. Please indicate *Quality Conference* in the subject line of your email if you are submitting an abstract for the *Quality Conference*.

COURSE REGISTRATION

Fees

The conference registration fee for the *Neonatal Quality at Hot Topics* Pre-conference is \$200. The conference registration fee for *Hot Topics in Neonatology*® is \$750 for the Main Room and \$500 for the AV Room.* This fee includes all course materials and refreshments as noted on the schedule. There is no additional charge for CME credit.

* In the Audio/Visual room, speakers are videoconferenced to a large screen at the front of the room. This session is moderated, and you will have the opportunity to ask questions of presenters. The setup for this room includes chairs for attendees, but there are no tables.

Registration

Advance registration is required and should be received by November 7, 2014. All registrations received by this date will be confirmed via email. Registration is limited and will be honored in the order of the date received.

To register with a check: Return the completed registration form with full payment using check (payable to Nemours/Alfred I. duPont Hospital for Children) to the Continuing Medical Education Office, duPont Hospital for Children, PO Box 269, Wilmington, DE 19899.

To register with a credit card: If you are paying by MasterCard, VISA, American Express or Discover Card, please complete the registration form found online at www.hottopics.org

Cancellation Policy

A refund, less a \$100 processing fee, will be given for WRITTEN cancellations received before November 1, 2014. No refunds will be given after this date. Nemours is not responsible for any cancellation or change fees assessed by hotels, airlines or travel agencies.

Disclosure Policy

As a provider accredited by the ACCME, Nemours must ensure balance, independence, objectivity and scientific rigor in its educational activities. All faculty involved in the development of CME content are required to disclose to Nemours their relevant financial relationships. An individual has a relevant financial relationship if he or she has a financial relationship in any amount occurring in the last 12 months with a commercial interest whose products or services are discussed in the CME activity content over which the individual has control. Nemours has policies in place to resolve potential financial conflicts of interest. Relevant financial relationships will be disclosed to the activity audience.

Commercial Support

This program may be supported in part by unrestricted educational grants in accordance with ACCME Standards. At the time of this printing, a list of commercial supporters was not available. Appropriate acknowledgement will be given to all exhibitors and supporters in conference materials and at the time of the meeting.
