

13TH INDIAN ARTHROSCOPY SOCIETY CONGRESS

Accreditation : 06 Hrs

Pre-Conference Live Workshop: 10th October, 2014

Conference: 11th & 12th October, 2014

Hotel Taj Krishna, Hyderabad, India

Academic Partners

www.ias2014.org

THEME: *CONSENSUS AND CONCERNS*

Welcome Message

IAS 2014, the Annual Congress of the Indian Arthroscopy Society will be held in Hyderabad from 10th to 12th October at Hotel Taj Krishna, Hyderabad.

Most surgeons rely on their training, recent trends and published literature. Unfortunately the literature contains studies which give contradictory results, creating confusion about the correct treatment.

Hence the theme for this conference is '**consensus and concerns**' for better understanding and optimal treatment.

In addition, we will also have a live webcast of shoulder surgeries broadcasted by G9MD from Dallas from 5.30 PM to 9.00 PM followed by dinner on 10th October.

In order to encourage research we have introduced three fellowships for best free papers and two fellowships for best e-posters.

A glance of the CHARMINAR and a visit to CHOWMAHALLA PALACE followed by a banquet is being planned on 11th October.

Please block the dates in your diaries. Hyderabad awaits you.

10th October, 2014- Pre-conference Live Workshop

LIVE SURGERIES AND TALKS

8.00 AM - 4.00 PM Hall A

W1 Basic Knee (150 delegates)

- W1-L1 Knee examination
- W1-L2 Knee imaging
- W1-L3 Arthroscopic instruments, set-up for the beginner
- W1-L4 Knee arthroscopy - Portals & preliminary survey
- W1-L5 Basic arthroscopic procedures
- W1-L6 Arthroscopic debridement in OA; Is it still relevant?
- W1-L7 Graft harvesting techniques
- W1-L8 ACL reconstruction technique
- W1-L9 Fixation options in ACL - What does literature say?
- W1-L10 Rehabilitation after ACL reconstruction
- W1-L11 Do not neglect corners of knee, manage them
- W1-L12 An approach to Cartilage injury
- W1-L13 ACL Reconstruction-Minimal implant technique

Live Surgery 1

ACL-Hamstrings

Live Surgery 2

ACL Patellar Tendon

Live Surgery 3

Single Stage Cartilage Repair

LIVE SURGERIES AND TALKS

8.00 AM - 4.00 PM Hall B

W2 Basic Shoulder (150 delegates)

- W2-L1 Shoulder examination - Emphasis on diagnosis of cuff and instability
- W2-L2 Shoulder imaging
- W2-L3 Painful and unstable shoulder - How do we approach?
- W2-L4 Shoulder arthroscopy set-up and instrumentation
- W2-L5 Portals & preliminary survey
- W2-L6 Subacromion decompression - Why, when and how?
- W2-L7 Rotator cuff repair - Basic fundamentals to repair
- W2-L8 Bankarts repair
- W2-L9 Frozen shoulder-Is arthroscopic release IN and manipulation OUT?
- W2-L10 SLAP lesions, Para labral Cysts management
- W2-L11 Arthroscopic knots - Know them well

Live Surgery 4

SLAP / Biceps tenodesis

Live Surgery 5

Single Row Rotator Cuff Repair

Live Surgery 6

Bankarts Repair

LIVE SURGERIES AND TALKS

8.00 AM - 4.00 PM Hall C

W3 Advanced Shoulder (150 delegates)

- W3-L1 Natural history of degenerative tear - Role in decision making?
- W3-L2 So many options, which anchor to choose?
- W3-L3 First time dislocation-What to do?
- W3-L4 Bone loss in glenoid - How to deal with it?
- W3-L5 Latarjet - when and how?
- W3-L6 HAGL lesions - How to deal with them?
- W3-L7 Posterior instability
- W3-L8 SLAP and Biceps - Where do we stand? - Evidence based
- W3-L9 Tips and pearls for shoulder arthroscopy - Instability and cuff
- W3-L10 Partial tears of the rotator cuff - What to do and How?
- W3-L11 Single vs double row repair - What is the evidence?
- W3-L12 Massive cuff tears - Where do we stand?
- W3-L13 Suprascapular nerve decompression
- W3-L14 Subscapularis tears
- W3-L15 Arthroscopic Latarjet - Video Lecture

Live Surgery 7

Bankarts Repair with Remplissage

Live Surgery 8

Double Row Cuff Repair

Live Surgery 9

Latarjet Procedure

LIVE SURGERIES AND TALKS

8.00 AM - 4.00 PM Hall D

W4 Advance Knee (150 delegates)

- W4-L1 Meniscal repair - When to do & how?
- W4-L2 Techniques of chondral repair - What is the evidence?
- W4-L3 A practical approach to ACL foot print location on femur and tibia
- W4-L4 MCL - Reconstruction and repair
- W4-L5 PLC - Which technique?
- W4-L6 PCL - Single vs double bundle reconstruction
- W4-L7 Multiligament injuries - How to manage
- W4-L8 How to evaluate a patient with recurrent dislocation of patella?
- W4-L9 Who needs MPFL reconstruction & how?
- W4-L10 Trochleoplasty - Is it worth?
- W4-L11 HTO - Who needs it and how?
- W4-L12 ACL avulsion - How to fix it?
- W4-L13 PCL avulsion fixation - Arthroscopic or open
- W4-L14 ACL revision - How to do it?
- W4-L15 ACL Reconstruction with Open Physis

Live Surgery 10

MPFL / Trochleoplasty

Live Surgery 11

Double Bundle ACL

Live Surgery 12

Double Bundle PCL

10th October, 2014 - Pre-conference Live Workshop

4.00 PM - 5.00 PM

Product Workshop A

4.00 PM - 5.00 PM

Product Workshop B

4.00 PM - 5.00 PM

Product Workshop C

5.30 PM - 9.00 PM (Hall A)

Live Webcast - Shoulder Surgery by G9MD

Talk-1 Proximal Humerus Fractures - Leave it, Pin it, Fix it, Replace it - Dr. Sumant G. Krishnan

Talk-2 Rotator cuff repair of massive cuff tears with augmentation - Dr. Gary M. Gartsman

Live Surgery-1 Transosseous Cuff Repair

Live Surgery-2 Reverse Shoulder Arthroplasty

Live Surgery-3 Total Shoulder Arthroplasty

11th October, 2014

7.30 AM - 8.45 AM Hall A

ICL 1: Multiligament Injuries- Evidence Based Answers

- ICL 1- L1 Clinical and investigative approach to an Acute multi-ligament injury
- ICL 1- L2 Decision making & plan of action in multi-ligament injured Knee
- ICL 1- L3 Are we underestimating medial side injuries?
- ICL 1- L4 Posterolateral corner injuries repair vs reconstruction
- ICL 1- L5 Neglected multi-ligament injury. What are the options?
- ICL 1- L6 Case Presentations - Illustrating key concepts

7.30 AM - 8.45 AM Hall B

ICL 2: Patellofemoral Issues

- ICL2-L1 Etiology and diagnosis of anterior knee pain
- ICL2-L2 Clinical evaluation of a patient with recurrent dislocation of the patella
- ICL2-L3 Lateral release to do or not to do?
- ICL2-L4 MPFL reconstruction - How do I do it?
- ICL2-L5 Trochleoplasty - When and how?
- ICL2-L6 Tibial tubercle osteotomy - How do I do it?

7.30 AM - 8.45 AM Hall C

ICL 3: Managing Bone Defects in Shoulder Instabilities

- ICL3-L1 Pathology of shoulder dislocation
- ICL3-L2 Clinical Assessment of Bone Loss
- ICL3-L3 Latarjet Procedure
- ICL3-L4 Bone grafting of the glenoid defect
- ICL3-L5 Management of Hill-Sachs Lesion
- ICL3-L6 Complications of bony procedures

7.30 AM - 8.45 AM Hall D

ICL 4: Ankle Arthroscopy

- ICL4-L1 Ankle injuries-Clinicoradiological Diagnosis
- ICL4-L2 Setup, portals, Diagnostic arthroscopy
- ICL4-L3 Ankle impingement
- ICL4-L4 Talar OCD
- ICL4-L5 Hindfoot endoscopy / subtalar arthroscopy
- ICL4-L6 Ankle arthrodesis

11th October, 2014

9.00 AM - 10 .30 AM

Plenary Session - Hall A

- PS 1-L1 ACL-How many bundles to reconstruct? Biomechanical evidence
- PS 1-L2 Osteoarthritis after ACL Injury and Reconstruction, can it be prevented.
- PS 1-L3 Revision ACL Surgery - Tips and Tricks
- PS 1-L4 Surgical anatomy of PCL & Technical implications for reconstruction
- PS 1-L5 Posteromedial Corner Reconstruction or Repair?
- PS 1-L6 Meniscal Root Avulsion
- PS 1-L7 Anterior Lateral Ligament- What do we know?
- PS 1-L8 Osteotomies for Ligamentous Instability

Concurrent Session Hall A

10.30 AM- 11.15 AM

Live Surgery 13: ACL Reconstruction

11.15 AM - 12.00 PM

Evidence Based Medicine Talks & Panel Discussion

EBM 1

- EBM 1-D1 Timing of ACL Reconstruction
- EBM 1-D2 Femoral tunnel-Inside out vs Outside in
- EBM 1-D3 DB vs SB ACL Reconstruction
- EBM 1-D4 Patellar tendon vs hamstrings

**20 min Consensus with 2 national
& 2 overseas faculties**

Concurrent Session Hall B

10.30 AM - 11.15 AM

Live Surgery 14: Bankarts Repair

11.15 AM - 12.00 PM

Evidence Based Medicine Talks & Panel Discussion

EBM 2

- EBM 2-D1 Number, Type of anchors in Bankarts repair
- EBM 2-D2 Rempilssage- When to do?
- EBM 2-D3 Latarjet vs Iliac bone graft
- EBM 2-D4 Proximal Biceps lesions-What to do?

**20 min Consensus with 2 national
& 2 overseas faculties**

**Three best papers get
Travelling Fellowship Abroad**

Podium Presentation of free paper
7 min presentation time, 2 min discussion

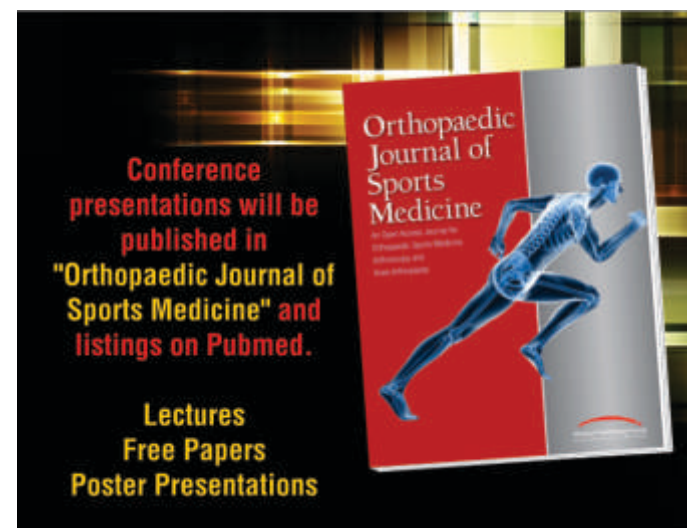

and

**Two best e-Posters get
Inland Travelling Fellowship**

**(Last date for submission of abstracts and
e-posters 31st August, 2014)**

Submit to

ias2014hyderabad@gmail.com

11th October, 2014

12.00 PM - 1.00 PM

Free Paper HALL A

IAS Arthex Fellowship

Lunch: 1.00 - 1.30 PM

Product Workshop Hall A

1.30 - 2.30 PM

12.00 PM - 1.00 PM

Free Paper HALL B

IAS Conmed Fellowship

Product Workshop Hall B

1.30 - 2.30 PM

12.00 PM - 1.00 PM

Free Paper HALL C

IAS Stryker Fellowship

Product Workshop Hall C

1.30 - 2.30 PM

12.00 PM - 1.00 PM

ISAKOS Young Surgeons Award

Product Workshop Hall D

1.30 - 2.30 PM

Concurrent Session Hall A

2.30 PM - 3.30 PM

Live Surgery 15: DB ACL / ACL & ALL

3.30 PM - 4.15 PM

Evidence Based Medicine Talks for Panel Discussion

EBM 3

EBM 3-D1 ACL Femoral Remnant Preservation

EBM 3-D2 ACL Reconstruction - Long Term Results

EBM 3-D3 PLC Repair vs Reconstruction

EBM 3-D4 PCL Reconstruction SB/DB

**20 min Consensus with 2 national
& 2 overseas faculties**

4.15 PM

General Body Meeting of the IAS (Hall A)

5.30 PM

BUS to Chowmahalla Palace, Banquet

Concurrent Session Hall B

2.30 PM - 3.30 PM

Live Surgery 16: Rotator Cuff Repair-Double Row

3.30 PM - 4.15 PM

Evidence Based Medicine Talks for Panel Discussion

EBM 4

EBM 4-D1 Partial Cuff Tears - How to treat?

EBM 4-D2 Single vs Double row Cuff repair

EBM 4-D3 Frozen Shoulder - Conservative, MUA,
Arthroscopic Release, Extra articular Release

EBM 4-D4 Steroids in Cuff Pathology

**20 min Consensus with 2 national
& 2 overseas faculties**

ISAKOS Young Surgeons Award

Presentation of original research paper or surgical technique.

5 best papers will be selected
7 min presentation time, 3 min discussion

1st prize: Free registration for ISAKOS Lyon Meeting in 2015

2nd and 3rd prize: free ISAKOS membership for 1 year

**(Last date for submission of abstracts
31st August, 2014)**

ias2014hyderabad@gmail.com

12th October, 2014

7.30 AM - 8.45 AM Hall A

ICL 5

Stiff Knee

- ICL 5-L1 Etiology of Knee Arthrofibrosis
- ICL 5-L2 Arthroscopic Arthrolysis
- ICL 5-L3 Patella baja, Posterior Capsular Release
- ICL 5-L4 Open Arthrolysis & Quadricepsplasty
- ICL 5-L5 Prevention of Stiffness Following ACLR
- ICL 5-L6 Knee Stiffness Following TKA

7.30 AM - 8.45 AM Hall B

ICL 6

Rotator cuff repair how to get it right

- ICL 6-L1 When is Surgery Necessary and Likely to be Successful?
- ICL 6-L2 Associated Pathology with Rotator Cuff Disease
- ICL 6-L3 How Many Rows do we need and Does it Matter?
- ICL 6-L4 Difficult and Irreparable Tears
- ICL 6-L5 Tendon Transfers
- ICL 6-L6 Post-operative Protocol

7.30 AM - 8.45 AM Hall C

ICL 7

Elbow & Wrist Arthroscopy

- ICL 7-L1 Instruments and Setup
- ICL 7-L2 Elbow : Portals & Arthroscopic Anatomy
- ICL 7-L3 Wrist : Portals & Arthroscopic Anatomy
- ICL 7-L4 Tennis Elbow
- ICL 7-L5 Stiff Elbow
- ICL 7-L6 TFCC Injuries

7.30 AM - 8.45 AM Hall D

ICL8

Hip Arthroscopy

- ICL 8-L1 Instruments, Set up & Portals
- ICL 8-L2 Hip Diagnostic Arthroscopy
- ICL 8-L3 How to deal with Chondral Lesions?
- ICL 8-L4 FAI - Radiological Assessment
- ICL 8-L5 FAI - Arthroscopic Approach
- ICL 8-L6 FAI - Evidence Based Approach

9.00 AM - 10.30 AM

Plenary session Hall A

- PS 2-L1 Biomechanics of various types of knots and knot less techniques
- PS 2-L2 USG & MRI Evaluation in decision making of Cuff Tendinosis, Impingement, Ruptures
- PS 2-L3 Scapular Kinematics and Rehabilitation
- PS 2-L4 Decision making in Anterior Shoulder Instability
- PS 2-L5 Subscapularis Tears - Diagnosis and Management
- PS 2-L6 Posterior Shoulder Instability - Evaluation and Management
- PS 2-L7 Massive Retracted Cuff Tears - What to do and Outcome
- PS 2-L8 Hip Arthroscopy - How to do it, Tips for a Beginner

Social Events

A glance at the CHARMINAR and a visit to CHOWMAHALLA PALACE followed by banquet on Saturday.

Spouse Programme

Day sightseeing trips in and around Hyderabad.

Trip 1 : Ramoji Film City

Trip 2 : Charminar, Salarjung Museum, Golconda Fort, Qutubshahi Tombs, Snow World, Birla Temple

12th October, 2014

Concurrent Session Hall A

10.30 AM - 11.00 AM

Panel of 2 national & 2 overseas faculties for Discussion on Interesting cases

Two presenters- Knee

CD-A-D1

CD-A-D2

11.00 AM - 12.00 AM

Live Surgery 17- PCL & PLC

12.00 - 1.00 PM

ICS Session

ICS-L1 Consensus & Challenges for Marrow Stimulation Procedure

ICS-L2 Consensus & Challenges for Osteochondral Cylinder Transfer

ICS-L3 Consensus & Challenges for ACI

ICS-L4 Consensus & Challenges for Single Stage Cell Free Scaffolds

ICS-L5 Histopathological Consensus of various Cartilage Repair Procedures

ICS-L6 Viscosupplementation, PRP, Steroids- Consensus in OA Discussion

Lunch: 1.00 - 1.30 PM

1.30 - 2.30 PM

Product Workshop Hall A

Concurrent Session Hall A

2.30 PM- 3.00 PM

How to bail yourself out of a disaster during surgery

KNEE : Two presenters

Knee, Ankle VL-A-L1

Knee, Hip VL-A-L2

3.00 - 4.30 PM

Live Surgery 19: Hip Arthroscopy

Concurrent Session Hall B

10.30 AM - 11.00 AM

Panel of 2 national & 2 overseas faculties for Discussion on Interesting cases

Two presenters- Shoulder

CD-B-D1

CD-B-D2

11.00 AM - 12.30 AM

Live Surgery 18 - Arthroscopic-Latarjet / Arthroscopic Bone Augmentation of Glenoid defect

12.30 - 1.00 PM

AC Joint & Miscellaneous

Misc.-L1 Greater Tuberosity Fractures

Misc.-L2 When and where to fix Acute AC Joint

Misc.-L3 Chronic AC Joint Injuries

Misc.-L4 Sternoclavicular joint injury

1.30 - 2.30 PM

Product Workshop Hall B

Concurrent Session Hall B

2.30 PM- 3.00 PM

How to bail yourself out of a disaster during surgery

SHOULDER: Two presenters

Shoulder, Elbow VL-B-L1

Shoulder, Elbow VL-B-L2

3.00 - 4.30 PM

Live Surgery 20: Massive Cuff Repair

4.30 PM Valedictory Hall A

Abbreviations		Duration
WL	Workshop Lectures	08 min
ICL	Instruction Course Lectures	08 min

Registration Details

Non Residential Packages

CATEGORY	1 st April to 10 th Sep. 2014	11 th Sep. to 25 th Sep. 2014	Late and spot (subject to availability)
IAS member	8,500	9,500	10,500
Non member	9,500	10,500	11,500
Spouse/Accompanying Person/ PG student	7,500	8,500	9,500

The above package includes Conference Registration Fee + Lunch from 10th to 12th October, 2014 + Dinner on Friday and Banquet Dinner on Saturday + Visit to Trade Exhibition

Residential Packages: Taj Deccan and Taj Banjara

CATEGORY	1 st April to 10 th Sep. 2014	11 th Sep. to 25 th Sep. 2014	Late and spot (subject to availability)
TWO NIGHTS AND THREE DAYS STAY (Check in on 10 th Oct. - check out on 12 th Oct.)			
Delegate on twin sharing basis (per person)	12,500	13,000	14,000
Delegate with single occupancy	20,500	21,000	22,000
Delegate with one accompanying person	22,000	22,500	23,000
THREE NIGHTS, FOUR DAYS STAY (Check in on 9 th Oct. - check out on 12 th Oct.)			
Delegate on twin sharing basis (per person)	15,500	16,000	17,000
Delegate with single occupancy	26,500	27,000	28,000
Delegate with one accompanying person	28,000	28,500	29,000

- Taj Deccan Hotel is opposite to Conference venue connected by a walkway.
- Taj Banjara Hotel is half a km away from the venue and transportation facility to the venue will be provided.
- Venue, Faculty, Scientific Programmes, Social and Cultural Programmes are subject to change

Residential Packages: Hotel Taj Krishna

CATEGORY	1 st April to 10 th Sep. 2014	11 th Sep. to 25 th Sep. 2014	Late and spot (subject to availability)
TWO NIGHTS AND THREE DAYS STAY (Check in on 10 th Oct. - check out on 12 th Oct.)			
Delegate on twin sharing basis (per person)	15,500	16,000	17,000
Delegate with single occupancy	24,500	25,000	26,000
Delegate with one accompanying person	28,500	29,000	30,000
THREE NIGHTS, FOUR DAYS STAY (Check in on 9 th Oct. - check out on 12 th Oct.)			
Delegate on twin sharing basis (per person)	19,500	20,000	21,000
Delegate with single occupancy	32,500	33,000	34,000
Delegate with one accompanying person	38,000	38,500	39,000

The above package includes: Conference registration fees +Workshop+ Accommodation for 2 nights & 3 days (10th Oct - 12th Oct.) + Breakfast on Saturday & Sunday + Lunch on Friday, Saturday & Sunday + Dinner on Friday + Banquet on Saturday + Visit to Trade Exhibition

Delegates opting for 3 nights package will check in on Thursday, 9th October and Thursday Dinner & Friday breakfast is additionally included in this package.

Delegates are supposed to deposit a sum of Rs. 5000/- as a refundable deposit at the time of check in or credit card details, subject to use of any extra facility like mini bar, laundry, telephone etc. which are not included in your packages. Each in-house delegate will receive a welcome letter from hotel clearly stating inclusions and exclusions. All are requested to comply with this agreement.

●Hotel check-in time will be 14.00 hrs and check-out time will be 12.00 noon.

Early check-in and late check-out will be strictly subject to availability and organizers will not be in a position to guarantee early check-in. Delegates who are expected to arrive early may book room from previous night for guaranteed early check-in. Airport transfer is not included in packages.

Mode of payment favouring cheque/DD IAS Annual Scientific Meeting 2014 payable at Hyderabad

For Online Registration and Payments log on to www.ias2014.org

Charminar

The grand, tall, stately structure, popularly called Charminar, is a globally recognized icon, an architectural grandeur, situated on the banks of the Musi River. Awesome, eye-catching, and arousing one's sensual taste, the monument remains fresh in one's memories for years to come. A tourist cannot miss out on such centuries old grandiose creation. On the east of it lies the enticing Laad Bazaar and the granitely based Makkah Masjid. The grandeur Indo-Islamic architecture splendidly displays the Persian architectural streaks of forgone era of rich Muslim heritage, made up of limestone, pulverized, mortar, reflecting Mughlai architectural talent. The four minarets add to the aura of the Hyderabad monument.

Chowmahalla Palace

The breathtakingly beautiful Chowmahalla Palace was once the centre of Hyderabad where the Nizams entertained their royal visitors and official guests. It was used for accession ceremonies as well as other ceremonial functions. The Chowmahalla Palace is fusion of different influences and architectural styles. The construction of the palace was initiated by Salabat Jung in 1850, but it was completed during the reign of Afzal ad-Dawlah, Asaf Jah V, who was the fifth Nizam of Hyderabad. It is believed that the Palace was inspired by the Shah of Iran's palace in Tehran.

Golconda Fort

Enthralling, making you miss a heartbeat, and blink an eye or two is the Golconda fortress citadel, which has an amazing acoustical system, whereby a clap of your hands can leave behind resounding noise that reverberates all-around you. The Quli Qutub Shahi exemplary refined shows through in the architectural designing of the Fort. You will certainly feel small standing in front of it, but the grandeur feeling in you will lighten up in order to feel as grand as the monument itself. The famous fort was a safe venue for the Kohinoor diamond as well as Hope diamond. The Golconda fame for diamond mines is a popular and the Europeans definitely were attracted to this rich landmine.

Qutubshahi Tombs

The tombs of the legendary Qutub Shahi kings lie about a kilometre away from Banjara Darwaza of the Golconda Fort. They are on the way to Gachibowli. Planned and built by the Qutub Shahis themselves, these tombs are said to be the oldest historical monuments in Hyderabad. They form a large group and stand on a raised platform. The tombs are built in Persian, Pathan and Hindu architectural styles using grey granite, with stucco ornamentation, the only one of its kind in the world where an entire dynasty has been buried at one place.

Birla Mandir

This fascinating and contemporary temple in Hyderabad is located on top of Kala Pahad. The temple was constructed in 1976 by the legendary Birla family. Birla Mandir is dedicated to Lord Venkateshwara, but there are two other deities in the temple – Padmavati and Andal. The beautiful structure is built from white marble, which was brought all the way from the state of Rajasthan. The architecture of the temple is its highlight, as it is a synthesis of South Indian and Oriya architectural styles. The Rajagopuram of the temple is built using the South Indian style of architecture, while the tower over the main shrine is built using the Oriya style of architecture. The temple has some spectacular sculptures depicting scenes from the Hindu epics, Mahabharat and Ramayana.
