

brain ischemia and stroke

Rome/ December 10-12, 2014

location/

Residenza di Ripetta

via Ripetta 231, Rome

The Brain Ischemia and Stroke (bis) conference series has become an established forum for exchanging ideas and providing updates on specific topics in neurology. As emphasized by the acronym, the conference aims to integrate basic and clinical research.

The focus of bis14 will be "Revascularization and Reperfusion".
