Dear colleagues and friends,

We are very happy to welcome you to the 4th ICNE, in Kuala Lumpur.

Like previous ICNE congresses, this Congress features internationally recognized invited speakers, platform lectures, oral presentations and poster sessions, and will provide an ideal platform for continuing education in all fields of experimental and non-experimental clinical neurology and epidemiology. As such, the International Congress will provide an excellent opportunity for the nearly 500 attendees, of whom neurologists, neurosurgeons, epidemiologists, neuropsychologists, rehabilitation specialists, geriatricians, family physicians, nurses, aged care specialists and health care providers working in the area of neurological disorders to share their new ideas, research findings and experience.

We hope this congress will match all your expectation and take this opportunity to thank all our partners, without whom nothing would have been possible.

Enjoy a great scientific program and a great city!

4th INTERNATIONAL CONFERENCE ON NEUROLOGY & EPIDEMIOLOGY

> PRELIMINARY SCIENTIFIC PROGRAM

> Thursday, November 6th

08:00	Registration opens
09:00-11:00	> Room A • Virtual reality: A novel approach for Stroke Rehabilitation - Gustavo Saposnik (Canada) (session on stroke rehabilitation) • Methodological aspects of non-experimental studies: case-control studies - Walter Rocca (USA) > Room B • Biostatistics for non-statisticians: non-experimental studies - Derrick Bennett (United Kingdom) • The long-term prognosis of epilepsy and the development of refractory epilepsy - Ettore Beghi (Italy)
11:00-11:30	Opening ceremony • Initial introduction from the President - Julia Shahnaz (Malaysia) • Welcome from the Chairman - Valery Feigin (New-Zealand) • Official opening of the congress by the President - Julia Shahnaz (Malaysia) • Welcome speech from the Malaysian Ministry of Health, followed by Malaysian anthem -
11:30-12:30	<i>Lunch break and visit of the exhibition and posters area</i>
12:30-13:30	Keynote lecture : “Sex, gender, and the brain” - Walter Rocca (USA)
13:30-14:30	Plenary session 1 • Stroke Prevention in elderly with Atrial Fibrillation: Evidence from RCTs and epidemiological studies - New insights - Amanda Thrift (Australia)
14:30-15:00	<i>Coffee-break and visit of the exhibition and posters area</i>
15:00-17:00	Plenary session 2 • What is new in the management and epidemiology of chronic neurologic disorders with episodic attacks: migraine and epilepsy - Ettore Beghi (Italy) • Epilepsy epidemiology in the Asia-Pacific region - Kheng-Seang Lim (Malaysia) • Stroke prevention in AF-Asian perspective of the RELY trial - Razali Omar (Malaysia)
17:00-18:00	Platform session 3 • Overview of stroke management in children - Mark MacKay (Australia) • Desmoteplase: the enigmatic history of a new thrombolytic - Robert Medcalf (Australia)

> Friday, November 7th

07:00-09:00	• Methodological aspects of non-experimental studies: cohort studies - Walter Rocca (USA) • Biostatistics for not-statisticians: randomized controlled trials - Derrick Bennett (United Kingdom) • Neurodegenerative disorders experimental studies - Giancarlo Logroscino (Italy) • Methodology of stroke epidemiological studies in developing countries - Jeyaraj D Pandian (India)
08:00-10:00	Platform session 5 • Environmental risk factors of stroke: epidemiology and prevention - Maurice Giroud (France) • Overview of guidelines for stroke management in Asia - Julia Shahnaz (Malaysia) • Stroke prevention and management issues in India - Tapas Kumar Banerjee (India) • What is new in the epidemiology and management of MCI and dementia? - Miia Kivipelto (Sweden)
11:00-12:00	Platform session 6 • Recent advances in the epidemiology of essential tremor - Elan Louis (USA) • The Malaysian National stroke registry - Zariah Abdul Aziz (Malaysia)
12:00-13:00	Symposium : Neurological consequences of global warming • What is global warming and relation with air pollution • Overview of the neurological consequences • The burden of communicable neurological diseases.
12:00-13:00	<i>Lunch break and visit of the exhibition and posters area</i>
13:00-15:00	Plenary session 7 • New rehabilitation strategies for people with stroke - Annick Maujean (Australia) • Environmental risk factors for neurological disorders - Jacques Reis (France) • Neuroepidemiological research in India - Shyamal K. Das (India) • Pharmacotherapy of Epilepsy : A ‘Voice Chat’ Between - Ion Channels, Neurotransmitters and Anti-epileptic Drugs - Chanda Kulkarni (India)
15:00-15:30	<i>Coffee-break and visit of the exhibition and posters area</i>
15:30-18:00	Platform session 8 • Neuropsychological and cognitive behavioral interventions for stroke care: what is the evidence and implications for practice? - Suzanne Barker-Collo (New-Zealand) • Blood pressure management in acute stroke: evidence from RCTs - Tissa Wijeratne (Australia) • Overview of stroke epidemiology in children - Mark MacKay (Australia)

4th INTERNATIONAL CONFERENCE ON NEUROLOGY & EPIDEMIOLOGY

> GENERAL INFORMATION

> Saturday, November 8th

07:00-09:00

- Discussion on Methodological aspects of experimental and experimental studies - Walter Rocca (USA)
- Methodological aspects of randomized controlled trials - Derrick Bennett (United Kingdom)
- Methodological aspects of cohort studies for determining efficacy and effectiveness of the intervention in question) - Giancarlo Logroscino (Italy)

08:00-10:00

Platform session 9

- Global and regional stroke burden overview - Valery Feigin (New-Zealand)
- Stroke epidemiology in China - Wenzhi Wang (China)
- Overview of stroke epidemiology in developing countries - Jeyaraj D Pandian (India)
- Updates on stroke epidemiology in Japan - Yoshihiro Kokubo (Japan)

10:00-12:00

Platform session 10

- New therapeutic strategies to reduce cerebrovascular permeability after neurotrauma - Robert Medcalf (Australia)
- Epidemiology and evidence based management of ALS - Giancarlo Logroscino (Italy)
- Suggested strategies for stroke prevention in developing countries: setting the priorities right (TBC) -
- Tranexamic acid On Preventing ICH growth - AUstralasia Trial (STOP-AUST) - Tissa Wijeratne (Australia)

12:00-12:30

Closing remarks and announcements

> Conference venue

Renaissance Hotel in Kuala Lumpur, Malaysia

Corner of Jalan Sultan Ismail and Jalan Ampang
Kuala Lumpur, 50450 MALAYSIA
Phone: 60 3 2162 2233 - Fax : 60 3 2163 1122

> Registration

	Early Registration Fees (until June 30 th , 2014)	Standard Registration Fees (until November 6 th , 2014)	On-site Registration Fees
Regular delegates	470€	510€	550€
Malaysian Delegates	150€	150€	150€
Delegates from developing countries	290€	330€	380€
Trainees & Students	270€	310€	350€

The fees for conference participants include :

Access to Conference sessions/exhibition/poster area, Congress bag, Final Programme, Admission to all scientific parts of the conference, Coffee breaks and lunches, Abstract book published by Karger's Neuroepidemiology Journal

Cancellations : All cancellations and changes to reservations should be made in writing by e-mail, fax or airmail. The cancellation policy for individual reservation is as follows :

Full payment is required at reservation time

No cancellation charge **until June 30th, 2014**

Cancellations between June 30th and September 1st, 2014: 50% of total payment for accommodation will be charged.

Cancellations after September 1st, 2014 : no refund will be made.

> Accommodation

Price/Night/Room: **Single bedroom** (Incl. Breakfast): 118€
 Double bedroom (Incl. Breakfast): 131€
