

WCACS 2013 Preliminary Program

PRE-CONGRESS COURSES, May 22 2013

Mechanical Ventilation

Neuro intensive Care

Maternal Collapse

Negative pressure wound therapy in Open Abdomen

DAY ONE MAY 23 THURSDAY 2013 SALON 1

8:00 8:45 Non-invasive hemodynamic monitoring
8:50 9:30 Hemodynamic optimization in IAH
9:30 10:00 COFFEE
10:00 10:30 Sedation, Analgesia and Delirium
10:30 11:00 Delirium in Critical Patients
11:00 11:30 Sedation and Sepsis
11:30 12:00 Measures with impact on the outcome : Bundles
12:00 13:00 Hospira Symposium
13:00 14:00 Lunch

MECHANICAL VENTILATION

14:00 14:30 Management of refractory hypoxemia
14:30 15:00 Prone Position
15:00 15:30 Adjuvant therapies
15:30 16:00 Recruitment maneuvers
16:00 16:30 COFFEE
16:30 17:00 Exchange membranes
17:00 17:30 Non-invasive mechanical ventilation
17:30 18:00 Monitoring of Ventilation
18:30 19:30 ASAMBLEA AMCI
INAUGURATION

DAY ONE MAY 23 THURSDAY 2013 SALON 2

8:00 8:45 Non-invasive hemodynamic monitoring
8:50 9:30 Hemodynamic optimization in IAH
9:30 10:00 COFFEE
10:00 10:30 IAH & ACS : Definitions
10:30 11:00 Risk Factors for IAH
11:00 11:30 IAP measurement techniques
11:30 12:00 Medical Management of IAH
12:00 12:30 Case Presentation I
12:30 13:00 Case Presentation II
13:00 14:00 Lunch

RESUSCITATION AND SURGERY

14:00 14:30 Resuscitation end points
14:30 15:00 Pitfalls in resuscitation
15:00 15:30 Surgical decompression for IAH

15:30 16:00 Damage Control Laparotomy , Temporary fascial closure
 16:00 16:30 COFFEE
 16:30 17:00
 Newer concepts in open abdomen management, VAC therapy
 17:00 17:30 Minimally invasive decompressive laparotomy
 17:30 18:00 Case Presentation III
 18:30 19:30 ASAMBLEA AMCI

DAY ONE MAY 23 THURSDAY 2013 SALON 3

8:45 9:30 Non-invasive hemodynamic monitoring
 Hemodynamic optimization in IAH
PEDIATRIC CONFERENCE
 10:00 10:30 EBLM IN CHILDREN : Clinical Application
 10:30 11:00 Optimal PEEP in children
 11:00 11:30 APRV in children : What is the evidence?
 11:30 12:00 High flow nasal cánula in children
 12:00 12:30 Thoracic impedance in ARDS
 12:30 13:00 Laboratory Symposium
 13:00 14:00 Lunch
 14:00 14:30 Campaign for sepsis : Guidelines 2012
 14:30 15:00 Biologic molecules in sepsis
 15:00 15:30 Hemodynamic monitoring in sepsis
 15:30 16:00 What inotrope is best in sepsis?
 16:00 16:30 COFFEE
 16:30 17:00 Where are we heading in sepsis research?
 17:00 17:30 Antibiotics in sepsis : an intensivist's perspective
 17:30 18:00 On-going research in sepsis
 18:30 19:30 Infections
 ASAMBLEA AMCI
 INAUGURATION

DAY ONE MAY 23 THURSDAY 2013 SALON 4

8:00 8:45 Non-invasive hemodynamic monitoring
 8:50 9:30 Hemodynamic optimization in IAH
PHYSIOTHERAPY CONFERENCE
 10:00 10:30 Evaluation of respiratory muscles in ICU
 10:30 11:00 Benefits of slow-flow techniques in pediatric Ventilation
 11:00 11:30 Professional ethics in critical patients
 11:30 12:00 ECMO management in critical patients
 12:00 12:30 Clinical application of POSTIUX techniques in ICU
 12:30 13:00 Laboratory Symposium
 13:00 14:00 Lunch
 14:00 14:30 Convective ventilation : definition and application
 14:30 15:00 Physical therapy strategies during ECMO
 15:00 15:30 Physical activity in the critically ill patient
 15:30 16:00 Aerobic intervention in critically ill

16:00 16:30 COFFEE
 16:30 17:00 Myths and truths of new ventilation modes
 17:00 17:30 Cardiac rehabilitation in a child with heart disease
 17:30 18:00 Mechanical ventilation : friend or foe?
 ASAMBLEA AMCI
 INAUGURATION

DAY TWO : FRIDAY May 24, 2013 SALON 1

8:00 8:45 Evidence of Massive Transfusion in Trauma. When? What? How?
 Are there other alternatives?
 8:50 9:30 Evidence of Massive Transfusion in Severe Bleeding other than
 Trauma. Same Approach?
 9:30 10:00 COFFEE
 10:00 10:30 Lactate and other biomarkers in sepsis
 10:30 11:00 Mechanical ventilation in septic patients : When and How
 11:00 11:30 Supportive therapy in septic patients : Glucose, steroids,
 microcirculation
 11:30 12:00 Is it justified to give immunoglobulins in septic patients with hypo
 gammaglobulinemia
 12:00 12:30 Laboratory symposium
 12:30 14:00 LUNCH
 14:00 14:30 Infection control in ICU is a marker of quality
 14:30 15:00 Current approach to treatment of patients with multiresistant
 germs
 15:00 15:30
 ESBL and AMP-C organisms: obligatory use of carbapenems?
 15:30 16:00 Is there a best antibiotic for patients with VAP?
 16:00 16:30 COFFEE
 16:30 17:00
 Fungal infections in ICU : Amphotericin, Azoles or Echinocandins
 17:00 17:30 Commercial or generic antibiotics : What is the difference?
 17:30 18:00 How to implement antibiotic control program in ICU?

DAY TWO : FRIDAY May 24, 2013 SALON 2

8:00 8:45 Evidence of Massive Transfusion in Trauma. When? What? How?
 Are there other alternatives?
 8:50 9:30 Evidence of Massive Transfusion in Severe Bleeding other than
 Trauma. Same Approach?
 9:30 10:00 COFFEE
 10:00 10:30 IAH & ACS in children
 10:30 11:00 IAH & ACS in Medical ICU
 11:00 11:30 IAH & ACS in vascular surgery
 11:30 12:00 IAH & ACS in pregnancy
 12:00 12:30 PRESIDENTIAL ADDRESS :
 12:30 14:00 Poster Rounds, LUNCH
 14:00 14:30 Burn resuscitation

14:30 15:00 Tertiary Peritonitis
 15:00 15:30 Acute gastro intestinal injury
 15:30 16:00 Necrotizing ICU infections
 16:00 16:30 COFFEE
 16:30 18:00 Presentation of Abstracts

DAY TWO : FRIDAY May 24, 2013 SALON 3

8:00 8:45 Evidence of Massive Transfusion in Trauma. When? What? How?
 Are there other alternatives?
 8:50 9:30 Evidence of Massive Transfusion in Severe Bleeding other than
 Trauma. Same Approach?

PEDIATRIC CONFERENCE

10:00 10:30 acute kidney injury: RIFLE scale children
 10:30 11:00 Pathophysiology of ARF in children
 11:00 11:30 continuous renal replacement therapies in ARF
 11:30 12:00 CRRT intermittent in critical children
 12:00 12:30 The role of emergency peritoneal dialysis
 12:30 13:00 catastrophic Lupus
 13:00 14:00 LUNCH
 14:00 14:30 Plasmapheresis in children
 14:30 15:00 refractory convulsive status
 15:00 15:30 BIS in children
 15:30 16:00 Life after intensive care: How far?
 16:00 16:30 COFFEE
 16:30 17:00 Controversies in pediatric intensive care
 17:00 17:30 Non-cardiac Consequences of congenital cardiac surgery
 17:30 18:00 Cost-effective care in ICU

DAY TWO MAY 24 FRIDAY 2013 SALON 4

8:00 8:45 Evidence of Massive Transfusion in Trauma. When? What? How?
 Are there other alternatives?
 8:50 9:30 Evidence of Massive Transfusion in Severe Bleeding other than
 Trauma. Same Approach?

CRITICAL GYNAECOLOGY

9:30 10:00 COFFEE
 10:00 10:30
 Critical Care Obstetrics and their real impact on maternal mortality
 10:30 11:00 Mechanical ventilation strategies in ARDS in pregnancy
 11:00 11:30 Strategies of hemodynamic monitoring in obstetrics
 11:30 12:00 State of the art in eclampsia
 12:00 12:30 Rapid response teams and simulation in critical obstetrics:

: education and safety strategy to reduce maternal mortality

12:30 13:00 HELLP SYNDROME in ICU
 13:00 14:00 LUNCH

NEUROINTENSIVE CARE

14:00 14:30 SAH : Report of the consensus conference NCS
 14:30 15:00 Cranial Trauma : Importance of ICP monitoring
 15:00 15:30 importance of ICP MONITORING
 15:30 16:00 Questions and case presentation
 16:00 16:30 COFFEE
 16:30 17:00 Stroke : telemedicine program
 17:00 17:30 Stroke : extended window and evaluation with MRI
 17:30 18:00 Intracerebral hemorrhage: measures for limiting

DAY THREE : MAY 25 SATURDAY 2013 SALON 1

8:00 8:45 Evidence based guidelines in IAH & ACS : an update
 8:45 9:00 COFFEE
 9:00 9:30 Optimization of Enteral Nutrition in ICU
 9:30 10:00 Metabolic Stress, Definition and Management
 10:00 10:30 The intestines in the critically ill
 10:30 11:00 Quality nutritional support : definition and approach
 11:00 11:30 "Best of the best" 2009
 11:30 12:00 Total parenteral nutrition: early or late?
 12:00 14:00 CLOSING LUNCH

DAY THREE SATURDAY May 25, 2013 SALON 2

8:00 8:45 Evidence based guidelines in IAH & ACS : an update
HOT CRITICAL CARE TOPICS
 9:00 9:15 Acute pancreatitis : an update
 9:15 9:30 Prevention of organ failure
 9:30 9:45 Source control in sepsis
 9:45 10:00 Acute Diverticulitis
 10:00 10:15 Enteral Nutrition
 10:15 10:30 Delayed fluid removal
 10:30 11:00 COFFEE
 11:00 11:30 CASE PRESENTATION IV
 11:30 12:00 CASE PRESENTATION V
 12:00 14:00 CLOSING LUNCH

DAY THREE SATURDAY May 25, 2013 SALON 3

8:00 8:45 Evidence based guidelines in IAH & ACS : an update
PERIOPERATIVE CARE IN CARDIAC SURGERY
 9:00 9:30 TBD
 9:30 10:00 TBD
 10:00 10:30 TBD
 10:30 11:00 TBD
 11:00 11:30 TBD
 11:30 12:00 TBD

12:00 14:00 ASTRAZENICA SYMPOSIUM CLOSING LUNCH

DAY THREE SATURDAY May 25, 2013 SALON 4

8:00 8:45 Evidence based guidelines in IAH & ACS : an update

NURSING

9:00 9:30 TBD

9:30 10:00 TBD

10:00 10:30 TBD

10:30 11:00 TBD

11:00 11:30 TBD

11:30 12:00 TBD

12:00 14:00 KCI Symposium Closing Lunch
