EADO European School of Dermato-Oncology

The EADO is a non-profit organization funded in 1999 to promote, coordinate and improve clinical and laboratory research activities in the field of skin cancer including primary and secondary prevention, early detection, clinical diagnosis and clinical and experimental research. EADO has organized many successful meetings and the upcoming ones are visible on the website (www.eado.org). The EADO initiates for the third time a course dedicated to fundamentals in skin cancer targeted to specialists and residents in the final phase of their resident program. They will benefit a comprehensive and updated course to improve their decision-making process for the management of all types and stages of skin cancer, from diagnosis, primary treatment and adjuvant treatment, to the management of locoregional disease and distant metastatic disease. It is intended to organize this course every year in different countries.

Target Audience

This 2,5-day educational course targets doctors who are actively involved in the treatment of skin cancer. Dermatologists or other specialists who have completed specialist training, or residents in the final year of their training program, are likely to gain the most from this course.

The maximum number of delegates is 100. In order to make the course available throughout Europe, places will be made available on a first come first served basis to all applicants.

Educational Objectives

The principal aim of the course is to provide a comprehensive and detailed understanding of the decision-making process for the management of all types and stages of skin cancer. This will include diagnosis and primary treatment, management of locoregional disease and distant metastatic disease, and adjuvant treatment. This is particularly relevant given the rapid progress in our understanding of melanoma and non-melanoma skin cancer, and the development of new treatments. In particular delegates will acquire the following knowledge:

1. Strategies for diagnosis of melanoma, Merkel cell and non-melanoma skin cancer including dermoscopy and confocal laser microscopy.
2. The indications, risks and benefits and strategies for mole screening.
3. Diagnosis of skin cancer: how to break bad news.
4. The indications and methods for genetic diagnosis and genetic counseling of skin cancer patients.
5. The present AJCC staging systems and how to stage melanoma, Merkel cell and cutaneous squamous cell carcinoma, and other non-melanoma skin cancers.

6. The value of imaging and biomarkers for the detection of metastases and disease staging.
7. Adjuvant treatment of skin cancer: radiotherapy; immunotherapy; chemotherapy.
8. New systemic treatments for stage IV melanoma: targeted agents and immunotherapeutics.
9. New treatment options of advanced basal cell carcinoma.
10. New systemic treatments for advanced Merkel cell and squamous cell carcinoma.
11. The characteristics of mucosal and uveal melanomas and their treatment options.
12. Options for topical treatment of epithelial skin cancers.
13. The current classification of cutaneous lymphoma; staging and treatment options for different subtypes of cutaneous lymphoma.
14. Clinical trials in skin cancer: an update.
15. The indications and strategies for supportive treatments including best supportive care.

Course Organization

The course consists of plenary sessions and interactive outbreak sessions. Plenary sessions will comprise clear structured and up-to-date presentations followed by audience discussion. Voting devices will be used to respond to multiple choice questions. These questions may precede the presentation of the structured knowledge or may be presented at the end in order to test the level of knowledge the audience has gained.

The main part of the course consists of 8 interactive sessions, each with no more than 25 attendants. Every participant takes part in each of these sessions which mainly comprise case-based discussion. These will be used to illustrate treatment pathways, how risk and benefit are assessed, and how management decisions are made.

Claus Garbe, MD

Axel Hauschild, MD

Alexander Stratigos, MD

Program

Thursday, January 29th, 2015

13:45-14:00 Paganini/1st Floor	Welcome and course introduction <i>Claus Garbe, Tuebingen, Germany</i>
	PLENARY SESSION 1: Early detection and prevention of skin cancer <i>Chairpersons: Hubert Pehamberger and Alexander Stratigos</i>
14:00-14:20 Paganini/1st Floor	LECTURE 1: Epidemiologic trends of melanoma <i>Jean Jacques Grob, Marseille, France</i>
14:20-14:40 Paganini/1st Floor	LECTURE 2: Detecting thick melanoma early <i>Josep Malvehy, Barcelona, Spain</i>
14:40-15:00 Paganini/1st Floor	LECTURE 3: Screening programs and prevention <i>Veronique del Marmol, Brussels, Belgium</i>
15:00-15:20 Paganini/1st Floor	LECTURE 4: Imaging techniques in the diagnosis of melanoma and skin cancer <i>Giovanni Pellacani, Modena, Italy</i>
15:20-15:30	Discussion
15:30-16:00	Coffee Break
16:00-17:00 Paganini/1st Floor	COURSE A: Topical therapies in actinic keratosis and epithelial skin cancer <i>Ketty Peris, Rome, Italy</i>
16:00-17:00 Donizetti/1st Floor	COURSE B: Photodynamic therapy <i>Günther Hofbauer, Zurich, Switzerland</i>
16:00-17:00 Verdi/1st Floor	COURSE C: Treatment options for advanced epithelial skin cancer <i>Alexander Stratigos, Athens, Greece</i>
16:00-17:00 Puccini II/Ground Floor	COURSE D: Surgery and destructive methods of treatment in epithelial skin cancer <i>Roland Kaufmann, Frankfurt, Germany</i>
17:00-17:30	Coffee Break

17:30-18:30 Donizetti/1 st Floor	COURSE B: Photodynamic therapy <i>Günther Hofbauer, Zurich, Switzerland</i>
17:30-18:30 Verdi/1 st Floor	COURSE C: Treatment options for advanced epithelial skin cancer <i>Alexander Stratigos, Athens, Greece</i>
17:30-18:30 Puccini II/Ground Floor	COURSE D: Surgery and destructive methods of treatment in epithelial skin cancer <i>Roland Kaufmann, Frankfurt, Germany</i>
17:30-18:30 Paganini/1 st Floor	COURSE A: Topical therapies in actinic keratosis and epithelial skin cancer <i>Ketty Peris, Rome, Italy</i>
18:30 Foyer Paganini/1 st Floor	Get-Together with finger food

Friday, January 30th, 2015

	PLENARY SESSION 2: Melanoma diagnosis and treatment <i>Chairpersons: Axel Hauschild and Christoph Höller</i>
08:00-08:20 Paganini/1 st Floor	LECTURE 5: Prognostic factors of melanoma <i>Isabel Longo, Madrid, Spain</i>
08:20-08:40 Paganini/1 st Floor	LECTURE 6: Signaling pathways in melanoma: the basis of mutation screening and targeted therapy <i>Christoph Höller, Vienna, Austria</i>
08:40-09:00 Paganini/1 st Floor	LECTURE 7: Adjuvant therapies in advanced melanoma <i>Axel Hauschild, Kiel, Germany</i>
09:00-09:20 Paganini/1 st Floor	LECTURE 8: Algorithm of treatment for metastatic melanoma <i>Claus Garbe, Tuebingen, Germany</i>
09:20-09:30	Discussion
09:30-10:00	Coffee Break

10:00-11:00 Verdi/1st Floor	COURSE C: Treatment options for advanced epithelial skin cancer <i>Alexander Stratigos, Athens, Greece</i>
10:00-11:00 Puccini II/Ground Floor	COURSE D: Surgery and destructive methods of treatment in epithelial skin cancer <i>Roland Kaufmann, Frankfurt, Germany</i>
10:00-11:00 Paganini/1st Floor	COURSE A: Topical therapies in actinic keratosis and epithelial skin cancer <i>Ketty Peris, Rome, Italy</i>
10:00-11:00 Donizetti/1st Floor	COURSE B: Photodynamic therapy <i>Günther Hofbauer, Zurich, Switzerland</i>
11:00-11:30	Coffee Break
11:30-12:30 Puccini II/Ground Floor	COURSE D: Surgery and destructive methods of treatment in epithelial skin cancer <i>Roland Kaufmann, Frankfurt, Germany</i>
11:30-12:30 Paganini/1st Floor	COURSE A: Topical therapies in actinic keratosis and epithelial skin cancer <i>Ketty Peris, Rome, Italy</i>
11:30-12:30 Donizetti/1st Floor	COURSE B: Photodynamic therapy <i>Günther Hofbauer, Zurich, Switzerland</i>
11:30-12:30 Verdi/1st Floor	COURSE C: Treatment options for advanced epithelial skin cancer <i>Alexander Stratigos, Athens, Greece</i>
12:30-13:00	Lunch
13:00-14:00 Paganini/1st Floor	Dermoscopy case discussion <i>Iris Zalaudek, Graz, Austria; Andreas Blum, Constance, Germany</i>
14:00-15:00 Paganini/1st Floor	Clinical skin case discussion with the experts <i>Claus Garbe, Tuebingen, Germany; Jean Jacques Grob, Marseille, France; Christoph Höller, Vienna, Austria; Alexander Stratigos, Athens, Greece</i>
15:00-15:15	Coffee Break

15:15-16:15 Donizetti/1 st Floor	COURSE E: Cutaneous side effects of innovative anti-neoplastic agents <i>Celeste Lebbé, Paris, France</i>
15:15-16:15 Paganini/1 st Floor	COURSE F: Serologic and imaging diagnostics for tumor staging and patient follow up <i>Claus Garbe, Tuebingen, Germany</i>
15:15-16:15 Verdi/1 st Floor	COURSE G: Targeted therapies in melanoma <i>Axel Hauschild, Kiel, Germany</i>
15:15-16:15 Puccini II/Ground Floor	COURSE H: Immunotherapy for advanced melanoma <i>Paul Lorigan, Manchester, United Kingdom</i>
16:15-16:30	Coffee Break
16:30-17:30 Paganini/1 st Floor	COURSE F: Serologic and imaging diagnostics for tumor staging and patient follow up <i>Claus Garbe, Tuebingen, Germany</i>
16:30-17:30 Verdi/1 st Floor	COURSE G: Targeted therapies in melanoma <i>Axel Hauschild, Kiel, Germany</i>
16:30-17:30 Puccini II/Ground Floor	COURSE H: Immunotherapy for advanced melanoma <i>Paul Lorigan, Manchester, United Kingdom</i>
16:30-17:30 Donizetti/1 st Floor	COURSE E: Cutaneous side effects of innovative anti-neoplastic agents <i>Celeste Lebbé, Paris, France</i>

Saturday, January 31st, 2015

08:00-08:30 Paganini/1 st Floor	How to read and evaluate the results of clinical trials in oncology <i>Michael Weichenthal, Kiel, Germany</i>
08:30-09:30 Verdi/1 st Floor	COURSE G: Targeted therapies in melanoma <i>Axel Hauschild, Kiel, Germany</i>
08:30-09:30 Puccini II/Ground Floor	COURSE H: Immunotherapy for advanced melanoma <i>Paul Lorigan, Manchester, United Kingdom</i>

08:30–09:30 Donizetti/1 st Floor	COURSE E: Cutaneous side effects of innovative anti-neoplastic agents <i>Celeste Lebbé, Paris, France</i>
08:30–09:30 Paganini/1 st Floor	COURSE F: Serologic and imaging diagnostics for tumor staging and patient follow up <i>Claus Garbe, Tuebingen, Germany</i>
09:30–10:00	Coffee Break
10:00–11:00 Puccini II/Ground Floor	COURSE H: Immunotherapy for advanced melanoma <i>Paul Lorigan, Manchester, United Kingdom</i>
10:00–11:00 Donizetti/1 st Floor	COURSE E: Cutaneous side effects of innovative anti-neoplastic agents <i>Celeste Lebbé, Paris, France</i>
10:00–11:00 Paganini/1 st Floor	COURSE F: Serologic and imaging diagnostics for tumor staging and patient follow up <i>Claus Garbe, Tuebingen, Germany</i>
10:00–11:00 Verdi/1 st Floor	COURSE G: Targeted therapies in melanoma <i>Axel Hauschild, Kiel, Germany</i>
11:00–11:30	Coffee Break
	PLENARY SESSION 3: Update on rare skin cancers <i>Chairpersons: Rudolf Herbst and Celeste Lebbé</i>
11:30–11:50 Paganini/1 st Floor	LECTURE 9: Merkel cell carcinoma <i>Rudolf Herbst, Erfurt, Germany</i>
11:50–12:10 Paganini/1 st Floor	LECTURE 10: Cutaneous lymphomas <i>Petr Arenberger, Prague, Czech Republic</i>
12:10–12:30 Paganini/1 st Floor	LECTURE 11: DFSP and adnexal tumors <i>Judit Oláh, Szeged, Hungary</i>
12:30–12:50 Paganini/1 st Floor	LECTURE 12: Angiosarcoma and Kaposi sarcoma <i>Celeste Lebbé, Paris, France</i>
12:50–13:00	Discussion

Accommodation

MedConcept has reserved a limited number of rooms under the reference "ESDO 2015" at the NH Berlin Friedrichstrasse: Rate per standard room and night: 124 Euro single/ 146 Euro double (breakfast included)

Booking deadline: December 31, 2014

For your individual room booking, please contact the hotel directly:
 Phone: +49 (0)30 2062660, E-Mail: nhfriedrichstrasse@nh-hotels.com
 or book online through the course website: www.dermato-oncology2015.org.

Registration / Information Desk

The registration desk is situated at the first floor of the NH Berlin Friedrichstrasse.

Opening hours

Thursday, January 29	12:00-19:00 h
Friday, January 30	07:30-18:00 h
Saturday, January 31	07:30-14:00 h

Language and Translation

The official language of the meeting will be English. Simultaneous translation will not be provided.

Exhibition

A commercial exhibition will be held at the meeting venue, close to the main meeting rooms. If you are interested in participating as an exhibitor, please contact MedConcept's secretariat for further information.

Exhibition Opening Hours

Thursday, January 29: 13:00-18:30

Friday, January 30: 07:30-17:30

Saturday, January 31: 07:30-13:30

CME Credits

An application for CME accreditation will be made.

Fees

Registration Fee of **380 Euro (incl. VAT)** covers

- Admission to scientific sessions
- Admission to exhibition
- Bag with course documents
- Welcome reception
- Coffee breaks and lunch
- Certificate of attendance

Cancellation Policy

Cancellations must be received in writing by December 17, 2014. No refunds will be granted after that date. A processing fee of 30 Euro will be deducted from each cancelled registration. Substitutions are possible. To substitute a registration please send an email including the name of the original registrant and the name of the person substituting to mirja.christ@medconcept.org.

The participant acknowledges that he/she has no right to lodge damage claims against the organizers should the holding of the meeting be hindered or prevented by unexpected, political or economic events or generally by force, or should the non-appearance of speakers or other reasons need program changes. With registration, the participant accepts this proviso.

Registration Form

Third European School of Dermato-Oncology: Update on Cutaneous Oncology Berlin, Germany, January 29th-31st, 2015

First Name: _____ Last Name: _____

Professional Title: _____ Degree: ☐ MD ☐ PhD ☐ RN ☐ PA-C

Gender: ☐ Male ☐ Female Speciality: _____

Institution: _____ Address: _____

City: _____ Zip Code: _____ Country: _____
