MD Anderson presents

Myeloma PostASH Update: Patient Care Conference

January 10, 2015

Omni Houston Westside
13210 Katy Freeway
Houston, Texas

The University of Texas MD Anderson Cancer Center will bring you a conference designed to answer your questions about the newest research on the causes and treatment of myeloma, and strategies for dealing with issues faced by myeloma patients, their loved ones and caregivers.

We invite you to join us and take part in an exciting exploration of new therapies and sharing of common experiences.

Objectives

- Increase awareness of myeloma
- Provide better understanding of transplant therapy
- Provide information on new treatment options for newly diagnosed myeloma
- Provide information on new treatment options for relapsed myeloma and on clinical trial opportunities for myeloma patients
- Build a bridge of knowledge, communication, and collaboration among cancer constituencies, including researchers, healthcare professionals, patients and caregivers
- Provide patients access to the experts with time to ask questions
