

**3<sup>RD</sup> ESTRO Forum**  
**24 - 28 April 2015 | Barcelona, Spain**

It is our pleasure to invite you to attend the 3<sup>rd</sup> ESTRO Forum in Barcelona, Spain from 24-28 April 2015. Built on the success of the London Anniversary Congress in 2011 and the 2<sup>nd</sup> ESTRO Forum in Geneva in 2013, the 3<sup>rd</sup> ESTRO Forum will continue to place the interdisciplinarity features of our Society in the spotlight. Clinicians, physicists, brachytherapists, radiobiologists and RTTs (Radiation Therapists) will find within the Forum specific sessions of interest to their own disciplines as well as a broad interdisciplinary track where the different disciplines will come together to jointly explore topics of interest to all.

The interdisciplinary sessions will focus on:

- Stereotactic Body Radiosurgery
- Elderly
- Psycho-social aspects of radiation therapy
- Databases and data-mining
- Risk management
- Re-irradiation
- Paediatrics
- Advanced technology assessment
- Imaging and tumour biology
- Adaptive radiation therapy
- The future of radiation oncology

Joint sessions with other regional radiation oncology societies will enhance the appeal of the interdisciplinary sessions by bringing a non-European perspective on the table. Joint sessions with our fellow societies in nuclear medicine, radiology, hyperthermia etc. will further broaden our view on the interactions and collaborations that are needed in the field of modern radiation oncology.

The scientific advisory groups of the 3<sup>rd</sup> ESTRO Forum are in the process of compiling an outstanding scientific programme. At a later stage, we will be happy to share with you the content of the sessions so that you can get a better idea of what to expect. But you can be sure that great science and fascinating sessions are waiting for you.

The 3<sup>rd</sup> ESTRO Forum will offer the usual broad portfolio of scientific and educational opportunities in line with the ESTRO Vision, which aims at developing optimal patient care and equitable patient access to state of the art radiation therapy. In this framework, the meeting will provide symposia, presidential and joint sessions, teaching lectures and debates. The Forum will be enhanced with other educational activities such as pre-meeting courses, contouring workshops and multidisciplinary tumour board sessions. It will also be a further opportunity for young professionals to meet, learn, and deepen their engagement within the Society. Finally, the 3<sup>rd</sup> ESTRO Forum will also be the biggest platform in Europe at which to discover the latest innovations of the industry.

We look forward to welcoming you in the beautiful city of Barcelona, in the unique atmosphere of friendship and science presented at all ESTRO meetings.

Philip Poortmans  
*Chairperson, Scientific Programme Committee of 3<sup>rd</sup> ESTRO Forum*

**FIRST ANNOUNCEMENT**

## VENUE

CCIB  
Rambla Prim 1-17  
08019 Barcelona  
Spain

## DEADLINES

Abstract submission deadline: 20 November 2014  
Early registration: 15 December 2014  
Late registration: 24 March 2015  
Desk registration: as of 25 March 2015

# 3<sup>RD</sup> ESTRO FORUM

24 - 28 April 2015  
Barcelona, Spain

### SCIENTIFIC PROGRAMME COMMITTEE

**Chair** P. Poortmans (NL)

**Members** R. Garcia (FR), M. Kamphuis (NL), J. Lindegaard (DK), B. Wouters (CA)

### SCIENTIFIC ADVISORY GROUP FOR CLINICAL RADIOTHERAPY

**Chair** P. Poortmans (NL)

**Members** D. Azria (FR), R. Corvò (IT), C. Faivre-Finn (GB), K. Haustermans (BE), M. Høyer (DK), J. Jaal (EE), J. Kazmierska (PL), V. Kouloulis (GR), M. Krause (DE), P. Lara (ES), E. Lartigau (FR), Y. Lievens (BE), C. Marijnen (NL), AH Ree (NO), C. Rödel (DE), G. Sancho Pardo (ES), D. Zips (DE)

### SCIENTIFIC ADVISORY GROUP FOR RADIATION PHYSICS

**Chair** R. Garcia (FR)

**Members** C. Clark (GB), G. Delpon (FR), M. Do Carmo Lopes (PT), C. Fiorino (IT), A. Fogliata (CH), B. Heijmen (NL), N. Jornet (ES), C. Kirisits (AT), B. McClean (IE), C. Muñoz i Montplet (ES), L. Muren (DK), U. Oelfke (GB), P. Platoni (GR), M. Schwarz (IT), U. van der Heide (NL), D. Verellen (BE)

### SCIENTIFIC ADVISORY GROUP FOR RADIOBIOLOGY

**Chair** B. Wouters (CA)

**Co-chairs** M. Hauer-Jensen (US), E. Moyal (FR)

**Members** J. Alsner (DK), J. Bussink (NL), N. Cordes (DE), A. Kiltie (GB), M. Pruschy (CH), R. Suwinski (PL), P. van Luijk (NL), C. Vens (NL), MC Vozenin (FR)

### SCIENTIFIC ADVISORY GROUP FOR BRACHYTHERAPY

**Chair** J. Lindegaard (DK)

**Members** D. Baltas (DE), C. Haie-Meder (FR), JM Hannoun-Levi (FR), T. Hellebust (NO), P. Hoskin (UK), C. Kirisits (AT), R. Nout (NL), FA Siebert (DE), J. Skowronek (PL), K. Tanderup (USA), P. Petric (QA)

### SCIENTIFIC ADVISORY GROUP FOR RADIATION TECHNOLOGY

**Chair** M. Kamphuis (NL)

**Members** A. Boejen (DK), M. Coffey (IE), I. Čurić (SR), F. Garcia Moura (PT), V. Karadza (HR), M. Leech (IE), M. Mast (NL), M. McGarry (QA), A. Osztavics (AT), D. Pasini (IT), P. Scherer (AT), T. Schuffenhauer (DE), B. Speleers (BE), A. Vaandering (BE), P. Voet (NL)

### SCIENTIFIC ADVISORY GROUP OF YOUNG ESTRO MEMBERS

**Chairs** K. Rouschop (NL), L. Mullaney (IE)

**Members** JE Bibault (FR), P. Blanchard (FR), AR Filippi (IT), L. Fog (DK), L. Fokdal (DK), P. Kelly (IE), K. Roe (NO), M. Schmid (AT), T. Schuffenhauer (DE), D. Thorwarth (DE), W. van Elmpt (NL)
