

Controversies & Advances

IN THE TREATMENT OF CARDIOVASCULAR DISEASE

The Thirteenth in the Series • November 21 & 22, 2013

The Beverly Hills Hotel - Beverly Hills, California

PROGRAM DIRECTORS: Raj Makkar, MD, FACC, P.K. Shah, MD, FACC,
Timothy D. Henry, MD, FACC, Alfredo Trento, MD, FACC,
Saibal Kar, MD, FACC, John Gordon Harold, MD, MACC,
Jon Kobashigawa, MD, FACC, William Bommer, MD, FACC

California
CHAPTER

24TH Annual Meeting of the California ACC

SPONSORED BY: Promedica International in cooperation with the California Chapter of the American College of Cardiology, the British Cardiovascular Society, the California Society of Thoracic Surgeons, the American College of Cardiology Foundation, the American Heart Association, and the International Academy of Cardiology

Controversies & Advances

IN THE TREATMENT OF CARDIOVASCULAR DISEASE

PROGRAM DESCRIPTION

We are proud to be celebrating the thirteenth annual Controversies and Advances in the Treatment of Cardiovascular Disease symposium this year! The two-day scientific program will offer realistic views on many controversial issues in cardiovascular disease today. Session topics will include women's heart disease, imaging, hypertension, cell therapy, STEMI, electrophysiology, adult congenital heart disease, coronary artery disease, aortic valve disease, mitral valve disease, and heart failure therapy.

Sessions will include a combination of debates, state-of-the-art lectures, and roundtable discussions. A faculty of internationally known leaders in the field has been invited to share their knowledge and experiences with complex and controversial cases.

TARGET AUDIENCE

The conference is designed for cardiologists, interventional cardiologists, cardiovascular and thoracic surgeons, perfusionists, nurses, technicians and those involved in the diagnosis, treatment and care of individuals with controversial and complex cases of cardiac disease.

CME ACCREDITATION AND DESIGNATION

Promedica International is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Promedica International designates this live activity for a maximum of 1725 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Provider approved by the California Board of Registered Nursing, Provider #8495 for 1725 Contact Hours.

Category 1 CEUs for Perfusionists have been applied for through the American Board of Cardiovascular Perfusion (ABCP).

COMMERCIAL SUPPORT

This program is supported in part by educational grants and exhibits from industry, in accordance with the ACCME Standards for Commercial Support. At the time of printing, a complete list of commercial supporters was not available. Appropriate acknowledgement will be given to all supporters in meeting materials onsite.

LEARNING OBJECTIVES

Upon completion of this course, participants should be able to:

- :: Discuss and debate imaging modalities for specific disease states and procedures.
- :: Understand the JNC 2013 report and its implications for prevention, detection, evaluation, and treatment of high blood pressure.
- :: Evaluate the efficacy of treating women with statins through the lens of the newly released NCEP Guidelines.
- :: Discuss current controversies in adult congenital heart disease, including complications from repair of Tetralogy of Fallot, and the ideal method for replacing the pulmonary valve.
- :: Recognize the pathophysiology of mitral regurgitation and compare and contrast medical, interventional, and surgical therapies.
- :: Understand the controversies and debates surrounding transcatheter aortic valve replacement (TAVR).
- :: Evaluate current STEMI therapy and controversies in care of acute cardiovascular emergencies.
- :: Compare and contrast atrial fibrillation treatments and evaluate the role of anticoagulants.

CALL FOR ABSTRACTS

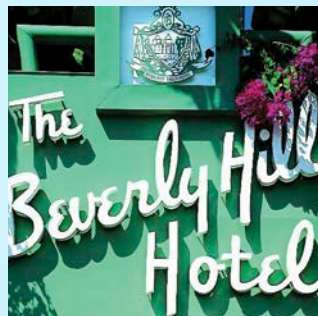

Submissions of original abstracts are being accepted and will be considered for oral presentation and poster display when submitted online at www.promedicacme.com.

A Moderated Oral Abstract Session will be held Wednesday, November 20, 2013 from 6:00 - 8:00 PM

Deadline for Abstract Submissions: November 8, 2013

Abstract Categories

- :: Aortic Stenting
- :: Aortic Surgery
- :: Arrhythmias
- :: Atherosclerosis
- :: Anti-thrombotic Therapy
- :: Carotid Stenting and Surgery
- :: Cell Therapy
- :: Congenital Heart Disease in Adults
- :: Congestive Heart Failure
- :: Coronary Surgery
- :: Drug Eluting Stents
- :: Healthcare Policy
- :: Imaging
- :: Minimally Invasive Surgery
- :: New Devices: Cardiac Resynchronization, Heart Failure Monitors
- :: Percutaneous Valve Repair and Replacement
- :: Stem Cell Therapy
- :: Valvular Heart Disease
- :: Other

Preliminary Scientific Program

Wednesday, November 20, 2013

6:00 - 8:00 PM

**Welcome Reception
and Registration**
**Moderated Oral
Abstract Session**

Thursday, November 21, 2013

7:45 - 8:00 AM

Welcome Address

8:00 - 9:20 AM

**SESSION I -
Women's Heart Disease**

Moderator:
C. Noel Bairey Merz, MD, FACC

8:00 - 8:20 AM

DEBATE

**New NCEP Guidelines:
Should Women Be Treated
with Statins?**

:: C. Noel Bairey-Merz, MD, FACC
:: Rita F. Redberg, MD, MSc, FACC

8:20 - 8:40 AM

DEBATE

**Women and Ischemic
Heart Disease: Why Do
Women Continue to Face
a Higher Mortality?**

:: C. Noel Bairey Merz, MD, FACC
:: Leslee Shaw, PhD, FACC

8:40 - 9:00 AM

DEBATE

**The KEEPS Trials: Should
Women Ever Receive HRT?**

:: Howard Hodis, MD
:: Chrisandra Shufelt, MD, MS, NCMP

9:00 - 9:20 AM

STATE-OF-THE-ART LECTURE
**Controversies in the
Management of Cardiac
Disease in Pregnancy**
Uri Elkayam, MD, FACC

9:20 - 10:50 AM

SESSION II - Imaging

Moderators:
Daniel S. Berman, MD, FACC,
and Matthew J. Budoff, MD, FACC

9:20 - 9:35 AM

**Present and Future of Cardiac
Imaging in CAD**
Daniel S. Berman, MD, FACC

9:35 - 9:50 AM

**Current Status of CT Scanning
in Guiding TAVR Procedures**
Hasan Jilaihawi, MD

9:50 - 10:10 AM

DEBATE

**Myocardial Viability
Testing Effectively Guides
Management of the CAD
Patient With Low LVEF**

:: Pro: Vasken Dilsizian, MD, FACC
:: Con: Eric J. Velazquez, MD, FACC

10:10 - 10:30 AM

DEBATE

**Coronary CTA Will Replace
Most Non-invasive Stress
Imaging Procedures**

:: Pro: Matthew J. Budoff, MD, FACC
:: Con: Todd D. Miller, MD

10:30 - 10:50 AM

DEBATE

**MRI Should Guide Decision
for ICD Implantation**

:: Pro: Subha V. Raman, MD, FACC
:: Con: Jagat Narula, MD, PhD, MACC

10:50 - 11:20 AM

Break & Visit Exhibits

11:20 AM - 12:20 PM

SESSION III -

Hypertension: JNC 8 Ain't!

Moderator:
Ronald G. Victor, MD, FACC

11:20 - 11:45 AM

DEBATE

**Resistant Hypertension:
Public Enemy #1 or a
Non-Issue in the Right Hands?**

:: Norman M. Kaplan, MD
:: Franz H. Messerli, MD, FACC

11:45 - 12:10 AM

DEBATE

**Renal Denervation:
Hope or Hype?**

:: Florian Rader, MD
:: Ronald G. Victor, MD, FACC

12:10 - 12:20 AM

Roundtable Discussion

12:20 - 1:20 PM

Lunch

(lunch activities are not included
in CME hours)

**Lunch Panel: Obamacare:
How Will It Affect Us?**

Panelists:

William Bommer, MD, FACC
David Brown, MD, FACC
Gregory P. Fontana, MD, FACC
John Gordon Harold, MD, MACC
Junaid H. Khan, MD
Michael Mack, MD, FACC
Thomas M. Priselac, MPH
Rita Redberg, MD, FACC
Paul Teirstein, MD, FACC

1:20 - 1:40 PM

STATE-OF-THE-ART LECTURE
**What Should I Do With All
the Antiplatelet/Anticoagulant
Medication Available?**
Sanjay Kaul, MD, MPH, FACC

1:40 - 2:00 PM

STATE-OF-THE-ART LECTURE
**What Worked, What
Didn't and What Holds
Promise in Cardiology:
An Editor's Perspective**
Anthony N. DeMaria, MD, MACC

2:00 - 3:00 PM

SESSION IV - Controversies in Cell Therapy

2:00 - 2:20 PM

Human Pluripotent Stem Cells in Genetic Cardiac Disease: The Model Patient?

Christine L. Mummery, PhD

2:20 - 2:40 PM

Reprogramming Approaches to Cardiovascular Disease
Deepak Srivastava, MD

2:40 - 3:00 PM

Can We Attain Meaningful Cardiac Regeneration?
Eduardo Marbán, MD, PhD, FACC

3:00 - 3:30 PM

Break & Visit Exhibits

3:30 - 4:00 PM

STATE-OF-THE-ART LECTURE

Politics and Medicine
David Wood, MB, ChB, MSc

4:00 - 5:30 PM

SESSION V - Controversies in STEMI

Moderators:
Timothy D. Henry, MD, FACC,
and Ivan Rokos, MD, FACC

4:00 - 4:15 PM

STEMI Therapy in 2013.
What We Know and What We Don't Know!
Timothy D. Henry, MD, FACC

4:15 - 4:40 PM

**DEBATE
Radial vs. Femoral for STEMI**

- :: All STEMI Patients, Even Those With Cardiogenic Shock and Out of Hospital Cardiac Arrest Should be Done Radial
Morton J. Kern, MD, FACC
- :: Femoral is the Preferred Approach Especially for High Risk Patients
David A. Cox, MD, FACC

4:40 - 5:05 PM

**DEBATE
Culprit Only vs. Multivessel PCI in STEMI**

- :: Fix the Culprit and Go Back to Bed!
Paul S. Teirstein, MD, FACC
- :: Finish the Job!
Jeffrey W. Moses, MD, FACC

5:05 - 5:30 PM

**DEBATE
Out of Hospital Cardiac Arrest: To Cath or Not**

- :: Out of My ED and Into Your Cath Lab!
Ivan Rokos, MD, FACC
- :: Unnecessary and Dangerous for the Patient, the Doctor and the Hospital
David A. Cox, MD, FACC

**Friday,
November 22, 2013**

7:55 - 8:00 AM

Welcome Remarks

8:00 - 10:00 AM

SESSION VI - Electrophysiology

Moderators:
Sumeet S. Chugh MD, FACC,
David S. Cannom MD

8:00 - 8:30 AM

**DEBATE
Current Management of Atrial Fibrillation**

- :: Tailored Ablation Therapies are a Win-win Approach
Douglas L. Packer, MD, FACC
- :: Judicious Use of Drug Therapy Trumps All Other Approaches
Eric N. Prystowsky, MD, FACC

8:30 - 9:00 AM

**DEBATE
Which Anticoagulant for Atrial Fibrillation?
Warfarin is Outdated**

- :: Protagonist
Eric N. Prystowsky, MD, FACC
- :: Antagonist
Douglas L. Packer, MD, FACC

9:00 - 9:30 AM

**DEBATE
The Future of the Implantable Defibrillator**

- :: Subcutaneous and Wearable Devices Will Replace the Conventional ICD
Michael R. Gold, MD, PhD, FACC
- :: The Conventional ICD is Here to Stay
Alfred E. Buxton, MD, FACC

9:30 - 10:00 AM

**DEBATE
Sports Activity and Sudden Cardiac Death**

- :: Screen Young Athletes, that is When it Counts
David S. Cannom, MD
- :: Screening for Sudden Death Risk Only Helps the Middle Aged Athlete
Sumeet S. Chugh, MD, FACC

10:00 - 10:30 AM

Break & Visit Exhibits

10:30 - 11:55 PM

SESSION VII - Controversies in Adult Congenital Heart Disease
The Failing Right Ventricle after Repair of Tetralogy of Fallot

10:30 - 10:45 AM

The Scope of the Problem
Stephen C. Cook, MD, FACC

10:45 - 11:00 AM

What Defines a Failing RV and When Should We Intervene?
Ruchira Garg, MD, FACC

11:00 - 11:35 AM

DEBATE

What is the Ideal Way to Replace the Pulmonary Valve in Congenital Heart Patients?

:: Surgery is the Gold Standard and is the Procedure of Choice
Alistair Phillips, MD

:: Transcatheter Pulmonary Valve Therapy Has Come of Age and is the Procedure of Choice
Evan Zahn, MD, FACC

:: What Rebuttal?

A Collaborative Approach is the Future for These Patients
Alistair Phillips, MD, and
Evan Zahn, MD, FACC

11:35 - 11:45 AM

Mechanical Circulatory Assist Device Therapy for the Congenital Heart When All Else Fails

Francisco A. Arabia, MD, MBA, FACC

11:45 - 11:55 AM

What Does the Future Hold for Adults Who Have Survived With Congenital Heart Disease?

Jamil Aboulhosn, MD, FACC

11:55 - 1:00 PM

Lunch

(Lunch activities are not included in CME hours)

Lunch Panel: Innovation in an Environment of Changing Healthcare - Will It Survive in America?

Moderator: Frank Litvack, MD, FACC

Panelists:

Gregory P. Fontana, MD, FACC

Michael Garippa

John G. Webb, MD

Michael J. Mack, MD, FACC

Rita F. Redberg, MD, MSc, FACC

Rhonda Robb

Larry Wood

1:00 PM - 2:00 PM

SESSION VIII - Controversies in Coronary Artery Disease

Moderators:

John G. Webb, MD,

Michael J. Mack, MD, FACC,

and PK. Shah, MD, FACC

1:00 - 1:15 PM

Treatment of Coronary Artery Disease: If Andreas Gruentzig Were Still Alive
Ted Feldman, MD, FACC

1:15 - 1:30 PM

Treatment of Coronary Artery Disease: If Rene Favoloro Were Still Alive

Michael J. Mack, MD, FACC

1:30 - 1:45 PM

Medical Treatment of Atherosclerosis, From Brown and Goldstein Discoveries to What the Future Holds
Ted Feldman, MD, FACC

1:45 - 2:00 PM

Roundtable Discussion

2:00 PM - 2:45 PM

SESSION IX - Aortic Valve

Moderators:

John G. Webb, MD,

Michael J. Mack, MD, FACC

2:00 - 2:15 PM

Transcatheter Aortic Valve Replacement: Promising, but Restraint is Still Needed
Michael J. Mack, MD, FACC

2:15 - 2:30 PM

Transcatheter Aortic Valve Replacement: The Time for Restraint is Over
John G. Webb, MD

2:30 - 2:45 PM

Roundtable Discussion

2:45 - 3:00 PM

Break & Visit Exhibits

3:00 - 4:15 PM

SESSION X - Mitral Valve

Moderators:

Alfredo Trento, MD, FACC,

Saibal Kar, MD, FACC,

Robert J. Siegel, MD, FACC

3:00 - 3:12 PM

Anatomy and Pathophysiology of Mitral Regurgitation
Hartzell V. Schaff, MD, FACC

3:12 - 3:24 PM

Pearls and Myths of Diagnosis of Mitral Regurgitation
Ted Feldman, MD, FACC

3:24 - 3:36 PM

Timing of Intervention for Primary MR and Functional MR
Patrick T. O'Gara, MD, FACC

3:36 - 3:51 PM

Roundtable Discussion

3:51 - 4:03 PM

Transcatheter Therapy for Mitral Valve Disease. Is it the Future?
Saibal Kar, MD, FACC

4:03 - 4:15 PM

Minimally Invasive Surgery: Is it Really Minimally Invasive? Is it Safe?
Alfredo Trento, MD, FACC

4:15 - 5:30 PM

SESSION XI - Controversies in Heart Failure Therapy

Moderators:

Jon Kobashigawa, MD, FACC, and

Francisco A. Arabia, MD, MBA, FACC

4:15 - 4:30 PM

Advances in Heart Failure Therapy: Where Are We Now?
Jon Kobashigawa, MD, FACC

4:30 - 5:00 PM

DEBATE

What is the Optimal Mechanical Therapy for Biventricular Failure?

:: TAH

Francisco A. Arabia, MD, MBA, FACC

:: VAD

Fardad Esmailian, MD

5:00 - 5:30 PM

DEBATE

What is the Future of Biological Therapies for End Stage Heart Disease?

:: Xenotransplantation

Lawrence SC. Czer, MD, FACC

:: Whole Organ Engineering

Jignesh Patel, MD, PhD, FACC

\$395 ACC National Members

**\$195 California Chapter ACC Members/
Cardiac Care Associates**

Registration fees include breakfasts, lunches, and welcome reception, as well as scientific program materials. Please make checks payable to Promedica International in U.S. dollars drawn on a U.S. bank. Visa, MasterCard, Discover and American Express credit cards are also accepted. Registrations should be faxed, mailed or submitted online at www.promedicacme.com.

To register, please complete the attached form and mail or fax to:

Promedica International
300 Carlsbad Village Dr, Suite 108A-326
Carlsbad, CA 92008
Tel: (760) 720-2263, Fax: (760) 720-6263
Lsteigerwald@promedicacme.com

Refunds

All cancellations must be submitted in writing, via facsimile or postal mail. Refunds are subject to a \$100 administration charge. Cancellations cannot be accepted over the telephone. Refunds will not be available after November 8, 2013.

Hotel Accommodations

A special room rate of \$415 per night plus tax at the celebrated Beverly Hills Hotel has been arranged for program participants. Reserve your room prior to the cutoff date of Thursday, October 31, 2013 by calling 1-800-283-8885, or 1-310-276-2251. Mention your affiliation with the *Controversies and Advances in the Treatment of Cardiovascular Disease* symposium to receive the special rate.

Activity Evaluation

Evaluation by online questionnaire will address content, presentation, and future educational needs.

California | **24th Annual Meeting of the California ACC**

WHAT THEY'RE SAYING:

- :: An outstanding program on cutting-edge subjects presented in a manner that invites active participation.
- :: A well-deserved reputation for a high-quality program!
- :: Excellent program that brings cardiology and cardiac surgery together.
- :: The presentations were informative and entertaining. One of the best meetings I've attended!
- :: Exceptional faculty, timely topics, extremely well organized.
- :: Consistently great conference, year after year!
- :: As always, the "Controversies" committee presented the latest and greatest in cardiovascular research and treatment in a provocative and innovative format.
