ADVANCES IN Kidney Disease 2014

DEAR EXHIBITORS!

The Renal Research Institute is proud to host its 16th International Conference on Dialysis, Advances in Kidney Disease 2014. Our Program will be presented by world class renowned speakers and will continue to emphasize new technology and therapeutics in the field of Chronic Kidney Disease and current issues facing the renal community.

The Program of the annual meeting is open to scientific advances from all academic institutions and industry and is intended to meet the needs of practicing nephrologists and academic nephrologists who work in the field of Chronic Kidney Disease and End Stage Renal Disease, as well as nephrology fellows-in-training.

We expect the attendance to **surpass 600 registrants** this year and are very excited about the interest expressed by many of last year's registrants:

"The program provided a unique combination of timely clinical information and Avant-Garde technological information. Excellent." (MD)

"Loved the small format." (DO)

"I enjoyed this conference and felt the topics and speakers were excellent!" (NP)

"Relevant for practicing Nephrologist". (MD)

"Great overall selection of speakers" (Nephrology Fellow)

WHY EXHIBIT?

Quality Attendees! Interact with influential Nephrology professionals as well as 100 Nephrology Fellows, the future decision-makers.

Quality Settings! Breakfasts, lunches, breaks as well as the Welcome Reception (if supported by sponsor) will all be served in the Exhibit Hall maximizing your attendee time.

Quality Visibility! Strengthen your profile and positioning amongst the top decision-makers in the Nephrology community.

Quality Networking! Strengthen your customer relationships and build new leads.
