

BREAST CANCER CONFERENCE & EARLY CAREER TRAINING COURSE

Preliminary programme

7-9 MAY 2015

Brussels, Belgium

IMPORTANT DEADLINES

14 January 2015	Abstract submission
18 February 2015	Early registration and training course application
08 April 2015	Late registration and closure of the online system

Organisers

Partners

CONFERENCE INTRODUCTION

How can we turn the latest scientific discoveries and new technologies into real value for breast cancer patients? Building a bridge between researchers and clinicians in order to address this gap is one of the most important goals of IMPAKT. Networking, dialogue and interaction are at the centre of this unique translational research meeting in breast cancer.

IMPAKT 2015 will bring together innovative thinkers and take a more fundamental approach than other breast cancer conferences to figure out how to best develop and better individualise new strategies to fight breast cancer. IMPAKT puts current and future issues in breast cancer research and treatment into perspective.

We encourage you to present your data at this international platform, meet top experts in the field and network with all of those interested in how to translate new discoveries into better diagnosis and treatment of breast cancer patients. Past participants value IMPAKT's research focus, the scope and depth of the information presented on disease biology, and discussions about the implications for patient management – many attendees return for the latest updates. Having laboratory discoveries translated into clinical practice is what patients need, but it is equally important that data collected in the clinic gets back to researchers to allow them to dig more deeply into the biological behaviour of the disease.

We look forward to welcoming you in Brussels!

Nicholas Turner, London, UK
Executive Chair

Carsten Denkert, Berlin, Germany
Scientific Chair

CONFERENCE OFFICERS

IMPAKT Breast Cancer Conference Founders

José Baselga, New York, NY, US
Martine Piccart, Brussels, Belgium

Executive Committee

Nicholas Turner, London, UK (Chair)

Philippe Bedard, Toronto, ON, Canada
David Cameron, Edinburgh, UK
Robert Coleman, Sheffield, UK
Giuseppe Curigliano, Milan, Italy
Carsten Denkert, Berlin, Germany
Angelo Di Leo, Prato, Italy
Hans-Jörg Senn, St. Gallen, Switzerland
Christos Sotiriou, Brussels, Belgium
Alastair M. Thompson, Houston, TX, US

Scientific Committee

Carsten Denkert, Berlin, Germany (Chair)

José Baselga, New York, NY, US
Philippe Bedard, Toronto, ON, Canada
Kimberly Blackwell, Durham, NC, US
David Cameron, Edinburgh, UK
Lisa Carey, Chapel Hill, NC, US
Robert Coleman, Sheffield, UK
Giuseppe Curigliano, Milan, Italy
Christine Desmedt, Brussels, Belgium
Angelo Di Leo, Prato, Italy
Ian Krop, Boston, MA, US
Sherene Loi, Melbourne, Australia
Sibylle Loibl, Neu-Isenburg, Germany
Luca Malorni, Prato, Italy
Martine Piccart, Brussels, Belgium
Jorge Reis-Filho, New York, NY, US
Hans-Jörg Senn, St. Gallen, Switzerland
Christos Sotiriou, Brussels, Belgium
Fraser Symmans, Houston, TX, US
Alastair M. Thompson, Houston, TX, US
Nicholas Turner, London, UK
Andrew Tutt, London, UK

Who should attend

IMPAKT focuses specifically on translational research and new drug development, in an era where there is potential to provide tailored treatment to biologically homogeneous groups of patients. The Conference provides an ideal environment to foster dialogue between laboratory and clinical scientists as well as representatives of the pharmaceutical industry, and for physicians to gain the knowledge and skills to use new technologies and integrate translational research components into clinical trials.

Conference objectives

- Provide information on the myriad discoveries that already have or will have impact on breast cancer research and treatment in the near future
- Discuss concepts of cellular origin of breast cancer and implications for clinical practice
- Discuss which mutations are clinically relevant in breast cancer and strategies for their identification, as well as therapeutic implications
- Analyse a tumour evolution in the metastatic setting
- Provide an update on strategies to modulate the immune system in breast cancer
- Provide an update on translational research approaches in clinical trials in early stage breast cancer
- Debate on the role of chemotherapy in the context of precision medicine
- Elaborate on results from studies in triple negative breast cancer

Benefits in attending

- Receive a high-level scientific overview of ongoing translational research in the field of breast cancer and exchange opinions with breast cancer researchers, scientists and clinicians
- Get perspective from top experts about advances on a molecular level exploited for clinical purposes
- Stay up to date with scientific progress in breast cancer research as the therapeutic road from the laboratory to the clinic shortens
- Focus on premier data and technologies that sharpen the knife of molecular dissection and define the cellular structures that determine responsiveness to novel therapies
- Present your research data to a high-profile audience of international experts, where the focus is on hot topics in breast cancer research that are of interest to multiple disciplines
- Network with specialists from all breast cancer research related disciplines

GENERAL INFORMATION

Abstract submission

Abstract submission will be possible online only from October 2014 until 14 January 2015. Abstracts of superior quality will be selected by the Scientific Committee for presentation in the Best Abstracts session. Abstracts accepted for poster presentation will be displayed during the Conference.

Accreditation

The programme of this event will be:

- Accredited with ESMO-MORA category 1 points;
- Submitted for CME accreditation to the EACCME (Accreditation Council for Continuing Medical Education). EACCME is an institution of the European Union of Medical Specialists (UEMS). These credits are also recognised by the American Medical Association (AMA) as Physician's Recognition Award (AMA PRA Category 1 credits).

Grants

A restricted number of travel grants to the Conference will be available. Selection of travel grant recipients will be made by the Scientific Committee on a competitive basis from among the accepted abstracts submitted by candidates aged 40 years or younger. In addition to travel subsidies and accommodation, travel grant recipients will receive free registration to both the Conference and the pre-IMPAKT training course. To apply for a travel grant, please refer to the abstract submission instructions available online at impakt.org

IMPAKT 2015 is eco-friendly

Environmentally friendly measures are being implemented for IMPAKT 2015. FSC (Forest Stewardship Council) paper has been used to produce this preliminary programme.

Insurance

The organisers bear no responsibility for untoward events in connection with, before, during and after the Conference. Participants are strongly advised to take out their own personal, health and travel insurance coverage.

Official language

The official language of the Conference is English. Sessions will not be translated.

OncologyPRO

Access to the highest quality scientific knowledge at a click. In addition to a wider range of scientific information and news services, OncologyPRO provides access to materials developed by ESMO. Resources from IMPAKT 2015 will be available on

oncologypro.esmo.org

ESMO has developed OncologyPRO specifically to foster the sharing of knowledge and best practice for both clinical practice and research. OncologyPRO offers ESMO members an unparalleled resource – inte-

grating regularly updated oncology news, clinical research and drug information, practice guidelines and tools, on-line educational materials, publications and more, in a simple, searchable platform.

Participation

More than 500 specialists in breast cancer are expected to join the Conference.

Passport/visa

A valid identity card is sufficient for entry into Belgium for citizens of EU or Schengen member countries. Nationals of non-EU member countries are advised to consult the nearest Belgian Consulate for specific details.

Poster Walk

The Poster Walk will take place during the welcome reception on Thursday, 7 May 2015.

Pre-IMPAKT training course

The training course is particularly focused on young professionals early in their careers by providing them with an understanding of key topics in translational research that are relevant for patient care in breast cancer.

The training course will be held on Wednesday, 7 and Thursday, 8 May 2015. For further details, please visit impakt.org

Press

Free media registration is granted to all bona fide media representatives. A Press area will be open to journalists registered for the Conference. A Media registration form, media policies and other information will be available from the ESMO website esmo.org

Publications

All abstracts will be published online as a supplement of the official ESMO journal, *Annals of Oncology*.

Venue

The Conference will be held at the SQUARE Brussels Meeting Centre, which is located in the centre of Brussels and 20 minutes away from Brussels International airport.

SQUARE Brussels Meeting Centre

Museumstraat 8, rue du Musée
B-1000 Brussels

www.square.brussels.com

Webcast

The Conference webcast will include all sessions of the official programme where speaker permission is granted. ESMO members will also be able to access the webcast via OncologyPro.

EARLY CAREER TRAINING COURSE

Mark your calendar

6-7 MAY 2015

Brussels, Belgium

TRAINING COURSE CHAIRS

Fabrice André, Villejuif, France

Christine Desmedt, Brussels, Belgium

Peter Schmid, London, UK

Training course application deadline:

18 February 2015

CONFERENCE PROGRAMME

Thursday, 7 May 2015

11:00/ 12:00	Press Conference(TBC)
12:00/ 13:00	Industry Satellite Symposium (TBC)
13:00/ 13:15	Official welcome Welcome to the IMPAKT Conference <i>Martine Piccart, Brussels, Belgium</i> Scientific Introduction to the IMPAKT Conference <i>Carsten Denkert, Berlin, Germany and Nicholas Turner, London, UK</i>
13:15/ 14:15	Keynote lecture Tracing the cellular origin of breast cancer <i>Cedric Blanpain, Brussels, Belgium</i> Concepts on cells of origin of cancer: Implications for clinical practice <i>To be announced</i> Q&A
14:15/ 15:45	The molecular origin of breast cancer: Clinical significance of genomic patterns Genomic ventures to explore tumour progression and intra-tumour heterogeneity in breast cancer <i>Peter van Loo, Cambridge, UK</i> APOBEC mutation signatures and the origins of mutation in breast cancer <i>Reuben Harris, Minneapolis, MN, US</i> Which mutations are relevant? Strategies for identification <i>To be announced</i> Therapeutic implications of mutational evolution in breast cancer <i>Lajos Pusztai, New Haven, CT, US</i> Q&A / General Discussion
15:45	Coffee Break
16:15/ 17:45	Best abstracts session
17:45	Welcome reception and Poster Walk

Friday, 8 May 2015

08:30/ 09:15	Keynote lecture Dissecting the proteome of breast cancer <i>Matthew Ellis, Houston, TX, US</i>
09:15/ 10:15	Mutations and therapy resistance: Impact of mutations in the clinic ESR1 mutations and resistance to endocrine therapy <i>Sarat Chandarlapaty, New York, NY, US</i> Mutations in PIK3CA and ERBB2: Resistance mechanism, therapeutic target, or both? <i>Ian Krop, Boston, MA, US</i> Clinical relevance: How do we manage mutational mechanisms of resistance? <i>Sibylle Loibl, Neu-Isenburg, Germany</i> Q&A / General Discussion
10:15	Coffee Break
10:45/ 12:15	Microenvironment and metastatic cascade in breast cancer Tumour evolution in the metastatic setting <i>Christine Desmedt, Brussels, Belgium</i> The impact of tumour genetics on host immune response <i>Timothy Chan, New York, NY, US</i> Strategies to modulate the immune system in breast cancer: Checkpoint inhibitors and beyond <i>Karen Willard-Gallo, Brussels, Belgium</i> Clinical perspectives <i>Giuseppe Curigliano, Milan, Italy</i> Q&A / General Discussion
12:15/ 13:15	Industry Satellite Symposium (TBC)
13:15	Lunch
13:45/ 15:15	Industry Satellite Symposium (TBC)
15:15	Coffee Break

CONFERENCE PROGRAMME

Saturday, 9 May 2015

15:30/ 17:35 **Translational clinical trial approaches in early stage breast cancer**

New aspects of molecular imaging in breast cancer
Elisabeth de Vries, Groningen, Netherlands

If I were to start the I-SPY trials again what would I do differently?
Laura Essermann, San Francisco, CA, US

Selection criteria for post neoadjuvant therapy concepts
Gunter von Minckwitz, Neu-Isenburg, Germany

POETIC strategies: Optimising neo-adjuvant and window studies in oestrogen receptor positive breast cancer
Mitchell Dowsett, London, UK

Panel discussion: Integration of neoadjuvant and adjuvant trials – do we need new strategies for early breast cancer?
Led by Alastair M. Thompson, Houston, TX, US

17:35/ 18:35 **Keynote lecture**

The impact of germline genetics on breast cancer risk and integration in clinical practice
Nazneen Rahman, London, UK

Clinical interpretation
Judy Garber, Boston, MA, US

Q&A / General Discussion

09:00/ 10:00 **Debate: Chemotherapy will have a trivial role in the future of precision medicine**

Speaker Pro
David Cameron, Edinburgh, UK

Speaker Contra
Larry Norton, New York, NY, US

Moderated discussion with audience
Led by Fabrice André, Villejuif, France

10:00 Coffee break

10:30 **Susan G. Komen for the Cure® award session (TBC)**

10:45/ 11:45 **Triple negative breast cancer: First results from tackling the diversity**

Genomic and morphological heterogeneity in TNBC
Jorge Reis-Filho, New York, NY, US

Platinum and targeted therapy in TN breast cancer: For all patients or only a subset?
Andrew Tutt, London, UK

Panel discussion: Potential resistance targets, recent study results and new trial concepts
Panellists:

Jorge Reis-Filho, New York, NY, US

Andrew Tutt, London, UK

Nicholas Turner, London, UK

plus other panellists to be confirmed

11:45/ 12:00 **Closing remarks and introduction of the IMPAKT 2016 Chairs**

CONFERENCE REGISTRATION

FROM DECEMBER 2014 REGISTER ONLINE AT IMPAKT.ORG!

Registration may also be sent by email or fax using the registration form downloadable from impakt.org

Registration fees and deadlines

Fee in EURO (€), Belgian VAT included

	NON ESMO Member Fee	ESMO Member Fee	Discounted Fee*	ESMO Junior Member Fee	Student fee**
Early registration: until 18 February 2015	338.80	254.10	169.40	60.50	60.50
Late registration: until 8 April 2015	605.00	544.50	302.50	60.50	60.50
Full registration: from 9 April 2015	847.00	847.00	847.00	60.50	60.50

* Applicable to participants from developing countries only. At the time of application, developing countries are defined according to latest World Bank statistics as countries with a Purchasing Power Parity (PPP) per capita of less than \$ 10,000 per annum. Information available online at www.worldbank.org

** Applicable to individuals who are students only. At the time of application a copy of the student card must be sent at impakt.registration@esmo.org

Registration requirements

In order to register yourself or another person/s, the following information will be required and conditions will be applied:

- A personal address (Institution or private) and email address for each delegate must be provided during the registration process.
- Multiple registrations with the same e-mail address will not be considered.
- Registration to the Conference implies the acceptance of the Registration Terms & Conditions, which can be reviewed on the IMPAKT website, before registering to the Conference.

Registration fees and deadlines

The IMPAKT Conference Secretariat must receive one completed registration per participant and the corresponding payment in Euro by the above mentioned deadlines. Please note that registration per day is neither possible through the preregistration procedure nor on-site.

The registration fee includes

Access to the Conference, Conference material, welcome reception, lunch on Friday, coffee breaks and VAT.

The registration fee does not include

Airport transfers or accommodation.

Individuals and groups of 1-9 participants

How to register

- Online at impakt.org from December 2014
- Download and fax or email the registration form from the IMPAKT website registration section

Groups (from 10 participants and over)

Group registrations will only be accepted for a minimum of 10 individuals.

How to register

- Online at impakt.org from December 2014
- Group registration via paper will not be accepted.
- Group instructions and Terms & Conditions will be available on the IMPAKT website from December 2014.
- For groups the same fees as for the individual participants apply

Any questions regarding group registration may be addressed to impakt.registration@esmo.org

Group deadlines

- Early registration deadline: **18 February 2015**
- Group participant details to be supplied: **11 March 2015**
- Late registration deadline: **8 April 2015**
- Name changes for free: **8 April 2015**
- Collection of material onsite from **7 May 2015**

Registration of ESMO members

To register an ESMO Member and to benefit from the reduced fee, the full Membership ID number of the participant must be provided during the registration process. ESMO Members may register online, either logging into their myESMO profile using their login details, or providing the ESMO ID number on the registration form. In order to be eligible for preferential fees, the ESMO membership account must be in good standing with the Society. Please verify membership status prior to registering for the Conference. For more information please review the Registration Terms & Conditions on the IMPAKT website.

Name changes

Name changes received prior to the late registration deadline (8 April 2015) are free of charge for both individual and group registration. After 8 April, **a handling fee of EUR 100** will be charged for each name change. For individual registrations name changes should be notified in writing to the IMPAKT Conference Secretariat to **impakt.registration@esmo.org**

Group registration name changes should be processed directly online.

Name change requests by email, fax or phone will not be accepted.

Important note: A delegate registered as ESMO Member can only be replaced by another ESMO Member.

Invitation letter for visa application

Individuals can download their electronic invitation letter online through the registration system. To download / receive the invitation letter, participants must first register to the Conference and pay in full. For special requests please contact **impakt.registration@esmo.org**

The invitation letter does not commit the IMPAKT Conference Secretariat to any financial obligations whatsoever. All expenses incurred in relation to the Conference are the sole responsibility of the delegate. For more information please review the Registration Terms & Conditions on the IMPAKT website.

Exhibitors

Owners, representatives and employees of exhibiting firms will have the possibility to request an unlimited number of exhibitor badges free of charge through the exhibitors manual. The exhibitor badge authorises access to the exhibition and industry satellite symposia but **does not authorise** entrance to the scientific activities and functions of the Conference.

BOOKING YOUR OWN CONFERENCE TRAVEL IS EASY AS ABC

WITH THE GLOBAL
ONLINE BOOKING TOOL
FROM STAR ALLIANCE
CONVENTIONS PLUS

No matter where you are travelling from, the Star Alliance™ network offers you a wide choice of flights to the IMPAKT 2015 in Brussels, Belgium.

And with over 18,500 flights a day to 1,316 destinations across 192 countries, our 27 member airlines extend the same choice to any future conferences you are planning to attend.

You can also save money when you book your flights. Simply quote the Convention Code SN04S15 and you plus one travelling companion will receive a special discount. Better still, no matter which Star Alliance member airline's frequent flyer programme you belong to, you can earn and redeem miles across all 27 airlines.

For more information, or to join the airline network that offers you more choice wherever your conferences take you, simply go to www.staralliance.com/conventionsplus

ABSTRACT SUBMISSION

SUBMISSION CATEGORIES AND DEADLINES

- Detection and diagnosis
- Early breast cancer systemic therapy
- Loco-regional therapy
- Advanced breast cancer systemic therapy
- Genomics and proteomic analysis of breast cancer
- Biomarkers in breast cancer (prognostic, predictive and pharmacodynamic)
- Breast cancer host immune and stromal biology
- Imaging (preclinical and clinical)
- Preclinical breast cancer biology
- Breast cancer target identification and validation and preclinical models
- New drug development
- Miscellaneous

ABSTRACT SUBMISSION DEADLINE: **15 January 2015**

Please read the abstract submission instructions and submit your abstract online at: impakt.org

Submission by e-mail is not accepted

MEET US AT ONE OF THESE EVENTS

6th EMUC - European Multidisciplinary Meeting on Urological Cancers

Lisbon, Portugal, 13-16 November 2014

2nd Immuno-Oncology Symposium

Geneva, Switzerland, 21-22 November 2014

10th International Symposium on Advanced Ovarian Cancer

Valencia, Spain, 6 March 2015

3rd ESMO Personalised Medicine Symposium - Signalling Pathways in Cancer

Barcelona, Spain, 13-14 March 2015

5th ELCC - European Lung Cancer Conference

Geneva, Switzerland, 15-18 April 2015

17th ESMO World Congress on Gastrointestinal Cancer

Barcelona, Spain, 1-4 July 2015

ESMO-ESO Course on Medical Oncology for Medical Students

Valencia, Spain, 16-21 July 2015
