Dear colleagues and friends:

We are pleased to invite you to attend the 40th International USC Periodontal & Implant Symposium. The theme of this year's symposium will be: "Myth Busters". Clinical practice of dentistry is fraught with many myths that have been propagated by misleading and opinion-filled presentations, as well as commercial hype. It is difficult for many clinicians to discern between hype, opinion and evidence. A panel of internationally renowned experts will examine many common clinical beliefs and determine their validity. Some of the questions explored include: can periodontal tissues be regenerated and maintained? Can implants be predictably placed into fresh extraction sockets? Can various interventions to preserve the alveolar ridge maintain the bone volume? Are autogenous bone and soft tissues the gold standards for various augmentations of bone (Sinus, alveolar ridge) and mucosa (recession defects, soft tissue complications)? Can nutrition and stress affect health and response to therapy? The program boasts five days with a diverse range of educational opportunities. In addition to the two-day general sessions, there are seven hands-on workshops, including four cadaver workshops and five model workshops. Although the majority of the general session presentations are interdisciplinary in nature, there are also sessions designated as "Surgical Track", "Restorative Track" and "Dental Hygiene Forum" that focus on specific disciplines. The program is sure to inspire you and provide material, which are very germane to clinical practice. This is an educational opportunity not to be missed by the entire oral healthcare team, including specialists, restorative dentists, dental hygienists and dental technologists.

Homayoun Zadeh, DDS, PhD
Symposium Chair and Moderator

All speakers must disclose to the audience any proprietary, financial or other personal interest of any nature or kind, in any product, service, source and/or company, or in any firm beneficially associated therewith that will be discussed or considered during their presentation. The Ostrow School of Dentistry of USC does not view the existence of these interests or uses as implying bias or decreasing the value to participants. The Ostrow School of Dentistry of USC, along with ADA CERP, feels that this disclosure is important for the participants to form their own judgment about each presentation.

Wednesday, January 21, 2015 - Herman Ostrow School of Dentistry of USC

8am-5pm	Cadaver Workshop: Vestibular Incision Subperiosteal Tunnel Access (VISTA) soft tissue augmentation (Homa Zadeh)
	Hands-On Workshop: Harnessing the power of digital dentistry for surgeons and restorative dentists (Richard Lin)

Thursday, January 22, 2015 - Herman Ostrow School of Dentistry of USC

8am-5pm	Cadaver Workshop: Vertical ridge augmentation (Istvan Urban)
---------	--

Friday, January 23, 2015 - General Sessions - Millennium Biltmore Hotel Crystal Ballroom

	8:00 am	Registration & Continental Breakfast
Keynote Lecture	8:45 am	Welcoming Remarks (Homayoun Zadeh)
	9:00 am	Marco Esposito (Keynote Speaker)
Extraction socket as an implant site	9:40am	William Giannobile
	10:15 am	Coffee Break
	10:45 am	Lyndon Cooper
	11:20 am	Christoph Hämmerle
	11:55 am	Expert Panel
	12:15 pm	Lunch

Surgical Track - Crystal Ballroom

Restorative Track - Tiffany Ballroom

Maxillary sinus	1:30 pm	Stephen Wallace	Periodontics & Prosthodontics <i>Moderator: Ramin Mahallati</i>	1:30 pm	George Cho
	2:00 pm	Hom-Lay Wang		2:15 pm	Masayuki Okawa
	2:30pm	Christopher Church			
	3:00 pm	Coffee Break			
Ridge augmen- tation	3:30 pm	Arash Khojasteh	Material selection: dental ceramics	3:30 pm	Richard Lin
	4:00 pm	Istvan Urban		4:15 pm	Lyndon Cooper
	4:30 pm	Expert Panel			
	5pm-7pm	Cocktail Reception			

Saturday, January 24, 2015 General Sessions - Crystal Ballroom

Saturday, January 24, 2015 Hygiene Forum - Tiffany Ballroom

	7:30 am	Registration & Continental Breakfast				
Perio regenera- tion	8:00 am	Hom-Lay Wang		Systemic oral connection	8:00 am	Welcome
