Dr. Yamashita holds a Fellowship of the American College of Dentists, and is a Fellow of the International College of Dentists.

All speakers must disclose to the audience any proprietary, financial or other personal interest of any nature or kind, in any product, service, source and/or company, or in any firm beneficially associated therewith that will be discussed or considered during their presentation. The Herman Ostrow School of Dentistry of USC does not view the existence of these interests or uses as implying bias or decreasing the value to participants. The Herman Ostrow School of Dentistry of USC, along with ADA CERP, feels that this disclosure is important for the participants to form their own judgment about each presentation.

Synopsis

Have you ever had a routine dental extraction that turned ugly? Don't let minor complications such as broken root tips stump you! Learn how to manage oral surgery cases with confidence and minimal stress.

This all-day lecture course is designed for general dentists who want to expand their oral surgery experience and better understand and manage dento-alveolar surgical procedures. This comprehensive course will offer you, the general practitioner, an opportunity to better handle your extraction cases, manage complications and know what to avoid.

Upon completion participants should be able to:

- Perform pre-operative patient evaluation and assess difficult extractions
- Better manage medically compromised patients
- Prescribe medications most commonly used for oral surgery
- Know the latest updates on managing patients on bisphosphonates
- Apply effective local anesthesia techniques
- Use instrumentation for atraumatic extraction and dento-alveolar surgery
- Apply tissue management and flap designs for various surgical procedures
- Effectively retrieve broken root tips utilizing principles of exodontia
- Understand the advantages and disadvantages of socket grafting and the relevance of choosing a graft material
- Manage complications more efficiently

Testimonials

"I felt like this was a great course! I enjoyed having 3 speakers, nice perspective by 3 oral surgeons. All 3 speakers were very informative and interesting. Objectives of the course were met. I would take other courses by these speakers again!"

- Dr. Jeffrey Trammell, Yakima, Washington

"The speakers are all very informative. I appreciate them sharing personal stories from years of experience. I left feeling very up to date on studies pertaining to oral surgery and especially managing medically compromised patients and what to be aware of."

- Dr. Kristen Kudrewicz, Las Vegas, Nevada

"This course was an excellent review for me. I appreciate the diversity of speakers and their expertise. I took valuable clinical tips back to my office, especially new surgical instruments to enhance my skill set. Thank you USC!"

- Dr. Stephen A. Folson, Peoria, Arizona
