American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN™

WHAT IS A PRACTICAL PEDIATRICS CME COURSE?

Designed for pediatricians, family physicians, nurse practitioners, physician assistants, nurses, and allied health professionals caring for children, Practical Pediatrics CME Courses feature nationally prominent faculty presenting topics that highlight current issues in pediatrics. Each course combines lectures, interactive seminars, and question-and-answer sessions to allow you the opportunity to interact directly with faculty in solving the problems you encounter in everyday practice.

OBJECTIVES

By attending a Practical Pediatrics CME Course, you will:

- Update your knowledge of clinical issues by reviewing hot topics and recent practical advances for your office.
- Increase your ability to diagnose and manage patients in your practice by analyzing and discussing cases with the faculty and your peers.

WHY YOU SHOULD ATTEND A PRACTICAL PEDIATRICS CME COURSE

- Weekend courses with half-day sessions combine continuing professional development with relaxation and recreation at great destinations.
- Top-quality education and an opportunity to talk directly with expert faculty provide current and practical pediatric information to take back to your office and use right away.
- Interactive, case-based sessions offer expert guidance about situations you encounter in practice.
- Hot-topic discussions cover the latest in pediatric medicine.
- Exhibits displaying the latest publications and health-care products keep you up to date.

FACULTY AND SCHEDULE CHANGES

Faculty and schedule information included in this catalogue is accurate as of September 2013. Faculty and schedules are subject to change to accommodate emergent situations. Visit www.aap.org/livecme for faculty and schedule changes as well as other important updates.

NEW FOR 2014!

- Extend your learning at The Bahamas and Las Vegas courses with specially-priced educational offerings on PediaLink®. See pages 6 and 11 for details.
- Participate in office-based asthma emergency simulations at the Anaheim course. See page 10 for details.

ELECTRONIC COURSE SYLLABUS

In order to provide high quality images and graphics and in the spirit of going green, the syllabus for the 2014 Practical Pediatrics CME Courses will be available to all attendees online for download in advance of the course. The electronic syllabus will contain the presentations for the various educational sessions along with other useful information. You will also be able to take notes directly on the contents using Adobe Reader, in much the same way you would with a printed syllabus.

To accommodate individual learning styles, you can choose to print the syllabus before the course, or you can order a printed copy if you prefer. If you would like to receive a printed copy of the syllabus, simply select that option on the course registration form. Please note that an additional fee of \$50 applies. To be guaranteed receipt of a printed syllabus at the course, you must register by the early bird deadline for the course you will be attending.

Note: For those who have not pre-ordered the printed syllabus, copies may be available for purchase onsite or after the course; however, quantities will be limited, and availability cannot be guaranteed. The price for a printed syllabus ordered onsite or after the course is \$150.

Electrical power for laptop and tablet use will not be available for full-time use by each course attendee throughout the educational sessions. A limited number of power outlets will be available for brief recharging of computers and tablets during the courses.

Each Practical Pediatrics CME Course includes general session lectures and question-and-answer sessions as well as concurrent interactive seminars. Concurrent seminars are repeated each day, giving all course registrants the opportunity to attend three of the concurrent seminars over the course of the activity. See individual course description pages for a list of the concurrent seminars offered at each course and to select those you wish to attend.

In addition to educational sessions, courses feature exhibits, break times, and informal networking opportunities. Planned with plenty of free time for leisure activities, these courses provide a perfect mix of CME and R&R.

For individual brochures, including detailed schedules for each course, go to www.aap.org/livecme and click on the course of interest to you. Individual course schedules can also be requested by calling the AAP Customer Service Center at 866/843-2271.

December 26, 2013.

Beaver Run Resort and Conference Center

620 Village Road
Breckenridge, CO 80424
www.beaverrun.com

Direct Phone Number: 970/453-6000
Toll-free Phone Number: 800/265-3560
Guest Fax Number: 970/453-4284

Special group rates beginning at \$184 per night, plus tax and Resort Lodging Fee, for single or double occupancy, have been negotiated at the Beaver Run Resort and Conference Center. These rates represent substantial savings from published rates. **The cutoff date for reservations at the group rate is December 26, 2013. Call the hotel directly to make your reservations.**

A limited number of guest rooms have been reserved, and they are assigned based on availability (first-come, first-served). Please be aware that the room block may be filled prior to December 26, 2013; in such a case, neither the group rate nor guest room availability can be guaranteed. The AAP, therefore, recommends that you make your reservations as early as possible.

Child Care: For information on child care and activities for children, contact 888/LRN-2SKI (576-2754).

Ground Transportation: Breckenridge is located about 80 miles or 1.5 hours from Denver. Daily flights are available to/from Denver International Airport. The AAP has negotiated a discounted rate with Colorado Mountain Express, which operates shared and private transportation from Denver International Airport. Please use discount code, AAP, for online reservations at www.ridecme.com or call 800/525-6363 and say you are with the American Academy of Pediatrics. Rental cars are also available from Denver International Airport.

Parking: Self-parking is available at this hotel for a fee.

Cancellations: Course cancellations must be received in writing by **January 9, 2014** to receive a refund. An administrative charge of \$50 will be deducted.

Historic and charming, Breckenridge is known for its welcoming vibe and casual atmosphere that extends from the Victorian mining town to the ski resort summit. Nestled in the heart of the Rocky Mountains, Breckenridge is higher than most Colorado towns at 9,600 feet above sea level. With its high-Alpine climate, Breckenridge celebrates 300 inches of snowfall and 300 days of sunshine per year, creating the ultimate year-round playground. In January, there are many things to do in addition to skiing. Taste excitement with a dog sled tour, cozy up on a sleigh ride, or get pampered at a spa. Breckenridge was a town long before it was a ski resort and has a rich history of gold finds, exploration, booms, and busts. Home to the largest historic district in Colorado, the town features a new welcome center, heritage tours, and treasures that await your discovery. The bustling town is known as the perfect place to shop. With over 200 stores to choose from, visitors enjoy quaint storefronts featuring art galleries, chic boutiques, jewelry, antiques, housewares and home furnishings, sporting goods, and clothing. More than 75 restaurants will tempt your taste buds with fare to satisfy appetites from elegant dining to affordable bar food. Breckenridge is also known for its nonstop nightlife, with amazing scenic happy hour decks, historic lively saloons, and hip music scene. For more information, please visit www.gobreck.com.

Atlantis Paradise Island Resort and Casino

1 Casino Drive
Paradise Island
Nassau, The Bahamas
<http://www.atlantis.com/myevent/practicalpediatrics.aspx>
Toll-Free Phone Number: 800/386-4786
Guest Fax Number: 242/363-3524
Use Group Code FAAPF14 to register online or by phone.

With the lure of a big city and the ease of a tropical utopia, Nassau and Paradise Island in The Bahamas are considered by many to be, well, paradise.

Nassau, the capital of The Bahamas, is a bustling metropolitan hub full of culture and modern amenities. To the north lies Paradise Island, 685 acres of pure euphoria, developed almost exclusively to delight and accommodate visitors. The island has resorts, hotels, restaurants, shops, nightlife, a golf course, an aquarium and a casino. English is spoken here, and American currency is welcome. Paradise Island brings families together, simply because it makes parents begin acting like children themselves. This transformation is easy when you're surrounded by so many things to do as a family—beaches, water parks, snorkeling, dolphins, and trips to an underwater world. Activities on the water include—but are not limited to—diving, swimming with dolphins, fishing, sailing, sunset cruises, kite boarding, and power boating to cays and private islands. For a change of pace, you can visit downtown Nassau for shopping on Bay Street or the Straw Market. Take a horse-and-buggy tour to see historic Balcony House, Pompey Museum, the National Art Gallery, and the changing of the guard at Government House. Then visit Arawak Cay for a genuine Bahamian-style lunch with fresh seafood and cold drinks. For more information, please visit www.bahamas.com.

The Atlantis Paradise Island Resort has multiple resort towers. The AAP special group rates are:
Beach Tower (close to meeting space): \$229
Coral Tower (close to meeting space): \$239
Royal Tower (main signature tower): \$269
Cove (luxury): \$369

The above rates do not include taxes and levies totaling 18% per night. Guests are also responsible to pay three additional fees: a one-time bellman fee charge of \$6 for every guest 12 and older; a \$1.60 per person per night pool/lifeguard fee for every guest 12 years and older; and a \$5 per person per night housekeeping fee. AAP guests are exempt from the additional resort utility service fee. Third and fourth guests, aged 12 and up, will be charged a rate of \$50 per person, per night, plus the applicable resort charges. **The cutoff date for reservations at the group rate is January 24, 2014. Call the hotel directly to make your reservations.**

A limited number of guest rooms have been reserved, and they are assigned based on availability (first-come, first-served). Please be aware that the room block may be filled prior to January 24, 2014; in such a case, neither the group rate nor guest room availability can be guaranteed. The AAP, therefore, recommends that you make your reservations as early as possible.

Meals: The AAP rates do not qualify our guests for any Atlantis meal plan or other offers. While food at the resort can be costly, reasonably priced meals are available at pool and beach-side outlets as well as at several restaurants both on and off the property.

Child Care/Activities: Atlantis has a full child care center. Visit www.atlantis.com for information.

Dining Reservations: Call the dining specialist toll-free at 888/526-0386 for fine dining reservations. Fine dining options fill up well in advance, so it is recommended that you call for reservations as soon as your hotel reservation is confirmed. See hotel policies on cancellations.

Ground Transportation: Taxi service is the preferred option for transportation to/from Nassau International Airport. The cost is approximately \$36 each way. Shuttle service is also available.

Parking: Valet parking (\$10 per day) and self-parking (\$5 per day) are available at this resort.

Travel Documents: See page 14 for information on required travel documents.

Cancellations: Course cancellations must be received in writing by **February 7, 2014** to receive a refund. An administrative charge of \$50 will be deducted.

You can go to Orlando and avoid the parks, but do you really want to?

With the world's highest concentration of theme parks, America's playground offers elaborate escapes from the real world. Heavy-hitters like Disney's Magic Kingdom and Epcot anchor the entertainment line-up, while niche offerings like Gatorland, the Wizarding World of Harry Potter at Universal Orlando, and SeaWorld fill in any imaginable gaps. The Kennedy Space Center is another popular attraction. You'll experience an interactive simulation where you can feel what it's like to be an astronaut. Then tour the launch areas and rockets, meet veteran astronauts, and, if you're lucky, catch a real-life rocket launch. In a place as manufactured as Orlando, it may surprise you to learn how many opportunities there are to see animals—both captive and wild. There are animals galore at Orlando's parks, or you can join an airboat tour of the wetlands or kayak or hike to spot critters in their natural habitats. Organized ghost tours focus on spooky stories from the past, or you can join a history expert on a walking tour of downtown Orlando to see how the city has changed over the years. Orlando is a great family spot, but the area's nightlife, shopping, spas, and golf draw visitors of all ages. For more information, please visit www.visitorlando.com.

The AAP, therefore, recommends that you make your reservations as early as possible.

Ground Transportation: Shuttle service is available through K Shuttle Service. A link will be provided to their website approximately one month prior to the course for attendees to make their shuttle reservations. Watch for an announcement on the course website.

Parking: Valet and complimentary self-parking are available for all Hilton Head Marriott Resort and Spa guests.

Cancellations: Course cancellations must be received in writing by **May 9, 2014** to receive a refund. An administrative charge of \$50 will be deducted.

Internationally known Hilton Head Island is located off the Atlantic coast of South Carolina, 90 miles south of Charleston. The island offers world-class golf, award-winning dining, superior shopping, and endless recreational outlets for lovers of land and sea. Hilton Head's pristine natural environment offers a relaxing, hospitable atmosphere with subtle signage and no neon lights. Fertile salt marshes, networks of lagoons and creeks, forests of moss-draped oaks, magnolias, pines, and palmettos, and 12 miles of sandy beaches are interspersed with championship golf courses, tennis courts, fine restaurants, and luxurious hotels and resorts. Warmed year-round by the Gulf Stream, the island's average daytime temperature is a mild 70°F. Some of the many outdoor activities on Hilton Head are biking, kayaking, sailing, surfing, scuba diving, waterskiing, fishing and crabbing, horseback riding, and dolphin-watching cruises. Golf is the major activity—visitors should check ahead to see which of the island's more than 25 courses offer public tee times. Hilton Head also boasts a flourishing cultural community of fine art, music, and theatrical venues. There are over 250 restaurants, ranging from fast-food to all types of gourmet dining. And you'll find more than 200 shops, from elegant boutiques and art galleries to outlet malls featuring designer brands at significant savings. For more information, please go to www.hiltonheadisland.org.

Warm weather makes May a great time to visit New York City and avoid the summer crowds.

New York's size and diversity offer something for everyone. Especially noteworthy in May is Fleet Week, America's premier tribute and "thank you" to the men and women who serve in the armed forces. Fleet Week features dozens of military demonstrations and displays as well as public tours of ships and a Memorial Day ceremony. The Metropolitan Museum of Art houses more than 2 million works of art from around the world and throughout history, and the city's many other museums, including the MOMA, the Guggenheim, and the Whitney all offer such vast and diverse collections that there's sure to be something that appeals to you. Grand Central Terminal is another "must-see." With all of its renovations and its beautiful Beaux-Arts architecture, Grand Central has become much more than just a hub for transportation, it features many shops and dining opportunities available to visitors. You'll also enjoy the Staten Island Ferry, a free ferry from lower Manhattan to Staten Island used by commuters and tourists wanting a view of the harbor and the Statue of Liberty. The 843 acres of Central Park have offered a welcome escape from the concrete jungle of New York City for over 150 years. You can take a walk or a boat ride or just enjoy a picnic in Central Park and discover for yourself why the park is so popular. For more information, please visit www.nycgo.com.

Situated between Los Angeles and San Diego in the heart of sunny Southern California is Anaheim/Orange County, a unique region with a creative spirit and a diverse range of activities that make it one of the nation's most popular destinations.

Anaheim is the center of excitement, cultural exploration, and endless possibilities in Orange County. Here you can experience Disneyland and also explore the wonders of Disney California Adventure® Park, with the visually spectacular World of Color, a dazzling nighttime show that weaves water, color, fire, and light into a kaleidoscope of fantasy. Or visit Downtown Disney® District, a lively array of outdoor vendors, specialty shops, and one-of-a-kind restaurants, like Ralph Brennan's Jazz Kitchen. You'll also enjoy Anaheim Garden Walk, Orange County's newest oasis of outdoor shopping, dining, and entertainment. Just down the street is a bustling district of unique eateries, retail shops, the City National Grove of Anaheim (a concert entertainment center), and sports venues where you can catch MLB's Angels at the Angel Stadium of Anaheim. A new attraction is Founders' Park, a museum for historic artifacts that includes a full-sized windmill, historically inspired gardens, and walkways and trails with interpretive panels depicting the area's history. For more information, please visit www.anaheimoc.org.

For decades, Las Vegas has occupied a singular place in America's cultural spectrum.

Elvis impersonators, show girls, and neon lights are some of the most familiar emblems of Las Vegas culture, but they are only part of the story. In recent years, Las Vegas has secured its place on the cultural map. From the highbrow to the kitschy, you can bet on Las Vegas to deliver a well-rounded dose of art and culture. The National Museum of Organized Crime and Law Enforcement (The Mob Museum) is an interactive museum presenting a bold and authentic view of organized crime's impact on Las Vegas' history and its unique imprint on America and the world. Titanic: The Artifact Exhibition showcases authentic artifacts recovered from two and one-half miles below the surface of the North Atlantic. Visitors can view many never-before-seen items including gaming chips, passenger personal papers, and decorative sections from the famed Grand Staircase. The National Atomic Testing Museum is a repository for one of the most comprehensive collections of nuclear history. Included are thousands of rare photographs, videos, artifacts, and scientific data from the Nevada Test Site, the Cold War, and nuclear science and technology. For more information, please visit www.visitlasvegas.com.

It's not your parents' Fort Lauderdale! The area was once known as a haven for partying college students on spring break, made famous by the 1960 movie, "Where the Boys Are." But Fort Lauderdale today has become a popular recreation spot for everyone—couples, families with children, and, yes, even a few college students. It is the seat of Broward County in South Florida, a county that encompasses 1,197 square miles and 23 miles of Atlantic Ocean beach. The famous Florida Everglades occupy two thirds of the county, and the 300 miles of navigable waterways give Broward County the nickname "Venice of America." It's always playtime in Fort Lauderdale, which has a year-round tropical climate. The average annual high temperature is 76° F, and there are 3,000 hours of sunshine a year. The ocean is ideal for all water sports—swimming, sailing, windsurfing, water skiing, boating, fishing, snorkeling, and scuba diving, to name a few. This is one of the few areas in the world where both freshwater and salt water fishing are readily available. In addition to more than 200 freshwater species that can be caught in the county's lakes, there are deep water fishing fleets located in each of the seven cities that line the Atlantic coast along with four municipal piers. There are 56 golf courses in Broward County and more than 550 public and private tennis courts. For more information, please visit www.sunny.org.

Located in the heart of south central Texas, San Antonio offers a unique blend of charm, vibrancy, and color.

December temperatures are mild, with daily highs in the 60s. In San Antonio you can discover the lingering cornerstones of great American history as you open the doors to the famed Alamo and visit the historic arts village of La Villita—San Antonio's original neighborhood. You can flow through the heart of the city on a river cruiser and take in the beauty of the River Walk, which artfully connects downtown hotels, restaurants, boutiques, museums, and historical venues. You'll also enjoy a batch of restaurants as diverse as the city itself. From mom-and-pop taco shops to some of the best fine-dining restaurants in the nation, San Antonio satisfies every taste and budget. And you can take advantage of 300 days of sunshine a year at one of many award winning golf courses. Visitors can also watch the NBA's San Antonio Spurs, dance to the sounds of flamenco music in the night, or visit a Mexican market to take a piece of the culture home. After all that, you'll be ready to book an afternoon at one of the city's impressive, full service spas. Only in San Antonio can you luxuriate with an Avocado Facial, a Texas Two-Step Massage, and the Yellow Rose Bathing Ritual. For more information, please go to www.visitsanantonio.com.

CONCURRENT SEMINAR SELECTION

You can attend one concurrent seminar each day in the subspecialty of your choice. To allow more informal interaction with the faculty, attendance in each seminar is limited and is offered on a first-come, first served basis. Confirmation of your concurrent seminar registrations will be included in your onsite registration packet.

REGISTRATION

Using your Visa, MasterCard, American Express, or Discover, you can register online at www.aap.org/livecme, fax your registration to 847/228-5059 or 847/434-8757, or call toll-free 866/843-2271. Outside the United States and Canada, call 847/434-4000, option 3.

Please have your credit card and concurrent seminar selections ready prior to calling. If your membership status has changed or lapsed, the registration staff will charge the appropriate fees accordingly.

Educational sessions as well as food and beverages provided during the course are intended for course attendees only. Lodging and meals, other than specified, are not included in the registration fee.

Onsite registrants are welcome if space is available. Availability of course materials cannot be guaranteed for these registrants, however, until after the course.

COMPREHENSIVE COURSE SYLLABUS

As part of your registration, you will have access to electronic course materials containing useful information that supports and augments the educational sessions. See page 2 for complete information about the electronic syllabus as well as options for either downloading or ordering a printed syllabus.

TRAVEL DOCUMENTS

All U.S. citizens are required to present a valid U.S. passport in order to enter or re-enter the United States when travelling by air. U.S. citizens do not need visas for short trips to The Bahamas for tourist/business purposes. It is important to note that, although the Bahamian government only requires proof of citizenship and identity in order to enter The Bahamas, the U.S. government requires that Americans have a valid passport in order to fly home. Most airlines will not permit a U.S. citizen to fly to The Bahamas without a valid U.S. passport and risk getting stranded.

Note: Many countries require that a passport be valid for six months beyond your intended return date.

AIR TRANSPORTATION

The AAP Travel Office is pleased to offer negotiated airline discounts to our CME courses. For complete details call the AAP Travel Office at 888/227-1772, Monday-Friday, 8:00AM-4:30PM CST, to make your travel arrangements. AAP members only may also take advantage of making their travel arrangements online through Concur at www.concursolutions.com.

If you were a nuTravel user:

- Current members that are nuTravel users will automatically have a Concur login.
- The login is your AAP ID number @aap.org.
- Your initial password is changeme. You will change your password once you enter the site.

If you are a new user, or if you find that your login is invalid, contact the AAP Travel Office for help at 888/227-1772. All applicable airline discounts will be taken at the time of ticketing by the AAP travel agency.

CAR RENTAL DISCOUNTS

The AAP Travel Office is offering CME course attendees a reduced car rental rate through Hertz and Avis. Please ask your AAP Travel Agent for details. Hertz can be reached directly at 800/654-2240 or www.hertz.com. The AAP discount code is CV01570018. Avis can be reached at 800/331-1600 or www.avis.com. The AAP discount code is AWD A628999.

SPECIAL NEEDS

The AAP is sensitive to the special needs of its attendees. Please indicate any accommodations on your registration form. Scooter and wheelchair rentals are available by contacting ScootAround, Inc., toll-free at 888/441-7575, by email at info@scootaround.com, through their website at www.scootaround.com, or by fax at 204/478-1172.

CONTINUING MEDICAL EDUCATION CREDIT

The American Academy of Pediatrics (AAP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The AAP designates each of these live activities for a maximum of 17.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

These activities are acceptable for a maximum of 17.25 AAP credits. These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate Members of the AAP.

The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit™* from organizations accredited by ACCME. Physician assistants may receive a maximum of 17.25 hours of Category 1 credit for completing this program.

These live activities, Practical Pediatrics CME Courses, have been reviewed and are acceptable for up to 17.0 Prescribed credits by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Each of these programs is accredited for 17.25 NAPNAP CE contact hours per the National Association of Pediatric Nurse Practitioners (NAPNAP) Continuing Education Guidelines.

DISCLOSURE OF FINANCIAL RELATIONSHIPS AND RESOLUTION OF CONFLICTS OF INTEREST

The AAP Policy on Disclosure of Financial Relationships and Resolution of Conflicts of Interest is designed to ensure quality, objective, balanced, and scientifically rigorous AAP CME activities. All individuals in a position to influence and/or control the content of AAP CME activities are required to disclose to the AAP and subsequently to learners that they either have no relevant financial relationships or any financial relationships with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in CME activities. All potential conflicts of interest are identified and resolved prior to an individual's confirmation of service at an AAP CME activity. Beyond disclosure of financial relationships, AAP CME faculty are required to disclose to the AAP and to learners when they plan to discuss or demonstrate pharmaceuticals and/or medical devices and/or medical or surgical procedures that involve "off-label" use of a device or pharmaceutical. The AAP is committed to providing learners with commercially unbiased CME activities.

The content of these CME activities does not necessarily reflect the views or policies of the AAP.

2014 CATALOGUE

American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN™

2014 AAP CME SCHEDULE

- **Practical Pediatrics CME Courses**
Designed for pediatricians, family physicians, nurses, nurse practitioners, physician assistants, and allied health professionals caring for children, Practical Pediatrics CME Courses feature nationally prominent faculty presenting topics that highlight current issues in pediatrics.

- ❖ **PREP® The Course**
An intensive review and update of pediatrics and a unique component of the American Academy of Pediatrics overall educational program. While the course content is based on the content specifications issued by the American Board of Pediatrics (ABP) for Maintenance of Certification™ (MOC), the course also features case-based sessions, hot topics and visual diagnosis components related to the latest information on clinical practice.

- ★ **Subspecialty/Section CME Courses**
Appropriate for the pediatric subspecialist or the general pediatrician with a particular interest in the topic.
- ▲ **AAP Experience | www.aapexperience.org**
The AAP Experience (National Conference & Exhibition) features educational sessions in over 60 topic areas to suit a variety of learning styles. Home to the largest pediatric technical exhibit, the conference showcases the latest pediatric products and services, as well as AAP educational and professional resources and programs. The AAP conference also provides countless premier social events, networking opportunities, and tourism packages and services for attendees and their families.
