## 37th Annual UC Davis Winter Conference

**February 24 – 28, 2014**

THE RITZ-CARLTON  
LAKE TAHOE

Sponsored by:  
UC DAVIS HEALTH SYSTEM  
Office of Continuing Medical Education  
and Department of Emergency Medicine

Monday, February 24, 2014

## CARDIAC EMERGENCIES

- 6:30 am** Registration, Continental Breakfast, Visit Exhibits
- 7:30** **ED Management of Congestive Heart Failure (CHF)**  
*J. Douglas Kirk, MD*  
Despite advances in therapy, CHF remains difficult to treat, with very few new management options. Dr. Kirk will discuss how to orchestrate the management of this important disease syndrome.
- 8:20** **Got Rhythm? Current Management of Atrial Fibrillation**  
*Deborah Diercks, MD, MSc*  
Atrial fibrillation is a common malady in ED practice. Clinicians face decisions regarding rhythm control, rate control, and anticoagulation. Dr. Diercks will review the most current recommendations for management of this challenging arrhythmia.
- 9:10** **Case Studies in Cardiac Emergencies**  
*J. Douglas Kirk, MD*  
Using a case-based format, including ECGs and imaging, Dr. Kirk will discuss important management decisions in emergency cardiovascular care.
- 10:00** Adjourn

## RESUSCITATION EMERGENCIES

- 4:30 pm** Après Ski Snacks
- 5:00** **Push Fast, Push Hard: An Update on Cardiac Arrest**  
*David Barnes, MD*  
Despite advances in cardiovascular disease prevention, cardiac arrest remains a prevalent condition. Dr. Barnes will review recent guidelines and literature and discuss clinical pearls for management of cardiac arrest in the ED.
- 6:00** **The Elusive PE: Decision Rules, Testing, & Treating**  
*Deborah Diercks, MD, MSc*  
The diagnosis and management of pulmonary embolism in the ED can be very challenging. D-Dimer? V/Q scan? CT? What about imaging for pregnant patients? Who should receive lytics? Dr. Diercks will review the literature and provide practical answers for these common questions.
- 7:00** **Where the Algorithm Ends**  
*Aimee Moulin, MD*  
Most clinical guidelines have defined end points. But what happens when your patient continues to deteriorate? Dr. Moulin will review real cases from the ED when standard treatment guidelines failed.
- 8:00** Adjourn

Tuesday, February 25, 2014

## IMAGING AND PAIN MANAGEMENT

- 6:30 am** Continental Breakfast, Visit Exhibits
- 7:30** **Critical Frequency: US and the Critically Ill**  
*Lisa Mills, MD*  
Critically ill patients evolve rapidly in the ED. Dr. Mills will present point of care ultrasound techniques to hasten bedside assessment and to improve resuscitation outcomes of the critically ill patient.
- 8:20** **Regional Anesthesia in the Emergency Department**  
*Katren Tyler, MD*  
Regional anesthesia is an easy skill to master, requiring focus on basic techniques and anatomy. Dr. Tyler will discuss peripheral regional anesthesia including blocking the femoral nerve for patients with hip fractures.
- 9:10** **Do You Know Where That Probe Has Been?**  
*Lisa Mills, MD*  
Ultrasound is now considered an essential clinical tool for emergency clinicians. Dr. Mills will present unique and interesting cases involving the use of point of care ultrasound in the ED, highlighting simple and effective strategies for emergency providers.
- 10:00** Adjourn

## SPECIAL POPULATIONS AND LITERATURE UPDATE

- 4:30 pm** Après Ski Snacks
- 5:00** **Morbidly Obese Patients in the ED: Help!**  
*Katren Tyler, MD*  
Does the thought of intubating a 500lb patient terrify you? How do you evaluate a morbidly obese trauma victim? What dose adjustments do you need to make for the morbidly obese? Using a case-based approach, Dr. Tyler will identify the key features to consider when treating morbidly obese patients.
- 6:00** **Important Recent Literature for EM: Part I**  
*Edward Panacek, MD, MPH*  
Keeping up with the medical literature is a nearly impossible task. Dr. Panacek has reviewed hundreds of articles and summarized those that will be most relevant to your practice.
- 7:00** **Important Recent Literature for EM: Part II**  
*Edward Panacek, MD, MPH*
- 8:00** Adjourn

Wednesday, February 26, 2014

**ED CHALLENGES****6:30 am** Continental Breakfast, Visit Exhibits**7:30 Bites: Tips & Tricks of the Trade***John Rose, MD*

Bite injuries are common to ED practice. Suture or leave open to heal? Do patients need antibiotics? Do they need rabies vaccine? Dr. Rose will review the evidence on how to manage important human and animal bite wounds and discuss controversies in management.

**8:20 Progressive Headache Treatment in the ED***John Richards, MD*

The good news: the patient doesn't have meningitis. The bad news: the patient still has a headache. Dr. Richards will review proven and novel therapeutics for treating headache in the emergency department.

**9:10 Swimming with the Sharks: Medical-Legal Cases***John Richards, MD and John Rose, MD*

Malpractice? Negligence? Standard of care? Medical legal cases can be nerve wracking for providers. Drs. Richards and Rose will discuss some of the basic tenets of the malpractice tort, and review interesting cases for the audience.

**10:00** Adjourn**TOXICOLOGY EMERGENCIES****4:30 pm** Après Ski Snacks**5:00 New Oral Anticoagulants: Current Issues and Future Challenges***Mark Sutter, MD*

Emergency physicians are increasingly challenged with the balance between treating venous thromboembolism and the significant complications of hemorrhage from both old and new classes of anticoagulants. Dr. Sutter will review the currently available literature and discuss treatment recommendations for ED practitioners.

**6:00 Beyond Benzos: Toxicologic Antidotes You Need to Know***Kelly Owen, MD*

Supportive care is the mainstay of treatment for many ingestions. However, for some poisonings, the timely administration of an antidote is often the only treatment that can save a life. Dr. Owen will review critical toxicologic emergencies requiring specific antidotes.

**7:00 Grandma's Purse: A Bag of Poisons!***Mark Sutter, MD*

Pediatric poisoning is always challenging, as history is often unreliable or unavailable. Dr. Sutter will review common medications that are toxic in small doses as well as discuss new over the counter products that can cause toxicity in children.

**8:00** Adjourn

Thursday, February 27, 2014

**ENVIRONMENT AND INFECTIOUS DISEASE****6:30 am** Continental Breakfast, Visit Exhibits**7:30 Infectious Disease Update***Robert Derlet, MD*

Emerging epidemics such as MERS-CoV and the H7N9 Influenza viruses are both challenging and scary. Dr. Derlet will discuss current infectious disease threats likely to be encountered by EM physicians.

**8:20 Where the Wild Things Are***Kelly Owen, MD*

Today's outdoor adventurer risks exposure to the toxic effects of animals, like snakes, spiders, scorpions, jellyfish, and more. Even city dwellers aren't immune when they keep these animals as pets. Dr. Owen will discuss important envenomations that cause human toxicity and will review treatments that clinicians must know.

**9:10 The Best of Mount Everest Base Camp Talks***Robert Derlet, MD*

From his adventures climbing to Mount Everest base camp, Dr. Derlet will review an assortment of back country clinical conditions including altitude sickness, waterborne infections, and mountain trauma.

**10:00** Adjourn**AIRWAY MANAGEMENT****4:30 pm** Après Ski Snacks**5:00 Recent Techniques and Technology for Airway Management***Aaron Bair, MD*

Airway management is a critical skill for emergency physicians, and many advances and new devices continue to evolve. Dr. Bair will discuss and demonstrate the numerous novel options that involve video and optical technologies to provide easier and successful control of the airway.

**6:00 Management of the Difficult Airway***Erik Laurin, MD*

The most feared airway scenario is a "can't intubate, can't oxygenate" situation. Dr. Laurin will introduce systematic methods to identify a difficult airway and manage it successfully, using a combination of classic methods, new techniques, and cutting edge devices.

**7:00 When What You Don't Know Can Be Lethal***Aaron Bair, MD*

For the past decade Dr. Bair has tracked quality assurance for airway management. He will discuss common and not so common errors that can have devastating consequences if patients are not managed optimally.

**8:00** Adjourn

Friday, February 28, 2014

## PEDIATRIC EMERGENCIES

- 6:30 am** Continental Breakfast, Visit Exhibits
- 7:30** **Pediatric Dermatology "102"**  
*Cheryl Vance, MD*  
Pediatric patients with rashes are challenging encounters for emergency clinicians. Dr. Vance will go beyond the basics and review some pediatric rashes that are important to recognize and treat.
- 8:20** **'Tis the Season: Update on Emergency Management of Pediatric Asthma**  
*Emily Andrada, MD*  
Pediatric asthma exacerbations are a prevalent chief complaint in US emergency departments. Dr. Andrada will discuss the most recent recommendations for the emergent evaluation and treatment of pediatric asthma.
- 9:10** **Crutches for the ED Doc: Tools for Evaluating a Limping Child**  
*Leah Tzimenatos, MD*  
The chief complaint (limp) in a pediatric patient represents a broad differential diagnosis and a wide range of acuity. Dr. Tzimenatos will discuss a general framework as well as specific tips for emergency evaluation of the limping child.
- 10:00** Conference Adjourns

## Faculty

### COURSE DIRECTOR

**David K. Barnes, MD, FACEP**

Assistant Professor  
Residency Program Director  
Department of Emergency Medicine  
UC Davis Health System

### ASSISTANT COURSE DIRECTOR

**Aimee Moulin, MD**

Assistant Professor  
Assistant Residency Program Director  
Department of Emergency Medicine  
UC Davis Health System

### UC DAVIS EMERGENCY MEDICINE FACULTY

**Emily R. Andrada, MD**

Associate Professor

**Aaron E. Bair, MD, MSc, FACEP, FAAEM**

Professor  
Medical Director, Center for Virtual Care  
Associate Dean for CME

**Robert W. Derlet, MD, FAAEM**

Professor Emeritus

**Deborah B. Diercks, MD, MSc, FACEP**

Professor  
Vice Chair for Research

**J. Douglas Kirk, MD, FACEP**

Professor  
Vice Chair for Clinical Operations  
Director, Chest Pain Evaluation Unit  
Associate Chief Medical Officer

**Erik G. Laurin, MD, FAAEM, FACEP**

Professor  
Director of Medical Student Education

**Lisa D. Mills, MD, FAAEM**

Associate Professor  
Director of EM Ultrasound

**Kelly P. Owen, MD**

Assistant Professor

**Edward A. Panacek, MD, MPH, FACEP, FAAEM**

Professor  
Director of Clinical Trials

**John R. Richards, MD, FAAEM**

Professor  
Director of Alumni Relations

**John S. Rose, MD**

Professor

**Mark E. Sutter, MD**

Assistant Professor  
Director, Toxicology Fellowship  
Assistant Medical Director  
Sacramento Division, California Poison Control System

**Katren R. Tyler, MD, FACEP, FACEM**

Associate Professor  
Associate Residency Director

**Leah S. Tzimenatos, MD**

Associate Professor

**Cheryl W. Vance, MD, FAAP**

Professor and Chief  
Division of Pediatric Emergency Medicine

### CONFERENCE COORDINATOR

**Pamela Schneider**

CME Specialist  
Office of Continuing Medical Education

## CONFERENCE REGISTRATION

Please register early – space is limited.

Tuition is \$750 for physicians and \$650 for all others. **Confirmation of registration will be sent within two weeks after receipt of registration form.** The fees will increase after February 4, 2014.

**You must pay the registration fee in order to obtain a room at the discount rate at the Ritz Carlton. See HOTEL RESERVATION GUIDELINES for details.**

Tuition includes continental breakfasts, refreshment breaks, après ski snacks, and electronic syllabus. Tuition may be paid by check, American Express, Discover, MasterCard or VISA. Cash is not accepted. Conference materials cannot be guaranteed unless enrollment is received by **February 14, 2014**. The Office of Continuing Medical Education reserves the right to cancel this program. In such a case, a full refund will be given.

**Registration forms received without payments will not be processed until payment is received, and payment must follow within 10 days.** Early discount rates are honored if payment is received by the date noted on the enrollment form. After that date, the late fee is applied.

**Layered clothing is recommended as the meeting room temperature may be uncomfortable for some, depending on personal preferences. If you have any special needs due to a disability as specified in the Americans with Disabilities Act, please call the Office of Continuing Medical Education at (916) 734-5390 so we may make the necessary accommodations for you.**

**CANCELLATION AND REFUND POLICY:** A refund of tuition, less \$75 administrative fee, will be allowed if requested in writing by February 14, 2014. No refunds will be provided after this date.

## TARGET AUDIENCE

This activity is designed for emergency medicine healthcare professionals. It also provides an excellent educational opportunity for physicians who are peripherally involved in emergency care.

## ELECTRONIC EVALUATION AND CREDIT

The link to your electronic syllabus, evaluation and certificate of credit will be available for 30 days after the last day of the conference. Once you have completed the online evaluation your certificate will be available to print. **However, after 30 days this link will expire** and these items are no longer available online. You must contact the Office of CME to receive your certificate. A \$15 administrative fee will be applied.

The electronic syllabus will be available to pre-registered attendees online prior to the conference for downloading and printing. A flash drive containing the syllabus will be distributed at the conference. If you prefer to have a printed syllabus, we will be happy to accommodate you for an additional fee of \$40 if ordered by February 14, 2014.

## WHY YOU SHOULD ATTEND

Emergency Departments provide the “front line” of health care in this country, and serve an extraordinary public safety function. However, health care delivery in the country is changing rapidly, and emergency care is no exception. As a result of course participant evaluations and other annual assessment surveys, the need for cutting edge information about emergency medicine has been identified. The course is designed to change physician knowledge and competence in areas identified in the needs assessments, including:

- Difficult airway management
- Headache treatment
- Cardiopulmonary resuscitation
- Acute coronary syndrome diagnosis and therapy
- Important ED infections
- Pediatric rashes, limp, and asthma
- ED ultrasound
- Regional anesthesia
- Reversal of anticoagulation

This year's 5-day long conference will specifically address these identified educational needs and provide practitioners with state-of-the-art tools to provide improved treatment options for their patients. This is an important opportunity for physicians involved in the delivery of emergency medicine to review important topics and discuss recent advances in key areas. This also provides an excellent chance for physicians peripherally involved in emergency care to expand their horizons.

## EDUCATIONAL METHODS

Lectures with Q and A will be used to facilitate the dissemination of up to date information.

Case studies and discussion will highlight conditions commonly seen in clinical practice.

## EDUCATIONAL OBJECTIVES

**At the end of the activity, participants should be able to:**

- Identify and select proper equipment for difficult airway management
- Effectively administer pharmacologic agents for treatment of primary headache
- Use outcome-proven strategies to improve survival from cardiac arrest
- Effectively diagnose acute coronary syndrome using cardiac biomarkers
- Incorporate findings of recent literature into emergency medicine practice
- Diagnose and manage life-threatening pulmonary embolus
- Recognize emerging global infections in patients presenting to U.S. EDs
- Incorporate point-of-care ultrasound into emergency practice
- Choose proper therapeutic agents for reversal of life-threatening coagulopathy
- Properly execute a fascia-iliaca nerve block for hip fractures
- Differentiate and identify life-threatening rashes in children

## ACCREDITATION

The University of California, Davis, Health System is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

## CREDIT DESIGNATION

**PHYSICIAN CREDIT:** The University of California, Davis, Health System designates this live activity for a **maximum of 25 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**AAFP:** Application for CME credit has been filed with the American Academy of Family Physicians. **Determination of credit is pending.**

## AMA PRA Category 1 Credits™

**NURSE:** For the purpose of recertification, the American Nurses Credentialing Center accepts AMA PRA Category 1 Credits™ issued by organizations accredited by the ACCME. For the purpose of re-licensure, the California Board of Registered Nursing accepts AMA PRA Category 1 Credits™ (report hours of credit and fill in "CME Category 1" for the provider number).

**PHYSICIAN ASSISTANT:** The National Commission on Certification of Physician Assistants (NCCPA) states that AMA PRA Category 1 Credits™ are acceptable for continuing medical education requirements for recertification.

## ADDITIONAL CREDIT DESIGNATION

### EMERGENCY MEDICAL TECHNICIANS

**AND PARAMEDICS:** The University of California Davis Medical Center – Emergency Medical Services is an approved Continuing Education Provider for the California EMS (Provider #34-2050). This course is approved for **25 hours** continuing education hours.

## LOCATION

### THE RITZ-CARLTON LAKE TAHOE

13005 Ritz-Carlton Highlands Drive  
Truckee, CA 96161 USA

**PHONE:** (530) 562-3000

<http://www.ritzcarlton.com>

## SPECIAL GROUP ROOM RATES

**DELUXE GUEST ROOM: \$299**

## HOTEL RESERVATION GUIDELINES

**You must first register and pay CME fees.** Within 5 days you will receive an email with the phone number and group discount room code to make your hotel reservations at the Ritz-Carlton Lake Tahoe. These discounted room rates are only available until the room block is sold out or by February 4, 2014. The group block will sell out early and once the block is sold out, there are no opportunities for additional rooms. Only one room can be reserved per paid registrant. For those who pay the single-day registration fee, only one night per paid day will have access to the group rate.

The Ritz-Carlton Lake Tahoe ski resort is situated mid-mountain on the Northstar-at-Tahoe ski area and features ski-in, ski-out access, a restaurant by Traci des Jardins, a renowned San Francisco celebrity chef, a 17,000-square-foot spa and fitness center, exceptional dining and impeccable service. It is a sophisticated mountain retreat unlike any other. An inter-mountain gondola connects guests between the nearby Village at Northstar with The Ritz-Carlton Lake Tahoe.

The Village at Northstar centers around an ice-rink with numerous restaurants, bars, galleries, and shops throughout. The ski valets will assist each guest with their boots and escort them to the slopeside terrace for ski-in, ski-out access to the Northstar lifts. When guests return to this exceptional ski hotel in Lake Tahoe, the ski valet will retrieve their equipment and store overnight.

## NORTHSTAR-AT-TAHOE VILLAGE

Northstar-at-Tahoe Resort is one of the finest year-round destination mountain resorts in North America offering activities for all ages. With 89 trails spread across 2,904 acres, world-class terrain parks and snow sports including alpine and telemark skiing, snowboarding, cross-country skiing, snowshoeing, and tubing, Northstar Resort is fun for all. And with the new Village at Northstar featuring shopping, dining, special events and a 9,000 square foot skating rink, Northstar Resort offers something for everyone.

## ACTIVITIES AT THE VILLAGE

- Ski & Snowboard School for children and adults
- Cross-Country Ski and Snowshoe Center offering extensive trail network (includes track, skate, snowshoe and Telemark)
- Two rental equipment shops (Village and mid-mountain)
- Two demo centers
- Licensed childcare for kids ages 2+
- 9,000 square foot ice skating rink
- Mid-mountain and summit day lodges
- Lift-accessed tubing hill
- New Village at Northstar featuring top retailers and restaurants, bars, shops, grocers, overnight ski storage, locker room and WiFi Internet access

## DISCOUNTED LIFT TICKETS

Discounted lift ticket information will be sent prior to the start of the conference.

## BROCHURE ART CREDIT

Brochure images courtesy of Accreditation Council for Continuing Medical Education, UC Davis Public Affairs, The Ritz-Carlton and iStockphoto.com.

## AIR TRAVEL

**UNITED AIRLINES:** For online airline ticketing, go to <http://www.united.com>.

- click on Products and Services
- scroll to Travel for Groups and Meetings
- click on United Meetings
- click on Book Meeting Travel
- enter offer code: **ZQZ5 235 294**

## GROUND TRANSPORTATION

If you rent a vehicle at the Reno-Tahoe International Airport, please allow yourself at least 90 minutes drive time from the airport to The Ritz-Carlton (depending on weather conditions). There are several car rental agencies at the airport that rent four wheel drive vehicles.

**HERTZ CAR RENTAL:** 1 (800) 654-2240 and request ID CV#04H70005 for discounted rates.

## SHUTTLE SERVICE:

# EMERGENCY MEDICINE 2014

## 37<sup>TH</sup> ANNUAL UC DAVIS WINTER CONFERENCE

MONDAY - FRIDAY

**FEBRUARY 24 - 28, 2014**

**CME 25**

AMA PRA Category 1 Credits™

THE RITZ-CARLTON, LAKE TAHOE  
MID-MOUNTAIN AT NORTHSTAR-AT-TAHOE  
TRUCKEE, CA

### HIGHLIGHTS:

- Cardiovascular emergencies
- Toxicology emergencies
- Recent ED literature review
- Pediatric emergencies
- Medical-Legal discussion
- State-of-the-art airway management update

This program is self-supporting and receives no state funding.
