February 15 – 17, 2014

Ninth International Symposium on
Regional Cancer Therapies
Sheraton Steamboat Springs
Steamboat Springs, Colorado

UPMC

SPONSORED BY

David C. Koch
Regional Cancer Therapy Center

and

University of Pittsburgh School of Medicine
Center for Continuing Education
in the Health Sciences

and

UPMC Cancer Centers

IN COLLABORATION WITH

The University of Maryland
Marlene and Stewart Greenebaum
Cancer Center

The Medical College of Wisconsin
Cancer Center

COURSE CO-DIRECTORS

H. Richard Alexander, MD
Professor of Surgery
University of Maryland School of Medicine
Baltimore, Maryland

David L. Bartlett, MD
Professor of Surgery
University of Pittsburgh School of Medicine
Pittsburgh, Pennsylvania

Robert P. Edwards, MD
Professor, Obstetrics, Gynecology and
Reproductive Sciences
University of Pittsburgh School of Medicine
Pittsburgh, Pennsylvania

T. Clark Gamblin, MD, MS
Associate Professor of Surgery
Medical College of Wisconsin
Milwaukee, Wisconsin

INTENT AND OVERVIEW

This course is designed to cover the most recent advances in cancer therapy that are primarily of a regional focus, such as gastrointestinal, intraperitoneal, hepatic, ovarian and thoracic. Upon completion of the activity, learners from several disciplines should be able to discuss the latest regional therapies in surgical oncology.

WHO SHOULD ATTEND

This course is designed for physicians and nurses practicing in the areas of Medical, Surgical, Thoracic and Gynecologic Oncology and Gastroenterology.

CONTINUING EDUCATION CREDIT

The University of Pittsburgh School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Pittsburgh School of Medicine designates this educational activity for a maximum of **19.0 AMA PRA Category 1 Credits™**. Each physician should claim only credit commensurate with the extent of their participation in the activity.

Other health care professionals are awarded **1.90** continuing education units (CEU's) which are equal to **19.0** contact hours.

SPECIAL NEEDS

Participation by all individuals is encouraged. Advance notification of any special needs will help us provide better service. Please notify us of your needs at least two weeks in advance of the program by calling Maureen Hewko at **(412) 623-5993**.

The University of Pittsburgh, as an educational institution and as an employer, values equality of opportunity, human dignity, and racial/ethnic and cultural diversity. Accordingly, as fully explained in Policy 07-01-03, the University prohibits and will not engage in discrimination or harassment on the basis of race, color, religion, national origin, ancestry, sex, age, marital status, familial status, sexual orientation, gender identity and expression, genetic information, disability, or status as a veteran. The University also prohibits and will not engage in retaliation against any person who makes a claim of discrimination or harassment or who provides information in such an investigation. Further, the University will continue to take affirmative steps to support and advance these values consistent with the University's mission. This policy applies to admissions, employment, and access to and treatment in University programs and activities. This is a commitment made by the University and is in accordance with federal, state, and/or local laws and regulations. For information on University equal opportunity and affirmative action programs, please contact: University of Pittsburgh; Office of Affirmative Action, Diversity, and Inclusion; Carol W. Mohamed, Director (and Title IX, 504 and ADA Coordinator); 412 Bellefield Hall; 315 South Bellefield Avenue; Pittsburgh, PA 15260; 412-648-7860. For complete details on the University's Nondiscrimination Policy, please refer to Policy 07-01-03. For information on how to file a complaint under this policy, please refer to Procedure 07-01-03.

SCHEDULE – SATURDAY, FEBRUARY 15, 2014

6:45 am **Registration and Breakfast**

7:00 am **Welcome**

Moderators: Steven Ahrendt, MD and James Cusack, MD
.....

7:15 am **Peritoneal Surface Disease with Synchronous Hepatic Involvement Treated with Cytoreductive Surgery (CRS) and Hyperthermic Intraperitoneal Chemotherapy (HIPEC)**

Andrea Doud, MD, et. al.

7:30 am **Nomograms to Predict Prognosis in Pseudomyxoma Peritonei: A PSOGI Multicenter Study**

Shigeki Kusamura, MD, et. al.

7:45 am **Extra-appendiceal Origin does not Affect Prognosis in Patients with Pseudomyxoma Peritonei Treated by Cytoreductive Surgery and HIPEC**

Dario Baratti, MD, et. al.

8:00 am **Evaluation of a New Staging Classification and a Peritoneal Surface Disease Severity Score (PSDSS) in 210 Patients with Mucinous Appendiceal Neoplasms**

Jesus Esquivel, MD, et. al.

8:15 am **GUEST LECTURER
Comprehensive Palliative Care for Peritoneal Carcinomatosis**

Laura Lambert, MD

8:45 am **Break with Refreshments/Exhibitors**

Moderators: Fabian Johnston, MD and Amer Zureikat, MD
.....

9:00 am **Learning Curve and Outcomes of Cytoreductive Surgery and HIPEC for Peritoneal Malignancies**

Patricio Polanco, MD, et. al.

9:15 am **HIPEC in Peritoneal Dominant Metastatic Colorectal Cancer**

Robert Martin, MD, et. al.

9:30 am	What is the Impact of Diaphragmatic Involvement During Cytoreductive Surgery/HIPEC on Short Term Outcomes? <i>Bernardo Franssen, MD, et. al.</i>
9:45 am	DEBATE HIPEC for Colorectal Cancer — Investigational vs. Standard of Care <i>Garrett Nash, MD and Jesus Esquivel, MD</i>
10:15 am	Break Until Evening Session
4:00 pm	Poster Viewing and Grading <i>Moderators: Marilyn Huang, MD and Marcello Deraco, MD</i>
4:30 pm	Comparison of MRI and CT for Predicting the Peritoneal Cancer Index (PCI) Preoperatively in Patients Being Considered for Cytoreductive Surgical Procedures <i>Russell Low, MD, et. al.</i>
4:45 pm	Association Between Hospital Finances, Payer Mix, and Complications After HIPEC: Deficiencies in the Current Healthcare Reimbursement System and Future Implications <i>Charles Staley, MD, et. al.</i>
5:00 pm	Maximal Cytoreduction and Hyperthermic Intraperitoneal Chemotherapy in Advanced Ovarian Cancer <i>Paolo Sammartino, MD, et. al.</i>
5:15 pm	Intraperitoneal Chemotherapy and Ileostomies in Ovarian Cancer <i>Glennara Bates, MD, et. al.</i>
5:30 pm	Obesity, Lymphadenectomy, and Survival Outcomes in Intermediate to High-risk, Early Stage Endometrial Cancer Patients <i>Faina Linkov, MD, et. al.</i>
5:45 pm	Cytoreductive Surgery (CRS) and HIPEC in Patients with Recurrent Platinum-Resistant Ovarian Carcinoma <i>C. Komen Brown, MD, et. al.</i>

6:00 pm	GUEST LECTURER Is there a Role for HIPEC in Ovarian Cancer? <i>C. William Helm, MB.BChir</i>
6:30 pm	Light Dinner/Exhibitors <i>Moderators: Douglas Tyler, MD and Charlotte Ariyan, MD</i>
6:45 pm	Establishment of a National Guideline for the Use of Cytoreductive Surgery and HIPEC in the Treatment of Peritoneal Surface Malignancies in Austria <i>Thomas Bachleitner-Hofman, MD, et. al.</i>
7:00 pm	Accordion Severity Grading and Aggregate Postoperative Morbidity Burden of CS-HIPEC in a Community Hospital <i>Jan Franko, MD, et. al.</i>
7:15 pm	Quality of Life After Isolated Limb Infusion for In-transit Melanoma of the Extremity <i>Betty Jiang, MD, et. al.</i>
7:30 pm	Hyperthermic Isolated Limb Perfusion (ILP) with Curaxins for Melanoma <i>Minhyung Kim, MD, et. al.</i>
7:45 pm	Isolated Limb Infusion is Feasible at Lower Volume Regional Cancer Centers <i>David Jeffcoach, MD, et. al.</i>
8:00 pm	DEBATE First Line Treatment for in Transit Melanoma — Systemic vs. Regional <i>Steven O'Day, MD and John Kane III, MD</i>
8:30 pm	Evening Session Adjournment
8:45 pm	Meet the Speakers Reception

SUNDAY, FEBRUARY 16, 2014

6:45 am **Registration and Breakfast**

7:00 am **Welcome**

Moderators: T. Clark Gamblin, MD, MS and Martin Goodman, MD

7:15 am **Neutrophil-lymphocyte Ratio: A Simple and Novel Biomarker for Prediction of Survival After Radioembolization for Metastatic Colorectal Cancer**

Samer Tohme, MD, et. al.

7:30 am **Transarterial Chemoembolization for Metastatic Neuroendocrine Tumors: A Single Institution Review of 197 Patients**

Lawrence Shirley, MD, et. al.

7:45 am **Hepatic Artery Infusion for Recurrent or Chemoresistant Hepatic Malignancy**

Harold Wanebo, MD, et. al.

8:00 am **Quality of Life Improvement and Enhanced Efficacy with Hepatic Arterial Therapy of Doxorubicin-loaded beads (DEBDOX) in the Treatment of Liver Metastases from Ocular Melanoma**

Robert Martin, MD, et. al.

8:15 am **GUEST LECTURER
Radioembolization and Chemoembolization 2014:
Current Status and Future Trends**

William Rilling, MD

8:45 am **Break with Refreshments/Exhibitors**

Moderators: James Pingpank Jr., MD and Joel Baumgartner, MD

9:00 am **Results and Feasibility of Sequential Isolated Hepatic Perfusion and Percutaneous Hepatic Perfusion (PHP) With Melphalan for Patients with Liver Metastases**

Mei Li Kwong, MD, et. al.

9:15 am **Radioembolization for Unresectable Colorectal Liver Metastases**

Anthony Zacharias, MD, et. al.

9:30 am **Post-TACE Neutrophil-to-Lymphocyte Ratio is Predictive of Survival in Patients with Unresectable Neuroendocrine Liver Metastases**

Neil Saunders, MD, et. al.

9:45 am **DEBATE**

**High Grade, High PCI Carcinomatosis:
Is There a Role for CRS and HIPEC?**

John Stewart, MD (Yes) and Kiran Turaga, MD (No)

10:15 am **Break Until Evening Session**

4:00 pm **Poster Viewing and Grading**

Moderators: C. Komen Brown, MD and Daniel Labow, MD

4:30 pm **Outcomes Following Cytoreductive Surgery and HIPEC in 44 Patients with Peritoneal Mesothelioma**

Oliver Shihab, MD, et. al.

4:45 pm **Iterative Cytoreductive Surgery and HIPEC for Recurrent Diffuse Malignant Peritoneal Mesothelioma: Clinicopathologic Characteristics and Survival Outcome**

Chukwuemeka Ihemelandu, MD, et. al.

5:00 pm **Cytoreductive Surgery with HIPEC for Signet Ring Peritoneal Malignancies**

Sarah McPartland, MD, et. al.

5:15 pm **Cytoreductive Surgery and HIPEC in Children and Adolescents: the First 50 Cases**

Andrea Hayes-Jordan, MD, et. al.

5:30 pm **Peritoneal Dominant Metastatic Colorectal Cancer**

Robert Martin, MD, et. al.

5:45 pm **Conversion Gastrectomy after Intravenous Intraperitoneal Paclitaxel (PTX) Administration with Oral S-1 for Peritoneal Dissemination of Advanced Gastric Cancer with Malignant Ascites**

Joji Kitayama, MD, et. al.

6:00 pm	GUEST LECTURER Pathologic Classification of PMP — Results of Basingstoke Consensus Conference <i>Norman Carr, MD</i>
6:30 pm	Light Dinner/Exhibitors <i>Moderators: Nathan Bahary, MD, PhD and Richard Royal, MD</i>
6:45 pm	Neoadjuvant Laparoscopic HIPEC for Peritoneal Metastases from Gastric Cancer <i>Yutaka Yonemura, MD, et. al.</i>
7:00 pm	Cytoreductive Surgery with HIPEC — an Emerging Treatment Option for Advanced Goblet Cell Tumors of the Appendix <i>Yarrow McConnell, MD, et. al.</i>
7:15 pm	Heated Intraperitoneal Gemcitabine for Resectable Pancreatic Carcinoma: Morbidity and Early Survival Data from Two Centers <i>Lana Bijelic, MD, et. al.</i>
7:30 pm	Management of Peritoneal Carcinomatosis in Columbia: Developing a National Center for Excellence <i>Fernando Arias, MD, et. al.</i>
7:45 pm	Intraperitoneal Chemotherapy is Not Associated with Increased 30-Day Operative Morbidity and Mortality: A Matched Study of Colorectal Cancer Patients with and without Intraperitoneal Chemotherapy <i>Edmund Bartlett, MD, et. al.</i>
8:00 pm	GUEST LECTURER Video Demonstration of Five Parietal Peritonectomy Procedures Used for Cytoreductive Surgery of Peritoneal Metastases <i>Paul Sugarbaker, MD, FACS, FRCS</i>
8:30 pm	American Society of Peritoneal Surface Malignancies Fourth Annual Meeting
9:30 pm	Evening Session Adjournment

MONDAY, FEBRUARY 17, 2014

6:45 am	Registration and Breakfast <i>Moderators: Jason Foster, MD and Timothy Kennedy, MD</i>
7:00 am	Impact of Distal Pancreatectomy on Outcomes of Peritoneal Surface Disease Treated with Cytoreductive Surgery and HIPEC <i>Andrea Doud, MD, et. al.</i>
7:15 am	Morbidity of Abdominal Wall Resections (AWR) and Reconstructions During Cytoreductive Surgery and HIPEC <i>Maria Nunez, MD, et. al.</i>
7:30 am	Role of Obesity in the Proliferation and Metastasis of Endometrial and Ovarian Adenocarcinoma <i>Faina Linkov, MD, et. al.</i>
7:45 am	Immunohistochemical Evaluation of Calretinin, Claudin, WT-1, Podoplanin, CK 5/6, Topoisomerase IIa, MCM7, ER, and PGR in Diffuse Malignant Peritoneal Mesothelioma Patients Using Tissue Microarray <i>Marcello Deraco, MD, et. al.</i>
8:00 am	GUEST LECTURER Pre-Clinical Research for Appendiceal Cancer: Where We've Been and Where We Need to Go <i>Haroon Choudry, MD</i>
8:45 am	Break and Exhibitors <i>Moderators: Brian Loggie, MD and Herbert Zeh III, MD</i>
9:00 am	Histologic Changes Associated with HIPEC <i>Patrick Wagner, MD, et. al.</i>
9:15 am	Next Generation Sequencing Reveals Significant Genomic Heterogeneity in Appendiceal Neoplasms <i>Laura Lambert, MD, et. al.</i>
9:30 am	Oncolytic Vaccinia Virus and Irinotecan Synergize to Improve Treatment of Colorectal Carcinomatosis <i>J. Andrea McCart, MD, et. al.</i>

9:45 am **A New Micronutrient Formulation with Hyperthermic Mitomycin C Enhances Colorectal Tumor Cell Killing in Vitro**
Daniel Cucher, MD, et. al.

10:00 am **The Effects of Hyperthermia on Cytotoxicity of Intracavitary Chemotherapeutic Drugs**
Glenn Bates, MD, et. al.

10:15 am **CASE PRESENTATIONS/PANEL DISCUSSION**

*Case Discussants: H. Richard Alexander, MD,
and Edgar Guillermo Flores-Ayala, MD*
.....

Cardiac Toxicity Associated with Intraperitoneal Administration of Mitomycin C
Sarah McPartland, MD, et. al.

Cytoreductive Surgery (CRS) and HIPEC in a Patient with Previous Kidney/Pancreas Transplant
Charles Staley, MD, et. al.

Rare Presentation of Primary Papillary Serous Carcinoma (PSCP) in a Male Patient
Charles Staley, MD, et. al.

Cytoreductive Surgery and HIPEC for Desmoplastic Small Round Cell Tumor
Jason Denbo, MD, et. al.

Combined Systemic and Regional Therapy in a Young Adult with Peritoneal Carcinomatosis from Small Bowel Adenocarcinoma
Teresa Kim, MD, et. al.

Use of a Treatment Efficacy Score in Predicting Patients at Risk for Extensive Early Recurrence after CRS and HIPEC for Peritoneal Carcinomatosis Arising from the Appendix
Nelson Royall, MD, et. al.

11:45 am **Announcement and Poster Presentation of Poster Award Winners**

11:50 am **Conference Adjournment**

POSTER PRESENTATIONS

1. Hospital Factors that Contribute to Inpatient Mortality in Patients with Peritoneal Carcinomatosis: Larger Hospitals are Not Better. *Evan Glazer, MD, et. al.*
2. Old Versus Too Old for Surgery in Patients with Peritoneal Carcinomatosis. *Evan Glazer, MD, et. al.*
3. Neoadjuvant Pelvic Perfusion May Facilitate Resection of Pelvic Recurrent Rectal Cancer. *Harold Wanebo, MD, et. al.*
4. Escalation of Socioeconomic Disparities Among Patients with Colorectal Cancer Receiving Advanced Surgical Treatment. *Parissa Tabrizian, MD, et. al.*
5. Laparoscopic Evacuation of Mucinous Ascites for Palliation in Unresectable Pseudomyxoma Peritonei. *Kaitlyn Kelly, MD, et. al.*
6. Pancreatic Fistulae in Patients Undergoing Hyperthermic Intraperitoneal Chemoperfusion (HIPEC) and Distal Pancreatectomy are more Severe than those Undergoing Distal Pancreatectomy Alone. *Stephanie Downs-Canner, MD, et. al.*
7. Predictors of Progression in Patients with High-Grade Appendiceal or Colorectal Adenocarcinoma After Cytoreductive Surgery and HIPEC. *Joel Baumgartner, MD, et. al.*
8. Validation of the Peritoneal Surface Disease Severity Score in Patients with Sarcomatosis Undergoing Complete Cytoreduction and Hyperthermic Intraperitoneal Chemotherapy. *George Salti, MD, et. al.*
9. The Role of E2F1 in Well-Differentiated Papillary Mesothelioma of the Peritoneum (WDPM). *Glenn Bates, MD, et. al.*
10. Neutrophil-to-lymphocyte Ratio as a Predictor of Survival in Patients with Advanced Hepatocellular Carcinoma Receiving Yttrium-90 Radioembolization. *Daniel Sukato, MD, et. al.*
11. Central Sarcopenia Does not Predict Occurrence of Clinically Dominant Acute Complication after Cytoreductive Abdominal Surgery in a Community Cancer Center. *Shawna Grimm, MD, et. al.*
12. Preoperative Ureteral Stenting for Patients Undergoing Cytoreductive Surgery and Heated Intraperitoneal Chemotherapy. *Carlos HF Chan, MD, et. al.*
13. Current Trends in the Management of Malignant Peritoneal Mesothelioma. *John Miura, MD, et. al.*
14. Optimizing the Role of the Advanced Practice Provider in a HIPEC program. *Deborah Schneider, et. al.*
15. Development of a Cytoreductive Surgery and HIPEC Program: The Montefiore Einstein Experience. *Oscar Serrano, MD, et. al.*
16. Cytoreductive Surgery and HIPEC for Appendiceal Neoplasm: Delay to Treatment without Significant Consequence? *Julie Alosi, MD, et. al.*

17. Cytoreductive Surgery and HIPEC for Malignant Peritoneal Mesothelioma: A Systematic Review. *Joseph Helm, MD, et. al.*
18. Role of Laparoscopy in Patients with Peritoneal Metastases Considered for Cytoreductive Surgery and HIPEC. *Thejus Jayakrishnan, MD, et. al.*
19. Role of Falciform Ligament and Ligamentum Teres Hepatis Resection in HIPEC. *Thejus Jayakrishnan, MD, et. al.*
20. Surgical Treatment for Mucinous Appendiceal Patients — The Role of Ostomies in Cytoreductive Surgery. *Melanie Ongchin, MD, et. al.*
21. Elevation of Alkaline Phosphatase Prior to Transarterial Chemoembolization for Metastatic Neuroendocrine Tumors Predicts a Worse Outcome. *Jill Onesti, MD, et. al.*
22. Outcomes of Cytoreductive Surgery and HIPEC in Patients with High Grade-High Volume Disseminated Mucinous Appendiceal Neoplasms. *Patricio Polanco, MD, et. al.*
23. Outcomes of HIPEC Therapy at Low Volume Center. *David Lee, MD, et. al.*
24. Perioperative Clinical Factors May Predict Ineffectiveness of a Sole Epidural Based Pain Management Regimen for Patients Undergoing Cytoreductive Surgery with HIPEC. *Jose Soliz, MD, et. al.*
25. Peritoneal Mesothelioma in Mexico? *Edgar Guillermo Flores-Ayala, MD, et. al.*
26. Peritoneal Carcinomatosis from Lung Cancer: Is Debulking Surgery a Suitable Option in Selected Patients. *Simone Sibio, MD, et. al.*
27. Sentinel Node Biopsy Under Local Anesthesia: The European Institute of Oncology Experience. *Alessandro Testori, MD, et. al.*
28. Another Unusual Application of Cytoreductive Surgery and Hyperthermic Perioperative Chemotherapy to Definitely Treat a Rare Disease. *Paul Sugarbaker, MD, et. al.*
29. Prognostic Significance of Clinicopathological Parameters in Diffuse Malignant Peritoneal Mesothelioma. *Sandy Liu, MD, et. al.*
30. Immunotherapeutic Intra-arterial Adoptive Transfer In a Murine Model. *Asher Blum, MD, et. al.*
31. A Systematic Review and Meta-Analyses of Hepatic Artery Based Therapies for Unresectable Intrahepatic Cholangiocarcinoma. *Lucas Boehm, MD, et. al.*
32. Modified Vesicular Stomatitis Virus as Treatment of Peritoneal Surface Dissemination of Colorectal Cancer. *Michelle L. Bryan, MD, et. al.*
33. Concomitant Plural and Peritoneal Malignant Mesotheliomas: A single Institution Experience of 10 Cases. *Jennifer Collins, MD, et. al.*
34. Failure to Rescue in the Surgical Oncology Population. *Katherine Kiolbasa, MD, et. al.*
35. Survival, Morbidity and Peritoneal Carcinomatosis Index. *Horacio Lopez-Basave, MD, et. al.*

REGISTRATION INFORMATION

Online Registration is accepted until **February 14, 2014**. After this date, you are only able to register for the conference on site.

Registering online is the quickest and easiest way to reserve your space at CCEHS conferences.

Visit our online registration site at <https://ccehs.upmc.com>. Scroll down to the *Ninth International Symposium on Regional Cancer Therapies* section on the web page.

- Click the registration button and enter all of the requested information.
- After registering, an electronic confirmation will be sent to the email address you provided when you registered.

Registration is not complete until you receive the confirmation email for your preregistration. If you do not receive this letter within 5-7 days of registration, please contact Maureen Hewko at **(412) 623-5993**.

You must bring this confirmation with you to the conference.

Registration Cancellation

All cancellations must be in writing and sent to us via US mail, email or fax. Tuition cancellations postmarked or date stamped before **January 15, 2014** will be completely refunded. After **January 15, 2014**, a \$35 administrative fee will be assessed. No refunds will be made after **February 1, 2014**.

Conference contact for cancellation requests:

Maureen Hewko, MBA
UPMC Cancer Pavilion 413, 5150 Centre Avenue
Pittsburgh, PA 15232
Email: hewkom@upmc.edu • Telephone: (412) 623-5993
Fax: (412) 692-2520

Registration Fees

\$300 Physicians and researchers
\$200 Nurses and other health care professionals

Registration fee includes:

- Continuing education credit
- Registration and course materials
