ZEIN OBAGI MD™

— SKIN HEALTH SCIENCE —

“Embracing Change is the Key to Skincare Success”

- The past decade has seen unprecedented changes in professional skincare. Increasing demand. Better results. And distribution that left the control of the physician.
- That's why I left Obagi Medical Products and founded ZO®. We have advanced skincare protocols based on my philosophy of skin health. And our zero-tolerance of product diversion keeps physicians in control.
- Over 7,000 physicians have already made the change. Experience the ZO® Difference.

DR. ZEIN OBAGI

Dermatologist and ZO® Medical Director

DR. ZEIN OBAGI RESPONDS TO CHANGE

Created the Science of Skin Health

1981

Conceived the original Obagi Nu-Derm®

1988

President's Message

The AAD Summer Meeting can be the answer for those of you who want to feel more connected.

It is with pride that I point out how innovations and medical advancements made by our members are revolutionizing the care that we dermatologists can provide. New knowledge is coming in so fast and furious that it is hard to keep up. Yet, in addition, government regulations and the changing face of health care put ever increasing pressures on the limited time that we have to take care of our patients while trying to keep up-to-date. With time at a premium, why should you take more of your valuable time to attend another meeting? The reason is that AAD Meetings can help you stay abreast of the advancements in our specialty as well as the health care landscape. The AAD Annual Meeting has long provided this access to education and remains one of the major ways we can serve our members. Yet sometimes we just need more connection with fellow colleagues, and the 2016 AAD Summer Meeting can be the answer for those of you who want to feel more connected. It is our goal that the program planned this year for you in Boston will do just that. This summer's Plenary session will include Harley Haynes, MD, presenting the Everett C. Fox Memorial Award and Lectureship. Emma Guttman, MD, will present "Atopic Dermatitis as an Immune Disease Driver?" Amy J. McMichael will address skin of color, and Alexandra Kimball will talk about melanoma. The Plenary will also feature guest speaker Kevin Quigley, president of Marlboro College and an internationally recognized leader and educator, who is presenting "Liberal Arts and Service: Getting Under Your Skin." Come and experience the very well-received Standardized Patient sessions and the new procedural skills sessions in a more intimate setting. Connect with your colleagues and also your families in a historic city that is small enough to navigate, but large in its offerings.

Abel Torres, MD, JD

President, American Academy of Dermatology

TRANSFORM THE FUTURE

Healthy skin, hair and nails are important to a healthy life – a quality life. Something we know you strive to give to your patients and to provide to yourself and your loved ones. That's why since 1938, our priority and passion has been to enrich and advance the profession of dermatology.

Your ongoing support fuels our long-term strength and growth so that together we can provide the best patient care, raise the profile of the profession and improve our communities both now and in the future.

.....

Consider making a gift today.
Call (847) 240-1409 or visit *SupportAAD.org*.

Healthy Skin. Healthy Lives.™

Chair's Message

97% of dermatologists in the United States are members of the AAD.

Welcome to the 2016 AAD Summer Meeting in Boston, Massachusetts! Dermatologists hold a special place in the house of medicine, which is why we have a unique zeal for joining together in an Academy (97% of dermatologists in the United States are members of the AAD) and aggressively taking part in opportunities to keep up with the exponentially growing knowledge base of dermatology. It is not a coincidence that dermatologists around the country practice medicine in a very similar manner!

While Continuing Medical Education (CME) can be obtained from many sources, the Annual and Summer Meetings of the AAD represent the single most important CME venues for many members. I hope that the smaller “feel” of the Summer Meeting will promote learning through traditional coursework, fast-paced sessions highlighting diagnosis/treatment tips, and presentation of high-yield therapeutic pearls. At the same time, I would encourage you to take advantage of the expanded offerings of hands-on workshops and self-assessment sessions.

Of course, you must recharge your mental batteries by meeting with old and new friends and touring historic Boston. Don't miss the Freedom Trail, the tastes and smells of Faneuil Hall, and perhaps even a ride on the famous Duck Tour! When you see me at the Meeting, please let me know if there is anything I can do to make your visit to Boston truly memorable.

Robert T. Brodell, MD

Chair, Scientific Assembly Committee

Exciting Updates Coming!
Fall 2016

Dry Skin Complaints?

Recommend AmLactin® for persistently dry skin.

AmLactin® Skin Care contains high concentrations of alpha-hydroxy acids, pH balanced for the skin. Ideal for moisturizing dry skin associated with keratosis pilaris (KP), diabetes, weather or climate. Available at retailers nationwide without a prescription.

Visit booth #410 to receive your AmLactin® samples.

Sunburn Alert: This product contains an alpha-hydroxy acid (AHA) that may increase your skin's sensitivity to sunburn. Be sun smart: use sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week afterward.

*#1 dermatologist recommended moisturizer brand for rough, dry skin. Data on file. Third party dermatologist survey. February 2014.

Customize your education

The AAD's Summer Meeting brings the best minds in dermatology to one location for four days of exceptional educational programming. Immerse yourself in our innovative learning environment with over 95 sessions spread across 10 tracks and create an educational experience unique to you!

FEATURED SESSIONS

While planning your schedule don't forget to check out our popular sessions added to the lineup!

EADV/AAD Joint Symposium

Experts from Europe and the United States collaborate by sharing their unique perspectives and developments to clinically relevant topics. This symposium also highlights the management differences that may exist between how European experts would approach the clinical challenge compared to their U.S. counterparts.

Hands-on Workshops

Sharpen your technique and gain experience by using cadavers or simulation models in topic areas covering Cryosurgery, Nail Surgery, Scar Revision and Wound Repair, Practical Anatomy for Safe Filler Injections, and Lasers.

Standardized Patient Workshops

Polish your patient communication skills with these unique workshops offered in a one-on-one setting. Interact with an actor patient to practice real topics like medication management, difficult patients, the hospital admission, and/or breaking bad news.

Dermatology Grand Rounds: Case-Based Dilemmas

This grand rounds-style discussion includes evidence- and experience-based commentary that offers practical considerations in the diagnosis, specific evaluation, and advanced therapeutic management of challenging clinical cases.

Diagnostic Mistakes: Understanding How We Misdiagnose

How does this happen? How can it be prevented? Explore keys to closing the gap between you and your patients.

Visit aad.org/summer16 for more information!

NEW STEPS TO CLAIM YOUR CME CREDIT!

All attendees will be able to complete their session evaluations and claim CME credits through the AAD's Online Learning Center! To get started, verify your attendance while onsite at the meeting, then simply visit aad.org/evals under the My Events tab or click on the CME/Evaluations button in the AAD Mobile App.

Once logged in select the meeting, select the sessions and the length of time you attended, and then begin to claim credit and complete evaluations. Credit is calculated on a ¼-hour basis and will be reflected on your AAD Member transcripts at the conclusion of the meeting or if claimed post meeting, immediately thereafter.

Non-member physicians who attend the meeting can also receive a CME Award Certificate, which includes documentation of the total CME credits claimed.

Visit *The Connection*

Interact with colleagues...Get inspired...Discover what's new

Networking Lounges

Relax and recharge while making new connections or catching up with old colleagues, check emails, and charge your phone.

E-poster Viewing Center

Discover new and innovative research as you explore electronic poster exhibits.

Poster Presentation Theaters

Listen to E-poster authors discuss their work while discovering pearls from their posters.

Registration and Hotel Reservations

IMPORTANT DATES AND TIME

REGISTRATION AND HOUSING OPENING

To view a detailed listing of Important Dates and Times, go to the Registration icon at www.aad.org/Summer16

REGISTRATION INFORMATION

OPENING DATES

Registration and housing begin at 12 p.m. noon (CT) according to the follow schedule.

Registration and housing reservations must be completed online.

Physician members, life members, honorary members, and applicants for membership....**Wednesday, May 4**

All remaining categories, visit (www.aad.org/Summer16 for specific category details)....**Wednesday, May 11**

Please verify your registration category is correct before completion. If a category adjustment is required, a \$100 category adjustment fee will be applied.

Membership must be in good standing by **Monday, July 11, 2016** to receive the member registration rate for the meeting. Reinstatements received after this date will not receive the member rates. For further information on membership email mrc@aad.org

REGISTRATION FEE SCHEDULE

Discounted fees apply – Wednesday, May 11, 2016 – Wednesday, June 22, 2016 at 12 p.m. noon (CT). Standard fees apply beginning Wednesday, June 22, 2016 at 12:01 p.m. (CT).

ADVANCE REGISTRATION BADGE MAILING

Those who register by 12 p.m. noon (CT) on Wednesday, June 22, 2016 will receive their badge, tickets, and vouchers in the mail prior to the meeting to the address listed on their registration record. Records for these individuals will be locked as of June 22, 2016 at 12 p.m. CT. All changes including badge corrections, ticket cancellations or additions will now need to be done onsite at the meeting.

Mailing will take place June 22 – July 8. If for some reason you do not receive these materials prior to the meeting, a new set will need to be picked up onsite.

SESSION ELIGIBILITY AND FEES

To review session access, registration categories, and fees please review the Registration fee section under the Registration icon at www.aad.org/Summer16.

Only Courses (C) and Workshops (W or WSP) will require a fee and ticket for admittance. All other session types are available on a first come – first serve basis for eligible categories

HOTEL INFORMATION

Reservation deadline: **Wednesday, June 29, 2016 at 12 p.m. noon (CT)**

The official hotels for the 2016 AAD Summer Meeting are the Sheraton Boston, and the Mandarin Oriental Boston. For more information on these hotels and a map of their locations, see visit the Housing and Travel icon at www.aad.org/Summer16.

Hotel reservations must be made in conjunction with registration for the meeting. Availability cannot be guaranteed for reservations received after the housing deadline date of **Wednesday, June 29, 2016 at 12 p.m. noon (CT)**. Depending on demand, additional hotels may be added, and information is subject to change at any time.

CANCELLATIONS

HOTEL POLICIES

See detailed information regarding cancellations, hotel guarantee, and change policies by visiting the Travel and Housing icon at www.aad.org/Summer16. Please take a moment to read through these policies as you will need to agree to them when reserving your hotel during the online registration process.

REGISTRATION

Registrants who wish to cancel all, or make changes to their existing registration should view the information located under the Registration icon at www.aad.org/Summer16.

QUESTIONS

Email mrc@aad.org, or call (866) 503-7546 or (847) 240-1280.

2016 AAD Summer Meeting Policies

MEETING POLICIES

AGE LIMITS

Infants and children under the age of 16 are not allowed into educational sessions or the Technical Exhibit Hall. This policy is due to the nature of some presentations and to ensure the safety of registrants' children. Your support and compliance are appreciated.

PHOTOGRAPHY/VIDEOTAPING

Photography and videotaping is strictly prohibited in all educational sessions, unless by the official AAD photographer. Violations of this policy will result in removal from the session and possible revocation of meeting registration. Session directors will be closely monitoring such occurrences.

CELL PHONES

Cell phones must be placed on vibrate or turned off in all educational sessions. Photography or video taping of any sessions using cell phones or any other device is in violation of AAD policy. Violations of this policy will result in removal from the session and possible revocation of meeting registration. Session directors will be closely monitoring such occurrences.

SMOKING

All AAD educational programs in meeting rooms and seated functions occurring during the meeting are smoke free. Please also comply with the smoking policy of each individual facility.

ALCOHOLIC BEVERAGES

The Academy's official policy regarding the minimum age for alcohol consumption is the age applicable to the jurisdiction of the event venue.

OFFICIAL LANGUAGE

The official language of the meeting is English.

SESSION ADMITTANCE

Sessions that have no fee and do not require a ticket for admittance will be first-come, first-serve for eligible categories. Attendees of courses and workshops must have a ticket for admittance.

PHOTOGRAPHY RELEASE

From time to time, the Academy uses photographs of meeting events in its promotional materials. Unless the permission is revoked in writing to the Academy, by virtue of their attendance, all meeting visitors agree to use their likeness in such materials.

MISUSE OF NAME BADGES

Under no circumstances is an attendee with an individual name badge permitted to give the badge to another individual who is or is not a paid attendee at the meeting. Fraudulently allowing an individual to gain access to educational sessions, social event and/or exhibits by using another's credentials is grounds for immediate removal of all parties from the meeting.

CODE OF CONDUCT

The American Academy of Dermatology expects all meeting attendees to maintain high standards of professional conduct and uphold the policies and procedures set forth for the meeting. To the degree that an attendee, individually or collectively, purposefully and fraudulently circumvents the Academy's rules, regulations and ethical standards, the Academy views such conduct as serious violation that will jeopardize attendance at the meeting and could jeopardize attendance at future Academy meetings. The Academy is committed to maintaining an environment that encourages respect and dignity for each individual. As part of the commitment, the Academy prohibits harassment by a client, vendor, AAD member, non-member, or others who may interact with staff during their course of business.

The Academy reserves the right to refuse or revoke the registration of any individual, without refund, as long as such refusal is consistent with applicable law and Academy policy.

Overwhelming...

Simplified!

Our EZ Private Label™ System is Turn-Key and Brilliantly Simple

Losing product sales to the internet? Private-label to the rescue! But the task of creating your own line can be overwhelming. Make life simpler with the EZ private-label system!

What differentiates our EZ Private Label System from the others? First, we simplified our starting line up to a limited number of key players. For example: cleanser, sunscreen, treatment and moisturizer.

These are the essentials to successfully, and affordably, start your brand. And of course, each one is formulated to meet and exceed your therapeutic objectives. After all, this is your brand ...as well as both our reputations.

Next, we made our EZ Private Label System turn-key and completely customizable. We customize the packaging to the look and feel you want.... along with promotional material and brochures.

What's truly unique about EZ Private Label is customized trial-sizes. These exclusive samples help promote your brand, provide patient tolerance testing and make a great gift-with-purchase or incentive reward. An EZ way for patients to become brand advocates.

And don't forget to ask about our Medi-Store Display to showcase your private labeled products in waiting and consult rooms. Combining dramatic illumination with convenient storage, these elegant displays present products in an attention-getting yet professional style.

So don't be overwhelmed by private labeling. Be enthusiastic! Try our EZ Private Label System...the fastest, easiest way to create your own brand!
