Welcome Message

Dear Esteemed Members,

Dr. Vikas Leelavati Balasaheb Jadhav

Dr.D.Y.Patil University, India

Very good morning to everyone,

On behalf of Organizing Committee Members and my fellow colleagues, I welcome you all to the Gastro Conference 2019, Milan.

Gastro-Intestinal Tract Radiology education is my most important mission during this Gastro-Conference 2019 at Milan.

One of the favourite poets, Robert Frost, has these beautiful lines that go as, "The woods are lovely, dark and deep, But I have promises to keep, And miles to go before I sleep, And miles to go before I sleep."

Under heading what you should & can expect from your Radiologist, I will be delivering lectures on

"TransAbdominalSonography of Stomach & Duodenum (The KeyNote Lecture)" & "TransAbdominalSonography of Bowels - Small & Large Intestines".

We are very actively working on Research and Education which will benefit the future generation & Artificial Intelligence.

Lots of love and hope to meet you in this conference.

Thank you so very much.

Welcome Message

Dear Colleagues,

I would also like to express gratitude towards Aurelius for having brought us together in the wonderful cities, to discuss the current research challenges and trends. This meeting's goal is to bring together, a multi-disciplinary group of scientists and engineers from all over the world to present and exchange break-through ideas. It promotes top level research and to globalize the quality research in general, thus making discussions, presentations more internationally competitive and focusing attention on the recent outstanding achievements and future trends and needs.

In addition to a full scientific program of research symposia and poster sessions, Aurelius will be preceded by the highly-praised full-day trainee workshop that offers a unique opportunity for young researchers to interact and learn the basics from faculty experts across the globe.

I sincerely hope that Aurelius Corporate Solutions will deliberate and discuss all the different facts, researches of different topics and come up with recommendations that will lead to a better, healthier, merrier world. Aurelius will make any possible effort to make sure that your participation will be scientifically rewarding and a pleasurable experience.

We hope you and your colleagues will attend this exciting conference!

Why Italy?

Milan is a city in northern Italy, capital of Lombardy, and the second-most populous city in Italy after Rome. It's continuously built-up urban in the European Union. The wider Milan metropolitan area, known as Greater Milan, is a polycentric metropolitan region. Milan is considered a leading alpha global city with strengths in the field of the art, commerce, design, education, entertainment, fashion, finance, healthcare, media, services, research and tourism. Milan is considered part of the Blue Banana and one of the “Four Motors for Europe”. The city has been recognized as the world's fashion capital and the world's design capital thanks to several international events and

fairs. The city is served by a large number of luxury hotels and is the fifth-most starred in the world by Michelin Guide.

Milan is home to some of Italy's most prominent educational institutions. Milan offers a major assortment of structures, landmarks and historical centres. The most imperative church is the Cathedral which is the third biggest church on the planet. It is general made of marble, with colossal statues, curves, columns, apexes. From the rooftop you can encounter a delightful display of the city. Santa Clause Maria delle Grazie was worked somewhere around 1466 and 1490 and changed by Bramante. In the Refectory there is a standout amongst the most well-known works of art of Leonardo da Vinci: the “Last Supper”. Milan has numerous noteworthy palazzos like the Palazzo Reale (Royal Palace) which is arranged in the south side of Piazza Duomo. The Sforza Castle is one of the images of Milan together with the Madonnina and the Galleria Vittorio Emanuele II. Each one of those sights together are only few explanations behind a visit. See craftsmanship and culture area.

Milan is moderately mellow however foggy, with temperatures going from zero to 8 degrees Celsius. Summer can be extremely sticky with brief electrical storms; temperatures extend from 14 to 29 degrees. From March through April temperatures go from 6 to 18 degrees. From October through November they extend from 6 to 17 degrees.

Testimonials

Thank you for the wonderful opportunity from Aurelius Conferences. That was a great opportunity to communicate with the experts. The meeting was very well organized and worth a recommendation to more scientists and researchers.

Wolfgang Siegrat

Bram D'handt

Quite edifying even for university professors, very encouraging reports by young researchers. It was a real pleasure to attend meetings organized by Aurelius Conferences.

Thanks to Aurelius team for this outstanding help, which obviously put in a tremendous effort and helped with all our requests.
