Dear Colleague:

On behalf of *The American Journal of Orthopedics* and my fellow faculty, I invite you to join us for The 2016 Innovative Techniques: The Knee Course.

This premier course will provide a comprehensive update dedicated to knee repair, reconstruction, revision, and replacement, from non-operative regimens to arthroscopy to arthroplasty.

Compelling presentations, expert-led debates, live surgical demonstrations and examination of complex cases from our nationally renowned faculty—focused exclusively on the knee—will provide an optimal learning experience for general orthopedists and knee specialists alike.

Participants of The Knee Course will leave with a complete update on all aspects of treating knee conditions, plus a variety of cutting-edge techniques that will keep your practice ahead of the curve.

The Knee Course offers the opportunity for socializing and networking too! Don't miss the chance to meet with faculty and colleagues at our friendly Welcome Reception—included with your registration and a great way to kick off your Saturday night!

We hope you can join us in Las Vegas.

Sincerely,
Bryan Hanypsiak, MD
Meeting Chair

Accreditation

Friday, October 21, 2016

Pre-Conference Hands-on Workshop
(Optional. Separate fee required)
Ultrasound Workshop

Saturday, October 22, 2016

ARTHROPLASTY

Practice Management

Bundled Payments
Documentation to Assure Approval
Is In-patient Rehab Beneficial after TJR?
Strategies to Improve OR Efficiency

Perioperative Management:

State of the art in 2016

Blood Management and VTE Prophylaxis
Anesthetic Techniques
Periarticular Injections

Unicompartmental Knee Replacement

Fixed Bearing Medial UKA
Mobile Bearing Medial UKA
Robotic UKA
Lateral UKA: Not the Same as the Medial Side

Mechanical Alignment for Primary TKA
Kinematic Alignment for Primary TKA

Outpatient Knee Arthroplasty

Choosing the Right Patients
Outpatient Knee Arthroplasty: Optimal For My Patients
Outpatient Knee Arthroplasty: Not Right for Me or My Patients

Revision TKA: A Case Based Panel

Chronic PJI
Aseptic Loosening (Simple Defect)
Major Bone Loss
Instability Failed UKA

The Complex Primary TKA: A Case-Based Panel

Prior HTO
Post-Traumatic with Retained Hardware
Prior Native Joint Sepsis
Large Flexion Contracture
Hyper Extension/ Neuropathic Joint
Large Varus Deformity
Large Valgus Deformity

Managing Complications in TKA: A Case-Based Panel

Acute Postoperative Infection
Intraoperative Instability
Stiffness
Extensor Mechanism Disruption Periprosthetic Fracture

Clinical Faceoff: The Role of PSI in Contemporary Practice

ARTHROSCOPY AND SPORTS MEDICINE

Meniscus

Meniscal Root Repair: Identification and Technique for Repair
A Practical Guide to All-Inside Meniscal Repair
How I've Expanded the Meniscal Tears I Will Treat With Repair
Meniscal Transplant: When to Do it, My Preferred Technique and Results
Innovative Technique Live Demo: Meniscal Repair
Innovative Technique Update: In Office Arthroscopy: My Technique and Results
Innovative Technique Update: Single Portal Arthroscopy Improves Patient Satisfaction

Articular Cartilage

Marrow Stimulation Techniques / BioCartilage / Cartiform
Osteochondral Defects: My Algorithm for Treatment
Innovative Technique Live Demo: The Bio Uni / Interpositional Arthroplasty
Cell Based Articular Cartilage Treatments
Articular Cartilage Lesions Panel Discussion: Summary of Available Techniques and Algorithm for Treatment

ACL

ACL Prevention Programs: Do They Work and How to Set Up Your Own
ACL Repair and Augmentation: A Summary of Techniques and Early Scientific Data
Suspensory Fixation for ACLs: A Summary of Available Options
The Quad Tendon Graft
Innovative Technique Live Demo: ACL Repair with Internal Brace Augmentation

The PCL

Isolated PCL Reconstruction: My Technique and Pearls Learned the Hard Way
Innovative Technique Live Demo: All-Inside PCL Reconstruction
INNOVATIVE TECHNIQUE LIVE DEMO: Medial Portal Drilling with Flexible Reamers

Multi-ligamentous Knee Injury

THE ALL: Ultrasound Guided Reconstruction: Who Gets It and When
ACL and MCL: Timing and Necessity of Fixation and Internal Bracing
Innovative Technique Live Demo: Internal Brace for MCL
My Approach to the Dislocated Knee

Monday, October 24, 2016

ARTHROSCOPY AND SPORTS MEDICINE continued

Orthobiologics

Amnion: What We Know
Platelet Rich Plasma
How I Use Stem Cells in My Practice
Biologic Enhancement of Healing: Where we are Today

Patellofemoral

First Time Dislocator: The Proximal / Distal Realignment: How to Decide
MPFL and Realignment Complications: How to Fix Them
Innovative Technique: Trochleoplasty: When and How?
Patellofemoral Arthroplasty: My Experience and Technical Pearls

The PRO Athlete

Knee Injuries in Skiing: Causative Factors, Prevention, and Treatment
A Look Into the NFL Combine: How We Evaluate Players and Grade Injuries

Osteotomy and Trauma

Osteotomies About the Knee: Indications and Technique
Minimally Invasive Treatment of Periarticular Fractures of the Knee
Arthroscopically Assisted Treatment of Tibial Plateau Fractures
Quad and Patellar Tendon Ruptures: New Techniques for Early Mobilization

Pediatrics

Summary of Techniques for Reconstruction of the ACL in Pediatric Athletes
Intercondylar Eminence Fractures
OCD / Discoid Meniscus
Physal Fractures and Apophysitis About the Knee
Innovative Debate: My 12-Year-Old Daughter has Valgus Knees
• Let her play soccer and basketball
• Find her a spot on the cross country team

Managing Complications and Ancillary Revenue

ACL Intraoperative Complications and How to Fix Them
Treatment of Post-operative and Arthritic Flexion Contracture of the Knee
Abnormal Gait Analysis as a Revenue Generator in My Practice
How I Use Knee Braces in My Cartilage Practice
Cold Therapy and Compression in the Post-operative Patient

How to Register for The Knee Course

Online: www.knee-cme.org

By email: kkirchner@hqtrs.com

By phone: 502-574-9023

By mail: See web site registration page for downloadable registration form, including group rates for 2 or more.

Bring Your PA or PT for Just \$95!

See website or call 502-574-9023

	Until June 10	June 11- August 28	After August 28
Physicians	\$795	\$895	\$995
Residents/Fellows	\$295	\$395	\$495
PAs/ NPs/ Physical Therapists/ Athletic Trainers	\$595	\$695	\$795
Ultrasound Workshop (open to Knee Course participants only)	\$450	\$495	\$595

Please note: Ultrasound Workshop has limited space available. First come. First served!

Cancellation policy: Full refund less a \$50 administrative fee as follows: requests for refunds must be made in writing and postmarked, e-mailed, or faxed prior to September 1, 2016. After September 1, 2016 no refunds will be granted. After the refund date, you have two options: you can send someone in your place, or we can mark a credit in the amount you paid to be applied to your registration for next year's conference. Refunds will not be issued to no-shows.
