WEBINAR

#7412 Tracheostomy Basics for Speech-Language Pathologists

Instructor:
Shaunita F. Woods, MLIS, MCD, CCC-SLP

Audience:
Speech Therapists and Assistants

Delivery Options:
Live Webinar or Self-Study Options

ASHA CE
APPROVED PROVIDER

Motivations, Inc.

Introductory Level
0.2 ASHA CEUs

SUMMARY: The purpose of this course is to present an overview of tracheostomies, anatomy and physiology of the respiratory tract, evaluation, and placement of “no-leak” speaking valves for communication and swallowing. Ventilators and interdisciplinary collaboration will also be discussed. (Introductory Level)

PRESENTER: **Shaunita F. Woods, MLIS, MCD, CCC-SLP** has a BA in Political Science (College of Charleston), MLIS in Library and Information Science (University of South Carolina) and MCD in Communication Disorders (University of South Carolina). Shaunita has 10 years of clinical experience focused on neurorehabilitation across the continuum of care. She has written and presented on various topics related to speech, language and swallowing disorders. She is a member of the American Speech-Language Hearing Association and holds the Certificate of Clinical Competence (CCC). Shaunita is currently a Speech-Language Pathologist at the Brian Center Health and Rehabilitation of Goldsboro.

OBJECTIVES: Upon completion of this course, the participant will be able to:

1. Describe the changes to the respiratory tract post-tracheostomy.
2. Describe how No-Leak speaking valves work.
3. Assess a tracheostomized patient for communication and swallowing.
4. Identify the role of other team members.

FORMAT: This is a 3-hour course equivalent to 3 CEU's or 0.3 CEUs offered as a live webinar or self-study. Instructors present the live course content via an internet website displaying real time power points. Learners will receive a course instruction link. Instructors lecture through livestreaming internet on your computer. Questions may be asked during the webinar using the chat feature or the “raise hand” feature for live discussion.

SLP CEU's: This course is offered for 0.2 ASHA CEUs (Introductory level, Professional area). The instructor(s) does not have any financial and non-financial relationships to disclose.

AGENDA:

Pre-Study: 30 Minutes Plan to read the course materials, references and review the post test before the start time. Please be prepared to share patient case study and related question during the discussion time.

Time Increment	Topic	Instructional Method
5	Background & Review of Learner Outcomes	Lecture
15	Respiratory Anatomy and Physiology	Lecture
15	Normal Swallow	Lecture/Video
25	Tracheostomies	Lecture
10	Speaking Values	Lecture
15	Ventilators	Lecture
15	Evaluations	Lecture
10	Interdisciplinary Team	Lecture
10	Questions and Answers, Summary	Discussion/Lecture

Post-test: Research, identify, and submit your post test question answers on the online form. This is an open book test you can take multiple times if needed to obtain the 70% score. (Allow 30 minutes for these completion tasks.)
