

PRACTICAL SYMPOSIUM

Sharpen Your Dermatology, Clinicopathologic & Business Skills

AUGUST 11-14, 2016 • VAIL, CO

A Cockerell Educational Foundation Event

“This conference was excellent and impacted the way that I will be working up and treating my patients. The clinicopathologic correlation was outstanding. Additionally the venue in Vail was glorious!”

Karen Nern, MD

WELCOME!

I am honored to present the third annual Practical Dermatology & Dermatopathology Symposium in Vail, Colorado. **This conference is different from other dermatology conferences in that we will emphasize clinicopathologic correlation and how dermatologists and dermatopathologists can work together to establish accurate diagnoses and plan optimal treatment. Furthermore, the conference will also emphasize how clinicopathologic correlation can guide research, new drugs and device product development within dermatology.** Thus, it is more important than ever to understand the close cross-fertilization that occurs among dermatology, dermatopathology and industry. While the conference will provide a rich educational experience, this interaction between dermatology, dermatopathology and industry will be explored in a number of different sessions and lectures throughout the symposium. This meeting will also allow ample opportunity for networking of attendees with industry leaders who will be welcomed into all educational sessions and social activities.

The meeting curriculum is great fit for dermatologists, Mohs surgeons, dermatopathologists, pathologists and physician extenders who want to sharpen their dermatology and dermatopathology skills. It also would benefit physicians in industry who interact with clinicians and other researchers. It will also be beneficial to residents and fellows preparing for certifying examinations or attending physicians preparing for their recertification exams. Approximately 25 CME and 100 MOC credit hours will be available to be earned. There will also be a board review for Residents and Fellows.

The meeting will take place at the Marriott Mountain Resort nestled at the base of Vail Mountain. The natural beauty that surrounds the breathtaking luxury resort is reflected in a chateau atmosphere of warm elegance, cozy rooms, heated pools, outdoor recreation and luxuriant on-site spa. The meetings will take place primarily in the morning and early evenings with abundant time for enjoying the beautiful Vail Valley region which is truly spectacular in the Summer. There will also be a fun social program for attendees, spouses, guests and children.

I look forward to seeing you in Vail and sharing a weekend of learning, networking and socializing in a welcoming environment of professional development.

With my best personal regards,

Clay J. Cockerell, MD

WHO SHOULD ATTEND?

- Dermatologists
- Mohs Surgeons
- Dermatology Residents
- Dermatology & Mohs Fellows
- Dermatology Physician Assistants
- Dermatology Nurse Practitioners
- Dermatopathologists
- Pathologists
- Dermatopathology Fellows
- Pathology Residents

AREA INFORMATION

Discover what Vail Valley locals know:

We came for the winters but stayed for the summer. With Vail's superb climate, you'll want to spend the long days outdoors. Whether your idea of fun is active or idle, the choices are plentiful. Here are some of the local's favorite things to do in summertime in Vail.

- Hiking & Biking
- Golf & tennis
- Festivals and wine tastings
- Ziplining & ballooning
- Rafting, kayaking & fishing
- Jeeping & horseback riding
- And so much more!
