ABOUT THE MEETING

The purpose of this CME program is to review fundamentals of head & neck, brain and spine imaging, as well as some advanced topics of increasing importance in clinical practice. Head & neck programming will focus on anatomy, inflammation and neoplasia of the suprahoid and infrahyoid neck and aerodigestive tract, and will additionally cover topics in orbital and skull base imaging. Brain lectures will include tumors, white matter disease, and both traumatic and non-traumatic emergencies, while spine lectures will cover degenerative, neoplastic and traumatic pathology. Each lecture will highlight imaging techniques, normal anatomy and common pathology with an emphasis on how the imaging findings directly affect patient management. Frequently missed diagnoses and strategies for error avoidance will be covered, as well. Case based review sessions have been added to enforce didactic material.

TARGET AUDIENCE

This meeting is designed for general radiologists who wish to gain a better understanding of head & neck, brain and spine imaging, as well as neuroradiologists desiring a comprehensive review of currently relevant imaging topics in the head & neck. Otolaryngologists, neurologists, neurosurgeons, radiation oncologists and other physicians who care for patients with head & neck and neurologic disorders should also find this program beneficial.

ACCREDITATION

Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 18.75 *AMA PRA Category 1 Credit(s)*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Technologists: This program has been submitted to the ASRT. The number of A CE credits will be available approximately 30 days prior to the meeting. Please visit www.edusymp.com or call (813) 806-1000 regarding the availability of Category A CE credit.

Self-Assessment Modules (SAMs): Educational Symposia has been granted Deemed Status by the American Board of Radiology (ABR). This allows Educational Symposia to develop and implement SAMs that satisfy ABR Part II MOC requirements.

EDUCATIONAL OBJECTIVES

Attendees should, at the completion of this course, be able to:

- Identify normal anatomy and common pathology of the suprahoid and infrahyoid neck.
- Appreciate the relevant findings in both pre- and post-operative imaging of upper aerodigestive tract malignancies.
- Recognize types and imaging characteristics of infectious and neoplastic processes of the brain and spine.
- Describe both traumatic and non-traumatic emergencies of the brain, spine and head & neck.
- Integrate current stroke imaging protocols and discuss evolving techniques utilized prior to treatment.
- Utilize appropriate nomenclature for spine degenerative disease and appropriate technique for image-guided lumbar puncture.

No special educational preparation is required for this CME activity.

SCIENTIFIC SPONSOR: Educational Symposia

COURSE ORGANIZATION: This program is planned and organized by Educational Symposia, a leader in accredited continuing education since 1975.

ACKNOWLEDGMENT:

Educational Symposia appreciates our corporate supporters and exhibitors. A list of industry supporters will be provided and acknowledged at the meeting.
