**V.P. Rao**  
Convenor,  
World Congress on Genetics,  
Genomics And Personalized Medicine

After the grand success of World Congress on Genetics, Genomics And Personalized Medicine 2017 held on 15th, 16th, & 17th of November 2017 at J. N. Tata Auditorium, India Institute Of Science, Bengaluru, Karnataka, India, I am honoured to invite you to participate in the 2nd World Congress on Genetics, Genomics And Personalized Medicine schedule on 25th and 26th July 2019 at Shangri-La Hotel, Khet Bang Rak, Krung Thep Maha Nakhon Bangkok, Thailand.

The announcement of Obama's 'Precision Medicine Initiative' in 2015 has led to multiple

Worldwide initiatives that promote research that enhances customized health care via a focus on an individual's needs for disease detection and treatment. Breakthroughs in gene editing and gene therapy have led to extensive discussions and disputes, but also highlight a future of revolutionary discoveries and technology.

2nd World Congress on Genetics Genomics and Personalized Medicine Conference has aimed

At the prospects of Genomics, how its advancement will impact human health and disease,

Emphasizing the need for genomic research, and the critical issues in this field.

2nd World Congress on Genetics, Genomics And Personalized Medicine 2019 will bring together a host of senior level experts to discuss recent developments in the industry and to debate the best strategies and solutions to improve Personal Health. The conference will host more than 100 world-class speakers from academia and industry who will discuss recent advances in personal care and innovation going forward. This conference will highlight the latest scientific breakthroughs, explore innovative technologies and approaches that can be used to overcome the recent barriers in treating the critical cases, and bring together industry leaders who will discuss on future opportunities.

**Dr. MUR Naidu,**  
Chairman,  
World Congress on Genetics,  
Genomics And Personalized Medicine

Dear Colleagues,

Nearly a quarter of a century after the completion of the Human Genome Project, the goal of developing personalized medicine, enhancing food security, and protecting the environment has not changed, but the technology available to do so has transformed our ability to achieve this. So too has the spirit of the global community to collaborate to share technology, to share data, and to share discoveries, in a way that is unprecedented in the history of science.

This conference will cover work in precision medicine, reproductive health, cancer, advanced omics technologies, Neuro developmental, Stem cells, bioethics and data sharing in genomics, genetics and more. It will bring together insightful scholars and scientific experts along with corporate leaders, industrial heavyweights, and biotech investors from all over the world.

***Benefits of Attending the Conference:***

- The Career Guidance Workshops to the Graduates, Doctorates and Post-Doctoral Fellows, Certificate Accreditation from the Organizing Committee of presentation/ participation.
- Accepted Abstracts will be published in the respective BioGenesis Journal of Biology and Medicine and will be labelled with a Digital Object Identification Number (DOI).
- Speaker and Abstract pages created in Google on your name would get worldwide acknowledgement to your profile and Research.
- Best Poster and Young Researcher Award.
- Symposium by Experts.
- Best platform to develop new partnership & collaborations.
- Network development with both Academia and Business.

I hope you can join us, to give us the opportunity to share your vision and knowledge with the global community. Your participation will add great value to this landmark event.

## EVENT TRACKS AND TOPICS OF INTEREST:

### Track -1 (Genetics)

- Animal Genetics
- Behavioural Genetics
- Bioinformatics In Genetics
- Cancer Biomarkers
- Cancer Epigenetics
- Cancer Genetics
- Cell and Tissue Banking
- Chaemogenetics And Optogenetics
- Chromatin and Chromosome Dynamics
- Chromosomal Evolution and Speciation
- Chromosome Abnormality
- Chromosome Biology in Agriculture
- Computational and System Genetics
- Cytogenetics
- DNA Methylation
- DNA Sequencing
- Epigenetic Disorders
- Epigenetic in Aging
- Epigenetic Therapy
- Epigenetics
- Epigenetics & Chromatin
- Epigenetics and Medicine
- Epigenetics in Nervous System
- Evolutionary And Population Genetics
- Forensic Genetics
- Gene Mutation
- Gene Therapy And Genetic Counselling
- Genetic Counseling
- Genetic Diseases
- Genetic Disorders

### Track- 2 (Genomics)

- Animal Genomics
- Bacterial Genomics
- Bioinformatics and Computational Biology
- Bioinformatics in Genomics
- Biomarkers
- Cancer genomics
- Cancer Immunogenomics
- Cell and Gene Therapy
- Cell Biology
- Clinical Genomics
- Comparative Genomics
- Computational Genomics
- Functional Genomics
- Future Trends in Genomics
- Gene Cloning
- Gene Editing
- Gene Sequencing
- Genetic Mapping
- Genetic Mutations
- Genome Engineering
- Genome Medicine
- Genomic Study
- Genomics
- Genomics Market
- Human genome variation
- Human Genomics
- Human Genomics and Genetic Disorders
- Metagenomics
- Micro RNA
- Microbial Genomics

### Track- 3 (Personalized Medicine)

- Advances in Molecular Diagnostics
- Approaches To Stem Cells
- Biomarkers in Personalized Medicine
- Cardiology and vascular medicine
- Clinical Case Reports
- Clinical Immunology
- Data science to advance precision medicine
- Diagnostic molecular pathology
- Drug Discovery and Development
- Fate of Biomarkers in personalized Medicine
- Future of personalized medicine
- Genetics of Ebola Outbreak
- Genomics & Personalized Medicine
- Immunology Infectious Disease
- Life Style Medicine
- Market Strategies & Challenge
- Metabolomics in precision medicine
- Nanotechnology in Personalized Medicine
- Nanotechnology: Future of Personalized Medicine
- Novelty in Personalised Medicine
- Paths of Biomarkers
- Personalised nano medicine for CNS diseases
- Personalized acute respiratory distress syndrome
- Personalized Biological Therapies
- Personalized Drug Therapy
- Personalized Health Care Delivery
- Personalized Medical Devices
- Personalized Medicine & its Innovation

## CALL FOR ABSTRACTS

All investigators are invited to submit abstracts on topics pertaining to conference topics mentioned on the website. Authors are invited to submit abstract(s) using the submission form on this page. Abstracts should contain sufficient detail on the techniques used and the results, which will be shown. You will receive a confirmation when the abstract has been received. Please contact the conference secretariat if you did not receive confirmation within 5 working days. Submission implies the intent of at least one author to register, attend the symposium and present the paper (either 12 + 3 minutes orally or in poster format). Contributions will only be finally accepted after registration and payment of the conference fee. The abstract will be reviewed, and you will be notified of acceptance before 10th June 2019 after which the abstract submission page will be closed

### Important Dates:

Early bird Registration Deadline: <http://www.geneticsgenomicscongress.com/callforabstracts/>

Abstract Submission Deadline: <http://http://www.geneticsgenomicscongress.com/callforabstracts/>

To Submit Abstract Visit : <http://http://www.geneticsgenomicscongress.com/callforabstracts/>

If you find any difficulty send your abstract to [info@geneticsgenomicscongress.com](mailto:info@geneticsgenomicscongress.com)

### Why to attend?

The attendees can find exclusive sessions and panel discussions on latest innovations in Advanced research by:

- Lectures from renowned speakers
- Keynote forums by Prominent Professors, Doctors
- Open Innovation Challenges
- Poster presentations by Young Researchers
- Global Networking sessions with 100+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities
- Excellent platform to showcase the latest products
- Best platform to develop new partnership & collaborations.
- Best location to speed up your route into every territory in the World.
- Network development with both Academia and Business.
- The Career Guidance Workshops to the Graduates, Doctorates and Post-Doctoral Fellows, Certificate Accreditation from the Organizing Committee of presentation/ participation.

## **SPONSORSHIP & EXHIBITION**

The II World Congress on Drug Discovery and Development 2019 is the largest global event for the healthcare industry, which offers key networking and partnering opportunities, and provides insights and inspiration on major trends affecting the industry. Exhibitors reach high-level executives and influential decision makers who come to the world congress to discover new players in the industry, form partnerships and evaluate emerging technologies.

### **LECTURE SPONSOR/EXHIBIT: USD 3,000/-**

- 1 full page advertisement in the conference books
- Advertisement in the form of standees or posters during the conference
- 3X3 Stall in the conference

### **LUNCH SPONSOR/EXHIBIT: USD 5,000/-**

- 02 Invitations to Inaugural Ceremony
- 1 full page advertisement in the conference books
- Advertisement in the form of standees or posters during the conference
- 3X3 Stall in the conference.
- Announcement in the conference during the break

### **GOLD SPONSOR/EXHIBIT: USD 7,000/-**

- 02 Invitations to Inaugural Ceremony
- 1 full page advertisement in the conference books
- Advertising material in delegate kit bags
- Advertisement in the form of standees or posters during the conference
- 3X3 Stall in the conference

### **PLATINUM SPONSOR/EXHIBIT: USD 10,000/-**

- 02 Invitations to Inaugural Ceremony
- 1 full page advertisement in the conference books
- Advertising material in delegate kit bags
- Advertisement in the form of standees or posters during the conference
- 3X3 Stall in the conference.

### **EVENT SPONSOR/EXHIBIT: USD 15,000/-**

- 02 Invitations to Inaugural Ceremony
- Logo recognition on the conference website, hyperlinked to the organization website
- 1 full page advertisement in the conference books
- 1 speaker slots or 15 min. of presentation for the company representative
- Advertising material in delegate kit bags
- Advertisement in the form of standees or posters during the conference
- 3X3 Stall in the conference
