

World Congress on Nursing, Healthcare and Hospital Management

October 14-15, 2019

Paris, France

Theme:

**"Exploring the Role of Nurses in
Advancing Global Health and
Providing Homely Environment in Hospitals"**

Welcome Message

ConferenceEra welcomes you to join "World Congress on Nursing, Healthcare and Hospital Management" during October 14-15, 2019, Paris, France. With a theme "[Exploring the Role of Nurses in Advancing Global Health and Providing Homely Environment in Hospitals](#)" Conference Era is committed to make genuine and reliable contributions to the scientific community.

Conference Era understands and appreciates that nurses serve a special purpose in the medical field. Patients trust you to provide them with the most attentive and informed care, whether on an inpatient or outpatient basis, every day. In many ways, you are the liaison between the patient and the doctor. That means that you are required to not only possess a significant amount of medical knowledge, but also a superb bedside manner and outstanding interpersonal skills in order to excel at your job. There is no question that regularly attending nursing conferences and continuing medical education classes can benefit you in all of these areas. Plus, for most nursing roles, keeping your certifications and education current are required to maintain your license. The team at Conference Era is here to assist you to find the best nursing conferences and events for networking, learning, and career advancement.

You are more than welcome to submit your papers on any inter-professional working and learning issues, which these can range from clinical and healthcare practices to educational and research activities. We therefore encourage you to be part of this exciting and welcoming platform, sharing your work through either an oral presentation or a poster display.

Topics Covered in the conference

The conference sessions will run on different topics that are related to Nursing and Health-care. Below is the list of topics that will be mainly targeted during the conference. The capital of France, is historic monuments and also considered as political and economic landmark with a population of about 2.6 million lies in the northern part of France considered One of the most beautiful megalopolis in the world which Most of it was refurbished by Haussmann in the 19th century later divided 20 districts which are numbered 1 to 20.

The river Seine is still very busy with commercial barges transporting cargo in and out, divides the city into the Rive Gauche on the south and the Rive Droite on the north banks of the river. The city was once called Parisii by the Gauls, however the Romans arrived in 52 B.C. later which was changed to Lutetia.

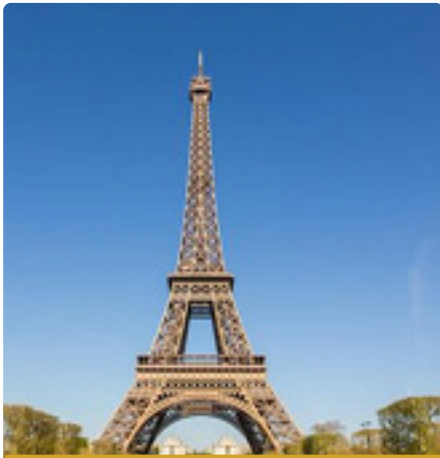

The city of lights with its night life is rich with the exquisite cabarets such as the Moulin Rouge, Lido and the Crazy Horse. Gastronomic restaurants with finest cuisine from France are numerous and at all best in class. One of the greatest art museums in the world, Located in the heart of the French capital. Also includes Eiffel tower, the monument which is built by Gustave Eiffel in 1889 which is considered to be the most well-known.

The Famous boulevards and city centre buildings were transformed by Haussmann and Charles Louis Napoléon Bonaparte. The wide streets, places and squares were built and the buildings completely renovated. The atmosphere was totally enchanted Champs-Élysées, whilst preserving historical buildings such as Notre Dame. This also influenced other French cities to change.
