HYSMENA HYSTEROSCOPY CONFERENCE 2020

Overview

The HYSMENA Conference will offer an opportunity to the participants to learn the basics as well as latest advances in the newer technologies related to Hysteroscopy. It will encompass the journey - past, present and future taken by the field alongside the clinical debates and discussions of new and relevant surgical procedures and techniques.

The scientific committee has on its board the leaders, pioneers and the inventors themselves as part of the faculty. The conference will offer opportunities for discussion and debate to prospective hysteroscopy learners.

The programme will cover among other topics

- Hysteroscopy
- Hysteroscopy in infertility
- Hysteroscopy in reproductive age group
- Hysteroscopy in menopause
- Submucous fibroids / Polyps
- Endometrial ablation
- The future of hysteroscopy

Workshop Sessions

- Hysteroscopy in Infertility / Hysteroscopy prior to IVF
- Hysteroscopy in Peri Menopause/ Menopause
- Hysteroscopy in Submucous Myoma / Polyps/ Endometrium
- Vaginoscopic Approach to the Cervix - Microcolpo-hysteroscopy / Colposcopy

There will be a post congress hands on wet lab training course for limited pre-registered participants. During the plenary sessions, the participants will get opportunity to freely communicate and ask questions with the faculty.

The organising committee will endeavour to end the outstanding scientific programme with hands on training in the wet lab.

The HYSMENA conference is sure to be one of the most innovative and engaging meetings in Dubai.

Join us for an amazing educational experience!
