Masterclass in the management of craniofacial deformity and cleft lip and palate

6 – 7 July 2017

The aim of this two-day course is to provide an overview of the management of complex craniofacial deformity. The course is aimed at trainees and consultants of both surgical (OMFS, plastic surgery, neurosurgery, ENT surgery) and dental specialties (orthodontics, paediatric dentistry, restorative dentistry). It would be ideal for those preparing for the exit fellowship of the Royal College of Surgeons.

Educational aims and objectives

To provide an overview of the management of:

- Craniosynostosis
- Craniofacial microsomia
- Cleft lip and palate

Course Convenor

Mr Daljit Gill

This masterclass will attract 12 hours of verifiable CPD.

Please return your completed application form to:

The information you provide will be held on a College-wide database and may be shared with any relevant specialist associations located within the building. It will be used for relevant College mailings and used to process your application and stored in accordance with the Data Protection Act 1998.

We would like to keep you informed of other events and activities that may be of interest to you; please tick this box if you do not wish to receive these mailings.

☐

Please note that there is a fixed cancellation charge of 10%. Cancellations made 4 weeks prior to a course will result in no refund. While we make every effort to run courses as advertised, we reserve the right to change the timetable and/or the teaching staff without prior notice and to cancel any courses without liability (in such circumstance, delegates will qualify for a full refund of the course fees).

NB: Applications on photocopies will be accepted

Please note that delegates will receive a confirmation letter and receipt upon registration onto the course within two weeks of receipt of application.

Delegates are advised to contact the Education Department immediately on 020 7869 6815/6814/6813 should they fail to receive this letter, as without this, your place is not confirmed.
