OE Tracker

At the conclusion of each lecture, there will be a QR code that you can scan with your mobile enabled device and your hours will be immediately uploaded to your OE Tracker record. It's that easy and the app is FREE! Simply enter your personal OE TRACKER number. The app is available for iPhone and Android devices. Please contact NOA if you have any questions.

FALL CONVENTION HIGHLIGHTS

Event

Convention Format

The convention kicks off Thursday and packs a full slate of education, networking, social events and timely information for ODs and paraoptometrists.

Top Notch Education for ODs & Paras

Doctors can earn COPE CE credits toward relicensure. Featured lecturers include Dr. Kyle Klute, Dr. Lindsay Sicks and Dr. Marc Taub. Health care attorney and author Mark Kopson will also be presenting a session on Thursday about negotiating health and vision plan contracts.

Paraoptometrists can choose from educational tracks covering a variety of topics related to optometry practice management including optical, billing, management, medical and technology. Featured para track presenters include Tami Arnett and Lynn Lawrence.

Social Events & Networking

The Trade Show and Cocktail Reception is on Thursday evening. Enjoy food, drinks and networking as you discuss products and services with a variety of exhibitors. The expo provides an excellent opportunity for exhibitors to offer special pricing on products and services along with cool swag!

Following the trade show, continue the fun and networking at the evening's Casino Night social event located at the convention center. Test your luck or skills for prizes.

Friday evening, assemble your teams! The NOA will host a Charity Bowling Tournament to benefit the Nebraska Foundation for Children's Vision. Does your team have what it takes to secure the Eyeball Trophy for your practice? Even if you are not participating in the tournament, come to support the teams. Complimentary shuttle transportation will be provided between the Fairfield Inn and the Big Apple Fun Center.

Welcome from the Governor

Nebraska Governor Jim Pillen will welcome attendees on opening day of the convention on Thursday at 5:45 p.m. This time with the governor also provides an occasion for optometrists to share information with him about industry concerns and opportunities.

EYECON24

FALL CONVENTION HIGHLIGHTS

Speakers

Tami Arnett

Tami Arnett, CPOA, ABOC, and office Sensei, began working in eye care over 10 years ago with minimal knowledge about eyes or glasses. Starting as both a technician and optician, Tami quickly learned testing, scribing and selling glasses, and became certified as both a CPOA and ABOC in 2015.

After serving as the technician team lead, Tami cross trained in the billing department — giving her a full perspective of how each area of the office functions and works together. Her ultimate passion is teaching her young padawans and watching their eyes light up, whether it's under the slit lamp or when learning something new. Affectionately referred to as a “spazzy nerd,” Tami is known for her fun facts, geeky toys, and awesome paintings.

Dr. Cheryl Chapman

Dr. Chapman works in private practice in Gretna, Nebraska, and serves as president of the American Academy of Orthokeratology and Myopia Control. She has instituted a full scope Dry Eye Subspecialty as well as a Myopia Management Subspecialty within her practice. Dr. Chapman is a Co-Founder of Peeq Pro, a designer of the patent pending device, the Peeq Waiva, and a co-creator of multiple products and services for Peeq Pro.

In addition to working one-on-one with doctors to implement practice protocols, she lectures within the optometric community as well as to local pediatricians and ophthalmologists. Serving as an Adjunct Assistant Professor at the University of the Incarnate Word Rosenberg School of Optometry, Dr. Chapman also enjoys working closely in training 4th year extern students in current dry eye therapies, myopia management strategies and practice management. She is a graduate of the University of Houston College of Optometry.

Dr. Janet Fett

Dr. Fett has been a member of AOA/NOA since 1983. She has served on several committees as well as the NOA board, serving as president in 2001. She regularly volunteers at Special Olympics and NFCV events.

She is a 1987 graduate of The Ohio State University College of Optometry. She returned to the Real Midwest and “BIG RED COUNTRY” for a Fellowship at Omni Eye/Omaha Eye in Ocular Disease. This provided the foundation of her medical billing and coding experience.

Dr. Fett has participated in NOA 3rd Party training for many years. She has been the Nebraska Optometry Medicare CAC representative since 2015 and currently provides NOA payer issues and updates to the NOA membership on a monthly basis.

She has been in private practice since 1988, mostly in South Sioux City with current partners Drs. David and Daniel Kincaid where they practice full scope optometric care to the diverse Siouxland community.

Michelle Bogear

Michelle is a dedicated and passionate professional who continues to make a name for herself in the eye care industry. Born and raised in Missouri, Michelle graduated from Northwest Missouri State University with a degree in Advertising and an emphasis in Marketing. During college, she began her journey within the eye care industry. Since then, she has gained extensive experience in retail, independent eye care and optometric consulting.

Throughout her career, Michelle has held various roles with much of her experience focused on the aspects of leadership, marketing, training and development, billing and cash flow efficiency within the eye care practice. She has always had a growth mindset and is not afraid to support her team throughout change, making her a supportive and valuable team player. She enjoys analyzing current practices, identifying opportunities, and helping businesses create changes that allow them to work more efficiently and effectively, while providing excellent patient care. Her philosophy is to embrace change.

Kendall Ellis Guinotte

Kendall Ellis Guinotte joined Acquios Advisors in June 2018. She graduated from the University of Nebraska at Omaha with a degree in Business Administration, emphasis in accounting. In August 2019, she became certified in QuickBooks Online. She enjoys applying her knowledge to helping clients achieve success.

Kendall works closely with clients in all phases of their career. She spends a great deal of time training client offices how to track key metrics using Acquios tools and guiding ODs on QBO processes and functionality. She is also a voice you will hear on calls.

She enjoys analyzing financials, creating new tools that can be utilized by her team and clients as well as aiding in maintaining Acquios' Social Media presence.

Dr. Kyle Klute is an optometrist with advanced training in treating diseases of the eye. He received his optometry degree from Illinois College of Optometry in Chicago and then completed additional training at Veteran's Medical Center in Battle Creek, Michigan. He then worked at an ocular disease referral center exclusively managing sight-threatening conditions of the eye. Now, he brings that wealth of knowledge and experience to primary care, striving to identify these sight-threatening conditions earlier before they manifest into life-altering situations.

Originally from the small town of Hampton, in south-central Nebraska, Dr. Klute strives to bring that small town, personable experience to health care. He believes you shouldn't have to go to small-town Nebraska to find kind and hospitable healthcare nor should you have to go to a big city to find a professional expert.

Dr. Kyle Klute

Mark Kopson

Mark S. Kopson is an attorney with Plunkett Cooney where he chairs the firm's Health Care Industry Group and has served on its Board of Directors. He also chairs the firm's Health Care Committee and serves on its Diversity & Inclusion Committee. For over 30 years, Mr. Kopson has represented health facilities, health plans, medical and behavioral health providers, nonprofits, integrated delivery systems and managed care organizations in the state of Michigan and across the United States. With extensive experience and specialized expertise in managed care, contracting and governance, he has been listed among the Best Lawyers in America for Health Care Law since 2014.

An accomplished author and sought-after speaker, Mr. Kopson is a frequent presenter to legal and health care industry groups, associations and businesses. He has served on the Board of Directors of the American Health Law Association since 2017, and he is a Fellow and former Chair of the State Bar of Michigan Health Care Law Section.

Lynn Lawrence is currently Staff Development Consultant, a national lecturer and an ophthalmic technician for Mills Eye and Facial Plastic Surgery. He is an approved speaker by the American Optometric Association, American Board of Opticianry, and Joint Commission for Allied Healthcare Personnel in Ophthalmology. In 2009 he retired from the USAF after 30 years of service. During his military career he was promoted to the top 1% of the enlisted ranks to Chief Master Sergeant and was then assigned to the Army/Air Force Exchange Service Headquarters in Dallas, Texas, as the Optical Program Manager. He oversaw quality control for 133 optical stores world-wide. He was also appointed by the Air Force Surgeon General as the Ophthalmic Career Field Manager where he oversaw 540 Optometry/Ophthalmology technicians at 90 locations around the world. He currently develops compliance materials and staff development materials. Lynn was one of four nationally recognized technicians selected to attend the industry sponsored 2020 Summit where industry and optometry came together to target the hurdles within optometry to enhance the profession. He has lectured in over 40 state and local conferences and crossed the border into Canada, Korea, and Japan.

Lynn Lawrence

FALL CONVENTION HIGHLIGHTS

Speakers

Jeanie Lyda

Jeanie is a Certified Paraoptometric Assistant with Heartland Eye Consultants in Omaha. She is originally from Ojai, California, a small city not far from Santa Barbara. In 1998, she moved to Nebraska,

where she started her training and work as an ophthalmic technician. She joined Heartland Eye Consultants in June of 2016 after a 10-year break to be a stay-at-home mom to her two kids.

Kira Morgan

Kira Morgan is a graduate of the University of Missouri with a Bachelor's of Health Sciences on the Pre-Professional track. She has worked for most of her life with individuals with disabilities, both in recreational therapy, behavior analysis and countless volunteer efforts. In October of 2023, Kira began as an Ophthalmic Assistant at Truhlsen Eye Institute. Since then, she has been working primarily with Dr. Karen Wilson in comprehensive and neuro optometry. With her passion for accessible health care, Kira presented at the inaugural Gifford Truhlsen Ophthalmic Personnel Conference to help others better exams with people with disabilities. Kira is currently applying to master's programs in physician's assistant studies.

Velvet Richardson-Hawkins

- Worked at Zeiss 29 years
- ABO, BS, AS in IU Optometry
- Most Influential Women in Optical 2018
- Certified in Global Marketing
- Zeiss Cultural Journey Ambassador
- Various Zeiss Awards and Zeiss Positions
- Technical Sales and Education Specialist
- This role allows her the opportunity to train New hires, Reps and Zeiss Accounts. On Zeiss Digital ordering team.
- Work closely with the Sales team, Marketing and the Product Team

Dr. Scott Ronhovde graduated from Southern College of Optometry in 2015. Ever since, he's practiced full-scope primary eye care in Wayne, Nebraska. A self-proclaimed eye nerd, he loves finding ways to maximize his patients' vision and educate patients and staff. He serves on the NOA board, the education committee, and chairs the paraoptometric committee. He and his wife, Anne, enjoy raising four high-energy kids, tackling home improvement projects and travelling.

Dr. Scott Ronhovde

Jack Sheard

Jack Sheard is owner and marketing strategist at IdeaBank Marketing. After 12 years of media experience and 8 more as a marketing director, Jack started at IdeaBank in 2020 and has since helped with everything from encouraging people to drive across the state to attend an event to influencing them to choose therapy options closer to home. Jack has worked across many industries with a variety of clients to understand their ideal customers and solve marketing needs. He is also a city council member in Grand Island and a mediocre golfer.

Dr. Lindsay Sicks

Dr. Lindsay Sicks graduated from Illinois College of Optometry in 2010 and completed a residency in Cornea and Contact Lenses at Northeastern State University Oklahoma College of Optometry in 2011. She serves as an Associate Professor in the Cornea and Contact Lens Center for Clinical Excellence at Illinois College of Optometry and as the Contact Lens Residency Program Coordinator. She has experience in private practice, consulting, research and advanced procedures. She serves as Vice Chair of the American Academy of Optometry Leadership Committee and works closely with the Academy's Flom Leadership Academy program as a Gallup-certified Strengths

Dr. Marc Taub is a professor at Southern College of Optometry. He teaches in the vision therapy and pediatric clinics. Dr. Taub is the Editor-in-Chief of Optometry & Visual Performance and serves on the review board of Optometry Times. He has written numerous peer-reviewed articles and has lectured and presented posters at international, national and local conferences. He is the lead editor, a multiple-chapter author on Visual Diagnosis and Care of the Patient with Special Needs, and a chapter author on Visual Development, Treatment, and Diagnosis of the Pediatric Patient. Dr. Taub is a Fellow of the American Academy of Optometry and the College of Optometrists in Vision Development and is active in the Optometric Extension Program Foundation.

Dr. Marc Taub

Dr. Holly Ternus

Dr. Holly Ternus is originally from Torrington, Wyoming, and graduated from the University of Nebraska-Lincoln with a degree in biological sciences. She graduated with Honors from The New England College of Optometry and completed internships with Honors at South Boston Community Health Center with an emphasis in glaucoma and narrow-angle glaucoma, Togus Veterans Affairs Medical Center with an emphasis in ocular disease, Lifetime Eyecare in Houston fitting specialty contact lenses, and Brooke Army Medical Center in San Antonio.

Dr. Ternus practiced with ophthalmology in the Dallas/Fort Worth area, specializing in ocular disease, dry eye disease, and emergency care. She then transitioned into primary care, fitting specialty contacts for keratoconus, post-RK, corneal ectasia, and irregular corneas.

Dr. Ternus is an active member of the Nebraska Optometric Association, American Optometry Association, and American Academy of Optometry. She received her fellowship with the American Academy of Optometry in 2018 and is a graduate of the Nebraska Optometric Association's Leadership Institute. She also received her fellowship in the Scleral Lens Education Society and is the first in Nebraska to have completed this honor.

FOR YOUR INFORMATION

COPE vs. Non-COPE Courses

NOA includes some CE courses at its meetings that are approved by COPE and some that are not. All of the hours offered at NOA educational events qualify for re-licensure purposes in Nebraska. The only significant difference between the two types of courses for Nebraska doctors involves reciprocity of the CE for licensure purposes in other states. COPE accredited courses have been submitted to, and approved by a national clearinghouse for CE, which is operated by the Association of Regulatory Boards of Optometry (ARBO). Most state licensing boards across the country automatically accept COPE accredited courses for relicensure purposes. Courses that are not reviewed or approved by COPE for nationwide credit may still be submitted individually to state licensing boards for their review of course content, objectives, and presenters. That's what NOA does routinely in Nebraska with courses that have not been submitted to COPE for review. If Doctors wish to have these non-COPE courses count toward licensure requirements in other states, they would need to submit required information about the course and presenters to that state's licensing board for approval. The convention provides 14 hours of CE courses.

Continuing Education is Paramount!

Registration

The Convention registration fee includes admission to CE plus all breaks, meals, and listed social events. The Charity Bowling Tournament requires a "separate" team registration and donation.

HOTEL RESERVATION INFORMATION

The convention room block deadline is August 22, 2024.
