Second Announcement

August 2015

Dr. Georgi Abraham
Chairman

Welcome Message

Dear Delegates,

Greetings from the Organizing Committee of the 26th Annual Conference of the Indian Society of Organ Transplantation!

We hope you received our first announcement and are making plans to join us in Chennai for this unique conference that brings many smaller transplant organizations and groups together under one roof. We promise that this conference will be a paradigm shift as far as the Scientific Content, Venue and Hospitality is concerned. We hope that you will not miss this opportunity to witness the best in the field of transplantation.

The conference venue is located on the seaside providing you with magnificent views during your breaks. The special discounted deal for the conference means that you can stay at the venue and enjoy all the sessions - away from the hustle and bustle of the city. Budget accommodation will be available for residents and students.

The various committees are bringing together the latest scientific topics that will interest you with many interactive sessions. Many international faculty members have promised to be in India for this conference in all the sectional meetings too. The trade exhibitors will enjoy the benefit of a very comfortable area for their stalls.

Making this conference a memorable experience is one of the highest priorities of the organizing committee. Do check out the website to see images from the 1997 conference and take a walk down memory lane.

Chennai is the gateway for exploring South India and there are many interesting and historical places to visit. Please plan your visit well in advance to enjoy your stay in this part of the world.

Please remember to use the discounted packages as we only have limited number of rooms at the venue.

Yours truly,

Dr. Sunil Shroff
Organizing Secretary

Program

Pre - conference session from 2pm to 6 pm on 1st October 2015
