14TH ANNUAL PEDIATRIC EMERGENCY MEDICINE UPDATE

MAY 5-6, 2017

FRI-SAT

APLS: THU MAY 4

**UBC ROBSON SQUARE
VANCOUVER BC**

CONFERENCE OVERVIEW

THEME: Managing the Complex Child in the ED

The Division of Emergency Medicine at BC Children's Hospital and UBC Continuing Professional Development present the 14th Annual Pediatric Emergency Medicine Update for Pediatricians and Emergency Physicians. The 2-day conference highlights the latest trends in the practice of pediatric emergency medicine in urban and rural settings.

APLS Course (Simulator-Mediated Advanced Pediatric Life Support) offered Thu May 4

TARGET AUDIENCE

- Pediatricians
- Emergency Physicians
- Family Physicians
- Residents

1230	Lunch	
1330	Small Group Workshops II	
D	<i>Take-Out Menu: ENT Foreign Body Removals in the ED</i>	Neil Chadha
E	<i>Unbecoming Conduct(ion): EKG's Not to Miss</i>	Martin Hosking
F	<i>Mission Impossible 3.5: The Difficult Pediatric Airway</i>	Chris Chin
1430	Small Group Workshops II Repeat	
1530	Complete Evaluations; Conference Ends	

CONFERENCE COORDINATOR

Navid Dehghani, MD, FRCPC, FAAP. Clinical Associate Professor, Division of Emergency Medicine, Department of Pediatrics, UBC

PLANNING COMMITTEE

Lindsay Callan. Conference Services Director, Division of Continuing Professional Development, Faculty of Medicine, UBC

Joseph Copeland, MD, CCFP (EM). Clinical Assistant Professor, Department of Emergency Medicine, UBC

PRESENTING FACULTY

Kouros Afshar, MD, FRCSC. Associate Professor, Department of Urologic Sciences, UBC; Associate Chief of Surgery, BC Children's Hospital

Jugal Arneja, MD, MBA, FAAP, FACS, FRCSC. Clinical Professor, Department of Surgery, UBC

Vishal Avinashi, MD, MPH, FRCPC. Clinical Assistant Professor, Department of Pediatrics, UBC

Tyler Black, MD, FRCPC. Clinical Assistant Professor, Department of Psychiatry, UBC

Robyn Cairns, MD, MSc, FRCPC. Clinical Professor and Vice Chair Medical Informatics, Department of Radiology, UBC

Neil Chadha, MBChB, MPH, FRCSC. Clinical Associate Professor, Department of Surgery, UBC

Christopher Chin, MD, FRCSC. Clinical Associate Professor, Department of Anesthesiology, Pharmacology & Therapeutics, UBC

Navid Dehghani, MD, FRCPC, FAAP. Clinical Associate Professor, Division of Emergency Medicine, Department of Pediatrics, UBC

Paul Enarson, MD, PhD, FRCPC. Clinical Assistant Professor, Division of Emergency Medicine, Department of Pediatrics, UBC

Ellen Giesbrecht, MD, FRCSC. Clinical Assistant Professor, Department of Obstetrics and Gynaecology, UBC; Senior Medical Director, Acute Perinatal, BC Women's Hospital

Ran Goldman, MD, FRCPC. Co-Head, Division of Translational Therapeutics and Professor, Division of Emergency Medicine, Department of Pediatrics, UBC; Senior Associate Clinician Scientist, CFRI

Simran Grewal, MD, FRCPC. Clinical Associate Professor, Department of Pediatrics, UBC; Medical Director, Emergency Department, BC Children's Hospital

Martin Hosking, MD, FRCPC, FACC. Clinical Associate Professor, Department of Pediatrics, UBC

Joseph Lam, MD, FRCPC. Associate Member, Department of Dermatology and Skin Science, Clinical Assistant Professor, Department of Pediatrics, UBC

James Lee, MD, FRCPC. Clinical Assistant Professor, Department of Pediatrics, UBC

Deepak Manhas, MD, FRCPC. Clinical Assistant Professor, Director of Fellowship Program, Department of Pediatrics, UBC; Program Director, Neonatal-Perinatal Medicine, Division of Neonatology, BC Women's Hospital

Shreya Moodley, MD, FRCPC. Pediatric Cardiology Fellow, Department of Pediatrics, UBC

Badrinath Narayan, MD, FRCPC. Fellow, Department of Pediatrics, UBC

Surabhi Rawal, MD, FRCPC, FAAP. Pediatric Hematology/Oncology/BMT Fellow, Department of Pediatrics, UBC

Vikram Sabhaney, MD, FRCPC. Clinical Assistant Professor, Department of Pediatrics, UBC; Fellowship Director, Pediatric Emergency Medicine, BC Children's Hospital

APLS (SIMULATOR-MEDIATED ADVANCED PEDIATRIC LIFE SUPPORT)

Optional Pre-Conference Course

Thu May 4, 2017

Location

BC Children's Hospital
(Room E6 - 6th Floor of Shaughnessy Building)
The New Provincial Simulation Center
4480 Oak Street, Vancouver, BC V6H 3N1

Requirement

Successful previous completion of PALS or APLS course is recommended. Physicians who are routinely involved in the care of critically ill or injured children, including emergency room physicians, pediatricians, senior emergency medicine, pediatric trainees.

Cost

Course: \$825

APLS 5th Edition Manual (including shipping): \$165

Maximum Registration: 24

Credits

APLS is accredited for 7.5 MOC Section 3 credits. The CFPC recognizes the APLS program for 2 Mainpro+ credits per hour. Participants who complete the program of study but do not pass the certification examination may still claim MOC Section 2/Traineeship or 1 Mainpro+ credit per hour for the classroom component of the program.

CONFERENCE VENUE

UBC Robson Square
800 Robson Street (at Howe Street)
Vancouver BC V6Z 3B7

robsonsquare.ubc.ca

UBC Robson Square is located in downtown Vancouver on Robson Street between Hornby and Howe Street.

Description

Designed to train physicians to assess and manage critically ill children during the first hour in the emergency department. The aim is to help the clinician detect an imminently toxic child and institute treatment without delay.

The course consists of:

1. Presentations: pediatric assessment, maltreatment, surgical emergencies, orthopedic trauma, and common toxins and poisons.
2. Simulator-mediated practical skills stations: assisted and mechanical ventilation, advanced airway, vascular access intraosseous and central, and chemical electrical cardioversion.
3. Case-based discussions: respiratory emergencies, shock, Central Nervous System problems, pediatric trauma, and neonatal emergencies.
4. New: 2015 Resuscitation Guidelines highlight

This APLS course is unique in North America as it incorporates the simulator in the skills stations and small group discussions. The participants will work in teams on a pediatric and a neonatal simulator to resuscitate critically ill children and neonates in various real life scenarios. The 2015 resuscitation guidelines will be reviewed and practiced in the simulated scenarios.

Required preparatory work involves pre-reading The Pediatric Emergency Medicine Resource, Fifth Edition. Upon successful completion of the course, the participant will receive the American College of Emergency Medicine (ACEP) Certificate. In order to obtain the ACEP certificate, the participant is required to attend all didactic and small group sessions and achieve 80% on the end-of-the-course written examination.
