BREAST CANCER MANAGEMENT 2019

Overview

This program will review state of the art practice in breast cancer screening and highlight use of MRI and US in this setting. Emphasis will also be placed on psychosocial issues related to the management of breast cancer from the role of patient navigation, psychologic support, and physician patient communication optimization. Other highlighted areas will be the latest advances/updates in both oncologic and reconstructive breast surgery, the latest chemotherapy regimens, precision medicine advances as they apply to targeted breast therapy, and personalized breast cancer treatments. Active areas of promising research and clinical trials will be discussed. The format of this program will consist of lectures with panel discussions. Radiology, medical oncology, genetics, oncologic breast surgery, plastic surgery, and radiation oncology will present areas of clinical relevance, and current controversies will be discussed.

Learning Objectives

- Discuss the most recent recommendations in breast cancer screening with attention to timing of screening, frequency, and methodology
- Define controversies in the diagnosis and management of the different stages of breast cancer
- Identify the latest surgical advances in both oncologic breast surgery and breast reconstruction
- Explain the latest chemotherapy regimens utilized in breast cancer, including the use of neoadjuvant versus adjuvant therapies
- Describe both the latest advances in precision medicine, and how these advances lead to targeted breast cancer therapies
- Recognize how to optimize physician patient communication

Target Audience

This program has been designed for primary care physicians, internists, general surgeons, medical oncologists, radiation oncologists, surgical oncologists, radiologists, psychologists, nurses, and any other clinicians involved in the management and treatment of patients with breast cancer.

Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by Columbia University Department of Surgery and Amedco LLC. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Credit Designation Statement

PHYSICIANS

Amedco LLC designates this live activity for a maximum of 3.75 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

PHYSICIAN ASSISTANTS

AAPA accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credits*[™] from organizations accredited by ACCME or a recognized state medical society. PAs may receive a maximum of 3.75 *AMA PRA Category 1 Credits*[™] for completing this activity.

NURSE PRACTITIONERS

The American Academy of Nurse Practitioners Certification Board (AANPCB) recognizes the Accreditation Council for Continuing Medical Education (ACCME) and the American Nurses Credentialing Center (ANCC) as approved accreditors and allow reciprocity for AANPCP continuing education credit.

Satisfactory Completion

Learners must complete an evaluation form to receive a certificate of completion. Your chosen sessions must be attended in their entirety. Partial credit of individual sessions is not available. If you are seeking continuing education credit for a specialty not listed above, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

Support

We expect support for this program through grants from pharmaceutical and medical device companies.
