

FESTIVAL OF BIOLOGICS USA

DISCOVER • DEVELOP • GET TO MARKET

2–4 March 2020 | Loews Resort Coronado, San Diego

Featuring

ATTENDEES	1000+
EXHIBITORS	60+
SPEAKERS	300+

www.terrapiinn.com/FOBSD/2020

Part of

Created by

DISCOVER • DEVELOP • GET TO MARKET

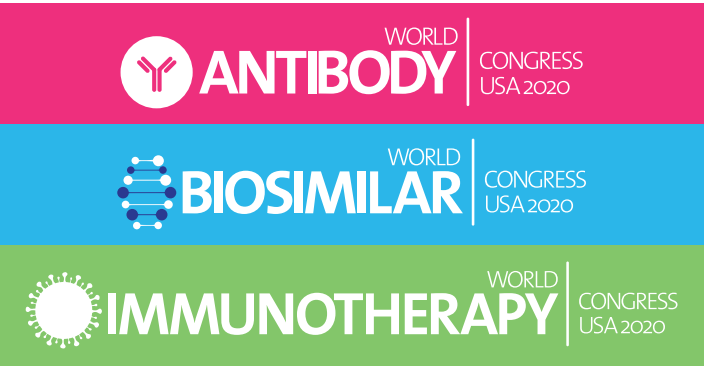

AMERICA'S MOST EXCITING BIOLOGICS EVENT

Sparking discussion between pharma, biotech, physicians, payers and developers.

What is The Festival of Biologics?

The Festival of Biologics is the meeting place for the life science community to bridge the gap between academia and industry. With three events in one, the Festival encourages conversation across the entire industry so you can inspire change, champion innovation, and address complex challenges that the biologics industry is facing.

Mission: To bring together senior biologics professionals across the value chain to showcase their research, collaborate on challenges, forge new connections and ultimately advance the industry to improve patient health.

FESTIVAL OF BIOLOGICS USA

From interactive workshops, insightful panel discussions and ground-breaking keynotes, The Festival of Biologics' program is specifically curated for you to make the most of your time at the congress.

300+
SPEAKERS

60+
EXHIBITORS

3 IN 1
EVENTS

AI and Machine Learning in Oncology and Biomarkers	Antibodies in Immunotherapy	Armed Antibodies	Biosimilar Development, Manufacturing and Analysis	Biosimilars in Healthcare Policy	Biosimilar Market Access
Bispecifics Discovery/Development	Building a Sustainable Biosimilars Industry	Cancer Vaccines	Cell Therapy	Checkpoint Inhibitors	Clinical Trials
CMC, Developability and Manufacturability	Commercialization and Market Access	Commercialization of Biosimilars and Sustainability of the Industry	Computational Discovery and Development of Therapeutic Antibodies	Gene Therapy and CRISPR	Immunogenicity and QA/QC of Antibodies
IP and legal challenges in the Biosimilar Space	Manufacture and Supply Chain	Neoantigens	New Technology in Screening and Analytics for Antibody Proteins	Non-Oncology Immunotherapy	Novel Indications for Therapeutic Antibodies
Oncolytic Viruses	Precision Immunotherapy	Protein Engineering	Research Hub	Immunotherapy for Solid Tumors	Technology showcase
The Clinical Environment and Real-world Evidence	Tumor Microenvironment	Value and affordability of Biosimilars			

 Hundreds of World-Leading Speakers	 Start-up Pitches
 World-Leading Keynotes	 One-to-One Meetings
 12 Streams of Content	 Exhibition Showcase
 Interactive Round Tables	 Start-up Zone
 Peer-to-Peer Networking	 Networking Afterparty
 Poster Zone	 Insightful Workshops

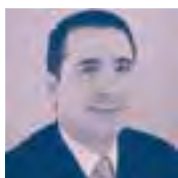

WORLD LEADING SPEAKERS

Al Tsang
Chief Scientific Officer, **Precision BioLogics**

Alexey Berezhnoy
Scientist II, **MacroGenics**

Andres Perez Bay
Senior Staff Scientist, **Regeneron**

Andrew Korytko
Research Advisor, Group Leader, Protein Engineering, **Eli Lilly and Company**

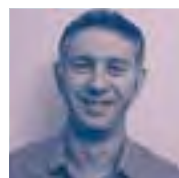

Andrew Polson
Principal Scientist, **Genentech**

Andrew Tsourkas
Professor of Bioengineering, **University of Pennsylvania**

Anthony Mire-Slui
Head of Global Quality, **AstraZeneca**

Anton Rosenbaum
Senior Scientist, Clinical Immunology & Bioanalysis, **AstraZeneca**

Andrea Ferrante
Principal Research Scientist, **Eli Lilly and Company**

Arunan Kaliyaperumal
Research Fellow, **Eli Lilly and Company**

Brandon Ruotolo
Professor, Chemistry, **University of Michigan**

Brian Kay
Professor, Department of Biological Sciences, LAS Distinguished Professor & University Scholar, **University of Illinois at Chicago**

Bruce Keyt
CSO, **IGM Biosciences**

C. Russell Cruz
Director, Translational Research Laboratories, **Centre for Emerging Technologies in Immune Cell Therapy, Children's National Hospital**

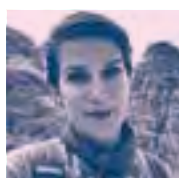

Chad Swanson
Senior Director, Neurology Business Group, **Eisai**

Christopher Bahl
Head of Protein Design, **Institute for Protein Innovation**

Cory Brooks
Associate Professor, **Fresno State University**

Dana Filoti
Senior Scientist II, NBE Analytical R&D, **AbbVie**

David Busch
Senior Scientist, **Merck**

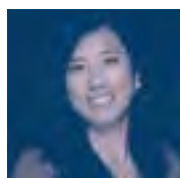

David Dorman
Senior Vice President of Research, **Bolt Biotherapeutics**

David Fontana
Head Strategic Alliance & JCAR017 Program Lead, **Juno Therapeutics**

Derek Wilson
Director, Wilson Lab, **York University**

Dian Su
Scientist, **Genentech**

Elisabeth Nyakatura
Research Assistant Professor, **Albert Einstein College of Medicine**

Eugene Zhukovsky
Chief Scientific Officer, **BIOMUNEX Pharmaceuticals**

Ezio Bonvini
Chief Scientific Officer, **MacroGenics**

Feng Wang
Associate Director, Principal Investigator, **Institute of Biophysics, Chinese Academy of Sciences**

Frank Walsh
Founder and Chief Executive Officer, **Ossianix**

Gary Starling
Associate Vice President, Protein Science, **Merck**

Greg Babcock
Vice President, Research, **Visterra Inc**

Haruki Hasegawa
Principal Scientist, Department of Therapeutic Discovery, **Amgen**

Harun Rashid
Senior Principal Scientist, Molecular Technology, **Ambrx**

Hiroaki Suga
Professor, **The University of Tokyo**

Ian Wilson
Hansen Professor of Structural Biology, Skaggs Institute for Chemical Biology, **The Scripps Research Institute**

Isabelle Turbica
Associate Professor, **Paris-Sud University**

Ivan Mascanfroni
Senior Scientist III, Immunology Biologics, **AbbVie Bioresearch Centre**

Jack Ragheb
Senior Medical Fellow, Immunology, **Eli Lilly & Company**

Jae Sly
Consultant, **TBA**

James Legg
Vice President, Research & Development, **Crescendo Biologics**

Javier Chaparro-Riggers
Executive Director, **Pfizer**

Jeffrey Froude
Major, Stm, Vaccines and Therapeutics Division, **Defence Threat Reduction Agency**

Jintang He
Scientist, **Genentech**

Joan Shen
Head of Research and Development, **I-Mab Biopharma**

Joseph Eschweiler
Senior Scientist, **AbbVie**

Johannes Brozy
Senior Associate Scientist, Bite Technology, **Amgen**

John Delaney
Executive Director, Amgen Biologics Discovery, **Amgen**

John Lambert
Consultant, Honorary Professor, **Queen's University, Belfast**, Former CSO, **ImmunoGen**

Kartik Chandran
Associate Professor, Department of Microbiology & Immunology, **Albert Einstein College of Medicine**

Kevin Johnson
Partner, **Medixci**

Krzysztof Masternak
Head of Discovery, **Light Chain Bioscience – a brand of Novimmune SA**

Liviu Movileanu
Professor, Department of Physics, **Syracuse University**

Lu Shan
Scientist II, ADPE, **MedImmune**

Marc Nasoff
Chief Scientific Officer, **Fortis Therapeutics**

Marilyn Kehry
Vice President, Cell and Functional Biology, **AnaptysBio**

Marjorie Shapiro
Supervisory Biologics Office of Biotechnology Products, **CDER, FDA**

Mark Chiu
Associate Director, Multispecific Biologics Engineering, **Janssen Research and Development**

Mark Throsby
CSO, **Merus**

Michael Yellin
Vice President of Clinical Science, **Celldex Therapeutics**

Mike Schopperle
Chief Scientific Officer, **CureMeta**

Nathan Trinklein
Chief Technology Officer, **Teneobio**

Nicholas Agard
Scientist, **Genentech**

Nina Prak
Associate Professor, Perelman School of Medicine, **University of Pennsylvania**

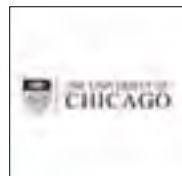

Partha Chowdhury
Senior Director and Head, Antibody Discovery, **Sanofi Genzyme**

Pascal Touchon
President and CEO, **Atara Biotherapeutics**

WORLD LEADING SPEAKERS

Patrick Wilson
Professor,
Department
of Medicine/
Rheumatology,
**The University of
Chicago**

Peter Hülsmann
Principal Scientist,
Head of Cell Line
and Molecular
Development,
**Roche Pharma
Research & Early
Development**

Philipp Spycher
Founder Fellow, **Paul
Scherrer Institut**

Philippe Billiald
Full Professor,
**University Paris-
Saclay**, Scientific
Advisor and Co-
Founder, **Acticor
Biotech**

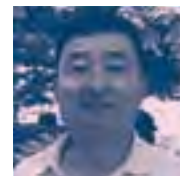

**Qiang (Shawn)
Chan**
Professor, **The
Biodesign Institute
and School of Life
Sciences, Arizona
State University**

Raja Ghosh
Professor, Chemical
Engineering,
**McMaster
University**

**Ramana
Doppalapudi**
Director of
Chemistry, **Avidity
BioSciences**

Richard Ding
Director of
Downstream
Purification and
Manufacturing,

Gräslund**
Professor, Medical
Protein Technology,
**KTH Royal Institute
of Technology**

**Toshimitsu
Uenaka**
President, Epochal
Precision Anti-
Cancer Therapeutics
(EPAT), **Eisai**

**Vadim
Klyushnichenko**
VP of
Pharmaceutical
Development &
Quality, **Calibr**, a
division of **Scripps
Research**

Vaughn Smider
Professor, **The
Applied Biomedical
Science Institute**

Vu Truong
Founder, Chief
Executive Officer
and Director, **Aridis
Pharmaceuticals**

Weifang Liu
Senior Scientist,
Pfizer

Werner Meier
CSO, **Revitope
Oncology**

Yanay Ofran
Founder and Chief
Executive Officer,
BioLogic Design

Yeku Olapado
Assistant Clinical
Attending,
**Massachusetts
General Hospital**

Yongku Cho
Assistant Professor,
**University of
Connecticut**

**Zachary
Bornholdt**
Director, Antibody
Discovery, **Mapp
Biopharmaceuticals**

"This is a good meeting with a strong speaker program, well attended by key figures in the sector. Notably the team of organisers are helpful and supportive so that, as sponsors, we could make good use of the opportunity"

VP, Business Development, CMC Biologics

"The congress was very interesting, and probably remains the best global antibody meeting. The sessions were well balanced between the different topics."

R&D Team Manager, Quality Assistance S.A.

WORLD LEADING SPEAKERS

Abhijit Barve
Head, Global Clinical Research, **Mylan**

Adam Levysohn
Executive Director Global Market Access Biosimilar, **Biogen**

Alvin Luk
CMO and SVP Global Clinical and Medical Affairs, **Shanghai Henlius**

Anna Rose Welch
Chief Editor, **Biosimilar Development**

Annick De Vries
Director Bioanalysis, **Sanquin**

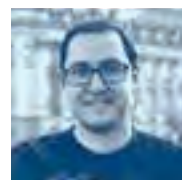

Arshad Jamil
Global Head IPR, **Biocon**

Bernd Liedert,
TBC

Blake Leitch
Global Head Marketing Biosimilars, **Biogen**

Borna Parsons
Chief Scientist/ Business Development, **Singapore Biotech**

Bracha Timan
Senior Director, Global Bioassays & Technology, **Teva**

Bruce Leicher
Independent Strategic Legal Advisor/Former Senior Vice President and General Counsel, **Momenta Pharmaceuticals**

Cate Lockhart
Executive Director, **Biologics and Biosimilar Collective Intelligence Consortium**

Chad Pettit
Executive Director, Global Value Access & Policy, Biosimilars, **Amgen**

Charles E. Daniels
BSPharm, PhD, Associate Dean and Chief Pharmacy Officer, **University of California San Diego, Skaggs School of Pharmacy and Pharmaceutical Sciences**

Christine Simmons
Executive Director/ Senior Vice President, Policy & Strategic Alliances, **Biosimilars Council/ Association of Accessible Medicines**

Chrys Kokino
Head, Global Biologics, **Mylan**

Colin C. Edgerton
MD, FACP, FACR, Executive Chairman, **Articularis Rheumatology Network**

Daniel Alvarez
Senior Director Asset Lead Biosimilar Research Development Unit, **Pfizer**

Dorthé Bartels
Strategic Advisor, **AMGROS**

Elizabeth Johnson
Biologics Coordinator, **Allergy Partners P.A.**

Enrique Seoane-Vazquez
Professor, **Chapman University School of Pharmacy & Economics Science Institute**

Hans Sauer
Deputy General Counsel, Vice President for Intellectual Property, **Biotechnology Innovation Organization**

Huiguo (Forrest) Hu
General Manager, International Business, **3SBio**

Jennifer Day
Coordinator, Emerging Therapeutics Strategy Program, **Kaiser Permanente**

Joe Fuhr
Adjunct Professor of Pharmaceutical & Healthcare Business, **Widener University**

John O'Brien
Former Senior Adviser to the Secretary for Drug Pricing Reform, **U.S. Department of Health and Human Services**

Julio Baez
Bioengineering Industrial Advisor, **UCSD**

Katie Verb
Director, Policy and Research, **PhRMA**

Kevin Knopf
Assistant Clinical Professor Medicine/ Chairman Hematology & Oncology, **University of California/Highland Hospital**

Maggie Dolan
Associate Director Market Access EU Biosimilars, **Biogen**

Maria-ceu Machado
Former President, **INFARMED**

Martin Brenner
Senior Vice President, CSO, **Pfenex**

Michael Hongwei Xie
Executive Director of Bioassay and Analytical Development, **Shanghai Henlius Biotech Inc.**

Mourad Farouk-Rezk
Global Head of Medical (Biosimilars), **Biogen**

Nacer E Hedroug
Director of Quality Improvement, **Mylan**

Nathan Lewis
Associate Professor, Dept Pediatrics and Bioengineering, **USCD**

Ned Pojskic
Leader, Pharmacy & Health Provider Relations, **Green Shield Canada**

Noelle Sunstrom
CEO & Founder, **NeuClone**

Omar Dabbous
Vice President Global HEOR and RWE, **AveXis**

Oscar Hoogteijling
Director Business Development, **Valerius Biopharma**

Pam Traxel
Senior Vice President, Alliance Development and Philanthropy, **American Cancer Society Cancer Action Network**

Parastoo Azadi
Technical Director of Analytical Services, Senior Research Scientist, **Complex Carbohydrate Research Center, University of Georgia**

Ravi Pherwani
Head of U.S. Oncology Biosimilars, **Pfizer**

Roman Draï
Research & Development Director, **GEROPHARM**

Ross Day
Former Director, Pharmacy Contracting, **Vizient Inc.**

Rustom Modý
Senior Vice President and Head of Research & Development, **Lupin**

Sameer Awsare
Associate Executive Director, **The Permanente Medical Group**

Sanjeev Gupta
Senior General Manager & Head of Advanced Biotechnology, **IPCA**

Sarfaraz Niazi
Chairman/Professor, **Karyo Biologics/ University of Illinois**

Scott Liu
CEO, **Shanghai Henlius**

Sofia Oliveira Martins
Professor/ Former Board Member, **Lisbon University Faculty of Pharmacy / INFARMED**

“This is a good meeting with a strong speaker program, well attended by key figures in the sector. Notably the team of organisers are helpful and supportive so that, as sponsors, we could make good use of the opportunity.”

VP, Business Development, CMC Biologics

“The Festival of Biologics is a must-attend for anyone working in the research and development of antibody- based therapeutics and related biologics. In summary: a very high-quality meeting at a great conference venue, with excellent talks, networking opportunities and forums for discussing topical industry issues.”

Joann Peters, Vice President Clinical Operations, **Geneos Therapeutics**

HEAR TALKS SUCH AS:

Denise Steckel, Head, Clinical Collaborations Management, **Genentech** will share how to be the collaborator of choice for combination studies

Discover how AstraZeneca is implementing biomarker enriched clinical trials to improve precision medicine practice with **Deepak Khattry**, Science Associate Director, Oncology Biometrics, **AstraZeneca**

WHAT YOU CAN DO AT THE FESTIVAL OF BIOLOGICS

WANT TO COME AS A GROUP?

Benefit from our group booking discounts.
Contact tayyab.abbasi@terrapinn.com to find out more!

See over 12 streams filled with incredible content brought to you by over 300 speakers!

Get involved in our interactive workshops. Moderators are from companies such as **Eli Lilly and Company, Medixci, Merck, California Life Science Association, MedImmune** and many more.

See the latest innovations from SMEs in our designated area. Want to see what the new kids on the block are up to? Join us to hear from new companies changing the face of healthcare.

Meet developers and see what technical advances are on offer with over 60 exhibitors

Network in style at one of our two drinks receptions across the 3 days of congress. Let your hair down and have a drink on us!

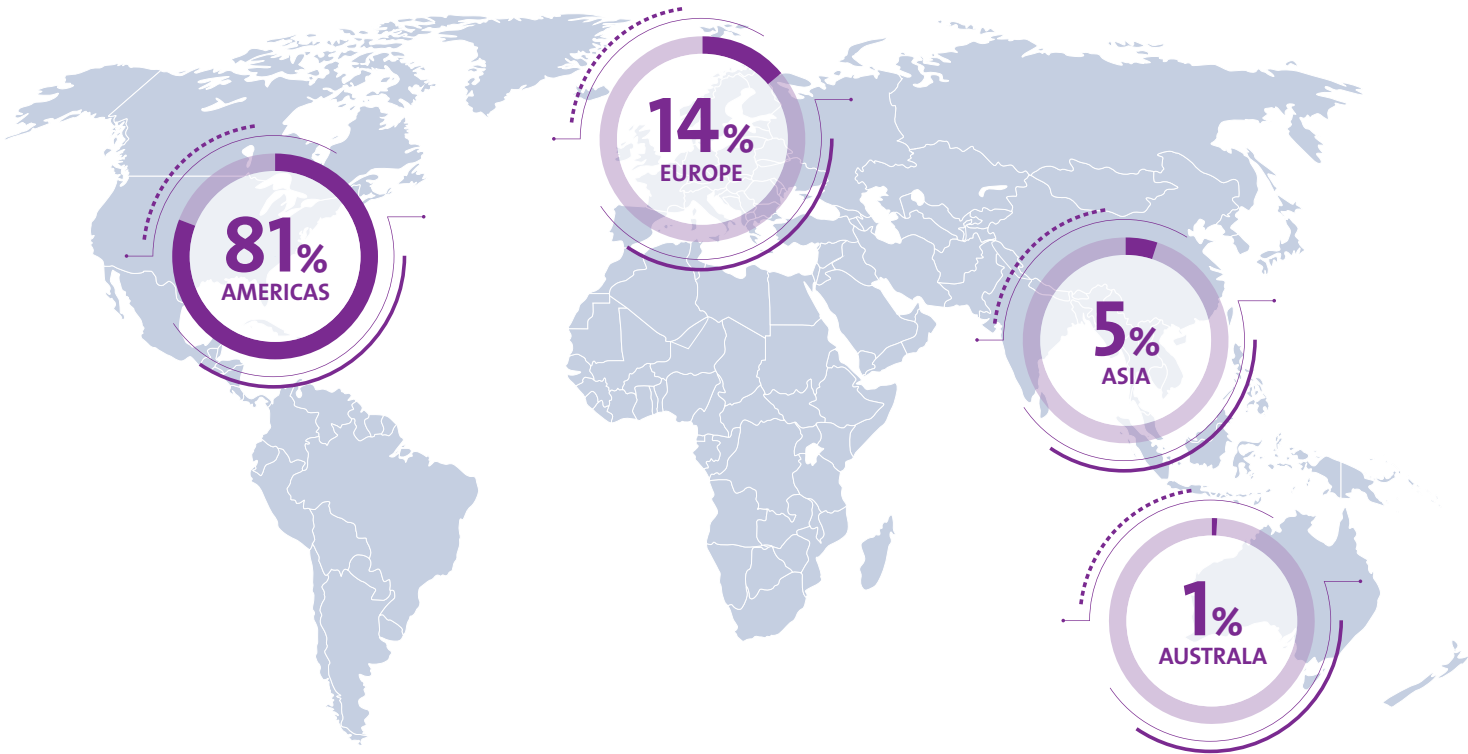

Prearrange your meetings and form lasting connections with our dedicated networking app that ensures you meet the right people at the right time.

See the new developments in the academic world and discuss new research with authors at our dedicated Poster Session.

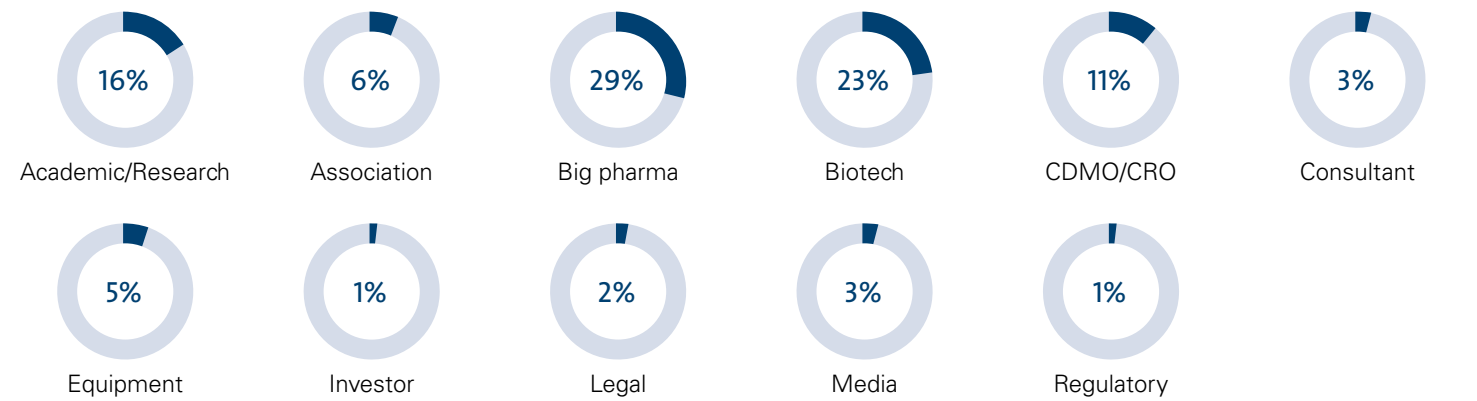

WHO WILL BE THERE?

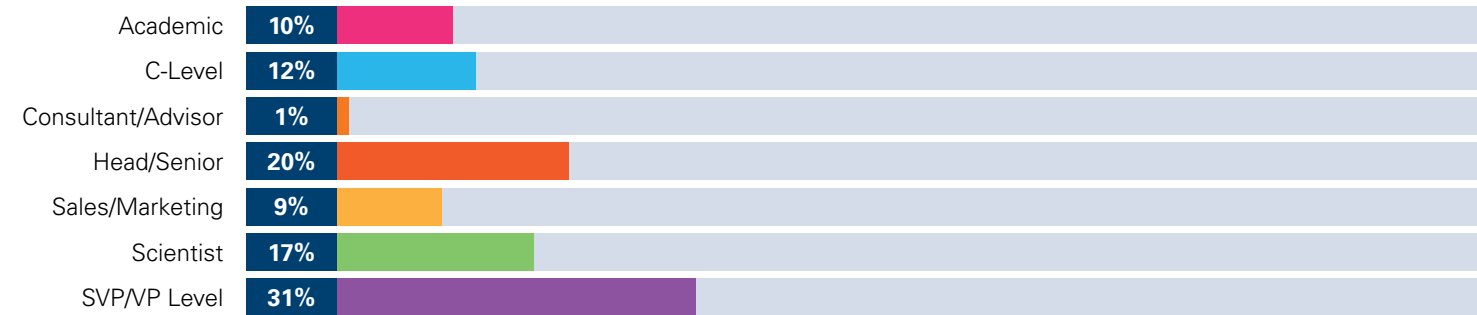

BY COUNTRY

WHO ATTENDS BY INDUSTRY

ATTENDANCE BY JOB TITLE

WHY ATTEND

- Three events in one – we offer more learning opportunities across multiple sectors
- A content-led agenda showcases the latest trends, innovations and drivers that are transforming the way you work
- We understand that networking is incredibly important, that's why we have long breaks, a dedicated app to set up meetings and an after party to ensure you get the opportunity to make new research and business partnerships
- Find your next solution that will change the efficiency and workflow of your everyday by visiting the exhibition floor filled with showcases and start-ups
- Meet decision makers and trendsetters from the high calibre speakers and attendees

FOR ATTENDEES

The event networking app offers you access to all conference delegates. Maximise your time at the event, by setting up targeted 1-to-1 meetings for all the networking breaks in advance. You'll be able to view each attendee and send them a personal message. There's also a home page on the app that allows you to upload images and messages for the entire audience to read.

FOR EXHIBITORS

All exhibitors will receive access to our networking app, a month before the event. You can review the full attendee list, select your target executives and request 1-to-1 meetings at your booth or at a private meeting table. You'll be able to post about any specific products and services on the feed home page of the app. This is a great way to increase your exposure and encourage attendees to get in contact with you directly before and during the show.

FOR SPONSORS

As well as all the above benefits, you'll be assigned a dedicated Networking Manager who will be your main point of contact. They will work alongside you and your team to set up face-to-face meetings at a private area. The Networking Manager will reach out to your target executives on your behalf to set up 1-to-1 meetings at your own private meeting area. You'll be met on-site with your list of pre-set meetings. The Networking Manager will continue to work with you throughout the event to facilitate and schedule additional meetings.

START-UP ZONE

Are you a new and innovative start-up looking for an opportunity to showcase your work and get in front of VCs? The Festival of Biologics USA is the global stage for start-ups leading the future in biologic therapeutics and connecting them to the world's most influential companies, investors and media.

Investors come to the Festival of Biologics USA to find their next unicorn. Global media look for their next story. Companies seek out partnerships and acquisitions. As a start-up working within the biologics industry, join us to make your mark on the industry.

BRAND AWARENESS

With over 1000 biologics professionals from across the world, we can help you tell your story on a global scale.

FUNDING

Meet VCs looking for early stage opportunities as well as companies looking for partnerships and acquisitions.

NETWORKING

Our philosophy is simple: we bring people together. Your networking experience starts as soon as you sign up to our networking app, talk to potential leads, and arrange meetings.

The Festival of Biologics USA provides a unique environment to meet investors, gain traction and grow your business.

Contact joan.shutt@terrapinn.com for more information.

ARE YOU ELIGIBLE TO PROMOTE YOUR START-UP AT THE FESTIVAL OF BIOLOGICS USA?

You must:

Be no more than three years old

Company revenue < \$2 million

Company funding < \$2 million

SPONSOR OPPORTUNITIES

The Festival of Biologics is attended by an exceptionally senior audience helping you get your company in front of the right people. By sponsoring or exhibiting you'll meet the right people with our guaranteed networking meetings, showcase your work with our keynote sessions and make your mark on the biologics industry.

SPEAKING OPPORTUNITIES

If your company is interested in delivering a thought leadership, education or case study presentation at the event in the conference agenda, we have limited slots as per the following sponsorship packages. Stand alongside and in front of key industry decision makers to make sure your company is front of mind to those who matter

EXCLUSIVE KEYNOTE TITLE

Exclusive to one company only, you'll have the opportunity to present in the Keynote plenary alongside a handful of the very top industry thought leaders, to the entire event audience. No other company at the event will have the same chance to position itself in the same way in your area of expertise, so offering unparalleled visibility to demonstrate your offering as the leader in your field.

FACILITATED MEETINGS

Our dedicated team of Networking Managers will work closely with you to arrange 1-2-1 business meetings at the event. We'll send out the attendee list approx. 4 weeks prior for you to choose targeted clients and we'll help assist pre-event and on-site at your private reserved meeting table.

EVENT LANYARDS

The exclusive Delegate Lanyard Sponsorship enables your company to have a superior level of branding at the event, where the client can provide their own branded lanyards, which will be worn by all attendees throughout the whole event. The sponsorship opportunity is limited to one sponsor only.

EVENT SHOWGUIDE

Your company will have exclusive logo branding as the sponsor of the official show guide which all delegates will use as a reference over the 2 days for the event program, speakers, floor plan etc... We'll print these documents with your logo added on the front and they will be handed out to all the delegates on registration on Day 1.

NETWORKING APP SPONSOR

Make a statement. Get your branding on our networking app. This package gets you exposure to the whole delegation who use the app to network, see updates and meet other people. This is limited to one sponsor.

NETWORKING RECEPTION

Opportunity to be the exclusive Networking Drinks / Dinner Reception host sponsor for the Day 1 evening. Complimentary drinks will be offered for approx. 2 hours for all the attendees of the conferences to enjoy on your behalf, with an option for a full Dinner package. Opportunity for a 5-minute opening welcome address to the reception. Banners, theming and branding will be visible throughout the reception with your logo.

EVENT BAGS

The exclusive Delegate Bag Sponsorship enables your company to have a superior level of branding at the event, where the client can provide their own branded delegate bags, which will be carried by all attendees throughout the whole event. The sponsorship opportunity is limited to one sponsor only and the only information in the bag will be supplied by you, outside of the event booklet we produce and agenda information.

PAST SPONSORS & EXHIBITORS

IN SAN DIEGO

Home to major pharmaceutical companies such as Eli Lilly, Pfizer, GlaxoSmithKline, and Takeda, the San Diego area is a major hub for life sciences.

Partnering with many leading companies, organisations and universities, the Festival of Biologics USA's location is no coincidence.

We're here to connect industry and research. To foster collaboration with research institutes, academics, small biotechs with the leading pharma companies.

SAN DIEGO, NATION'S THIRD LARGEST BIOTECH HUB

Home to: 1,225 life sciences companies and more than 80 independent and university-affiliated research institutes

INDUSTRY HIGHLIGHTS & CONTRIBUTIONS

ECONOMIC IMPACT

Life sciences activity accounts for \$33.6 billion in total economic impact in San Diego.¹

INCREASED DEMAND

The San Diego market continues to see demand for life sciences facilities, with more than 2.4 million square feet added since the beginning of 2016 and 500,000 square feet under constructions.²

RESEARCH FUNDS

NIH funding in life sciences in San Diego County totalled more than \$830 million in 2016.¹

LAB SPACE

San Diego boasts nearly 17 million square feet of lab space, concentrated mid-county around the Torrey Pines, University Town Centre, and Sorrento Mesa neighborhoods.²

JOB

Life sciences employees on average earn more than \$117,000 annually, more than any other traded cluster in San Diego County.¹

STEM GRADUATES

San Diego County higher education institutions produce more than 7,000 STEM graduates annually, fuelling the growth of the industry.

SPARK SOMETHING

TERRAPINN LIFE SCIENCE EVENTS INSPIRE & TRANSFORM BUSINESS

We've been sparking ideas, innovations and relationships that transform business for over 30 years. Using our global footprint, we bring innovators, disrupters and change agents together. Discussing and demonstrating the technology, strategies and personalities that are changing the way the world does business.

Our world leading events bring scale, knowledge, and gravitas to promote innovation and technology that change people's lives. Whether it is solar and renewables in Africa, education technology in Australia, payments and e-commerce in Asia, railways in the Middle East, orphan drugs in the Americas, or aviation in Europe, our events make a difference.

We are creative, organic, and customer focused, curating content for the specific industry and location of each event. Whether you're looking to make new connections, introduce product or inspire change in your industry, we invite you to join us as agitators of change.

www.terrapiinn.com

With over 30 years of experience in the life sciences and surrounding industries, we're proud to have worked with thousands of partners that have inspired us to continue producing events that bring people together, inspire change and make a difference.
