

2ND INDO ONCOLOGY SUMMIT-19

15TH-17TH NOV 2019
BHUBANESWAR, INDIA

Dear Attendees.....

We are back with the next series of Indo Oncology Summit for the year 2019. Yes, after the terrific achievement of Indo Oncology Summit 18, Bioleagues WorldWide is organizing **2nd Indo Oncology Summit-19** at **Bhubaneswar, India** in **November 15 - 17, 2019**. We are feeling great pleasure to welcome all Oncologists, Researchers, Students and Business Delegates to this conference once again for the year 2019. Our invigorating and stimulating theme of the Summit is **"Conquering Cancer Together"**. Let's make this opportunity to explore the world with the solution to Terminate Cancer. Looking forward to assist you further!

Sincerely

Yazhini T

Program Manager
Indo Oncology - 19

Worldwide Bioleagues organize global conferences on medical topics to bring new innovations by updating latest research in various topics. Having Completed our first series of Oncology Conference now we are organizing our next series 2nd Indo Oncology Summit-19. Cancer in India is the most threatening disease for the past years. The dates of this Cancer Conference were planned during November 15th-17th, 2019 at eastern India, Bhubaneswar. We assure to provide a magnificent global platform for all the Students, Researchers, Professors, Doctors, Business delegates. This gathering would benefit the global Cancer Committee with the recent updates in Cancer Treatment and ways to proceed further. Our Indo Oncology Summit includes Keynote speech, Plenary Speech, Work Shop, Seminars, Video Presentation to cover all aspects. This Cancer Conference will put forth highly interactive environment and provides international certificate from our International Organizing Committee Members. This Oncology Congress allows to interact face to face with the global Oncology Committee Members. This meeting helps all the young researchers and clinicians for the better understanding and for improving their knowledge in that field. Students and young Researchers can utilize this global platform to interact, gain knowledge, Future planning on their research work.

Objectives

- Attendees should be able to discuss emerging issues in Cancer Treatments
- Attendees must be able to apply latest research findings in Oncology
