Everyone, and your PATIENTS
will Benefit from this class
REGARDLESS of Experience

Rebecca Cypher, MSN, PNNP

Nationally Respected Expert in EFM

Rebecca is a nationally respected leader and consultant in perinatal healthcare. She brings to the program over 30 years of active duty Air Force and civilian nursing experience. Her career consisted of a number of diverse professional roles, including direct patient care, management, education and research. She is nationally certified in Inpatient OB and EFM. An active member of AWHONN, she is currently the 2019 President Elect. Previously she served in a variety of AWHONN positions including two terms on the Board of Directors. Rebecca joined Lisa Miller, CNM, JD, and Dr. David Miller as co-author for Mosby's Fetal Monitoring: A Multidisciplinary Approach (8th ed.), and has been a contributor to AWHONN's Fetal Monitoring Principles and Practices (5th ed). She has authored numerous book chapters and manuscripts published in a number of leading nursing and medical references. Currently, she is a reviewer for Nursing for Women's Health, on the editorial board for the Journal of Perinatal and Neonatal Nursing, and a Contributing Editor for the Legal Issues and Risk Management column. Committed to improving quality and safety in perinatal care, balanced with thoughtful insight in a simple but comprehensive teaching style, Rebecca will share a wealth of knowledge and up to date evidence, based on her extensive clinical experience and education.

WHAT PEOPLE SAY...

"Amazing knowledge and ability to explain concepts and research"

"Such an awesome speaker—very thorough, engaging, and informative "

"I'm SO EXCITED about going back to our unit after taking Becky's classes"

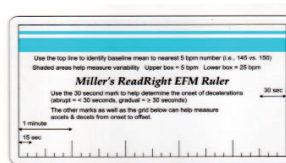

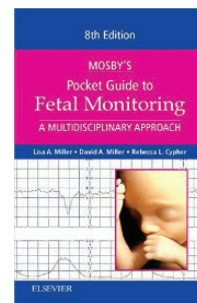

"Becky has a way of making complex concepts understandable and clinically useful!"

CONFERENCE SPECIALS!

the EFM Workbook
Full sized FHR tracings for review
View at class
Available at www.prmes.com

HomeStudy Unit: 8th Ed.
Mosby's Pocket Guide Series: *Fetal Monitoring: A Multidisciplinary Approach*
Purchased with 8 Hour CE Self-Study Unit
\$5.00 Discount available at Conference or if ordered w/Registration for class.

**Miller's ReadRight
EFM Ruler**
**Available for purchase at class
for \$8.00**

" This EFM tool makes FHR evaluation EASY!"

PROGRAM OBJECTIVES:

Following lecture, discussion, case & strip review,
you will be able to:

1. Practice application of NICHD definitions through self-assessment
2. Identify key concepts in EFM research and result interpretation
3. Critique examples of peer reviewed EFM research
4. Review fetal-uteroplacental physiology and the impact on fetal oxygenation
5. Recognize complex factors influencing the oxygenation pathway in EFM
6. Apply a standardized, consensus-based approach to EFM management
7. Describe frequent errors related to EFM interpretation and management
8. Explain physiologic rationale and research for corrective measures used in Cat II/III tracings
9. Discuss complex case studies including IUGR, signal ambiguity, and non-OB surgery
10. Report key findings of the ARRIVE trial/related studies
11. Analyze 2nd stage research and impact on maternal-fetal well-being
12. Restate four elements of an EFM liability claim
13. Examine pitfalls of selected EFM malpractice allegations
14. Summarize important elements of intrapartum EFM documentation

GUARANTEE - CANCELLATION - TAXES

GUARANTEE: If you are not satisfied with the content and presentation of this program, notify the registrar by 12 noon on 1st day of attendance for refund of registration fees. **CANCELLATIONS:** Up to **7 days** before the program choose: Registration fee refund minus \$25 per day administrative fee or full value credit letter. **Cancellation within 7 days:** No monetary refund. Send a substitute or request a credit letter (minus \$25/day administrative fee) which will allow you to apply fees to a future program of your choice. If program cannot be held due to circumstances beyond our control (natural disaster, strike, etc.) the seminar will be rescheduled if possible. Registrants may choose free admission to the rescheduled program or credit voucher good for any future PEC program; No cash refunds. PEC reserves the right to substitute qualified speaker(s) in response to emergency circumstances beyond our control. **CE tuition, travel/meal expenses are tax deductible.** Consult your tax advisor for details.

Advanced Principles of EFM:

7:30 Check In - Basic Continental Breakfast

8:00 INTERACTIVE EFM ASSESSMENT USING YOUR SMART PHONE

- Application of EFM definitions, interpretation & management • Are you up to date?
- How do you compare with colleagues?

EFM RESEARCH: PART I

- What AWHONN "says" versus what literature "says"
- Overview of clinical research, study designs and protocols • Reading studies without a PhD
- "Homework" assignment

PLACENTA AS AN ORGAN

- Placental development/function • Utero-Placental Physiology • Fetal acid-base status • Umbilical cord lactate

COMPLEX FACTORS AFFECTING OXYGENATION

- Placenta, Umbilical Cord, Amniotic Fluid Variations
- Oxygenation Pathway • Intrinsic/Extrinsic Influences

THE MILLER MODEL

- A standardized approach to interpretation
- Application of the Category II Consensus Algorithm
- Errors related to interpretation and management

COMPLEX CASE STUDIES

- IUGR, signal ambiguity, non-OB surgery

EFFECTIVE EFM DOCUMENTATION

- Pitfalls, essential elements, frequency, late entries
- Frequency of assessment and documentation
- Bedside documentation and chart audits

4:00 Adjourn

7:30 Check In - Basic Continental Breakfast

8:00 EFM RESEARCH Part II

- NICDH MFMU Network • OB patient recruitment
- "Homework" assignment critique

INTRAUTERINE RESUSCITATION

- Current techniques • What's the evidence say
- Oxygen versus room air

SECOND STAGE LABOR AND EFM

- Impact on maternal-fetal well-being • Immediate or Delayed Pushing? • Open versus closed glottis

• Signal Ambiguity

IOL and the ARRIVE TRIAL

- Elective versus indicated IOL • Who, what, why, and the results • AWHONN, ACOG, ACNM, SMFM • Approaches to limit interventions • Shared decision making

COMPLEX CASE STUDIES

- Perinatal stroke, preterm FHR, vasa previa

LIABILITY IN EFM

- What makes a case successful • Common OB and EFM allegations • Minimizing malpractice risks
- EFM policies, procedures, and competencies

4:00 Adjourn

*For Your Convenience and Enjoyment...
Complete Handout and Continental Breakfast and
Lunch @ noon (45 minutes) Provided Each Day
Parking fee, if any, on your own*

Professional Education Center

P.O. Box 7447

Chico, California 95927-7447

Advanced Fetal Monitoring

- ☐ Identify knowledge base & gaps in EFM
- ☐ Apply NICHD terminology and standardized interpretation
- ☐ Reach consensus on Category II tracings
- ☐ Learn key strategies for communication
- ☐ Sharpen documentation skills
- ☐ Review use of Oxytocin in labor

Utilize this course to review
didactic content for the
NCC Subspecialty EFM Exam or
Perinatal Quality Foundation
PMC Credentialing Exam
