and Young Active Research in Endocrinology (YARE)
annual meeting 2023

**08th – 10th of September 2023,
Würzburg, Germany**

abstract
submission deadline:
16 July 2023
registration deadline:
31 July 2023

Welcome to the 10th EYES Meeting

We are very pleased to announce that the 10th Annual EYES Meeting will take place together with the YARE Annual Meeting in Würzburg, Germany, September 8th – 10th, 2023.

ESE Young Endocrinologists & Scientists (EYES) and Young Active Research in Endocrinology (YARE) are the early career branches of the European Society of Endocrinology (ESE) and German Society of Endocrinology (Deutsche Gesellschaft für Endokrinologie, DGE). Both committees – EYES and YARE – support early career clinicians and researchers in the field of endocrinology.

The EYES/YARE meeting will offer not only the opportunity for many young early career endocrinologists to present their work in an international context but also to create networking and new collaboration with colleagues from all over Europe and beyond. Moreover, this meeting represents a fantastic endocrine-related education and training event, covering the latest cutting-edge basic, translational and clinical endocrinology research.

We invite you to join us in Würzburg, actively participate in the congress, share your experiences and enjoy our social events.

The Local Organising Committee
