

We would like to invite you to attend the
[1st Annual Australia & New Zealand General Medicine Update](#)
22nd - 24th March 2019
at the [Westmead Education Conference Centre](#), Sydney, Australia

The world of medicine is evolving more rapidly than ever before. The annual ANZGMU has been designed to showcase a curated selection of relevant topics in internal medicine with updated information about new strategies and recent guidelines.

Over a period of 3 days, internationally renowned sub-specialty experts with strong academic backgrounds will discuss various diseases seen by a general physician in everyday practice.

With over 30 interactive lectures covering the core areas of various subspecialties of internal medicine, this update will be of immense value to the busy practicing General Physician as well as the MD Medicine Trainee.

An opportunity to showcase your original research and unique cases as poster or mini oral presentation.

Sub Specialities Covered

Cardiology Haematology Neurology Nephrology Gastroenterology Rheumatology Pharmacology
Endocrinology Immunology Geriatrics & More
