

Penn Radiology Pearls & Pitfalls in Neuro, Body and MSK Imaging

This activity is jointly provided by Global Education Group (Global) and Meetings By Mail.

CME Information

Release date: June 2, 2025

Expiration date: June 1, 2028

Purpose

Statement

Penn Radiology Pearls & Pitfalls: Neuro, Body & MSK Imaging addresses practical challenges in imaging interpretation and aims to enhance diagnostic skills across a spectrum of common and rare clinical scenarios. An expert faculty presents innovative imaging protocols, focusing on identifying potential pitfalls. Additionally, complex case conferences spotlight missed diagnoses and misinterpretations. As such, this multi-modality review offers valuable learning opportunities for radiologists interested in neuroradiology, abdominal, breast, thoracic and musculoskeletal imaging.

Target

Audience

The educational design of this activity addresses the needs of radiologists in clinical practice or training.

Educational Objectives

After completing this activity, the participant should be better able to:

1. Explain how to apply the current advances in radiology for accurate image interpretation of common and uncommon diseases across multiple radiologic subspecialties
2. Discuss appropriate imaging protocols to optimize diagnostic accuracy and minimize pitfalls
3. Review the updated classification of CNS neoplasms, and provide practical tips to distinguish tumor progression from treatment effects and tumor mimics
4. Discuss how to apply ACR diagnostic criteria to thyroid (TI-RADS), adnexal lesions (O-RADS), and liver (LI-RADS)
5. Explain how to improve diagnostic accuracy across a spectrum of benign and malignant breast pathologies, including imaging of special populations
6. Discuss the framework for developing a differential diagnosis for diffuse lung diseases.
7. Recognize early and late complications in the postoperative spine
8. Identify common perceptual and interpretive errors through reviews of missed cases

Course Director

Suyash Mohan, MD
Associate Professor of Radiology
& Neurosurgery
Division of Neuroradiology
Penn Medicine

Distinguished Penn Radiology Faculty

Amr K. El Jack, MD, PhD
Assistant Professor of Clinical Radiology
Division of Abdominal Imaging

Jill E. Langer, MD
Vice Chair, Faculty Development
Professor of Radiology
Division of Abdominal Imaging

Scott A. Simpson, DO, MEd
Associate Professor of Clinical Radiology
Division of Thoracic Imaging

John H. Woo, MD
Associate Professor of Radiology
Division of Neuroradiology

Samantha P. Zuckerman, MD, MBE
Assistant Professor of Clinical Radiology
Division of Breast Imaging

Guest Faculty

Viviane Khoury, MD, FRCPC
Musculoskeletal Radiologist,
Medvue Imaging
President, Canadian Society of
Skeletal Radiology

Physician Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Global Education Group (Global) and Meetings By Mail. Global is accredited by the ACCME to provide continuing medical education for physicians.

Physician Credit Designation

Global Education Group designates this enduring material for a maximum of 22.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This enduring material includes 15 hours MR, 8.75 hours CT and 8.25 hours Ultrasound and 1.5 hours Nuclear Medicine/PET. Several presentations concern multiple modalities.

All credits for this enduring material are applicable toward CME requirements for Maintenance of Certification (MOC).

There is a fee for this activity. More information on all sales policies can be found at Meetings-By-Mail.com.

Global Contact Information

For information about the accreditation of this program, please contact Global at 303-395-1782 or cme@globaleducationgroup.com.

Instructions to Receive Credit

Online streaming and USB Drive users can apply for CME Credit directly by clicking the "CME" icon on the activity's dashboard. USB Drive users will need an online connection in order to apply for CME Credit. Users must pass the Post Test with a score of 70% or higher and complete the Evaluation in order to access their CME Certificate. Users who do not score at least 70% will have the opportunity to re-take any Post Test questions answered incorrectly.

System Requirements

PC

Microsoft Windows XP service pack 2 or later.

HTML 5 Compatible Web browser (Google Chrome, Safari or Microsoft Edge Preferred)

MAC

MAC OS 10.4 or higher

HTML 5 Compatible Web browser (Google Chrome, Safari or Microsoft Edge Preferred)

Disclosures of Relevant Financial Relationships

Global adheres to the policies and guidelines, including the Standards for Integrity and Independence in Accredited CE, set forth to providers by the Accreditation Council for Continuing Medical Education (ACCME) and all other professional organizations, as applicable, stating those activities where continuing education credits are awarded must be balanced, independent, objective, and scientifically rigorous. All persons in a position to control the content of an accredited continuing education program provided by Global are required to disclose all financial relationships with any ineligible company within the past 24 months to Global. All financial relationships reported are identified as relevant and mitigated by Global in accordance with the Standards for Integrity and Independence in Accredited CE in advance of delivery of the activity to learners. The content of this activity was vetted by Global to assure objectivity and that the activity is free of commercial bias.

All relevant financial relationships have been mitigated.

The **faculty** have the following relevant financial relationships with ineligible companies:

Name	Company	Financial Relationship
Suyash Mohan, MD	Novocure, Galileo CDS	Grant or Research Support

The faculty listed below has confirmed that they do not have any relevant financial relationships or potential conflicts of interest to disclose:

Amr K. El Jack, MD, PhD Viviane Khoury, MD, FRCPC Jill E. Langer, MD	Scott A. Simpson, DO, MSED John H. Woo, MD Samantha P. Zuckerman, MD, MBE
--	---

The planners and managers at Global Education Group have no relevant financial relationships to disclose.

The Enduring Material Director listed below has confirmed that he does not have any relevant financial relationships or potential conflicts of interest to disclose.

Gregg A. Savarese, Esq.
Meetings By Mail

Disclosure of Unlabeled Use

This educational activity may contain discussion of published and/or investigational uses of agents that are not indicated by the FDA. Global and Meetings By Mail do not recommend the use of any agent outside of the labeled indications.

The opinions expressed in the educational activity are those of the faculty and do not necessarily represent the views of any organization associated with this activity. Please refer to the official prescribing information for each product for discussion of approved indications, contraindications, and warnings.

Disclaimer

Participants have an implied responsibility to use the newly acquired information to enhance patient outcomes and their own professional development. The information presented in this activity is not meant to serve as a guideline for patient management. Any procedures, medications, or other courses of diagnosis or treatment discussed in this activity should not be used by clinicians without evaluation of patient conditions and possible contraindications or dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities.
