- 

AO North America is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AONA has been resurveyed by the Accreditation Council for Continuing Medical Education (ACCME) and awarded Accreditation with Commendation.

Below Wording CMF Only- Continuing Education Dental Credit Statement

As an Accreditation Council for Continuing Medical Education (ACCME) accredited provider, AO North America meets the definition of a constituent or component organization of the AMA and thereby meets most state dental board requirements of an approved sponsor of continuing education. This educational activity is focused on clinical issues in oral-maxillofacial surgery that are relevant to the treatment and care of dental patients. Most states accept AMA constituents as approved sponsors for continuing dental education credit. If you have questions, your state dental board can confirm eligibility of this educational activity.

- Designation Statement** - AO North America designates this live educational activity for a maximum of [Hours Pending] **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Continuing Medical Education (CME) mission of AO North America (AONA®) is to provide comprehensive multidisciplinary needs based education to surgeons, fellows, and residents in the specialties of orthopedic, hand, craniomaxillofacial, spine, neurosurgery, and veterinary surgery in the areas of trauma (i.e., operative reduction and fixation), degenerative disorders, deformities, tumors, and reconstruction.

Expected results of AONA's CME activities for surgeons, fellows, and residents are to:

- Increase their knowledge base and surgical skill level
- Improve competence by applying advances of knowledge in patient care in the areas of trauma, degenerative disorders, deformities, tumors, and reconstructive surgical techniques
- Address practice performance gaps by improving management of aspects of traumatic injuries and musculoskeletal disorders (i.e., pre-operative planning to post-operative care)

Learning Objectives

Upon completion, participants should be able to:

- Identify key aspects of fractures that need to be done correctly to have a good patient outcome
- Describe current-best practices in critical steps of fractures
- Develop evidence-based medicine strategies for fracture-care

Faculty

Axelrod, Terry - Lecturer

MD, MSc, FRCSC
Professor
Division of Orthopaedic Surgery
University of Toronto
Toronto, Ontario

Terry Axelrod holds the rank of Professor of Surgery at the University of Toronto and continues with a clinical practice in Upper Extremity Trauma and Reconstruction at Sunnybrook Health Sciences Centre. Sunnybrook remains the busiest Level I Trauma centre in Canada. Dr. Axelrod has a long affiliation with AO Trauma North America and has served as faculty, chair and co-chair at a multitude of courses across North America, Europe and Asia. To date, he is author or co-author of approximately 50 peer review publications, 16 Book chapters and several manuscripts.

Bernstein, Mitchell - Lecturer

MD, FRCSC, FAAOS
Assistant Professor
Orthopedic Trauma & Limb Deformity
McGill University Health Center
Co-Director, Limb Deformity Unit, Shriners Hospital for Children
Montreal, Quebec

Bishop, Julius - Lecturer

MD
Associate Professor
Associate Residency Director
Department of Orthopaedic Surgery
Stanford University Medical Center
Palo Alto, California

Camuso, Matthew - Lecturer

MD
Orthopaedic Trauma Surgery
Maine Medical Center
Portland, Maine

Carroll, Eben - Lecturer

MD
Professor
Director of Orthopaedic Trauma
Wake Forest University School of Medicine
Winston-Salem, North Carolina

Cohen, Joseph - Lecturer

MD
Assistant Professor of Orthopedic Surgery
Division of Trauma
Department of Orthopedics
Loyola University Medical Center
Chicago, Illinois

Coles, Chad - Lecturer

MD, FRCSC
Associate Professor
Dalhousie University
QE II Health Sciences Centre
Halifax, Nova Scotia

**Crist, Brett - Lecturer**

MD
Professor
Vice Chairman of Business Development
Director Orthopaedic Trauma Service
Director Orthopaedic Trauma Fellowship
Department of Orthopaedic Surgery
Columbia, Missouri

After obtaining a bachelor's degree from Tabor College in Hillsboro, Kansas, Dr. Crist earned his medical degree from the University of Kansas School of Medicine. He completed his residency at the University of Kansas School of Medicine, Wichita, and a fellowship in orthopaedic trauma at the University of California-Davis. Dr. Crist is the Director of the Orthopaedic Trauma Service, Director of the Orthopaedic Trauma Fellowship, and the Vice Chairman for Business Development. He specializes in orthopaedic trauma/fracture care, hip and pelvis reconstruction including total hip arthroplasty, and young adult hip disorders/hip preservation. Dr. Crist is a Tenured Professor of Orthopaedic Surgery at the University of Missouri School of Medicine. He has research interests in fracture care, nonunions, deformity, infections, anterior total hip arthroplasty, patient-centered outcomes and hip preservation procedures. From the beginning of his career, he's been involved with AO and continues to enjoy teaching at AO events, participating in committee and leadership roles, and being a part of the AO Family.

**Davies, Jonah - Lecturer**

MD, FRCS(C)
Assistant Professor
Department of Orthopaedics
Harborview Medical Center
Seattle, Washington

**Forsh, David - Lecturer**

MD
Associate Professor
Chief of Orthopaedic Trauma
Department of Orthopaedic Surgery
Mount Sinai Health System
New York, New York

**Gardner, Michael - Lecturer**

MD
Professor
Department of Orthopaedic Surgery
Stanford University School of Medicine
Palo Alto, California

**Gary, Joshua - Lecturer**

MD
Chief of Orthopaedic Trauma Service
Associate Professor
Keck Medicine of USC
Los Angeles, California

**Gupta, Amit - Lecturer**

MD, FRCS
Professor
Department of Orthopaedic Surgery
University of Louisville
Louisville, Kentucky

**Learned, James - Lecturer**

MD
Assistant Clinical Professor
Department of Orthopaedic Surgery
UCI Health
Orange, California

Dr. Learned treats acute fractures and chronic deformities, infections and nonunions. He enjoys complex fracture reconstruction, including pelvic and acetabular fractures. In his spare time, he enjoys live music and outdoor activities.

**Marecek, Geoffrey - Lecturer**

MD

Associate Professor
Cedars-Sinai Medical Center
Los Angeles, California

Dr Marecek is an Orthopaedic Trauma surgeon at Cedars - Sinai Medical Center in Los Angeles, CA. He treats fractures of the upper and lower extremities, with a particular interest in nonunions, bone defects and deformity correction.

**Mehta, Samir - Lecturer**

MD

Associate Professor
Chief, Orthopaedic Trauma and Fracture Service
University of Pennsylvania Health System
Philadelphia, Pennsylvania

Samir Mehta, MD is an Associate Professor in the Department of Orthopaedic Surgery at the Perelman School of Medicine at the University of Pennsylvania. Having developed an interest in Orthopaedic Traumatology as a resident, Samir furthered his education as an orthopaedic trauma fellow at Harborview Medical Center in Seattle, Washington. Upon completion of his orthopaedic trauma fellowship, Samir was awarded the AO John Border Award and continued his education at the University of Saarland in Homburg, Germany. Upon his return to the United States, Samir took a faculty position at the University of Pennsylvania as Chief of the Orthopaedic Trauma and Fracture Service. He is also the clinical research advisor of the Biedermann Lab for Orthopaedic Research at the University of Pennsylvania and the medical director for clinical research for the Department of Orthopaedic Surgery. As a result of a busy clinical practice, he has developed a particular interest in pelvic and acetabular fractures, repair of non-unions and malunions, and reconstruction of peri-articular fractures.

**Mwaniki-test, Abby - Lecturer**

MD

AO North America
Wayne, Pennsylvania

**Scolaro, John - Lecturer**

MD, MA

Associate Clinical Professor
Residency Program Director
Department of Orthopaedic Surgery
University of California, Irvine
Orange, California

**Summers, Hobie - Lecturer**

MD

Associate Professor
Chief of Orthopaedic Trauma
Loyola University Medical Center
Chicago, Illinois

AO NA Disclaimer Information

Faculty Disclosure:

It is the policy of AO North America to abide by the Accreditation Council for Continuing Medical Education Standards for Commercial Support. Standard 2: "Disclosures Relevant to Potential Commercial Bias and Relevant Financial Relationships of Those with Control over CME Content," requires all planners, including course directors, chairs, and faculty, involved in the development of CME content to disclose their relevant financial relationships prior to participating in the activity. Relevant financial relationships will be disclosed to the activity audience. The intent of the disclosure is not to prevent a faculty with a relevant financial or other relationship from teaching, but to provide participants with information that might be of importance to their evaluation of content. All potential conflicts of interest have been resolved prior to the commencement of this activity.

Off-Label / Experimental Discussions:

Some medical devices used for teaching purposes and/or discussed in AO North America's educational activities may have been cleared by the FDA for specific uses only or may not yet be approved for any purpose. Faculty may discuss off-label, investigational, or experimental uses of products/devices in CME certified educational activities. Faculty have been advised that all recommendations involving clinical medicine in this CME activity are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.

All scientific research referred to, reported or used in this CME activity in support or justification of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection and analysis.

Disclaimer:

AONA does not endorse nor promote the use of any product/device of commercial entities. Equipment used or discussed in this educational activity is for teaching purposes only with the intent to enhance the learning experience.

The opinions or views expressed in this live continuing medical education activity are those of the faculty and do not necessarily reflect the opinions or recommendations of AO North America or any commercial supporter. The certificate provided pertains only to the participants' completion of the educational activity.

Conflict of Interest Resolution Statement:

When individuals in a position to control or influence the development of the content have reported financial relationships with one or more commercial interests, AO North America utilizes a process to identify and resolve potential conflicts to ensure that the content presented is free of commercial bias.

Liability Statement:

AO North America faculty and staff assume no personal liability for the techniques/ approaches discussed or demonstrated which are for teaching and educational purposes only. The certificate provided pertains only to the participants' completion of the course and does not, in any way, attest to the proficiency of the participants' clinical experience.

Animal Anatomic Specimens:

This course will involve exposure to and contact with animal anatomic specimens. These specimens are being utilized for purposes of teaching and learning and are to be treated with the utmost respect. Participants should be familiar with and understand the potential risks involved and will be required to observe all customary safety procedures.

Acknowledgment

Educational Grant

AO North America gratefully acknowledges funding for its education activities from the AO Foundation. The AO Foundation receives funding for education from Synthes GmbH.
