

HANDS-ON. HIGH IMPACT.

The Only International Meeting
Dedicated to CLI Education

AMP

The Amputation Prevention
Symposium

AUGUST 8-11, 2018

HILTON CHICAGO
CHICAGO, ILLINOIS

AMPTHECLIMEETING.COM

FEARLESS APPROACHES. LIFE-CHANGING OUTCOMES.

AMP The Amputation Prevention
Symposium

A PICTURE IS WORTH A THOUSAND WORDS.
CLI REVASCULARIZATION IS WORTH A BETTER LIFE.

BEFORE

A 52-year-old scheduled for amputation below the knee. Received complex below-the-knee revascularization using multi-tibial access technique.

AFTER

With final results showing 3-vessel run-off and complete pedal flow. One year later, the patient is amputation-free without wounds or claudication.

800 FEARLESS LEADERS, 1 REASON TO ATTEND: THE CLI REVOLUTION

The AMPutation Prevention Symposium (AMP) is the only international meeting dedicated to the treatment and prevention of critical limb ischemia (CLI).

HANDS-ON. HIGH IMPACT.

THE AMP EXPERIENCE

- **New for 2018:** More Global Perspective on CLI: The 2018 conference will feature more international faculty than ever before, giving participants the opportunity to hear from globally recognized faculty in the CLI space, who will share insights and advances from around the world, including:
 - AMP teams up with the Hendolat LatinoAmerica meeting to offer a special session led by Miguel Montero-Baker, MD.
 - Ramon Varcoe, MD, Department of Surgery at the Vascular Institute at Prince of Wales Hospital and the University of New South Wales, will moderate an exciting Asia-Pacific panel on CLI.
- Gain invaluable insight from leading CLI operators, including Drs. Saab, Metzger, Peña, and Garcia, as they exchange commentary during complex live cases.
- Participate in hands-on workshops that incorporate tibial ultrasound mapping with live models, atherectomy devices, complex lesion tools, and ultrasound-guided tibial access and intervention with cadaveric models.
- Learn from 60+ leading experts on CLI.
- Earn up to 22 CME/CE/CECH credits.
- Attend the CLI Wound Summit, co-developed with the CLI Global Society and featuring sessions tailored for both the interventionalist and wound care specialist.
- Experience the latest devices and technologies in action in the AMP Exhibit Hall.

AMP is one of the best meetings I have ever attended. There is real passion exuded here – from Dr. Mustapha, to all of the presenters and the panelists. They are incredibly focused on preserving limbs and saving lives. You gain such a vast perspective from so many specialties and global experts. There's also an honesty to AMP – people are here to help you learn and discover, so that you are prepared to go out and help patients. I am already looking forward to next year.”

O.A. Mercado, DPM
Oak Park, IL

SYMPOSIA & LIVE CASES

AMP

The Amputation Prevention Symposium

Wednesday, August 8, 2018

7:00 AM-8:15 AM

Live Case Breakfast Symposium: Live Case Presentation from Advanced Cardiac & Vascular Amputation Prevention Centers in Grand Rapids, Michigan

LIVE CASE OPERATOR FADI SAAB, MD, FACC, FSCAI, FASE

This non-accredited/non-approved for CECH activity is supported by Cardiovascular Systems, Inc. and Terumo Medical Corporation.

12:15 PM-1:15 PM

Live Case Lunch Symposium: Live Case Presentation from Advanced Cardiac & Vascular Amputation Prevention Centers in Grand Rapids, Michigan

LIVE CASE OPERATOR FADI SAAB, MD, FACC, FSCAI, FASE

This non-accredited/non-approved for CECH activity is supported by Bard Peripheral Vascular.

4:30 PM-5:30 PM

Live Case Symposium: Live Case Presentation from Advanced Cardiac & Vascular Amputation Prevention Centers in Grand Rapids, Michigan

LIVE CASE OPERATOR FADI SAAB, MD, FACC, FSCAI, FASE

Thursday, August 9, 2018

7:00 AM-8:15 AM

Live Case Breakfast Symposium: Live Case Presentation from Wellmont CVA Heart Institute in Kingsport, Tennessee

LIVE CASE OPERATOR D. CHRIS METZGER, MD

This non-accredited/non-approved for CECH activity is supported by Boston Scientific Corporation.

10:00 AM-11:00 AM

Hands-On Ultrasound in Exhibit Hall

Non-Accredited/Non-Approved for CECH

12:00 PM-1:30 PM

Hands-On Ultrasound in Exhibit Hall

Non-Accredited/Non-Approved for CECH

12:15 PM-1:15 PM

Live Case Lunch Symposium: Live Case Presentation from Wellmont CVA Heart Institute in Kingsport, Tennessee

LIVE CASE OPERATOR D. CHRIS METZGER, MD

This non-accredited/non-approved for CECH activity is supported by Medtronic.

3:00 PM-3:30 PM

Hands-On Ultrasound in Exhibit Hall

Non-Accredited/Non-Approved for CECH

4:30 PM-5:30 PM

Live Case Symposium: Live Case Presentation from Wellmont CVA Heart Institute in Kingsport, Tennessee

LIVE CASE OPERATOR D. CHRIS METZGER, MD

Friday, August 10, 2018

7:00 AM-8:15 AM

Live Case Breakfast Symposium: Live Case Presentation from Miami Cardiac & Vascular Institute in Miami, Florida

LIVE CASE OPERATOR CONSTANTINO S. PEÑA, MD

This is a non-accredited/non-approved for CECH activity.

10:00 AM-11:00 AM

Hands-On Ultrasound in Exhibit Hall

Non-Accredited/Non-Approved for CECH

12:00 PM-1:00 PM

Hands-On Ultrasound in Exhibit Hall

Non-Accredited/Non-Approved for CECH

12:15 PM-1:15 PM

Live Case Lunch Symposium: Live Case Presentation from Miami Cardiac & Vascular Institute in Miami, Florida

LIVE CASE OPERATOR CONSTANTINO S. PEÑA, MD

This non-accredited/non-approved for CECH activity is supported by Cardiovascular Systems, Inc. and Terumo Medical Corporation.

4:00 PM-5:00 PM

Live Case Symposium: Live Case Presentation from Miami Cardiac & Vascular Institute in Miami, Florida

LIVE CASE OPERATOR CONSTANTINO S. PEÑA, MD

Saturday, August 11, 2018

7:00 AM-8:15 AM

Live Case Breakfast Symposium: Live Case Presentation from St. Elizabeth's Medical Center in Boston, Massachusetts

LIVE CASE OPERATOR LAWRENCE A. GARCIA, MD

This non-accredited/non-approved for CECH activity is sponsored by Abbott Vascular.

12:00 PM-1:00 PM

Live Case Lunch Symposium: Live Case Presentation from St. Elizabeth's Medical Center in Boston, Massachusetts

LIVE CASE OPERATOR LAWRENCE A. GARCIA, MD

This is a non-accredited/non-approved for CECH activity.

HANDS-ON WORKSHOPS

Saturday, August 11

1:00 PM-4:00 PM

COMPLEX LESION WORKSHOP

CTO and complex lesions remain the most challenging aspects of endovascular revascularization. Experienced faculty will provide hands-on training for multiple wires, catheters, and CTO devices. The physician attendee will learn tips and tricks to overcome challenges that complex CLI lesions and CTOs present.

ATHERECTOMY WORKSHOP

Leading experts will demonstrate and provide tactics for the use of laser, directional, aspiration, orbital, rotational, and hybrid atherectomy. The physician attendee will learn the mechanism of action of each atherectomy device and decision making for choosing atherectomy devices based on the lesion morphology.

TIBIAL ACCESS AND ORBITAL ATHERECTOMY CADAVER LAB*

Physicians will learn a stepwise approach in utilizing ultrasound guidance to gain tibiopedal access in the patient with CLI. Skilled connoisseurs will first demonstrate and then provide hands-on training, sharing best practices for successful access, crossing, and intervention, including orbital atherectomy.

*For MD/DO and DPMs only.

WEDNESDAY

AUGUST 8

7:00 AM-8:15 AM

Live Case Breakfast Symposium: Live Case Presentation from Advanced Cardiac & Vascular Amputation Prevention Centers in Grand Rapids, Michigan

This non-accredited/non-approved for CECH activity is supported by Cardiovascular Systems, Inc. and Terumo Medical Corporation.

OPERATOR FADI SAAB, MD

8:15 AM-8:30 AM
BREAK

SESSION 1

8:30 AM-10:00 AM

CLI in 2018

MODERATOR JIHAD MUSTAPHA, MD

TOPICS

START

8:30 AM-8:40 AM
Welcome Remarks
JIHAD MUSTAPHA, MD

8:40 AM-9:00 AM
ALAN T. HIRSCH MEMORIAL KEYNOTE ADDRESS

A True Multidisciplinary Approach to Limb Preservation and Why Is It Important?

RAMON VARCOE, MD

9:00 AM-9:08 AM
Claims Analysis Summary on CLI Mortality and Morbidity
JIHAD MUSTAPHA, MD

9:08 AM-9:16 AM
The Role & Frequency of Noninvasive Imaging of the CLI Patient is Under-Recognized by CMS and FDA: What Do They Need to Know?
ROBERT LOOKSTEIN, MD

9:16 AM-9:24 AM
Amputation Rate in the U.S.: Current Data
BJOERN SUCKOW, MD

9:24 AM-9:32 AM
You Must See It to Believe It: The Cost of Amputation is 5 Times Higher Than Limb Salvage
CANDACE GUNNARSSON, EdD

9:32 AM-9:40 AM
Doing Everything You Can to Prevent Amputation: Does Supervised Exercise Lower the Rate of Amputation?
R. KEVIN ROGERS, MD

9:40 AM-9:50 AM
Latest Data from the CLI Global Society
THOMAS ZELLER, MD

9:50 AM-10:00 AM
PANEL DISCUSSION
ALL SPEAKERS FROM SESSION

TOPICS

END

10:00 AM-10:30 AM

SESSION 2

10:30 AM-12:00 PM

Access Modalities for CLI: Options and Data

MODERATOR CONSTANTINO S. PEÑA, MD

TOPICS

START

10:30 AM-10:38 AM
Access Where You Need To When You Must Save a Limb: Learn the Latest Tactics
GEORGE ADAMS, MD

10:38 AM-10:46 AM
Pedal and Transmetatarsal Access in CTO Cases
ARTHUR LEE, MD

10:46 AM-10:54 AM
Early Data and Latest Data on Tibial Pedal Access and Outcomes with Amputation-Free Survival
ANAND PRASAD, MD

10:54 AM-11:02 AM
No Data on Radial vs. Tibial Access for CLI: What are the Trends?
CONSTANTINO S. PEÑA, MD

11:02 AM-11:10 AM
Find Your Exit Strategy Before Access for Complex CLI Patients with Strong Data to Support Ultrasound Precision Entry Point
ASHRAF AL-DADAH, MD

11:10 AM-11:18 AM
Step by Step: How and Why to Obtain Hybrid Access for the Complex CLI Patient
JEFFREY WANG, MD

11:18 AM-11:26 AM
Closure Techniques in CLI
CONSTANTINO S. PEÑA, MD

11:26 AM-11:50 AM
LIVE DEMONSTRATION: Ultrasound-Guided Mapping for Access & Intervention
JIHAD MUSTAPHA, MD

11:50 AM-12:00 PM
PANEL DISCUSSION
ALL SPEAKERS FROM SESSION

WORKSHOPS**Complex Lesion Workshop****Atherectomy Workshop****Tibial Access and Orbital Atherectomy Cadaver Lab****POSTER ABSTRACTS**

Present your cutting-edge research with leading vascular specialists and healthcare professionals from around the world. Submit an abstract for consideration for a poster presentation and tuition support at this nationally recognized conference.

The deadline is Sunday, June 17 at 11:59 PM.

**FELLOWSHIP GRANTS**

Generously funded by Boston Scientific Corporation, AMP looks forward to granting scholarships to fellows enrolled in accredited vascular surgery, cardiology/interventional cardiology, and interventional radiology fellowship programs.

For more information about these opportunities, please visit AMPTHECLIMEETING.COM.

ACCREDITATION INFORMATION**INTENDED LEARNERS**

This conference is designed for interventional cardiologists, vascular surgeons, interventional radiologists, wound care specialists, podiatrists, nurses, vascular technologists, and cardiovascular catheterization laboratory team members.

LEARNING OBJECTIVES

Upon completion of this activity, participants should be able to:

- Apply a comprehensive, multidisciplinary best-practice approach for patients at risk for major amputation with advanced peripheral arterial disease (PAD) and critical limb ischemia (CLI).
- Describe the role of atherectomy in CLI and its application in amputation prevention.
- Treat complex chronic total occlusions in tibial and pedal arterial vessels in the patient with CLI.
- Describe arterial angiosome anatomy in conjunction with cutaneous and ultrasonic angiosome mapping in patients at risk for major amputation with advanced tibio-pedal arterial disease.
- Implement procedural and technological advances in wound care practices for patients facing major

amputation due to advanced PAD, advanced non-healing wounds, and gangrene.

- Describe the surgical approach to post-revascularization limb salvage for patients at risk for major amputation with advanced PAD.
- Identify the components necessary to build a multidisciplinary amputation prevention program.
- Implement a diagnostic algorithm, including selective angiography, as a critical step for patients at risk for amputation with severe PAD.
- Incorporate advanced tibio-pedal access in combination with antegrade access in limb salvage procedures.
- Utilize digital branch access during CLI interventions.
- Implement transcollateral interventions in below-the-knee and below-the-ankle interventions.
- Describe tips and tricks for safe and effective endovascular treatment of CLI from access to closure.
- Describe unique considerations when evaluating the diabetic foot ulcer in the setting of CLI.
- Describe the current state of

wound-orientation revascularization in the patient with CLI.

- Describe the algorithm to identify and treat venous, arterial, and mixed wounds in the patient with CLI.
- Describe when to refer the patient with CLI and osteomyelitis for an ID consult.
- Describe when to urgently refer a patient with CLI and wounds to a wound care specialist.

ACCREDITATION INFORMATION

In support of improving patient care, North American Center for Continuing Medical Education

(NACCME) is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

PHYSICIANS

NACCME designates this live activity for a maximum of 22.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit

commensurate with the extent of their participation in the activity.

NURSES

This continuing nursing education activity awards 22.0 contact hours. Provider approved by the California Board of Registered Nursing, Provider #13255 for 22.0 contact hours.

PODIATRISTS

North American Center for Continuing Medical Education, LLC (NACCME) is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. NACCME has approved this activity for a maximum of 22.0 continuing education contact hours.

VASCULAR TECHNOLOGISTS

NACCME will apply for ARRT Category ACE credits through the AHRA.

REQUIREMENTS FOR CREDIT

To be eligible for documentation of credit for each session attended, participants must participate in the full activity and complete the online general survey and the online evaluation form for each session by September 12, 2018.

For questions regarding this educational activity, please call 609-371-1137.

CANCELLATION POLICY

Please note that the cutoff date for cancellation is June 22, 2018. All cancellations must be received in writing and postmarked by that date. Full registration (less a \$150 processing fee) will be refunded only to cancellations received in writing that are postmarked by that date. No refunds will be issued after June 22, 2018.

Payments made may not be applied toward tuition for future AMP conferences, or other meetings or products offered by HMP or NACCME.

Copyright ©2018 by North American Center for Continuing Medical Education, LLC. All rights reserved.

ADA STATEMENT

North American Center for Continuing Medical Education complies with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please call 609-371-1137.

GRANT SUPPORT

Funding for the conference has been provided by unrestricted educational grants from Boston Scientific Corporation, Medtronic, and Cook Medical.

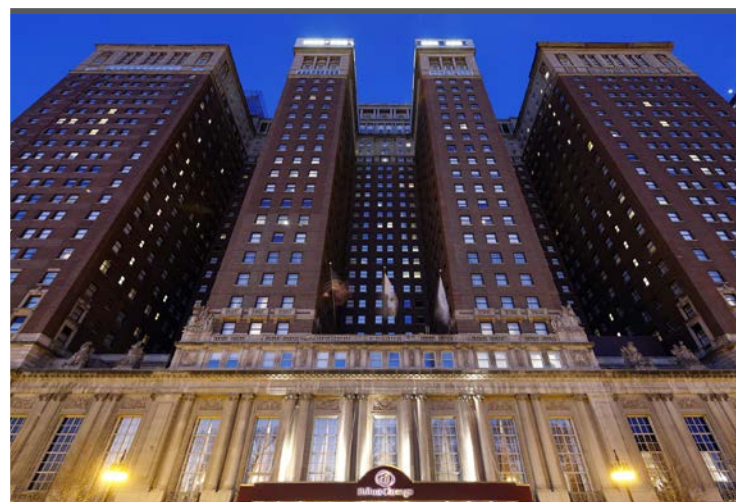

RESERVATIONS

Special Conference Rate: **\$229**

The deadline to reserve a room at the discounted rate is Friday, June 29, 2018. A limited number of rooms will be available. Please book early.

For more information on travel, airfare discounts, and to make reservations, please visit
AMPTHECLIMEETING.COM/HOTEL-TRAVEL.

HOTEL INFORMATION

The 2018 Amputation Prevention Symposium will take place at the:

Hilton Chicago
720 South Michigan Avenue
Chicago, IL 60605
